# Scholarships.com

Every college has its own application process, but most follow the same general format, even though the details differ; use these steps to apply with ease, no matter where.

College Application Cycle

- **Locate**
- **Read**
- **Gather**
- **Complete**
- **Submit**

1 **Locate** the application through the college's website and keep track of its deadline.

2 **Read** the form and make note of the info you'll need to complete it

3 **Gather** all the documents and information the application requires

4 **Complete** the application, including any essay questions and supplemental fields

5 **Submit** everything by the deadline and move on to the next application!
