**PERFORMANCE BOND
(CALIFORNIA PUBLIC WORK)**

KNOW ALL MEN BY THESE PRESENTS:

THAT WHEREAS, the Vallecitos School District (sometimes referred to hereinafter as "Obligee") has awarded to _____ (hereinafter designated as the "Principal" or "Contractor"), an agreement for the work described as follows: _____ (hereinafter referred to as the "Public Work or Project"); and

WHEREAS, the work to be performed by the Contractor is more particularly set forth in that certain contract for said Public Work dated _____, (hereinafter referred to as the "Contract"), which Contract is incorporated herein by this reference; and

WHEREAS, the Contractor is required by said Contract to perform the terms thereof and to provide a bond both for the performance and guaranty thereof.

NOW, THEREFORE, we, _____, the undersigned Contractor, as Principal, and _____, a corporation organized and existing under the laws of the State of _____, and duly authorized to transact business under the laws of the State of California, as Surety, are held and firmly bound unto the Vallecitos School District in the sum of _____ Dollars (\$ _____), said sum being not less than one hundred percent (100%) of the total amount payable by said Obligee under the terms of said Contract, for which amount well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors, and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH THAT, if the bounded Contractor, his or her heirs, executors, administrators, successors or assigns, shall in all things stand to and abide by, and well and truly keep and perform the covenants, conditions, and agreements in said Contract and any alteration thereof made as therein provided, on his or her part, to be kept and performed at the time and in the manner therein specified, and in all respects according to their intent and meaning; and shall faithfully fulfill guarantees of all materials and workmanship; and indemnify, defend and save harmless the Obligee, its officers and agents, as stipulated in said Contract, then this obligation shall become null and void; otherwise it shall be and remain in full force and effect.

The Surety, for value received, hereby stipulates and agrees that it shall not be exonerated or released from the obligation of this bond (either by total exonerated or pro tanto) by any change, extension of time, alteration in or addition to the terms of the contract or to the work to be performed there under or the specifications accompanying the same, nor by any change or modification to any terms of payment or extension of time for any payment pertaining or relating to any scheme of work of improvement under the contract. Surety also stipulates and agrees that it shall not be exonerated or released from the obligation of this bond (either by total exonerated or pro tanto) by any overpayment or underpayment by the Obligee that is based upon estimates approved by the Architect. The Surety stipulates and agrees that none of the aforementioned changes, modifications, alterations, additions, extension of time or actions shall in any way affect its obligation on this bond, and it does hereby waive notice of any such changes, modifications, alterations, additions or extension of time to the terms of the contract, or to the work, or the specifications as well notice of any other actions that result in the foregoing.

Whenever Principal shall be, and is declared by the Obligee to be, in default under the Contract, the Surety shall promptly either remedy the default, or shall promptly take over and complete the Contract through its agents or independent contractors, subject to acceptance and approval of such agents or independent contractors by Obligee as hereinafter set forth, in accordance with its terms and conditions and to pay and perform all obligations of Principal under the Contract, including, without limitation, all obligations with respect to warranties, guarantees and the payment of liquidated damages; or, at Obligee's

sole discretion and election, Surety shall obtain a bid or bids for completing the Contract in accordance with its terms and conditions, and upon determination by Obligee of the lowest responsible bidder, arrange for a contract between such bidder and the Obligee and make available as work progresses (even though there should be a default or succession of defaults under the contract or contracts of completion arranged under this paragraph) sufficient funds to pay the cost of completion less the "balance of the Contract price" (as hereinafter defined), and to pay and perform all obligations of Principal under the Contract, including, without limitation, all obligations with respect to warranties, guarantees and the payment of liquidated damages. The term "balance of the Contract price," as used in this paragraph, shall mean the total amount payable to Principal by the Obligee under the Contract and any modifications thereto, less the amount previously paid by the Obligee to the Principal, less any withholdings by the Obligee allowed under the Contract. Obligee shall not be required or obligated to accept a tender of a completion contractor from the Surety.

Surety expressly agrees that the Obligee may reject any agent or contractor which may be proposed by Surety in fulfillment of its obligations in the event of default by the Principal. Unless otherwise agreed by Obligee, in its sole discretion, Surety shall not utilize Principal in completing the Contract nor shall Surety accept a bid from Principal for completion of the work in the event of default by the Principal.

No final settlement between the Obligee and the Contractor shall abridge the right of any beneficiary hereunder, whose claim may be unsatisfied.

The Surety shall remain responsible and liable for all patent and latent defects that arise out of or relate to the Contractor's failure and/or inability to properly complete the Public Work as required by the Contract and the Contract Documents. The obligation of the Surety hereunder shall continue so long as any obligation of the Contractor remains.

Contractor and Surety agree that if the Obligee is required to engage the services of an attorney in connection with enforcement of the bond, Contractor and Surety shall pay Obligee's reasonable attorneys' fees incurred, with or without suit, in addition to the above sum.

In the event suit is brought upon this bond by the Obligee and judgment is recovered, the Surety shall pay all costs incurred by the Obligee in such suit, including reasonable attorneys' fees to be fixed by the Court.

Contractor warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Work assigned to them. Finally, Contractor represents that it, its employees and subcontractors have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Work, including a Business License, and that such licenses and approvals shall be maintained throughout the term of this Contract. As provided for in the indemnification provisions of this Contract, Contractor shall perform, at its own cost and expense and without reimbursement from the District, any work necessary to correct errors or omissions which are caused by Contractor's failure to comply with the standard of care provided for herein. Any employee who is determined by the District to be uncooperative, incompetent, a threat to the safety of persons or the Work, or any employee who fails or refuses to perform the Work in a manner acceptable to the District, shall be promptly removed from the Project by Contractor and shall not be re-employed on the Work.
3. Compensation. As consideration for performance of the Work required herein, District agrees to pay Contractor a not-to-exceed amount of _____ (\$_____) ("Total Contract Price") provided that such amount shall be subject to adjustment pursuant to the applicable terms of this Contract or written change orders approved and signed in advance by the District.

The failure by the District to deduct any of these sums from a progress payment shall not constitute a waiver of the District's right to such sums.
6. Substitution of Securities. At the request and expense of Contractor, securities equivalent to the amount withheld shall be deposited with the District, with the State or federally chartered bank as the escrow agent, who shall return such securities to the Contractor upon satisfactory completion of the contract. comply with such provisions before commencing the performance of the work of this contract.

B. Contractor's Initials: _____

These bonds shall be secured from a surety company satisfactory to District, shall be submitted on the District's prescribed bond forms, and the Contractor thereon shall pay the premiums. The bonds must be executed by an admitted Surety approved to conduct business in the State of California, pursuant to California Code of Civil Procedure Section 995.120. In addition, to the extent required by law, the bonds must be accompanied by a certified copy of the certificate of authority of the insurer issued by the Insurance Commissioner of the State of California, a certificate from the Clerk of the County of San Diego that the certificate of authority of the insurer has not been surrendered, revoked, cancelled, annulled, or suspended, or if it has that it has been renewed, and four copies of the insurer's most recent annual statement and quarterly statement filed with the Department of Insurance of the State of California. Failure to submit acceptable bonds will be cause of rejection of the contract. Said bonds shall be furnished within ten (10) days after award of the Contract and before commencement of construction.
14. Assignment of Contract. Contractor shall not assign, transfer, convey, or otherwise dispose of this Contract, or of his/her right, title of interest in or to the same or any part thereof without previous consent in writing from District's authorized representative.
15. Equal Employment Opportunity: This contractor and subcontractor shall abide by the requirements of 41 CFR 60-1.4(a), 60-300.5(a) and 60- 741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity or national origin. 16. Contract Work Hours and Safety Standards Act: (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.
17. Suspension/Termination of Contract.
 - A. District has the right to terminate or abandon any portion or all of the work under this Contract by giving ten (10) calendar days written notice to Contractor. In such event, District shall be immediately given title and possession to all original field notes, drawings and specifications, written reports and other documents produced or developed for that portion of the work completed and/or being abandoned. District shall pay Contractor the reasonable value of services rendered for any portion of the work completed prior to

termination. If said termination occurs prior to completion of any task for the Work for which a payment request has not been received, the charge for services performed during such task shall be the reasonable value of such services, based on an amount mutually agreed to by District and Contractor of the portion of such task completed but not paid prior to said termination. District shall not be liable for any costs other than the charges or portions thereof which are specified herein. Contractor shall not be entitled to payment for unperformed services, and shall not be entitled to damages or compensation for termination of work.

- B. Contractor may terminate its obligation to provide further services under this Contract upon thirty (30) calendar days' written notice to District only in the event of substantial failure by District to perform in accordance with the terms of this Contract through no fault of Contractor.
 - C. District may terminate a construction contract based on a contractor's default if the contractor refuses or fails to diligently pursue the project in order to complete the project by the scheduled completion date or if the contractor fails to complete the project by the scheduled completion date. District shall have the rights to all remedies provided by California law.
18. Subcontracts. Subcontractors employed by Contractor on the execution of the Work covered in this Contract shall be only those given prior written permission from District, and otherwise comply with Sections 4100 to 4113 inclusive of the Public Contract Code of California, as applicable.
19. Control and Payment of Subordinates; Contractual Relationship. District retains Contractor on an independent contractor basis and Contractor is not an employee of District. Any additional personnel performing the work governed by this Contract on behalf of Contractor shall at all times be under Contractor's exclusive direction and control. Contractor shall pay all wages, salaries, and other amounts due such personnel in connection with their performance under this Contract and as required by law. Contractor shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, and workers' compensation insurance.
20. Permits and Licenses. Contractor shall comply with all laws, ordinances, rules and regulations relating to the work and to the preservation of public health and safety, obtaining all necessary permits and licenses for the construction of the project, pay all fees and post all deposits or bonds required by law. For the work to be performed hereunder, Contractor shall possess the following classification of State contractor's license throughout the duration of the Contract: **B License – General Contractor**. During the performance of the work, Contractor shall take over all the necessary precautions and place proper guards for the prevention of accidents.
21. Trenching Work. If the Total Contract Price exceeds \$25,000 and if the Work governed by this Contract entails excavation of any trench or trenches five (5) feet or more in depth, Contractor shall comply with all applicable provisions of the California Labor Code, including Section 6705. To this end, Contractor shall submit for District's review and approval a detailed plan showing the design of shoring, bracing, sloping, or other provisions to be made for worker protection from the hazard of caving ground during the excavation of such trench or trenches. If such plan varies from the shoring system standards, the plan shall be prepared by a registered civil or structural engineer.
22. Hazardous Materials and Differing Conditions. As required by California Public Contract Code Section 7104, if this Contract involves digging trenches or other excavations that extend deeper than four (4) feet below the surface, Contractor shall promptly, and prior to disturbance of any conditions, notify District of: (1) any material discovered in excavation that Contractor believes to be a hazardous waste that is required to be removed to a Class I, Class II or Class III disposal site; (2) subsurface or latent physical conditions at the site differing from those indicated by District; and

- (3) unknown physical conditions of an unusual nature at the site, significantly different from those ordinarily encountered in such contract work. Upon notification, District shall promptly investigate the conditions to determine whether a change order is appropriate. In the event of a dispute, Contractor shall not be excused from any scheduled completion date and shall proceed with all Work to be performed under the Contract, but shall retain all rights provided by the Contract or by law for making protests and resolving the dispute
23. Underground Utility Facilities. To the extent required by Section 4215 of the California Government Code, District shall compensate Contractor for the costs of: (1) locating and repairing damage to underground utility facilities not caused by the failure of Contractor to exercise reasonable care; (2) removing or relocating underground utility facilities not indicated in the construction drawings; and (3) equipment necessarily idled during such work. Contractor shall not be assessed liquidated damages for delay caused by failure of District to provide for removal or relocation of such utility facilities.

Contractor must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Although the SCAQMD and CARB limits and requirements are more broad, Contractor shall specifically be aware of their application to "portable equipment", which definition is considered by SCAQMD and CARB to include any item of equipment with a fuel-powered engine. Contractor shall indemnify District against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Contractor, its subcontractors, or others for whom Contractor is responsible under its indemnity obligations provided for in this Agreement.
25. Completion of Work. When Contractor determines that it has completed the Work required herein, Contractor shall so notify District in writing and shall furnish all labor and material releases required by this Contract. District shall thereupon inspect the Work. If the Work is not acceptable to the District, the District shall indicate to Contractor in writing the specific portions or items of Work which are unsatisfactory or incomplete. Once Contractor determines that it has completed the incomplete or unsatisfactory Work, Contractor may request a reinspection by the District. Once the Work is acceptable to District, District shall pay to Contractor the Total Contract Price remaining to be paid, less any amount which District may be authorized or directed by law to retain. Payment of retention proceeds due to Contractor shall be made in accordance with Section 7107 of the California Public Contract Code
26. Changes in the Scope of Work. In the event District orders changes in the Work, the Total Contract Price and the Contract Time will be adjusted accordingly. If a change is of an item not covered by the Contract, District and Contractor shall mutually agree upon the value of the work based on labor, materials and equipment involved. Regardless of ownership, equipment rates shall not exceed the listed prevailing rates at local equipment rental agencies, or distributors, at the time the work is performed. All changes in work shall be in writing and Contractor shall be responsible for any and all work done without District's prior written approval.
27. Brand Name or Equal. Contractor may, unless otherwise stated, offer any material, process or article which shall be substantially equal or better for any material, process or article is identified by grade, patent or proprietary name or by name of manufacturer. Contractor bears the burden of proof as to the equality of any material, process or article and District may require Contractor to furnish the material, and article or process specified if it decides that Contractor has not met his or her burden.
28. Discrepancies and Omissions. Any discrepancies or omissions found in the Scope of Work shall be reported to District immediately. District will clarify discrepancies or omissions, in writing, within a reasonable time.

29. Labor Code Provisions. It shall be mandatory upon the Contractor herein and upon all subcontractors under Contractor to comply with all provisions of the Labor Code of the State of California relative to contracts for public works.

A. Prevailing Wages. District has copies of the general prevailing wage rate per diem wages in the locality in which the work is to be performed for each craft or type of worker needed to execute the Contract which shall be posted at each job site and will be on file at the principal office of the District. Contractor shall, as a penalty to District, forfeit not more than the maximum applicable statutory rate for each calendar day, or portion thereof, for each worker paid less than the specified prevailing rates for such work or craft in which such worker is employed, whether paid by Contractor or by any subcontractors under Contractor. The difference between such stipulated prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage rate shall be paid to each worker by Contractor.

B. Eight Hour Law. Eight hours labor shall constitute a legal day's hours per day, and forty hours during any one week, shall be permitted upon public work upon compensation for all hours worked in excess of eight hours per day at not less than one and one-half times the basic rate of pay. Contractor shall forfeit as a penalty to District the maximum statutory rate for each calendar day during which such worker is required, or permitted to work more than eight hours in any one day or forty hours in any one calendar week in violation of the provisions of said Labor Code.

C. Payroll Records. Contractor and each subcontractor shall keep an accurate payroll record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journey man, apprentice, worker, or other employee employed by him or her in connection with the public work. The payroll records shall be certified and shall be available for inspection at all reasonable hours at the principal office of Contractor in the manner provided in Labor Code section 1776. In the event of noncompliance with the requirements of this section, Contractor shall have 10 days in which to comply subsequent to receipt of written notice specifying in what respects such Contractor must comply with this section. Should noncompliance still be evident after such 10-day period, the Contractor shall, as a penalty to District, forfeit not more than the maximum statutory rate for each calendar day or portion thereof, for each worker, until strict compliance is effectuated. The amount of the forfeiture is to be determined by the Labor Commissioner. A contractor who is found to have violated the provisions of law regarding wages on Public Works with the intent to defraud shall be ineligible to bid on Public Works contracts for a period of one to three years as determined by the Labor Commissioner.

Upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement, such penalties shall be withheld from progress payments then due. The responsibility for compliance with this section is on the Contractor. In addition, the Contractor shall also comply with all applicable DIR requirements for submission of certified payroll records for prevailing wage enforcement

D. Ineligible Contractors/Subcontractors/Debarment. A Contractor or subcontractor may not perform work who is ineligible pursuant to Labor Code Sections 1777.1 and 1777.7.

E. Apprentice. Attention is called to the provisions in Section 1777.5 and 1777.6 of the Labor Code concerning the employment of apprentices by the Contractor or any subcontractor under Contractor.

- F. Contractor/Subcontractor Registration. Pursuant to Labor Code sections 1725.5 and 1771.1, **if the Project is a public works project in excess of \$25,000 or a maintenance project in excess of \$15,000**, the Contractor and all subcontractors that bid on, are listed in a bid or proposal, or enter into a contract to perform public work must be registered with the Department of Industrial Relations (“DIR”). No bid/proposal will be accepted nor any contract entered into without proof of the Contractor’s and all subcontractors’ current registration with the DIR to perform public work. The Contractor shall also, at all times, be required to ensure compliance with the DIR by all of its subcontractors of all tiers. Contractor shall keep and maintain records documenting the DIR registration information for all such subcontractors and shall make such information available to the District upon request.
30. Assignment of Anti-Trust Claims. Contractor offers and agrees to assign to the District all rights, title and interest in and to all causes of action as it may have under Section 4 of the Clayton Act (15 U.S.C. Section 15) or under the Cartwright Act (Chapter 2, commencing with Section 16700 of Part 2 of Division 7 of Business and Professions Code), and any other applicable laws, arising from purchase of goods, services, or materials, pursuant to this Contract. This assignment shall become effective at the time that District tenders final payment to Contractor, without further acknowledgment by the parties.
31. Procedure for Resolving Disputes. The parties to this Contract are subject to the provisions of Article 1.5 (commencing with section 20104) of Chapter 1 of Part 3 of the Public Contract Code, which requires compliance with the procedures set forth therein to resolve any claim by the Contractor of \$375,000 or less regarding an extension of time, a change order, extra work, or any other disputed amount. If after the procedures set forth in Article 1.5 (commencing with section 20104) of Chapter 1 of Part 3 of the Public Contract Code are completed and a civil action is filed, the action shall be subject to the mediation and arbitration provisions required by Section 20104.4 of the Public Contract Code.
32. Notice of Third-Party Claims. Pursuant to Public Contract Code Section 9201, the District shall provide the Contractor with timely notification of the receipt of any third-party claim, relating to the Contract. The District is entitled to recover its reasonable costs incurred in providing such notification.
33. Indemnification. To the fullest extent permitted by law, Contractor shall indemnify, defend and hold harmless District against any and all claims involving any type of property damage or personal injury, including death, that may be asserted by any person or type of entity, arising out of or in connection with the performance of work, both on and off the job site, and will pay all costs and expenses, including attorney fees in connection therewith; provided however, Contractor shall not be liable for the sole established negligence or willful misconduct of the District. Contractor will defend, with counsel of the District’s choosing, any action filed in connection with any of said claims, damages, penalties, obligations or liabilities Contractor will promptly pay any judgment rendered against Contractor or District arising out of or in connection with such work, operation or activities of Contractor hereunder and Contractor agrees to save and hold District harmless therefrom. District may retain to the extent it deems necessary, the money due to Contractor under and by virtue of the Contract until disposition has been made of such actions or claims for damages as specified herein above. Contractor shall reimburse District and its officials, officers, employees, agents, and/or volunteers, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided. Contractor’s obligation to indemnify shall not be restricted to insurance proceeds, if any, received by the District, its directors, officials officers, employees, agents, or volunteers.

Contractor warrants all Work under the Contract (which for purposes of this Section shall be deemed to include unauthorized work which has not been removed and any non-conforming materials incorporated into the Work) to be of good quality and free from any defective or faulty material and workmanship. Contractor agrees that for a period of one year (or

the period of time specified elsewhere in the Contract or in any guarantee or warranty provided by any manufacturer or supplier of equipment or materials incorporated into the Work, whichever is later) after the date of final acceptance, Contractor shall within ten (10) days after being notified in writing by the District of any defect in the Work or non-conformance of the Work to the Contract, commence and prosecute with due diligence all Work necessary to fulfill the terms of the warranty at its sole cost and expense. Contractor shall act sooner as requested by the District in response to an emergency. In addition, Contractor shall, at its sole cost and expense, repair and replace any portions of the Work (or work of other contractors) damaged by its defective Work or which becomes damaged in the course of repairing or replacing defective Work. For any Work so corrected, Contractor's obligation hereunder to correct defective Work shall be reinstated for an additional one year period, commencing with the date of acceptance of such corrected Work. Contractor shall perform such tests as the District may require to verify that any corrective actions, including, without limitation, redesign, repairs, and replacements comply with the requirements of the Contract. All costs associated with such corrective actions and testing, including the removal, replacement, and reinstatement of equipment and materials necessary to gain access, shall be the sole responsibility of Contractor. All warranties and guarantees of subcontractors, suppliers and manufacturers with respect to any portion of the Work, whether express or implied, are deemed to be obtained by Contractor for the benefit of the District, regardless of whether or not such warranties and guarantees have been transferred or assigned to the District by separate agreement and Contractor agrees to enforce such warranties and guarantees, if necessary, on behalf of the District. In the event that Contractor fails to perform its obligations under this Section, or under any other warranty or guaranty under this Contract, to the reasonable satisfaction of the District, the District shall have the right to correct and replace any defective or non-conforming Work and any work damaged by such work or the replacement or correction thereof at Contractor's sole expense. 40. Drafting of Contract. The Parties agree that this Contract shall not be construed in favor of, or against, any party by reason of the extent to which any party or its counsel participated in the drafting of this Contract. The Parties represent that they have consulted legal counsel prior to the execution of this Contract and have executed this Contract with full knowledge of its meaning and effect.
41. Assignment or Delegation. Consultant may not assign or sub-contract its rights or obligations under this Contract without the consent of District, which may be withheld for any reason.
42. Severability. It is intended that each paragraph of this Contract shall be treated as separate and divisible, and in the event that any paragraphs are deemed unenforceable, the remainder shall continue to be in full force and effect so long as the primary purpose of this Contract is unaffected.
43. Laws and Regulations; Provisions Required by Law Deemed Inserted. Contractor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Contract or the Work, including all Cal/OSHA requirements, and shall give all notices required by law. Contractor shall be liable for all violations of such laws and regulations in connection with Work. If the Contractor observes that the drawings or specifications are at variance with any law, rule or regulation, it shall promptly notify the District in writing. Any necessary changes shall be made by written change order. Each and every provision or clause required by law to be inserted in this Contract shall be deemed to be inserted, and this Contract shall be read and enforced as though it were included. If through mistake or otherwise, any provision is not inserted or is not correctly inserted, then upon application of either party this Contract shall be amended to make the insertion or correction. All references to statutes, rules or regulations shall include all amendments, replacements and enactments on the subject which are in effect as of the date of this Contract, as well as any later changes which do not materially and substantially alter the rights or obligations of the parties.
44. Fingerprinting Requirements. Unless exempted, Contractor shall comply with the requirements of Education Code Section 45125.1 with respect to fingerprinting of employees who may have contact with the District's pupils. 45. Drug/Smoke-Free Workplace. The District and all District projects are "drug-free" and "smoke-free" workplaces and, as such, require that the Contractor be subject to the requirements mandated by California Government Code Sections 8350, et seq., when on the Project site. The Drug-Free Workplace Act of 1990 requires that every person or entity awarded a contract or grant for the

procurement of any property or service from a State agency certify that it will provide a drug-free workplace and, in that respect, comply with certain obligations set forth in that Act. In addition, the Drug-Free Workplace Act provides that each contract or grant awarded by the State agency may be subject to suspension of payments or termination for failure to comply with such Act. It is the sole responsibility of the Contractor to police and oversee its personnel on the Project. If the Contractor fails to comply with the Drug-Free Workplace Act or the smoke-free workplace policy of the District, the District may enforce its lawful rights to suspend pending or subsequent payments and to terminate this Contract and may pursue all other rights and remedies it may have against the Contractor at law and/or in equity.

- B. Contractor shall be responsible for all costs associated with filing the Notice of Intent ("NOI") and for obtaining coverage under the Permit. This includes preparing and implementing a Storm Water Pollution Prevention Plan ("SWPPP") for the Project site, and coordinating all submittals with the District's Legally Responsible Person as that term is defined in the Permit. Before any NOI, SWPPP, or other Permit related document may be submitted to the State Board or implemented on the Project site, it must first be reviewed and approved by the District. Contractor shall include all costs of compliance with specified requirements in the Contract amount.
- C. The District retains the right to procure and maintain coverage under the Permit for the Project site if the Contractor fails to draft a satisfactory NOI or SWPPP or proceed in a manner that is satisfactory to the District. Any costs incurred by the District in procuring and maintaining coverage under the Permit, or drafting an NOI or SWPPP shall be paid by the Contractor.
- D. Contractor shall be responsible for maintaining compliance with all aspects of the Permit during the course of the Project. Contractor shall provide copies of all reports and monitoring information to the District Representative. If the Contractor has failed or is unable to maintain compliance with the Permit, the District reserves the right to implement its own SWPPP at the Project site, and hire additional contractors to maintain compliance. Whether Contractor has adequately maintained compliance with the Permit shall be the District's sole determination. Any costs incurred by the District in drafting and implementing a SWPPP, or otherwise maintaining compliance with the Construction General Permit shall be paid by the Contractor.
- E. In bidding on this Contract, it shall be Contractor's responsibility to evaluate and include in the contract amount the cost of procuring coverage under the Permit, preparing a SWPPP that is acceptable to the District, and complying with the SWPPP and any revisions to the SWPPP that become necessary during the course of construction.
- F. In addition to compliance with the Permit, Contractor shall comply with the lawful requirements of any applicable municipality, the District, drainage district, and other local agencies regarding discharges of storm water to the storm drain system or other watercourses under their jurisdiction, including applicable requirements in municipal storm water management programs.

The Contractor, by submitting a Bid, hereby acknowledges that it has investigated the risk arising from such waters, has prepared its Bid accordingly, and assumes any and all risks and liabilities arising therefrom.
 - H. Failure to comply with the Permit is a violation of federal and state law. Contractor hereby agrees to indemnify and hold harmless District, its officials, officers, agents, employees and authorized volunteers from and against any and all claims, demands, losses or liabilities of any kind or nature which District, its officials, officers, agents, employees and authorized volunteers may sustain or incur for noncompliance with the Permit arising out of or in connection with the Project, except for liability resulting from the sole established negligence, willful misconduct or active negligence of the District, its officials, officers, agents, employees or authorized volunteers. District may seek damages from Contractor for delay in completing the Contract in accordance with the Contract Documents, caused by Contractor's failure to comply with the Permit.
47. Counterparts. This Contract may be executed in two (2) or more counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one in the same Agreement.
48. Exhibits and Recitals. All Exhibits and Recitals referenced in this Contract and attached hereto are hereby incorporated by this reference into this Contract.
