

HOME OF THE WARRIORS

MONROE SCHOOL

We just finished our end-of-year benchmark testing and the Warriors did GREAT! We were working for lunch from Figaro's and dessert from Dairy Queen. Any student who tested within one year of their grade level in at least two of the three areas being tested (Math, Reading, and Language Arts) earned this lunchtime incentive.

The results are in! 10 of the 16 students who participated earned lunch and dessert. This was the best our students have performed in the last four years. Infact, many who were successful tested into gradelevel or above! Students took their time, relied on the test taking skills they have been practicing all year long and it paid off!

*with much pride,
Mrs. Fulton*
