

Special Education Child Find

Students with disabilities, who are residents of Oklahoma, have available to them a free appropriate public education as mandated by the Individuals with Disabilities Education Act (IDEA), P.L. 101-474.

Turkey Ford Public School has a comprehensive child identification district plan to identify, locate and evaluate those children with disabilities, birth-21 years of age, who are in need of special education & related services.

This is an attempt to locate these children in order to assist in providing the services to which they are entitled.

**If you know of a child with a disability living in the district
