## *Cumberland County High School*

660 Stanley St. Crossville, TN 38555

[www.ccschools.k12tn.net/CCHighSchool.cfm](http://www.ccschools.k12tn.net/CCHighSchool.cfm)

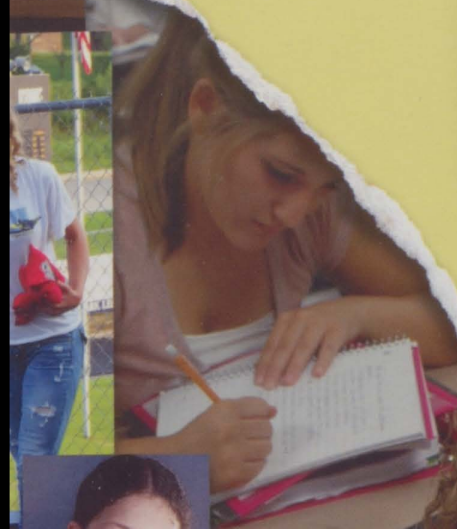

Off we go into the wild, blue yonder  
Climbing high into the sun  
Here they come, zooming to meet our thunder  
At 'em boys, let's give 'em a run  
Down we dive, sprinting and passing forward  
Then we score, with a heck of a roar  
We live in fame, they go down in flames  
For nothing can stop the best of our Jets!

Fifty years of outstanding students, dedicated faculty, and supportive staff has created a legacy that CCHS is proud to claim. From the beginning when a "new school" was built and the county was united, until we finally outgrew our space, everyone experienced the bond that made us a county-wide high school. These bonds are still strong with each group of students as they enter their freshmen year. There is something special about knowing that parents and even grandparents attended this place of learning. Many names can be mentioned of now famous people who walked these halls and called CCHS home for four years. Faculty and staff who were once students here will eagerly search for their yearbook on the cover of this book you hold. This is because they are proud of their school and how it has been a special place for so many people in the community. Over the last fifty years, students have changed, teachers retired, and the world has gotten much more challenging. This challenge is one that CCHS is ready to accept as we go into the "wild blue yonder" of the next fifty years.

# Off We Go

This is high school; a time of awkward phases, first dates, and Friday night games. The phrase "high school will be the best years of your life" couldn't be more, or sometimes less accurate. Here, we turn sixteen, enter the working world, and try our hardest to find who we are. We spend seven hours a day at school, but the parts of us that we display here are only a fraction of the whole person we are. The lives of students here reflect upon the rest of their lives. Each and every one of us will be able to look back and say, "Remember when..?" about so many memorable parts of our lives. Be proud to look in this book twenty years in the future and laugh about your braces and the funny pants you used to wear, reminisce about your old friends and the adventures you had together.

You can pick your *Friends...* but thank God for *Family*

Friends and family are the best support system anyone can have. It's nice having someone to lean on when things get tough. They help you see it's just a bad day, not a bad life. Everyone has one person they can laugh until they cry with or talk to about everything and anything. They are the person you can turn to when things don't go according to plan. Some people are lucky enough to have a sibling; others have a best friend they couldn't get through the day without. As you grow up, you figure out who you can always count on no matter what. The relationships made at CCHS, or even before, will effect your life forever. When you look back on the memories you've made, one person will come to mind. So laugh as much as you can, forgive when its needed, and make memories while you still have the chance.

Around the world, there are many different types of transportation. The students in CCHS had just a few of them. Students expressed themselves with their vehicles. They painted, decorated, got new parts, cleaned, and treated them like their child. They also had fun building or putting them together. People need a way around town, and CCHS students showed you how it's done.

## Supporting Yourself

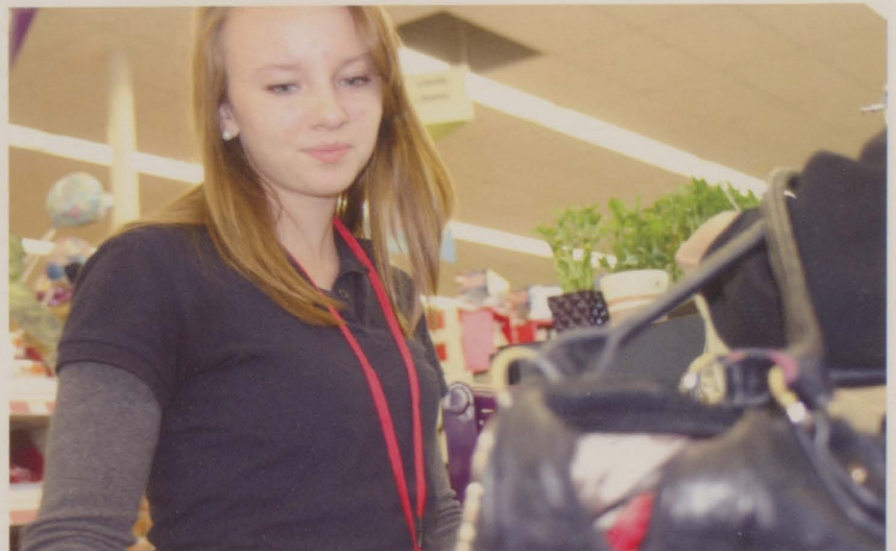

Bills, gas, food, and personal items; we all had these items on our "needs" list. So, we went to work to earn money and have the things we needed. Students wanted to graduate with a little money, so they could have some of the extra things without having to depend on others. That's why at Cumberland County High School many students have jobs. They liked having fun, but they would rather spend their time working to get things for themselves.

# Football Homecoming 2012

The Cumberland County Jets know the importance of supporting their school. To show their pride and support for the football team, everyone celebrated with crazy outfits! "My favorite part of homecoming week is all of the crazy clothes that people wear," said Haley Mitchell, who dressed as a medieval princess. This year we dressed up as spies, chefs, and members of a medieval court. On Thursday of Homecoming Week, we all supported Breast Cancer Awareness by wearing pink. Each grade showcased a float to match the themes of our spirit days in the homecoming parade. Finally, on Friday, everyone came draped in blue and gold for Jet Pride day. Go Jets!

Showing your

# Faith

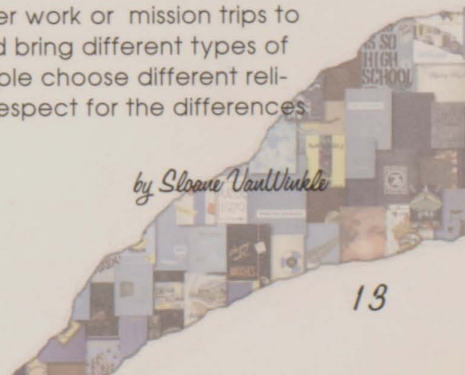

Cumberland County High School students enjoyed the freedom to embrace many different types of religion. Religion, sometimes called Faith, is used for guidance on life's journey. The set of beliefs and rules that CCHS students used to express their faith was at the center of their lives. Many students shared their faith and religion through volunteer work or mission trips to help those less fortunate. Faith helped bring different types of people together. Although many people choose different religions, CCHS students always showed respect for the differences of opinion.

# Your Hats!

The Cumberland County Fair hit Crossville again on August 27th through September 1st. Whether we were there for food, friends, family, or fun, there was a variety of events to choose. Visitors could munch on some deep-fried Oreos while sipping on homemade lemonade. Or, they could visit the furry friends in the Complex. A favorite is to hop inside the exhibit hall to see the variety of handmade crafts and treasures made by the residents of Cumberland County. When night arrived and the lights turned on: "Let the rides begin! "I rode the Zipper first," said Lauren Barrow, "that was definitely a mistake."

by *Kate Barnawell*

## What was your favorite part of the fair?

Hanging out with my friends, and giving Katie a funnel cake so she could throw it up later.

- Hanna Simmons

*Squirtal*

"Squirtal is cute and cuddly."  
- Brittany Sparling

Our *Little Friends*

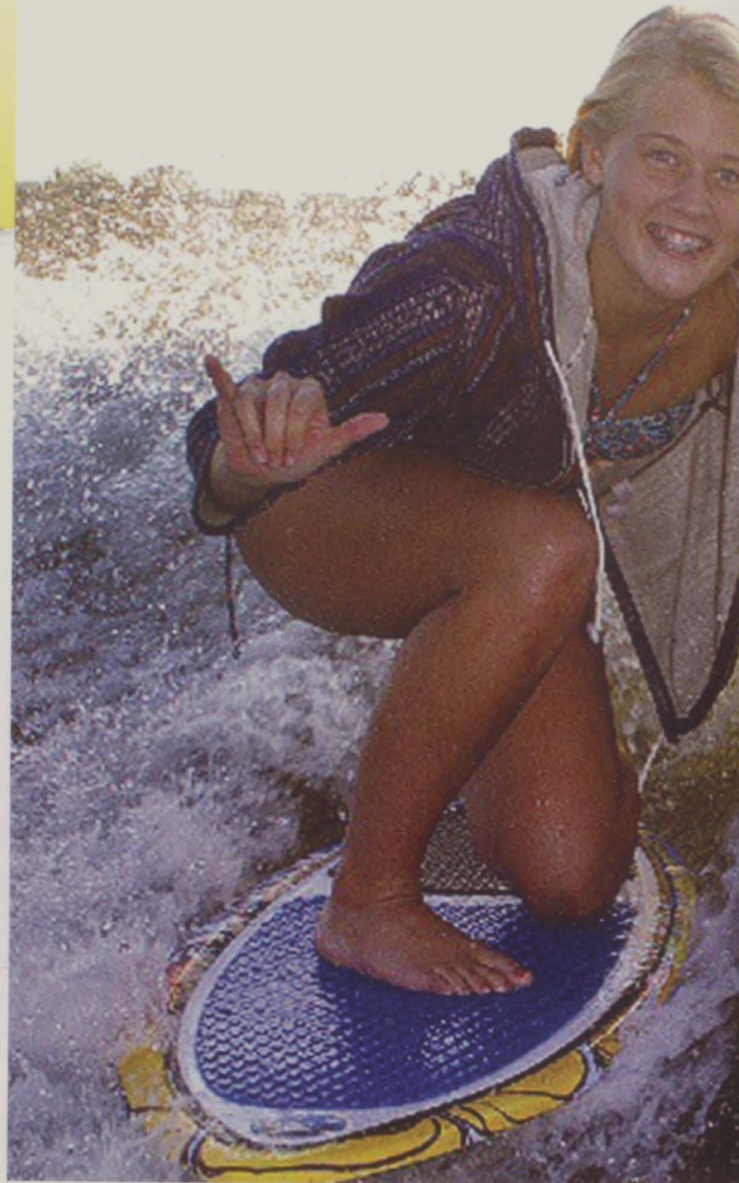

Pets are an important growing experience for us as adolescents. At CCHS, these furry friends aren't limited to cats and dogs, though. The options for our furry friends were endless, and even got a little crazy sometimes. Students have silly rabbits, champion winning calves, sneaky snakes, and even a Tennessee Vols loving dog. These companions were fun to have around, and they gave unconditional love. No matter what the world sent our way, these adorable buddies were there. Through thick and thin, these friends were the best we ever had. Students have many human friends, so why not animal friends? Pets will be here for us no matter what happens. If we felt lonely, we could talk with them; they listened even though we didn't think so. The secrets we just had to tell could be kept by our pets better than any human can. We really love our pets! And, they loved us back!

### Wake Surfing

"I love surfing with a passion. It's my getaway from the real world. It's just like real surfing, except behind a boat. The first time I surfed in the ocean, I fell in love and had to find a way to bring surfing to Crossville. Me and my family found 'wake surfing' so I figured I would give it a try. Turns out, I was pretty good, so I took it to Arizona and won second in the World Wake Surfing Championship"

### Modeling

"This is my fourth year modeling. My favorite thing to do is runway shows because of all the people and lights. Plus I get to wear cute clothes!"

-Mia Mijatovic

### Truck Pulling

"Truck pulling, to me, is freedom and an adrenaline rush. It involves technique and hard work, but it all pays off in the end."

-Andrew Powell

### Tennessee Football

"At the Tennessee vs. Alabama football game, Peyton Manning wanted a picture with me."

-Dylan Fehr

# Spare Time...

High school is a turning point for most of us. We turn sixteen, drive, work, expand our minds, gain our own viewpoints, and become independent. Our friends and family have played a huge role in each of our lives as we grow and develop. Friends dictated how we spent each weekend, whether it was racing dirtbikes or running a 5K. Many students at our school found unique activities to do in their spare time. Instead of sitting at home, watching TV, they were out doing something and experiencing their teenage years. These were the teens that looked forward to the weekend, for their time to get away from the real world and do what they loved. These students always had something to do and never had to think twice about what they would be doing in their free time.

In today's world, 'keeping in touch' means a friend request, a follow, or a profile view. Years ago, Myspace was the top choice for social networking. With many more choices, Twitter, Facebook, Instagram, Tumblr, and others are fighting for the top slot in the most popular social network. Facebook had a good run, but now Twitter has made its way to the top with its easy-to-use format. Stalk celebrities, tweet your friends, and blog your life. But here's the catch: it all must be in under 140 characters. Get ready, I'm about to make an incredibly cheesy metaphor. We all have the ability to make a statement, make a point, make a mark, in just 140 characters. We can all tell our story in a few simple words.

## What's happening now.

1 - Student spirit is never lacking at CCHS. With our standing student section present at every game, we cheer our team to glory. At the 2013 football homecoming game, school spirit was greater than ever. 2 - Our students never hesitate to help someone out, whether it be loaning you a pencil, or donating blood. 3 - Being a senior comes with many perks, including those priceless senior portraits. 4 - Being a class representative is a huge responsibility, but these seniors have it under control. 5 - Cumberland County High School offers many opportunities for students to feel like they belong and give them a sense of responsibility. The brave choose band, a highly dedicated sport. 6 - No student will ever deny an opportunity to be part of the community. Here, our students volunteer to help with community activities.

### What is your Favorite Social Network?

After viewing various polls and surveys, we have determined that the mass of people still prefer Facebook over the rest of the networks. Still, Twitter is gaining popularity, right along with Instagram, Tumblr, Pinterest, and many others.

What's in your

# Closet?

A lot can be said about a person by what they wear. We shouldn't judge a book, or a person, by its cover, but a person's clothes reflect everything from their attitude to their affiliations. For example, a tall boy, wearing Under Armour-sweat pants, and a Jets basketball t-shirt, would be perceived as a person who plays basketball for the high school. People who wear t-shirts with NASCAR logo are almost always thought of as huge race fans. A person with sequins and butterflies all over their clothes might be thought of as a free-spirit, while a person with camouflage clothes and work boot would be called an outdoorsman. It doesn't necessarily mean that, but it would be a good guess just by what they are wearing. All these different styles and fashion statements have to be kept somewhere, and that would be in their closet. Of course, the basketball player has more than sweat pants, and the race fan has more than NASCAR shirts. They will also have church clothes, party clothes, and probably even an old pair of jeans and shoes they just can't part with. The closet becomes the place for all of our things to reside. Clothes are just one of the many things that we put there. A look inside a person's closet will tell if they are a neat-freak or a hoarder, a brand-name fashion slave or a free thinker. # Basketball Homecoming 2012

The Jets hosted Kingston this year for the basketball homecoming game. Both teams played hard, and there was a victory for the girls. Strong school spirit was shown during the week by students who dressed up for the fun dress-up days. "I was so excited that I got nominated for class representative!" said Tana McDonald. Monday, students came to school wearing all camo clothes, and on Tuesday, people were very comfy in their sweatsuits. Wednesday and Thursday, students showed up to school wearing ties and college teams' clothes. Finally, on Friday all of the students came to support the Jets, dressed in the majestic school colors, blue and gold!

## A Day in the Life of a

## Desk

As the students enter the classroom, one walks directly to a certain desk and sits down. If asked, the student would say it's "my desk". This scene will be repeated throughout the building in every classroom by other students as they move from class to class. Each student claiming the desk to be his, or hers, for the time allotted for class instruction. The desk has no remarkable features. It only serves those who choose to sit and learn. But in the big world of education, there could be little accomplished without the unremarkable Desk. Most desks will have students sitting in them the entire class period. But in CTE classes such as Mr. Margrave's, the lowly desk merely serves as a starting point. From these desks, students gather information that allows them to get out into the shop. A desk is taken for granted, but school couldn't go a day without it.

Students at Cumberland County High School weren't all born and raised in Crossville, Tennessee. Many people were born in different states or even different countries. Many languages, cultures, and religions were practiced by the students and staff when they went home after school. School is a wonderful chance to learn and experience new things. A student's best friend may have lived halfway around the world, and other students never even knew it. "Living in New York is much, much different than living in Crossville," said Elizabeth Johnson. "I love getting to stay home from school for 2 inches of snow here!" Crossville is different from many other places in the world, and it has a wonderful variety of new faces from many places!

# Expressions

Maybe our favorite expressions say more about us than we realize. Most people have favorite expressions because they are inspirational, or they are a motivation to help them become a better person. At CCHS it was not hard to find students, faculty, or staff that had favorite expressions. Most expressions came from personal experiences. Some came from years of dealing with high school situations. But how ever they came to be, they showed humor, thoughtfulness, and often, secret meanings to well known phrase.

Biggest

*Fears*

Some things in life just make a person's skin crawl. Once people realize that they are afraid of something, they avoid it like the plague. The medical community came up with scientific names for every imaginable fear. But students don't have time to learn the scientific terms; they just want to stay away from strange and scary things. Some claim to fear nothing, but everybody knows, deep down everyone has a fear.

Education all starts off the same. In kindergarten, we learned our numbers, abc's, shapes, manners, and of course, the naptime we all took for granted when we were little ones. Each year that passed, we applied more and more to the basic knowledge we learned as children. Our abc's turned into books, stories, and essays. Numbers and shapes transformed into algebra, geometry, calculus, and statistics. Naptime was long gone. Manners became discipline and respect towards our peers, teachers, and ourselves. All of these things over the years have added up to make us who we are as students and citizens. These mechanics will all help us excel towards the one goal we as high school students want to achieve: walking the line at graduation and receiving that diploma.

# Academics

# Making it Count

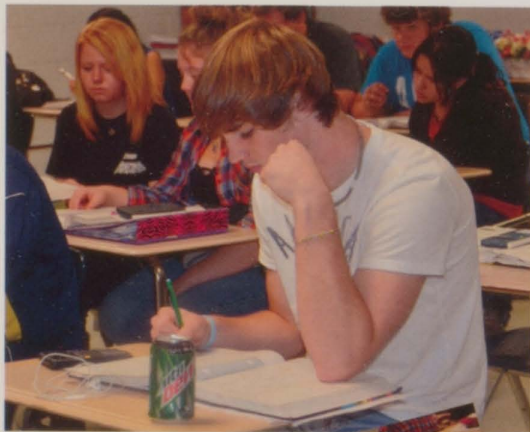

Cumberland County High School has great math courses for students to take. There is a math class for everyone here, depending on what level of difficulty a student wants. The teachers who make up the group of math instructors truly cared about teaching each student and wanted everyone to understand math. Mrs. Buck has been teaching at our school for many years and still showed her students her love of math. She is a very dedicated teacher and really cares about her students. She has taught many advanced math classes and helped prepare many students for college. Other honors math teachers such as Mrs. Herring, Mr. Akin, and Mrs. Webb also helped prepare the students who were willing to work hard for the future. Our math staff always kept things interesting and were never boring. They knew how to make math a little more exciting and keep everyone's attention through class. Ms. Herring's math class got to use iPads for notes in class which really changed things up. One student said, "I've never been able to use an iPad for notes until this class. It makes such a difference and definitely helps keep my notes organized and together. It makes learning math a fun experience." This was what our teachers love to hear. Our teachers wanted students to push themselves, have fun learning, and further their education.

-Aaron Jones

**Group Work**  
It helps to work in groups in math sometimes. It's good that you can have a friend explain something if you don't understand.

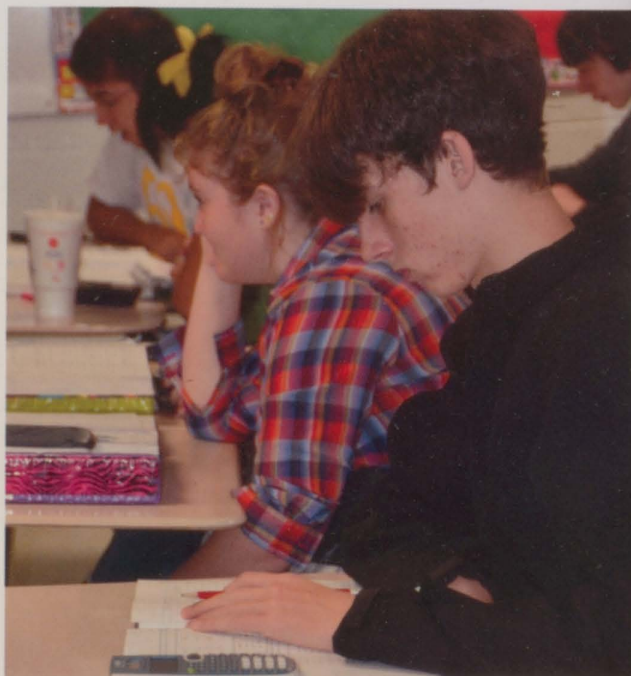

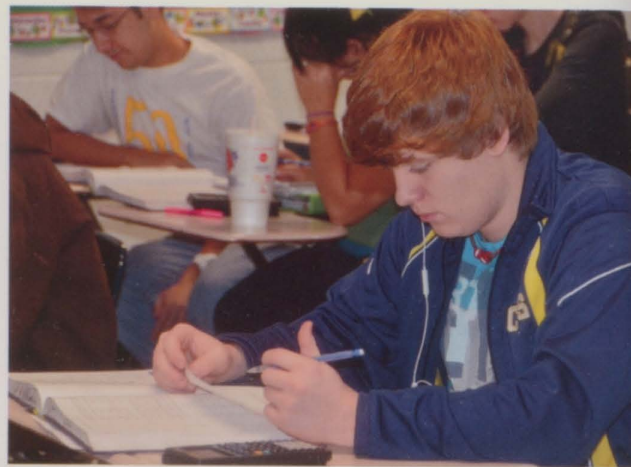

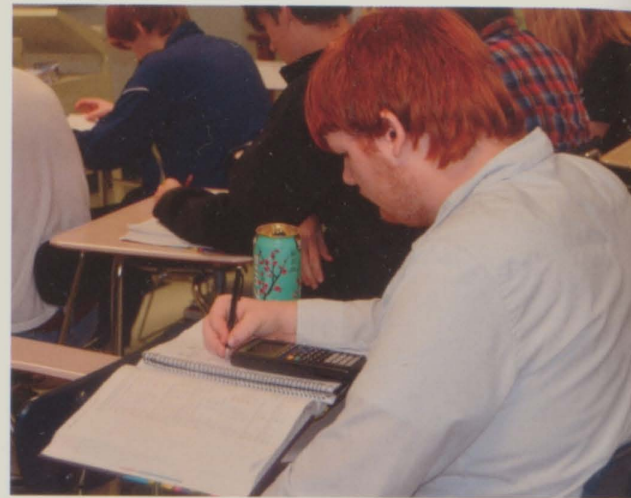

## Teacher Help

"Mrs. McCoy really helps me understand math. If I don't get something, she never fails to explain it to me."  
- Rusty Rowland

## Studying Hard

"Math isn't really my favorite subject, but studying hard and asking questions makes easier."  
- Timothy Jackson

## Study Hard

# Expanding Our Brains!

Our school offers an awesome program each year! Students can get college credit for taking certain classes. These classes are exclusive to juniors and seniors. By getting these credits early, students could enter college with many courses behind them. It was a great feeling to still be in high school, and get credit like college students! Many people couldn't see themselves as Dual or AP students, but those who set their sights on this accomplishment were rewarded. An added bonus about taking these types of classes was that students got an extra 5 points added to their final grade at the end of the semester! Although the work was very hard to get those extra five points, it was well worth the time. Looking at the future, students realized these classes will save them money because they won't have to pay for those classes in college. The students and teachers get very close. Ms. Akins' class threw her a huge surprise birthday party and got all the teachers on B-wing to go along with it. Every teacher here was encouraging and worked hard to bring out the best of every student. Through Dual and AP classes, they helped students succeed and reach their goals.

# En Español ou en Français

Learning a foreign language is a great way to experience another culture and embrace its prevalent presence in the social interactions of foreign societies. Whether it's French or Spanish, learning another language and becoming bilingual will benefit students for the rest of their lives. Foreign language classes were incredibly fun, interesting, and full of activities.

Learning a new language is very difficult but, very rewarding. It is very important to be able to communicate with other people from all parts of the world. Also important, students can receive a college credit for the classes if taken as dual credit.

Our teachers came up with amazing ways of teaching their students such as dances, games, stories, songs, and parties. They spent long hours of their own personal time planning to make certain that every student could understand the new language in their own way of learning. "Spanish is very different," said Bradley Struka. "We get to do a variety of things such as try new foods." Teachers were willing to do whatever it took to help the students learn, and from what everyone could tell, they did a wonderful job of it.

### Why Do You Like This Language?

"My favorite thing about Spanish is the energy and effort put into learning a new language."  
- Brandon Dery

### Playing Fútbol

"We get to play fútbol because it's part of the Spanish culture."  
-Chase Colton

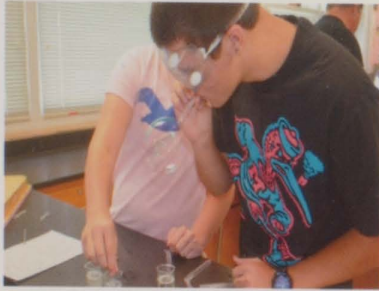

### Different Cultures

"I think that learning a new language is important because you can speak to new people and learn about the culture of the language."  
-Daniel Boggs

# Got your Goggles?

Cumberland County High School offered a variety of science classes. Each one was different, but they all consisted of fun lab experiments! The science teachers put a lot of effort into their classes to make them fun and interesting. They spent a lot of time planning labs to help the students understand certain things better. Some students found it hard to understand science. However, having hands-on lab experiments makes learning a fun experience. A lot of teenagers struggled with new factors of science, but the feeling of accomplishment after a successful experiment made it easier to understand the subject! Chase Irizarry did a lab experiment in Mrs. Smith's chemistry class. Chase stated, "Chemistry is a cool class! Every lab is different and Mrs. Smith makes them fun!" The CCHS science staff is very committed to what they do, and they are dedicated to every student they teach. Their goal was to make sure students understood science while making it interesting, and preparing them for the future. There was a science class for every individual at our school! Whether a student wanted to become a vet or a surgeon, CCHS had the right science courses for them to take!

## Egg Lab

The egg experiment in Mr. Smith's biology class was really cool. The students learned a lot from Mr. Smith's teaching and this lab verified the information.

## Intense Lab

"That experiment in chemistry was so violent that I had to wear goggles! I look ridiculous!"  
-Destiny Lewis

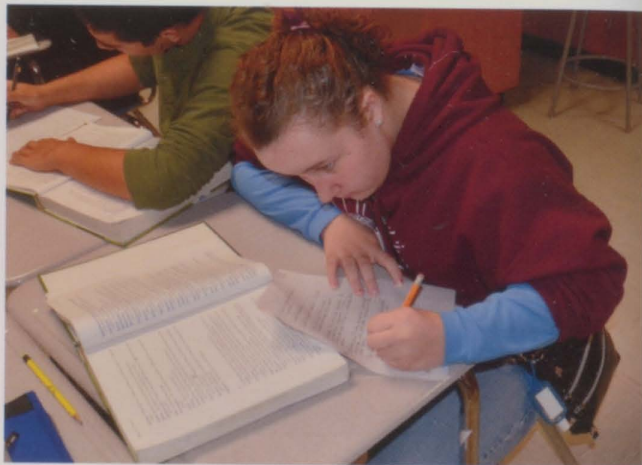

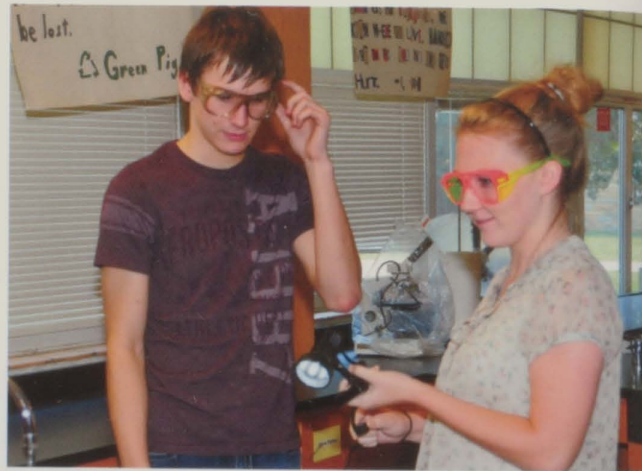

## Hard to Impress

"It's hard to impress Ms. Lay, but I think our AP class does a great job... especially myself!"  
-Katie Burney

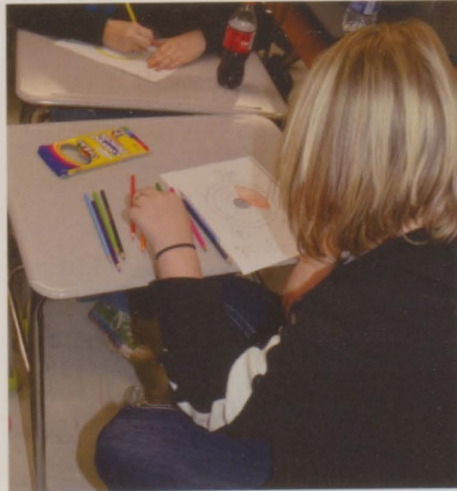

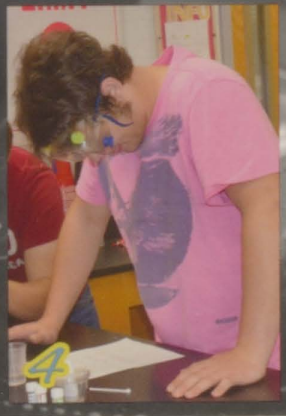

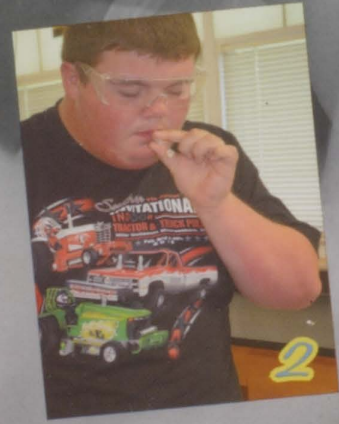

## Bookwork with Eller

Bookwork in Mrs. Eller's class isn't always easy, but her teaching really makes a difference and makes it easier to understand!

## Biology vs. Real World

"AP Biology II labs are challenging, but we always have fun doing them. They help us relate biology to the real world!"  
-Chelsey Long

*Chemistry Fun With Mrs. Smith*

1) Bethany Jones said, "There's never a dull moment in Mrs. Smith's chemistry class!" 2) Andrew Powell stated, "Mrs. Smith's chemistry class is the best! She is always doing fun activities with us!" 3) "Mrs. Smith always makes chemistry fun!" said Kansas Stamper 4) "Mrs. Smith is an amazing teacher... 'Nuff said!", exclaimed Ryan Patterson.

Why were you in the hallway?

*Bathroom*

"I was in the hallway because I had to go to the bathroom."  
Orlando Trejo

*Not Testing*

"I wasn't taking a test, so I had to go sit in the hallway until everyone was finished."  
Justin Penson

*Shortest Distance*

"I was in the hallway because it's the shortest distance from the attendance office to mine."

Mr. Jon Hall

*Teacher Errend*

"I was in the hallway to go get Mrs. Threet a milk."  
Jonathon Koch

*Just Coloring!*

"Coloring pictures in Mr. Smith's biology class really helps students understand certain things better and distinguish different parts of science objects."

*Experiment Fun*

"The best part of AP Biology II is all the different labs we get to do. They are really fun and always relate to what we cover in class."  
- Jennifer Hedgecoth

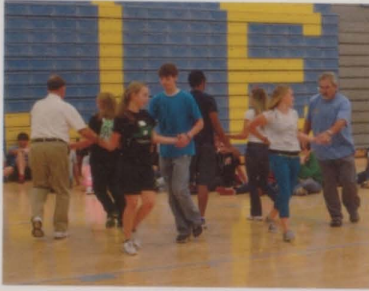

*Admiring Our Work*

Colton Dykes and Zakk King were hard at work in chemistry class creating a reaction and watching it happen right in front of them.

# Get Fit

It takes hard work and dedication to do well in gym classes at Cumberland County High School. The staff definitely knew what it takes to get students into shape and make students work hard. The teachers were all about exercise, but they still knew how to make it fun. They did all sorts of different and fun activities such as bowling, tennis, volleyball, basketball, and square dancing. They also participated in activities with the students to show them how to do things right and help them learn how to do certain things. We couldn't have asked for a better staff. We have so many great teachers for gym. We have Mr. VanWinkle, Coach Davis, Coach Prichard, and Coach Miller. Because they all have had coaching experience, they know what it takes to push students to work hard to accomplish their goals! There is a quote that describes the classes, "Strive for progress, not perfection." The teachers didn't expect students to come into class the first day out of shape and leave running a marathon. They just wanted them to work hard, make progress, and leave knowing how to exercise properly.

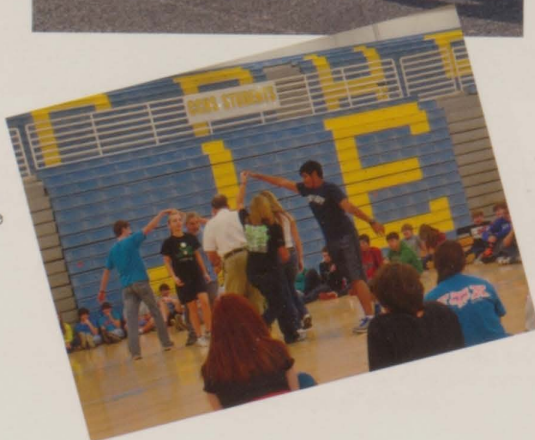

by: Leah Stephens

*Race with Friends*  
Racing your friends is always a good way to make running on the track a little easier and fun!

*Square Dancing*  
If you take gym classes, you get to learn how to square dance. Looks like lots of fun!

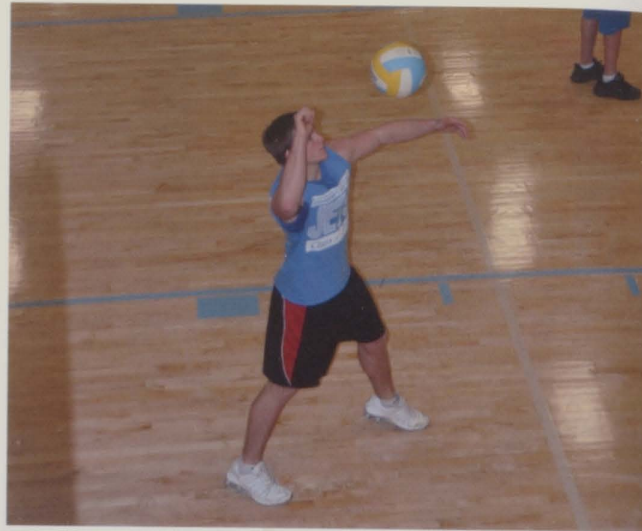

## Set it Up

Seth Zarzycki enjoys Mr. VanWinkle's weight lifting class. They get to play volleyball, tennis, and much more. It also helps them get in shape!

## You have to Work

Mr. VanWinkle makes his boys exercise in his weight lifting class.

## Tennis Fun!

Tennis in gym class is always a fun exercise/activity to do! Students look forward to days they head out to the courts to play tennis!

*Work hard, Play hard*

- 1) "Running on the track isn't always fun, I've seen that same piece of trash ten times now, but the results make it definitely pay off!" - George Beucher
- 2) A student practicing her basketball skills in lifetime wellness.
- 3) Steven Dixon worked on his volleyball serve in Mr. Vanwinkle's weight lifting class.
- 4) Coach Miller teaches her students basketball skills.

What is your dream vacation?

"Germany is my dream vacation. It has so many neat, pretty places!"  
-Mary Reader

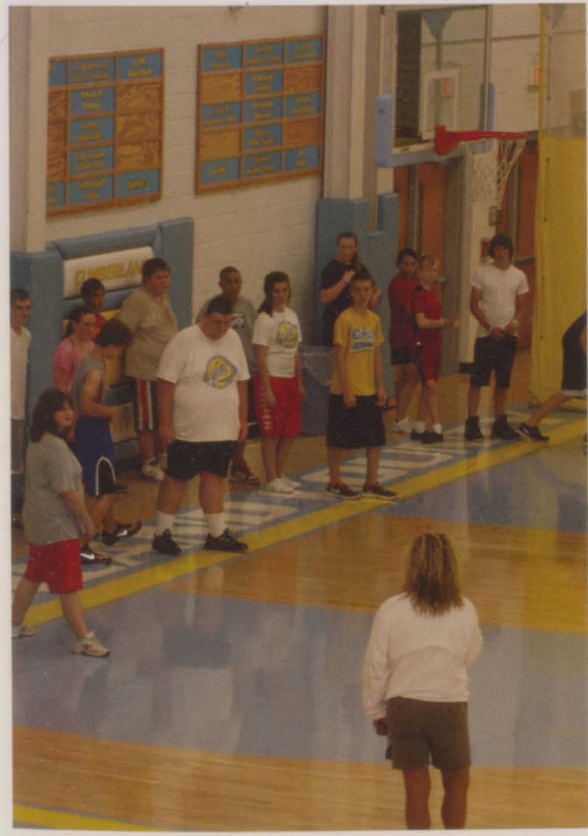

"The vacation of my dreams is definitely candyland! That would be so cool!"  
-Camdon Meyers

"I have always dreamed of going to Hawaii. I would love to go there some day!"  
-Adreann Stewart

"My dream get away is somewhere other than Crossville. I would be happy going anywhere."  
-Tyler Potter

*Run*

Jesse Magnuson is in Mr. VanWinkle's weight lifting class. He knows it's hard, but it's worth getting in shape so it pays off!

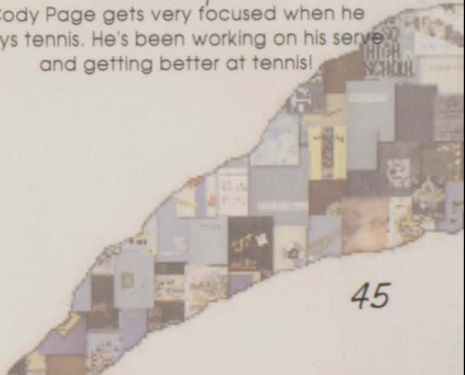

*Coach as a Teacher*

Coach Miller does a great job with her Lifetime Wellness. She knows how to make them work to get results, considering she is also the Lady Jets basketball coach!

*'Serves Up!'*

Cody Page gets very focused when he plays tennis. He's been working on his serve and getting better at tennis!

# One Step at a Time

Many skills were taught in Mrs. Roberts class to help students become more independent. Some of these included cooking skills where they learned to cook spaghetti. Self help classes were offered to help better their social skills enabling them to converse with others. Money skills of counting and adding up money and functional reading and math skills were also offered. Students enjoyed learning in an environment that is loving and kind. Trips outside the school were also taken to expand the learning experience. During P.E. with Coach Prichard, the students used the Wii as part of their physical education. "Look at those moves," was the comment that was give by Cory Salisbury. They also got to go to Tennessee Tech University to use the pool to learn swimming skills.

# Put Your Hands In It

F-wing! The school away from school. Every door a student opened on F-wing found a teacher ready to show them a different hands-on skill. From Small Animal Care to Construction Core, this wing had everything to offer in everyday life training. F-wing was not only a fun experience but an one that provided students with life-long abilities to do it for themselves. Students were given skills such as changing their own oil, changing a flat tire, or welding broken metal. Students were also taught how to build a house starting with the design, and ending with the trim. For some, the career choice of becoming a photographer or a veterinarian began in these classes. By being given the opportunity to have hands-on practice day after day, F-wing allowed students to perfect their vocational abilities.

"Being able to have my hands on what I am doing while the teacher explains it allows me to understand the material so much more," said Brian Young. Cody said, "If the teacher tried showing me this on a sheet of paper, I would probably not be able to put it together. Any time you have a class on F-wing, be prepared to get tons of knowledge that will be useful many years down the road!" The goal of the teachers on F-Wing was to give each student the knowledge to do whatever work they had chosen. When they left the classroom, each student was ready to start a career in their chosen profession.

## Hangin' By The Tail

"Being in Mr. Lowe's Wildlife Management class, I always enjoy feeding the mouse to the snakes because the mouse always bites me!"  
-Cassidy Caldwell

## Getting Work Done

"With hard work comes success."  
-Mitchell Springer

*Admiring The Beast*  
"Snakes are so fascinating to me, I like to be around them. This snake is just too small, I like bigger snakes."  
-Teddy Carter

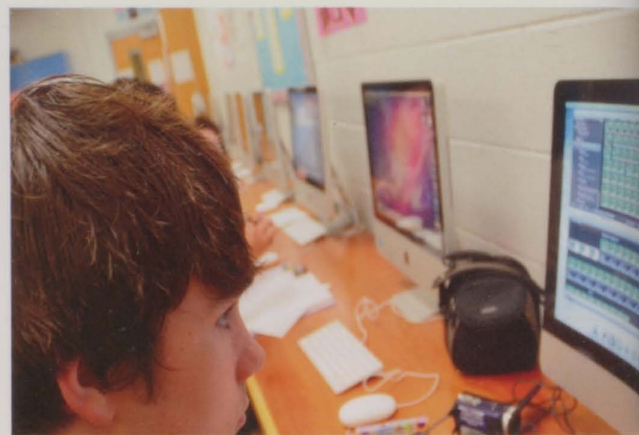

## Demon Eyes

"Mostly everyone in Mr. Lowe's class enjoy playing with the mice and feeding it to the snake, I liked this mouse because it looks evil with its shiny, red eyes."  
-A.J. Dick

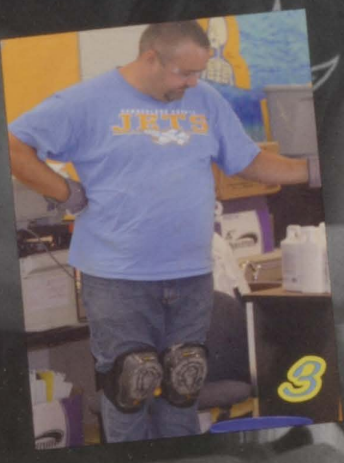

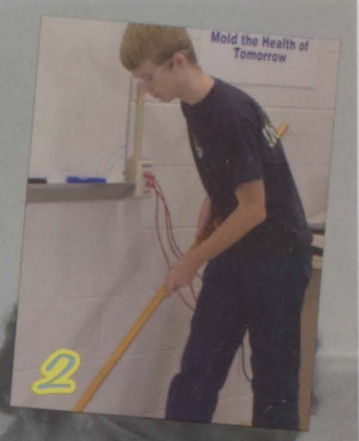

## Focused

"I was very focused during multimedia class! I love working on computers!"  
-Brandon Stevens

## Getting Our Hands Dirty

Mr. Miller, Brett Luna, and Tyler Williamson are very determined to finish the theatre room for the basketball boys and girls. They are going to be using the room to watch their film and just relax before the game!

*Tiling Mrs. Gilpin's Floor*

# Something to do with my hands!

Most students who took V-wing classes enjoyed every minute of them. Each and every thing they learned was always something that will come in handy somewhere down the road. From cooking to learning how to save someone's life, this wing offered a variety of skills that created more confident and competent student. When students opened the door to this hall, they walked into an endless amount of knowledge. Mrs. York's Economics and Personal Finance enabled young people to understand that money matters are important. With such classes offered as Health Science, students learned the skills to save a life, if necessary, and care for open wounds. Making their way down the hall, students who walked into Mrs. Shoemaker's classroom learned all the details of pregnancy and, the responsibilities that come along with raising a baby. Those who were lured down the hall by the smell of fresh cooked food, found themselves in Mrs. Kington's class surrounded by her busy chefs whipping up their newest recipes. V-wing was an experience students will not forget.

# Making History

Not everyone is someone that is interested in history, but with the right teachers and classmates it can become the best class that a student ever enrolled in. Many people, when asked, said that they enjoyed a history class. There are different types of history classes offered at Cumberland County High School. A popular class offered is World Geography, and normally that subject was taken by students in the Freshman class. Not to be confused with geography, World History is also offered at CCHS. This course is offered to juniors. There were six teachers dedicated to giving students information and a better understanding of the basics of how our world started off and how it has evolved. The phenomenal six teachers are Mr. Whitson (9th) Mr. Foster (9th) Mr. Brock (9th) Mr. Taylor (11th) Mr. McCaslin (11th) and Mrs. Akins (11th). Every history teacher was very dedicated and wanted to help better prepare every student with the knowledge and understanding of the our past and present. Through the efforts of these teachers, and the desire of students to know about our world, CCHS has developed a strong history curriculum.

## Groups!

"We love working in groups when it comes to geography, it is ten times easier!!"

- Seth Randall, Kobe Cox, and Tyler Howard

## No Dull Moments

"We love geography with Mr. Foster. He makes learning so fun, and there is never a dull moment in his class!"

-Taonna Miller & Emma Bailey

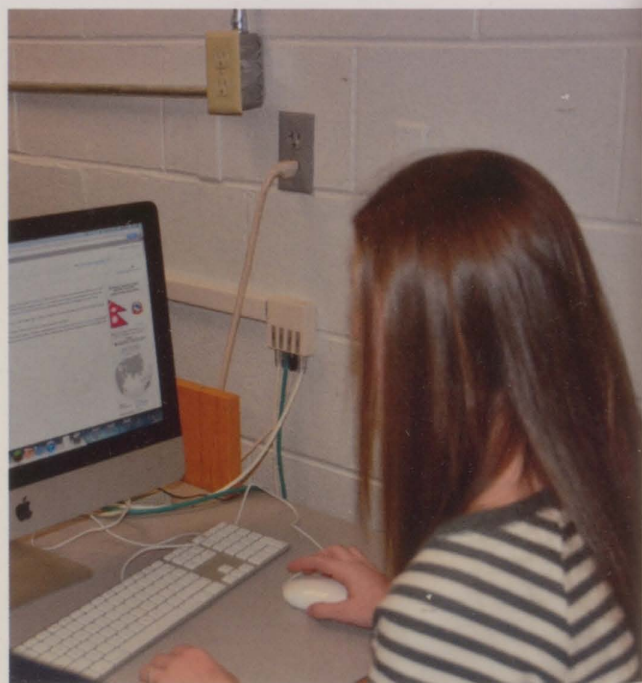

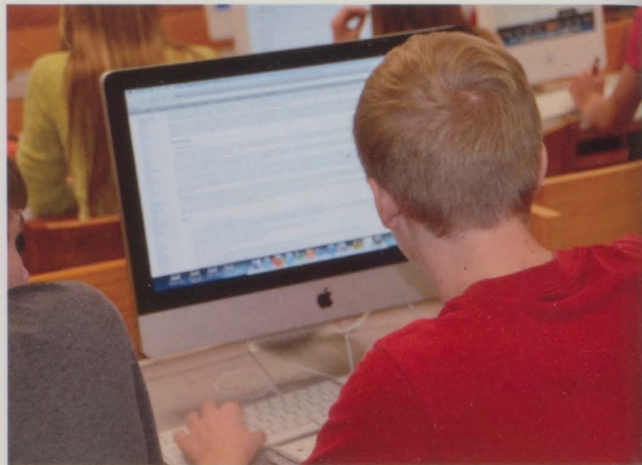

## Know It All

Sydney Brewer said that she "very much enjoys Mr. Akins Algebra class, he is a great teacher and knows a lot about math!

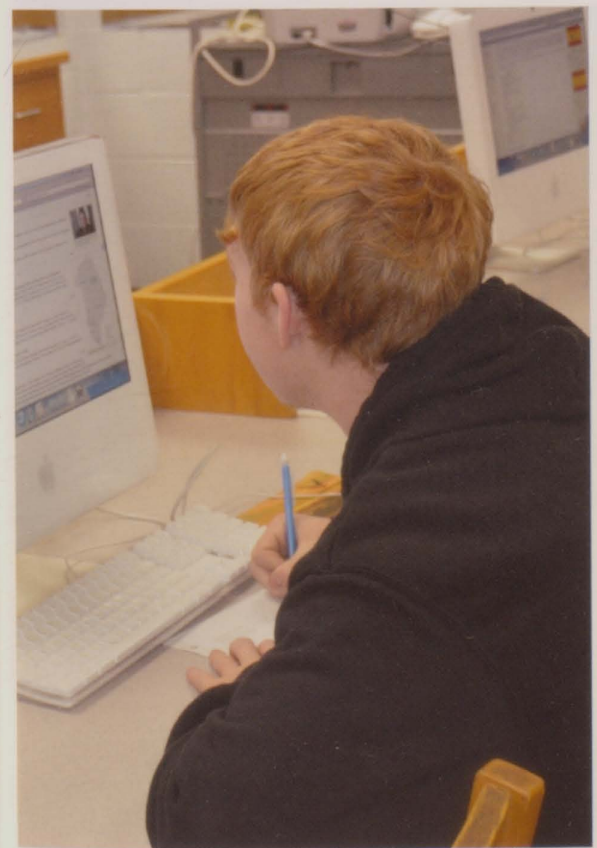

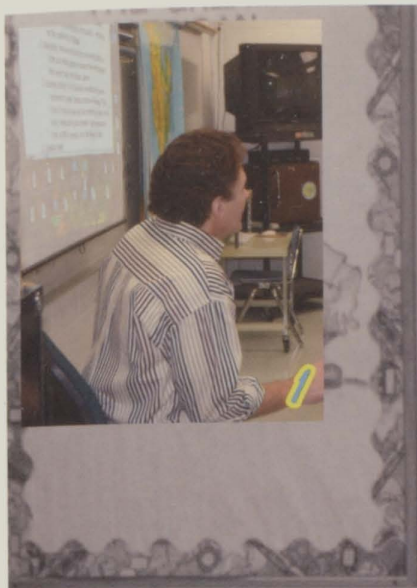

## Geography!

David Elliot in the library on the computer researching the geography of the world, said, "Mr. Foster is a great teacher and tons of fun!"

## Hands-On Learning

Jordyn Wilson said, "Researching is one of my favorite ways to learn because I remember things better that way, instead of just writing it down while listening to a teacher."

### What is your Favorite exotic Animal & why?

#### Just a Teachin'

- 1) Mr. Brock makes history fun!
- 2) Mr. Taylor's World History class is full of information and 3) you never leave Mr. Taylor's class without learning something new every day.
- 4) Every student gets something from Mr. Brock's history class.

#### Giraffe Print

"My favorite exotic animal is a giraffe. I like their print! It's cute!"  
- Bailey Davis

#### Long Nose

"I like elephants because they have a big nose."  
- Jordan Fry

#### Pretty Panther

"My favorite is a black panther because they are pretty!"  
- Sarah Parks

#### Fast Runners

"Cheetahs are my favorite because they are very fast runners!"  
- Casey Clark

#### Proof Reading

"I am proof reading and making sure that everything is just right so that I can start writing my final draft for my paper!"  
-Madison Hicks

#### Partner Work

Mr. Whitson is in the library with his history class. Half the class is researching on the computers, and the other half is doing book work to research and to help their partners out.

#### Research Findings

"Researching isn't my favorite thing to do, but we have to do it in Mr. Foster's room. Although it's not all that fun, I still learn a lot of things, and in the end make a pretty good grade on my work!"  
-Alex Dixon

# Act It Out

Cumberland County High School's Jet Theatrx has been a colorful addition to the school since it started, and has not stopped leaving us breathless. The Jet Theatrx Club's autumn performance, "I Never Saw Another Butterfly," was a compelling heartbreaking story about a young Jewish girl named Rya, played by senior Jenna Davis, who struggles with others during the Holocaust. Mrs. Robbins was given a surprise from her seniors, during the final performance, who had taken her class the last four years. They got together to buy her a basket full of gifts and some flowers. But it wasn't all about the seniors, or the stage. Junior Casey Ellison said, "The lights and sounds are mine!" to anyone who dared to approach the sound box. Madame Robbins attracted many freshman and sophomores into her theater arts class, then on into Jet Theatrics. Students such as Jacob Boelter and younger brother of Chelsea Boelter, along with her friend Carissa Turner who enjoyed helping Mrs. Robbins' theatre arts class. Theatre helped kids express themselves and to be responsible. A lot of time and unseen effort went into Jet Theatrics. The stage had to be set up, the lines had to be memorized and said correctly, and the costumes had to be in order. These students spent a lot of time perfecting their performance. All of this work and keeping grades up was hard, but rewarding. These students were greatly respected for what they did in Theatre.

## All Together

Tyler Norrod, Drake Parrott, and Tana McDonald go through a warm up exercise before rehearsal.

## Compelling Characters

Jenna Davis and Chelsea Boelter played a boy and a girl that like each other. This part brought the emotions out of the audience.

by Dakota Durbin

## Working Together

Kayla Gilmore, and Kristan Keen practicing a dance. They loved to work and rehearse with each other.

## Getting Serious

Karri Neiherton got into character to play her role of a young Jewish girl in the Holocaust.

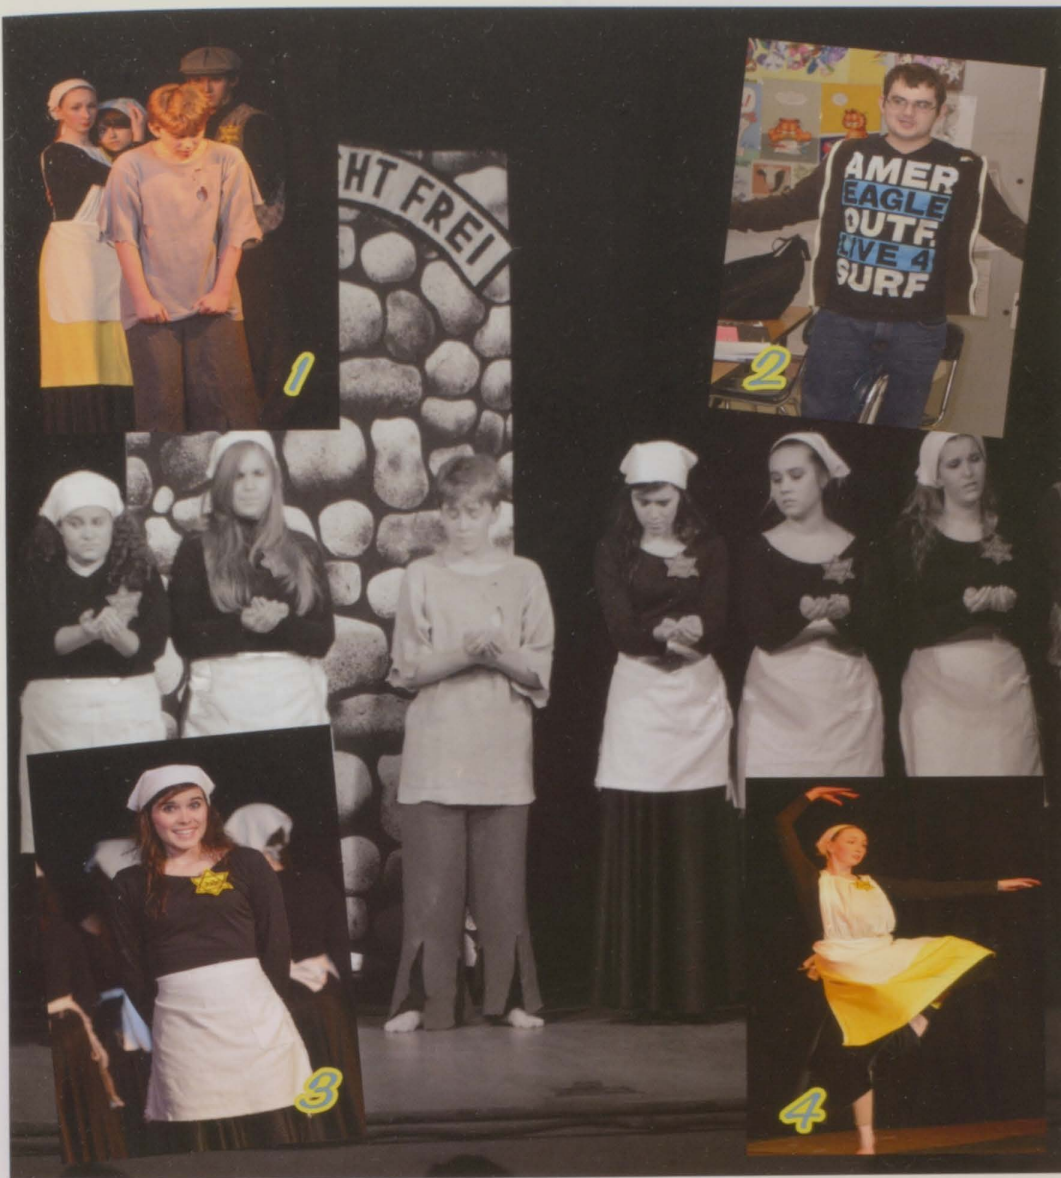

## Sisters on Stage

Casey Selby and Carly Selby performing together. They are sisters and they enjoy being in theatre together a lot.

## Singing Time

Fiona Retzer played "Irena" who taught her children to sing a song in Hebrew. This was a big scene that took time to perfect, but it paid off greatly in the end when the play turned out to be a success.

*Theatre Arts, I Love it*

1) Jacob Boelter performed one of his first plays at CCHS. 2) Marcus Pugh, Theatre Arts II. 3) Blaklee Garrett told her character's story. 4) Fiona Retzer gracefully danced.

**What is your Favorite play or Musical?**

*Footloose*

"Footloose" is fun and exciting to watch.  
-Brooklyn Smith

*Business*

"How To Succeed In Business Without Even Trying" because I love Daniel Radcliff.  
-Karry Mayzur

*Shrek*

"Shrek" is the best! It is hilarious because Eddie Murphy is in it.  
-Talin Miller

*Hairspray*

"Hairspray" is my favorite musical ever. I love the 50s.  
-Kenzie Hulling

*Mrs. Robbins*

This is one of Madame Robbins' various Costumes. The flamingo outfit is one of her favorites that she wears when she has the opportunity.

*Jenna Davis*

Jenna Davis has been in theatre all four years of high school. She is a senior and has had some great performances at CCHS.

*Dressing Up*

"My favorite thing about Theatre is all of the costumes I get to put on. When I put on a costume it makes me get more into the character I'm trying to be."  
- Carissa Turner

# Express Yourself

In what class could students learn that Fats Domino was considered a dangerous performer? Well, certainly they wouldn't learn it in Biology! The Fine Arts department at Cumberland County High School offered a wide variety of courses from History of Rock to Theatre Arts, and just about everything in between.

Art can be defined many different ways. Maybe the best thing about art is that individuals get to define it for themselves. Cassie Iles said that, "Students in visual arts do everything from pastel drawings to an aluminum foil taped sculpture".

When it came to vocal music, did they have fun? "No, there's no fun in vocal music. We have tons of good times though, so I guess you could call that fun." Harley Dotson says. Mrs. Purdue created an environment in which students not only joked around and had fun, but also learned the principles of music.

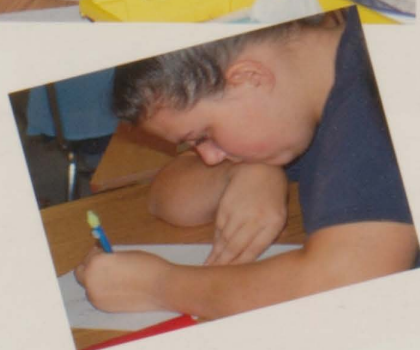

Some people seemed to have a natural ability for playing the guitar, while others struggled. That is why Mr. Hennen had a guitar class. He taught willing students how to play and better their skills.

Mrs. Purdue teaches a piano class which many people found fun and entertaining to take. The beauty of the fine arts wasn't just in the seeing and hearing it, but the time and hard work put into the beautiful masterpieces.

# Stop, Grammar Time!

Upon entering any English class at CCHS, students found the best teachers ready to prepare them in writing and reading. Hanging on to students' desire to learn, each teacher was willing to do whatever it took to see that students became competent in their skills. Writing would no longer be a hassle, but it would become some students' favorite hobby. Students became excited to go to their English class to find out what the next interesting book would be. Michael Davis stated, "My English class this year has been a wonderful experience, and I have enjoyed Mrs. Atkins teaching all semester. My favorite book was The Scarlett Letter." D.J. Shelton stated, "Coach Allen's class is the bomb. He makes learning so easy and fun. I can work so much better while listening to Nate Dog!" English could have been a boring subject at some point, but our wonderful teachers at CCHS made even the most boring things very interesting.

Athletics are taken very seriously at CCHS. Students trained everyday after school and even sometimes during school. They started conditioning months before their season ever began. Countless hours and days were spent improving skills during practice in order to perform at top level at games, meets, matches, and races. Added to that was the pressure to keep up in academics as well. Sports aren't about one individual star player; they are about the team and all the little pieces that make it up. Each player brought unique qualities and talents that come together to make the team the best that it can possibly be. Our student athletes showed great dedication to our school and each other throughout the year, and they were all greatly rewarded. Go Jets!

# Tackling

The CCHS Jets football team had a tough season this past year. They worked hard day in and day out to improve their game skills. They never gave up, no matter what the scoreboard showed. The team consisted of seven seniors, who were great roll models to the other players. They all played great, by coming together and always having fun. TC. Crillo stated, "For me, football was my dedication to my team and I loved every minute of it." The season didn't turn out like anybody expected it to be with the Jets going out with a 0 - 10 record. But, this will be a huge motivation for the team to work harder and strengthened their determination to become better next season and seasons to come. Jerry Rice said, "I think the thing about that was we were always willing to work. I was not the fastest or biggest player, but I was determined to be the best football player I could be on the football field. Through hard work you can accomplish the impossible."

with the J.V.

The CCHS J.V. football team had great success this season in high school football. The team consisted of freshman and sophomores. This season was a new experience for the athletes because they came together from different schools to form into one team. Many may not have known each other at the beginning, but in the end they became friends.

For the players' first playing high school football, it required more conditioning and more weight-training. High school football proved to be a lot different from elementary play. They were playing bigger and quicker opponents from different counties instead of people they knew from across town. The freshman worked harder and harder everyday until they'll finally reached that Friday Night Lights

experience. The young Jets continued to show their skill and gained large amounts of Jet pride giving a bright future for CCHS.

# Flipping

## with the Varsity Jets

Crisp, sassy, and spirited were the words that were used when describing the Cumberland County High School cheerleading squad. This team has gone through a lot this year. Through the ups and downs, hard work and dedication, this team came through every time. Practices almost every morning through the summer could be rough, but it paid off at the first football game. Hearing the crowd cheer, and seeing all the smiles on the faces, the squad could feel a sense of accomplishment. It was then that they knew they were doing the job right. This team not only had practices, but they had to attend tumbling once a week. In a close game, if a time-out was called, it gave the team a chance to flip across the gym floor to show their skill. Cheerleaders always had a smile on their faces, ready to cheer their team, and ready to lead the crowd! The goal of the cheerleaders was to get the student body involved at games and pep rallies! Pep rallies were always fun, and they got all the students pumped about the games! No matter what, cheerleaders were always peppy, spirited, and were always there with a smile!

Pumping up the

# Crowd

As terrifying as the first year of high school can be, imagine adding cheerleading to that brand new life. Every girl involved in the cheerleading program at Cumberland County High School knew what it was like to invest a lot of time and spirit into something that they loved doing! Whether it be going to camp or an early morning practice, they always had to have a smile on their face and be in a peppy mood. All these girls have experienced something brand new and something completely different from elementary cheerleading. Over the summer the girls from both varsity and junior varsity attended cheerleading camp at Tennessee Tech University. Our JV cheerleaders placed 1st place in their extreme routine and extreme cheer and received six superior ribbons! They learned new dances and cheers to perform for our student body. The cheerleaders put a lot of time and effort into creating an atmosphere of school spirit.

# Win It!

The 2012-2013 Jets basketball team has had a great season. Starting off 6AAA District games, they took first, knocking off Cookeville, who they haven't beaten since 2010. This victory got the whole school rallied up to give our Jets the momentum to advance to 2-0 after sweeping Coffee County on their home court. There was not a single game that our Jets lost because of not hustling and working hard. You could guarantee there was going to be a battle every time they took the court. John Elmore said, "My senior season has been remarkably fun. All of the times we were together, not only on the court, but all of the other times as well. We will never forget. I wouldn't trade it for anything!" Jets Basketball is more than just a sport, it is a tradition that goes back years and will never end. "Once a Jet always a Jet. This group of seniors have been great role models for me and have always helped me when I needed it," said Diego Poore. The whole team agreed they started out slow, but ending strong was what they wanted, and their goal was met.

The 2012-2013 Lady Jets basketball team were full of diverse and talented individuals. Every player on the team realized from the very beginning that it was going to take a lot of hard work and dedication to get the peak they wanted to reach. Being part of the Lady Jets basketball team was not just about being a part of a team, it was all about UNITY. Even though they were a young team with only one senior, the talent this team gained this year will shine in the years ahead. Makenzie Iles said, "Coming into my freshman year, I had set a goal not only to make varsity but to also be a starting player. I am proud through my hard work, I was able to achieve that." There were also many remarkable freshman that contributed noticeably. These girls showed exactly what commitment was. With such a talented group of girls, the expectations should be high next year.

# Just the *Beginning*

JV and Freshman basketball, is not necessarily all about winning, but more about planning for the future. This year has been very successful and a great learning experience for each player. Coach Moore said, "This is the strongest group of JV/Freshman I've had since I've been here. Looking at their record, the wins and the losses, doesn't show that, but they are a very strong group and are improving everyday." Tanner Christopher said, "Playing basketball for Coach Moore and Coach Davis has been an honor and a privilege. I have learned so much about the game from the both of them. I am really looking forward to the next three years of my basketball career here at Cumberland County High School." The JV/Freshman girls team have shown a remarkable improvement. They started out rocky, but ended up having a very rewarding season. They always tried their hardest, and never gave up. These JV/Freshman teams came into the season with the expectations of being a very good basketball team. To have the will, determination, and inner strength to be great team and become varsity players is every players ultimate goal.

# Running

The 2012 cross country season was another great year with members breaking school records and competing at high levels. At regions this year, both teams showed an amazing amount of effort. The boys finished in the top three teams and got a chance to go to State, while the girls finished fourth. Cross country is much harder than everybody thinks. 3.1 miles might not seem like a lot, but they trained all summer for the few races they have. It took great dedication and hard work to be a runner. Not only did the runners have to be in shape, but they also had to be healthy. Before races, cross country runners prepared themselves by eating healthy and hydrating themselves. Some even took ice baths. The true beauty of cross country was how each athlete improved. The rewards of this sport became apparent as the competitors found victory in races. Ryan Bedgood said, "Breaking the school record this year was definitely an accomplishment, but the greatest feeling is knowing that you beat the person next to you simply because you worked harder and wanted it more."

Jet Pride is the calling that Jet fans have all come to listen for when they see the Cumberland County marching band. When they played, everyone felt the pride of our school running through them, and it encouraged the players to win. "I love getting inspired by all of the variations of bands and music, and at the same time, I'm performing and inspiring others," said Senior and Color Guard Captain, Ashten Clendenin while getting ready for practice. Band wasn't just all performance though, bandmates practiced three days a week as well as three weeks during the summer to prepare music from Cirque du Soleil, for their show, Battlefield. In addition to learning the music, difficult choreography went into performances as well. Rain or shine, our CCHS Jet Pride band will be there to lead us in pride.

The Jets and the Lady Jets Bowling team had an exciting season with some impressive victories. Even though they were a young team with only one senior, they all did outstanding and will be tough to beat in the future. Several of the girls were recognized as all-district performers; Savannah Treague- 1st Team, Stephanie Hinch- 2nd Team, Ashley Streeter- 3rd Team. Also, Leslie Barlow got Freshman of the Year, and New-Comer of the Year was awarded to Stephanie Hinch. The Lady Jets won their first playoff match before losing to the State Champion, York Dragons, while the Jets lost to White County in the first playoff round. Coach Taylor said "I am very proud of the effort of our bowlers, and especially of the ladies that got recognized for the District All-teams."

Wrestling is a team sport made up of individuals who must take on the opponent one at a time. This unique method of winning for the team gave the members something to strive for, both for themselves and their teammates. Each wrestler competed in their weight category. This keeps the matches even and allows every wrestler a chance to compete within their range of skills. The wrestling team has worked hard this year going beyond maximum effort and creating several wins, overall. They were excited that it has worked out so well this season, and can now look forward to the next season. Zeth Bolin said, "Coming off of last year competition and changing coaches, then getting used to new ones, really changed us as a team. We all became a family. This was a good year, and it can only get better. I look forward to next year." The wrestlers were up for any changes that came their way. They rallied around each other and the team and made it a great year.

# Kicking It

## hands down

The 2013 CCHS Jet soccer team showed a lot of heart throughout the season. In a sport where there is constant running, kicking, and jumping, the players had to become used to long periods of competition without breaks. This was one of the reasons many players enjoy the sport so much. The challenge of moving the ball down the field using anything but their hands, made each goal all that much more important. Dedication to the team helped them get through tough practices and the pre-season games. The leadership of the seniors and captains was outstanding and helped create a strong determination to win. With speed, accuracy, and skill, all the players gave the team a positive attitude toward the season.

The 2013 season for the Lady Jets softball team was a fresh start. The team started off the season with a new coaching staff, new uniforms, and a new attitude. Senior Brianna Vallecillo said, "Softball this year was all about coming together as a team. Several things changed from last year. The changes we went through, made us be the best we could be." With the coaches and seniors leading the team, they became more than a team, they became a family. Practicing everyday on the field, physically and mentally prepared themselves for the season ahead. The team was young, but experienced. Therefore, setbacks were rare, and they were able to get more accomplished. This did not only make us a stronger team, but it also built us for the years ahead. However the season ended, the team was successful, having no regrets, and always leaving it on the field.

# The year at *Bat*

The 2013 Jets baseball team set high standards that they knew they had to reach. Returning players understood the need for commitment and teamwork. Senior Aaron Jones says, "Over my four years of baseball, I have formed a bond with my coaches as well as my teammates. We are more like a family than a baseball team. We are so close as a team, when we step on the field we are one and play like warriors. The outcome may not always come out in our favor, but we always play our hardest." Though baseball is a spring sport, players and coaches actually begin practice early in the winter months, preparing for the opportunity to face the other teams. Senior Tayler Houston said, "It has taken hard work and dedication to get to where we are today. I have enjoyed every minute of my senior season."

# Dance

Who do we count on to get us pumped with fresh beats and cute moves? You guessed it, our Cumberland County High School Dance Team! For years now it has been a tradition for our girls to dance their hearts out and knock our socks off. Senior Karri Netherton says, "Everyone here has pretty much grown up together as a family, a very, very cute family!" Much of the music used for performances are some of today's pop or electric hits, such as "Party Rock Anthem" by LMFAO. They changed it up for the Christmas performance, which included classic holiday song "Jingle Bell Rock!" They practiced and worked hard to show us their stuff during the fall. During spring time, they traveled to multiple competitions to show other schools what CCHS could do!

# Serving it Up!

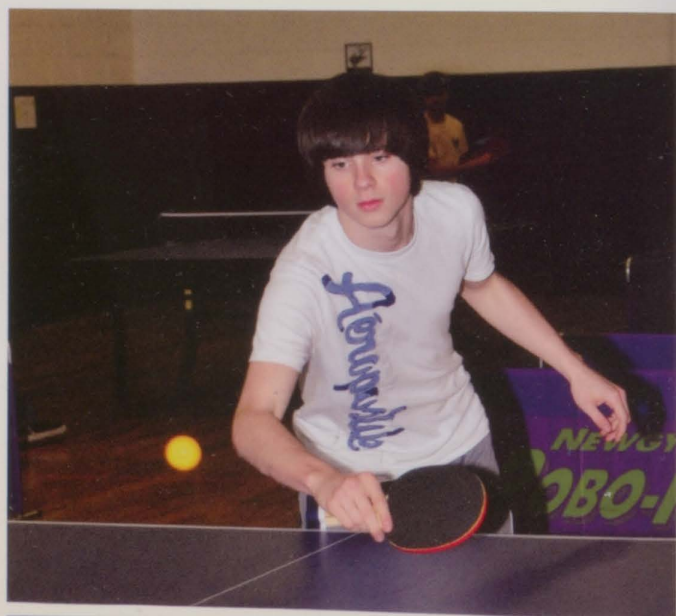

Tennis and table tennis are sports of intensity and reflexes. Ace the serve and win the match—this is every player's goal. A match could last anywhere from ten minutes to over two hours, depending on the skill and stamina of the players. The Cumberland County High School Jets tennis and table tennis teams have spent countless hours preparing for their matches. Players were rarely allowed breaks between games within matches, because of the time it takes to finish a tournament. These factors did not keep the strong-willed players off the court, however.

When playing doubles in tennis, one had to be able to trust his or her partner. A player had to count on the teammate to play their side of the court. If one partner didn't play very well, the other player had to switch with them in time to win the point. Hard work and dedication could always lead to victory in a sport where love means nothing!

The Trap Shooting Team was an up and coming sport to CCHS. It started off as a small team and grew to over 40 participants from schools spread throughout Cumberland County. This year they have won many awards as individuals and as a team. Shooting tournaments were all throughout Tennessee and in different states. Trap shooting took time and dedication. Whatever the weather conditions, the Trap Shooting Team always had practice. Derek Rose said, "Shooting is really important to me, I have been on the team for two years. I have a BT-99 Browning shot gun, with improved modify and smooth bore." Megan Burgess said, "Shooting has always been my passion, I have loved it ever since I started shooting. The best feeling in the world is when you have a really good day and beat the guys!" The Jets Trap Shooting team showed great potential this year, with plans to getting better with time and effort.

# Taking the *Lead*

**R**unning track challenged the body, both physically and mentally. It improved the competitor's endurance, stamina, and confidence. CCHS's track team worked hard this year and broke many records. They also have introduced pole vaulting this year to the sport. They practiced, no matter what the weather was outside. Snow, rain and extreme high temperatures were just part of the experience. Throughout this year, friendships have been made that they will never forget. Not only are they a track team, but also a family.

In the past few years, the track team has had athletes qualify for state and have won several events. One of Brianna Taylor's favorite quotes was, "It is in that moment when you feel you are at your weakest when you become your strongest!" Another inspirational quote from Jennifer Hedgecoth was "The desire is the key to motivation, but it's determination and commitment to an unrelenting pursuit of your goal-a commitment to excellence- that will enable you to attain the success you seek."

*Being a Senior*

Being a senior is a relief. I'm ready to move on and start running in college:

- Ryan Bedgood

*What is your favorite thing about track?*

"I like track because it is challenging and keeps me in shape for football!"

- Marshall Nye

"I always liked running because it allows me to think."

- Tyler Hancock

"Road trips because I get to hangout with my friends and win medals!"

- Seth Randall

*The First*

"Being the first person to pole vault at CCHS is pretty cool. I love the rush from it!"

- Zakk King

*Runner for Life*

"Running is something I've always been good at, and track is just one way to show it!"

- Jennifer Hedgecoth

**T**he 2012-2013 soccer season was not what the Lady Jet Soccer team expected it to be. However the team gave it all they had every game. They had their ups and downs this season but managed to come out of it and become a family again. The team realized that the closer they all were, the better they played. Over the season everyone on the team has improved in some way, and have become a well-rounded, fundamental team.

'The happiest people don't have the best of everything, they just make the best of everything they have.' "This quote by an anonymous author," said Mia Mijatovic, "goes perfectly with how our season went. Our team didn't consist of the best players, the best ball skills, the best in shape, or the most experienced players, but we made what we had work and always played with heart. As Theodore Roosevelt said, 'it is hard to fail, but it is worse never to have tried to succeed.'"

This wasn't the case for the Lady Jets. They were always striving to succeed and looking for ways to improve. The Lady Jets could have easily given up this season, but they never did. Their team was a strong, dedicated team that was always looking for improvement and ways to get better. It has taken hard work, and many practices to get to where they are now. And, it doesn't stop there. Lady Jets Soccer fans can't wait to see what next year has in store for them and if they will continue in the direction they're going.

*by Balie Houston*

*Soccer Sisters*

"We may have not had a winning season, but it was all worth it. We've never had a team this close and I'm proud to say I have gained sixteen sisters."

*- Toby Bradley*

*First but Last*

"This year was my first year playing offense. I really like having to use ball skills to beat a defender and then shooting."

*- Mia Mijatovic*

*Wanting the Win*

"Winning isn't everything, but wanting to win is. Our soccer season hasn't been very successful, but we have all improved in some way and have become a family. I can't wait to see what next year has in store for us."

- Balie Houston

L to R, Front Row- Brooklyn Smith, Shawn Foster, Angel Perry, Kyndell Johnson, Tj Godsey, Marissa Vincent, Brooke Golden, Mariah Wisor.

L to R, Middle Row- Allison Graham, Jordan Hedgcoth, Kirsten Cox, Katie Johnson, Emily Monday, Brianna Taylor, Kaitlin Bresaw.

L to R, Back row- Coach Drea, Jennifer Hedgcoth, Maddi Potter, Savannah Kerley, Mia Mijatovic, Anna-Holt Shaw, Balie Houston, Coach Cub Whitson,

*What is your favorite thing about soccer?*

Brooke Golden- "My favorite thing about soccer is the look on the other girls faces when I knock them down and take the ball from them."

Jennifer Hedgcoth- "My favorite thing about soccer is playing on a team that almost always has a positive attitude."

Brianna Taylor- "My favorite thing about soccer is knocking girls down."

*My Lifestyle*

"Soccer isn't just a sport... Its a lifestyle. Soccer is my passion and I love the game"

- Savannah Kerley

*Well Worth It*

"This header hurt bad. I ended up with a black eye that lasted for over two weeks. They didn't score off this corner, so it was well worth it."

- Maddie Potter

# Can you *Dig* it?

The Cumberland County High School Lady Jet volleyball team did not just spend their season together, but also the entire summer. The team spent their summer days conditioning in the hot sun, practicing in the gym, and attending camps to prepare them for a long season ahead. Senior Halie Slabaugh said, "We have worked extremely hard this year! We have grown to be more than a team. We are more like a family now. I can't imagine playing with any other girls."

School began, and coaches got to work on preparing the girls for battle. When asked how his players prepared mentally for a match, Coach Smith responded, "Each girl prepares differently. Whether it is listening to music, playing around with the volleyball, or just talking to other teammates, but once the game begins, every player focuses on the task at hand."

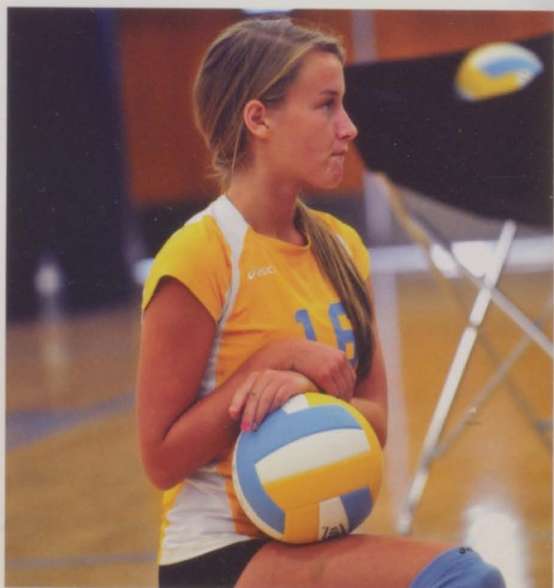

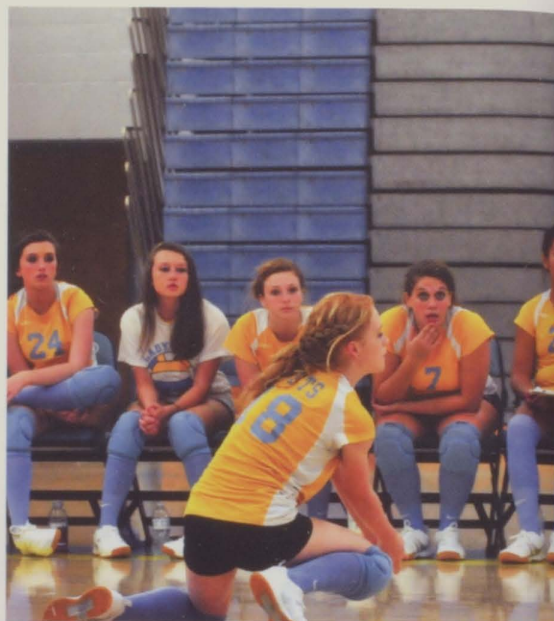

Months of practice and conditioning was all worth it in the end. As they grew closer together as a team, memories were shared among all of them. The CCHS Lady Jet volleyball team had a successful season, and they had fun along the way.

## *Diving for the Ball*

"It is really important to try and save the ball to continue the set. I never give up no matter how far I have to go to save the ball."

*-Tessa Duvon*

## *Inspiration*

"Coach's words are one of the most important assets to the team. They can either bring the whole team down or inspire everyone to overcome the obstacles and succeed."

*-Shelby Killey*

## *Focus*

"Focus is probably one of the most important aspects of playing volleyball. If any of us lose focus for just a moment, the whole play could fall apart."

*-Amber Johnson*

L to R, Back Row- Coach Smith, Savanna Frazee, Victoria Lee, Amanda Ford, Kansas Stamper, Rebekah Teeple, Cheyenne Frazee, Coach Kyle, Coach Dixon.  
 L to R, Middle Row- Haley Spriggs, Shelby Smith, Brianna Hawkins, Rebecca Forte, Amber Johnson, Shelby Kilby, Halie Slagbaugh, Sara Shinn, Kayla Stamper, Emalee Breeding.  
 L to R, Front Row- Christen Carter, Jessica Sexton, Samatha Godsey, Christine Jones, Sadie Bowman, Tessa Dixon, Ricky Phipps, Alicia Back, Becky Carter.

*What is your favorite thing about volleyball?*

"Winning and getting a killer hit."  
 -Haley Spriggs

"Winning and being with friends is my favorite part."

-Kayla Stamper

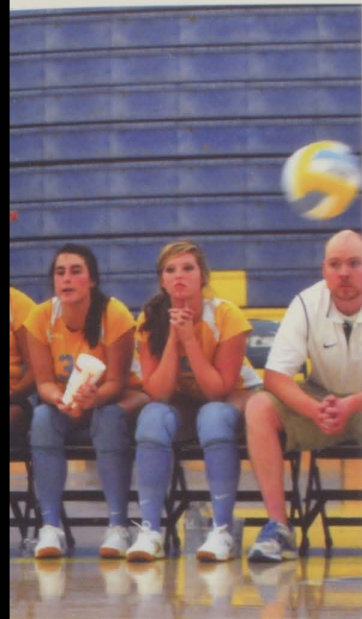

"Playing and having fun with the sport is great, but being with my friends is also great"

-Amanda Ford

"Getting set and spiking past other players is what I like the most."

-Cheyenne Frazee

*Serving*

"Serving is the most important thing in volleyball. If you miss the serve you miss the opportunity to earn the point or make the play."

-Halie Slagbaugh

*Spiking*

"It feels awesome to nail a spike. It's the most exciting part of a set!"

-Kansas Stamper

**G**olf takes time and patience. It is a game of precision and accuracy, and you also have to have dedication to become the best player you can be. Logan Stewart has been playing golf at Cumberland County High School for three years. Logan said, "I love golf. It's my passion. It takes dedication and patience to become the best player I can be."

Crossville is known as the Golf Capital of Tennessee. There are approximately twelve golf courses here. The Cumberland County High School golf team played their best during their 2012-2013 golf season, placing 1st in The Golf Capital Classic at Tansi and 1st in BRAC in Warren County. Jordan Graham said "I had a great experience for my first year, and I look forward to another great one next season."

*by Jonathan Elmore*

## *From the Dune*

"Even though I was in the sand, I calmed down and tried to hit a safe shot."

*-Spencer Sarbrough*

## *The Warm Up*

"Golf is an awesome sport. If only Spencer could stay out of the sand!"

*-Dylan Flier*

## *Just Another Putt*

"Golf is a game of precision and accuracy. It takes a lot of work and dedication to become the best player you can be."

*-Henry Belmont*

L to R, Front Row-Megan Burgess, Jordan Graham, Dylan Fehr, Tayler Houston, Spencer Scarborough, Logan Stewart, D.J Shelton, Coach Herring

*What is your favorite thing about golf?*

"My favorite thing about golf is everyone doing their best for the team"

- Tayler Houston

"It's the challenge, mentally and physically, and the feel when you accomplish something great."

- Dylan Fehr

"Everything, being able to play on new courses and situations."

- Spencer Scarborough

"Knowing that my scores can and will help our team win."

- D.J. Shelton

*A Leader*

"I had a great time this year in golf. I enjoyed my senior year and feel like this was a perfect way of ending my golf career."

- Tayler Houston

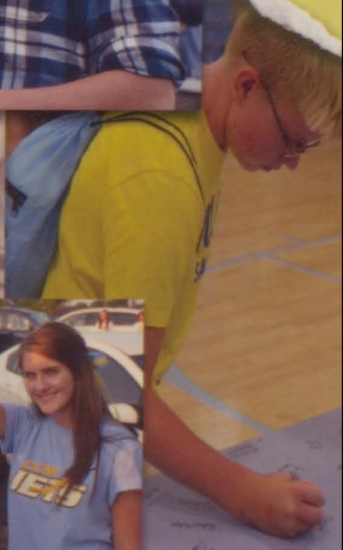

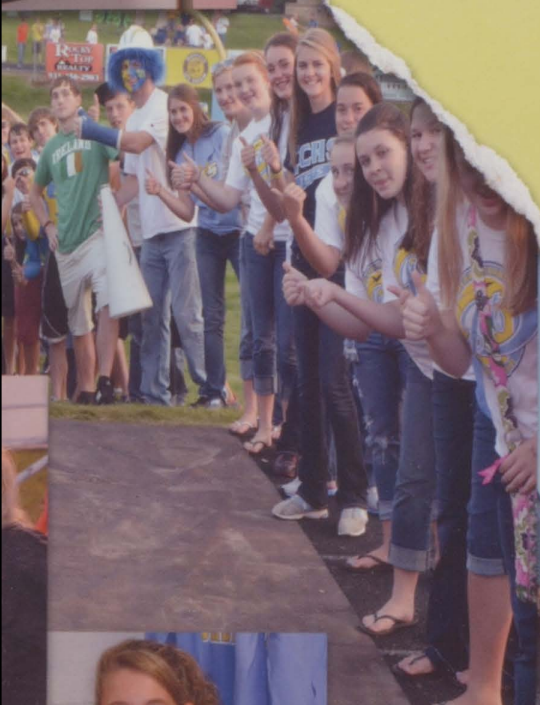

*The Drive*

"This team has come a long way. It's terrible to see three of my best friends leave, but it was an honor to be a part of a great Jets' golf team."

- Logan Stewart

"One time when I wasn't paying attention, I walked straight into a tree."

- **Camdon** Myers

"I ripped my pants in front of everyone."

- **Logan** Thornton

**What is the most *embarrassing* thing you've *ever* done/had happen to you?**

"I was a major teachers pet in sixth grade, so I cried like a baby when I left my notebook in my locker."

- **Whitney** Iles

"I wore a dog collar in school. What in the world was I thinking?"

- **Shelby** Kear

"I walked into the boys bathroom once. I was completely mortified."

“ I would want my cell phone, an ax, and shelter because these are all necessary to my survival.”  
- **Katie** Crawford

“My three things would be my Xbox, a TV, and a generator. Maybe I can't eat these things, but at least I won't get bored!”  
- **Allen** Smith

“I would want to have a donkey, an elephant, and a lion because I like animals. I could even ride them around the island and have an efficient method of transportation!”  
- **Kaya** Smith

“If you were trapped on a deserted island and could only have three things (other than a way off the island), what would they be and why?”

“My three things would be a knife, instructions on how to build a boat, and food, for survival.”  
- **Verity** Mobly

“I would have three genies, so I would wish for unlimited genies, and more genies, and more, and mwaaahaahaaa.”

Without the ads on these pages, this yearbook could not be published. Each year, the yearbook staff learns publications and business practices. Local business owners who are approached to put an ad in the yearbook are asked to spend their advertising money on us. Most are return customers, and many are graduates of CCHS showing support for their school. Some of the ads are from businesses who have bought an ad almost every year the school has been in existence. The other ad that is very popular is the Senior Ad. This is for parents, family, or friends to put the spotlight on their graduating senior. This ad is always special. CCHS has represented businesses and students for fifty years in The Plateau. The relationship between the business community, parents, and our staff has created a glimpse into our lives; one year at a time.

## *Valedictorian:*

*Coco Bennett*

### **Has It always been a goal of yours to achieve the highest honor of your class?**

"Definitely not. I never expected to be valedictorian. I thought many of my friends were way too smart, and that I didn't have a good chance. I always tried my best though, and in the end, that was enough."

### **How does it feel to be valedictorian?**

"It feels like such an honor. I feel like I could accomplish anything and help anyone else accomplish what he/she wants to also by being a good role model."

### **How did you manage to juggle both dance and academics so effectively?**

"I give myself a set time to do homework before dance, that way I have the rest of the evening to relax. Many times when I don't finish, or I have dance or rehearsal all evening, I take it with me and complete it on breaks. The sooner I finish, the less I have to worry about it."

## *Salutatorian:*

*Robert "Ube" Uebelacker*

### **Has It always been a goal of yours to achieve one of the highest honors of your class?**

"Well, actually, when I was trying to talk my parents into letting me go to high school instead of being homeschooled, they jokingly said, 'We'll let you go to high school as long as you become valedictorian.' I guess I didn't live up to my end of the deal, but I don't think they are disappointed. I am truly honored to be awarded salutatorian."

### **How does it feel to be salutatorian?**

"It is amazing! I am so thankful to everyone for all of their support. My family has always been a great help to me throughout my high school experience. I am extremely grateful to them and especially thankful to God."

### **How did you manage to juggle both baseball and academics so effectively?**

"It can be a tough, especially during baseball season when we have away games and don't get back until 11:00 PM. I try to balance them both by focusing on them individually. If I'm at baseball, I'm focused on baseball and not school. However, when I'm at school or have homework, I try to give my sole attention to that subject until I have it completed."

The theme for the special 50th anniversary edition of the *Plateau* all began with thoughts of the future. "Off we go into the wild blue yonder" holds many meanings to those of us who have been a part of CCHS. While these words are lyrics to our beloved Jet Fight Song, they also symbolize going off into the unknown; the unknown of the future, our life after high school, and even who we are. As we celebrate the 50th anniversary of Cumberland County High School, we also celebrate what the next fifty years may have in store for us and the generations of Jets to come. As this year's Editor-in-Chief, I hope those who look back on this edition of the *Plateau* will be reminded of all of the wonderful memories of years past, and that it instills hope for the future and all of the memories waiting to be made. Wherever life may take you, always remember your roots and where you came from. These are the things that helped make you who you are and will help mold you into what you become. Remember, once a Jet, always a Jet.

As the year comes to an end, we look back and reflect. We have had another wonderful year at CCHS and are looking forward to what the future has in store. All of our high school experiences help make us who we are and influence what we become. We have had a year full of challenges and successes, new experiences and experienced old traditions. As in years past, this tradition has been a right of passage for all students. Those who came into CCHS as Freshmen are now rooted in the traditions and are ready to welcome a new group into their ranks. Our seniors are off to experience real life, and juniors are eager to step up and fill their shoes. All students can now look forward to late, warm summer nights, bonfires, road trips, and sleeping in. Knowing that the time will come when once again the doors will open, and fifty more years of high school memories will be made, makes saying goodbye a little easier.

The 2013 volume 51, *50th Anniversary Edition* of the *Plateau* was published by the yearbook publication and digital art & design classes of Cumberland County High School. The *Plateau* was printed by Taylor Publishings in Austin, Texas. The 200 page full-color book, including candid photos, was submitted digitally for a press run of 450. The book sold initially for \$80.00, and then rose to \$85.00 when the internet sales stopped. Ads were sold by the staff and ranged from \$80.00 to \$300.00 for senior ads and \$80.00 to \$400.00 for business ads. All pages were produced using Adobe Photoshop CS4 and InDesign CS4. The *Plateau* sales representative was Josh Houston and account executive was Jessica Youngpeter. Senior, underclassmen, faculty, and group photos were taken by Prestige/Lifetouch Studios at no charge. We would like to thank Mrs. Graham, and the entire CCHS faculty and staff for the support they gave us. We say thank you to Ed Grief, Kathy Blaylock, Melissa Kerley, Maria Server and others for the donations of pictures.

Book specifications are as follows:

Cover: Lithocote with four-color process, designed using Adobe Illustrator and Photoshop CS4. Fonts used were VanguardT and Louisiana.

Endsheets: designed and created by yearbook staff using Photoshop CS4. Inside Pages: 9x12 100# Enamel with Smyth-sewn binding. Fonts: VanguardT and Louisiana.

Yearbook advisor: Art Sanderson. Editor-in-Chief: Alyssa Smiddie. Section Editors: Katie Barnawell, Josie Graham, Logan Janow, Jordan Lautner-Moore, Meghan Server, Alyssa Smiddie. Yearbook Staff: Teddi Allred, Sophia Brawner, Clayton Collins, Devin Davis, Dakota Durbin, Jonathan Elmore, Allyn Foster, Balie Houston, Logan Johnson, Wesley Jones, Destiny Lewis, Madison Mathes, Jeannie McCloud, Joshua Mifflin, Dylan Qualls, Ariana Ramsey, Bailey Richardson, Joshua Sisco, Leah Stephens, Sloane VanWinkle, Jacqueline Wieland, Heather Williams.

*'Off We Go Into the Wild Blue Yonder'-----*

The Jet fight song should be familiar to each and every "Jet"—current students and graduates for the past 50 years. Hopefully, you can sing our fight song as quickly as any other favorite song in your playlist.

You are a part of a special group of people as we continue our 50th anniversary celebrations. It has been a supreme honor for me to provide leadership, as principal of Cumberland County High School, during this time of celebration. This anniversary edition of the PLATEAU is and will remain a keepsake chronicling your time as well as mine on this campus. (Take a peek at the front cover of the 1974 yearbook. You can do the math as to how many years it has been since that edition was published. Take a moment and research whom one of the editors of that edition might have been!)

As Jets you can and should "fly high into the sun". Set lofty goals and let nothing hold you back from attaining them. As the words of our song continues "we live in fame or go down in flame" can apply to our everyday lives in that living life to its fullest is certainly optimal to doing nothing with the talents given us.

The song goes on to say—"Nothing can stop the best of our Jets"—How true as so many of our Jets have taken the words of this song to heart and made the "best" of their lives. The "best" may be different for all of us, but still the "best".

Each and every cadet belonging to the Air Force or any other branch of the service, sings their fight song on a daily basis from the beginning to the end of his or her time of service. It is interesting to watch former service men and women join in song as they hear the song symbolizing their branch of service played or sang. As they exhibit pride in their service to our country, so should you as you have been an integral part of our school community.

Whatever you do in life give it your best! Be proud of who you are and what you have accomplished.
