

Coffeeville School District Medication Procedure

Dear parents and guardians,

Coffeeville school district does not supply its own over-the-counter medications for assisted self administered by students or staff.

No medication (prescription or non-prescription over-the-counter) may be given without parent authorization, a healthcare provider order, and an appropriately labeled container.

If over the counter medication is to be administered at school, the parent must provide the OTC medication in the original container with specific instructions on the label as to when or why such medications may be necessary. The school nurse must evaluate and approve all OTC medications and label instructions. A physician's signature must also be on the consent form.

Forms may be picked up in the front office. Please contact me if you wish for any forms to be sent home with your child.

Thank you for keeping our students safe!
