

Applying to Private Schools:

Students planning to apply to private/independent colleges and universities must request applications from the individual college admission offices if their applications are not online. If you are planning to apply to colleges using the Common Application, you can fill it out online or download a PDF version from <http://www.commonapp.org/>

Applying to Out of State Schools:

Students planning to apply to out of state colleges and universities must go directly to the school website to get information on out of state deadlines and admission requirements. Often, out of state schools do NOT follow the CSU/UC calendar deadlines and/or do not require the same a-g requirements as California schools. If you are planning on attending an out of state school, start researching early and speak to an admissions representative to get accurate information.
