3. Participating institutions will have unlimited Texas College Bridge course licenses to be used for students in 11th and 12th grade who are enrolled in that institution, with an emphasis on students who have not met college readiness standards.

Except for the foregoing amendment and revision, in all other respects, the terms and conditions of the Agreement shall continue in full force and effect to bind the parties. Section 1: Data Sharing

1. Institution acknowledges that employee information must be shared in compliance with all applicable laws and regulations, including, but not limited to, the Texas Education Code, Section 21.355 and Texas Government Code, Section 552.117.
2. Any release of personally identifiable information of students must be in compliance with the requirements of the Family Educational Rights and Privacy Act (FERPA) and its implementing regulations 34 C.F.R. § 99.1 et seq. and will be delivered to Providers solely to enable Institution's students and teachers to participate in the Texas College Bridge program.
3. FERPA permits the disclosure of personally identifiable information of students to school officials with legitimate educational interests in students' education records. The term "school official" includes contractors, consultants, volunteers, or other parties to whom the institution has outsourced educational or institutional services, or where the outside party
 - (1) Performs an institution service or function for which the Institution would otherwise use employees;
 - (2) Is under the direct control of the Institution with respect to the use and maintenance of education records; and
 - (3) Is subject to the requirements governing the use and redisclosure of personally identifiable information from education records. 20 U.S.C. 1232g(b)(1)(A).

The Institution designates the Providers, as well as the Texas Education Agency (and each of their respective authorized representatives) each as a "school official" with legitimate educational interests in students' education records provided pursuant to this Agreement and relating to participating in the Program.

4. Student Confidentiality. The Institution has a legal obligation to maintain the confidentiality and privacy of student records in accordance with applicable law and regulations, specifically FERPA. The Providers each acknowledge that they must comply with said law and regulations and safeguard student information. Other than to support the Texas College Bridge Program purposes and requirements, the Providers may not re-disclose the information to a third party without prior written consent from the Institution and/or the parent or eligible student.
5. Providers are expressly authorized to share aggregate Program data (not containing any personally identifiable information) with Commit, TEA, Texas Higher Education Coordinating Board (THECB), and Region 10 ESC. Accordingly, any publication or dissemination of Program data by Providers in this instance will be reported in the aggregate and converted to de-identified information. "De-identified information" means data or information that neither identifies nor provides a reasonable basis to identify an individual where, without limitation, the following identifiers have been removed: (i) the student's name; (ii) the name of the student's parent or other family members; (iii) the address of the student or student's family; (iv) a personal identifier, such as the student's social security number, student number, or biometric record; (v) other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; (vi) other information that, alone

or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or (vii) information requested by a person who either Party reasonably believes knows the identity of the student to whom the education record relates. Providers are authorized to share all other student data with TEA.

6. Education records disclosed pursuant to this Agreement will be destroyed consistent with FERPA and the terms of this Agreement by permanently and irreversibly removing any personal identifiers from the records rendering the information no longer personally identifiable or usable. Providers must provide the Institution with evidence of the destruction of the records in compliance with this Agreement.
7. Data associated with students' accounts and subject to GreenLight's or NROC's separate Term of Use and Privacy agreements will be controlled by students consistent with FERPA and any applicable Texas consumer protection laws and other agreements between students and Providers.
8. Providers may conduct survey of students within the context of the Program and acknowledge that all student surveys will be in compliance with the requirements of the Protection of Pupil rights Amendment (PPRA). Since Department of Education funding is used for the Summer Bridge program, written parental consent will be obtained before surveying a student in accordance with the PPRA.
9. The disclosure of personally identifiable information from education records under this Agreement is not an assignment of ownership of the personally identifiable information or records. The Institution retains custody and/or ownership of all such records. Personally identifiable information from education records may only be redisclosed pursuant to this Agreement, with the Institution's permission or otherwise in compliance with FERPA and its regulations. Institution is responsible for securing any parental or eligible student consent, as needed, but in releasing records to Providers, Institution represents that it has obtained any consent it has determined is necessary.
10. The Institution maintains the right to conduct audits or otherwise monitor Providers receiving student personally identifiable information from education records to periodically affirm that Providers have appropriate policies and procedures in place to protect the student personally identifiable information from education records.
11. The failure to comply with the requirements of FERPA will subject the responsible party to all allowable enforcement actions under state and federal law. If Providers become aware of a disclosure or security breach concerning any Institution data or student education records covered by this Agreement, Providers shall immediately notify the Institution and take immediate steps to limit and mitigate the damage of such security breach to the greatest extent possible. If there is a "breach of system security" where "sensitive personal information" is breached, both as defined in sections 521.002 and 521.053 of the Texas Business and Commerce Code, Providers shall proceed with notification requirements as required therein. The Parties agree that any breach of the privacy and/or confidentiality obligations set forth in this Agreement may, at the Institution's sole discretion, result in the Institution's immediately terminating this Agreement.
12. This Agreement and all of the rights and obligations of the parties hereto and all of the terms and conditions hereof shall be construed, interpreted and applied in accordance with and governed by and enforced under the laws of the State of Texas, and the parties hereto agree that venue shall be in Dallas County, Texas.
