Several members of a local FFA Chapter along with Houston County's Young Farmer Teacher, Ashley Denton, were invited to the official opening of the new Silicon Ranch in Houston County. Silicon Ranch has pioneered utility-scale solar in Georgia and remains a market leader. They partner with EMCs across the state supporting renewable energy and local economic development.

Along with producing energy, Silicon Ranch will also become a breeding ground for market sheep. Eventually this location will house a commercial breeding facility and team up with Georgia's own White Oak Pastures. This will allow an opportunity for our district's agriculture education students to see first-hand how a commercial lamb farm is operated.

Northside High School Entrepreneurship Students Excel

Entrepreneurship students at Northside High School learned a wide array of skills necessary to launch their new food truck venture. Pictured above, left to right, are: Ny'karia Harris, Desiree Harris, Jordy Ordonez, Jessie Knight, and DaRon Knight. (Not pictured - James Gipson.) Students were required to complete a Food Truck venture project which included a business idea, business name, logo, mission statement, floor plan, start-up budget, menu, market analysis, business licenses and permits, and a signature dish presentation. Students were required to incorporate the use of QR Code technology in their implementation. Lastly, students learned how to price, promote, and place their Food Trucks using demographic and market data. During the signature dish presentation, students were allowed to taste test items prepared by other students in the class.

Northside High School is located at 926 Green Street in Warner Robins, Georgia. Markeeta Clayton serves as Principal.

Perry High School

C/Col Ashton S. Russell, National Runner-Up,
Cadet of the Year and Air Force Association Leadership Award

C/Col Ashton S. Russell, Perry High School Air Force JROTC, has been named the Runner-Up for the National “Cadet of the Year and the Air Force Association Leadership Award.” This means she is one of the top two cadets in the entire nation. Previously she earned the State and Regional level Cadet of the Year in order to qualify for the National level award. The Cadet of the Year award is awarded to a third year Air Force JROTC cadet who demonstrates outstanding leadership, serves their community and school as well as having outstanding fitness.

C/Col Russell has contributed over 130 hours to her community and school throughout the 2021-2022 academic year. She has participated in over 200 hours of leadership development activities, and she earned Silver award status for her outstanding fitness. Silver award status is achieved by only the top 5% of cadets in the nation.

Lt Col Bailey and Chief Spears are extremely proud of C/Col Russell and all she has accomplished.

Perry High School is located at 1307 North Avenue in Perry, Georgia. Wesley “Del” Martin serves as Principal.

Perry High School AFJROTC Color Guard Second in the Nation

Perry High School's Air Force Junior ROTC four person color guard team had the honor of taking home second in the nation at the Daytona Nationals. In the early morning of the 14th of April, the Perry High JROTC departed for Daytona Beach, Florida, where they would compete with the nation's top color guard performers. The corps consisted of two color guard teams, a fitness team, and a group of avid supporters. Their ultimate goal was to compete in Nationals, do their absolute best. Needless to say, when they departed Daytona, they were far from disappointed. The color guard teams competed against the nation's best in their discipline and were able to secure 2nd place. Perry High School AFJROTC is beyond proud of the young men and women in the corps and recognize the countless hours of hard work these cadets put in to making this dream a reality.

Three years ago, Chief Spears took two, four-person color guard teams to Daytona Nationals to see what they would be getting into at this level of competition. After competing, they had a taste of the level of competition across the nation and began putting in the work.

After three years of dedication to work, competing in local competitions, changing and perfecting many small details, their focus was finally on Daytona and sharpening their skills to compete with their peers who hold national titles. Through all the sweat, nerves, fear, and tears, the cadets competed to the best of their abilities, leaving everything they knew on the drill pad. Waiting a full day for the results of their hard work felt like an eternity, but in the end, it was well worth the wait. Sitting in the stands surrounded by the best of the best, the team got nervous.

As the final two rankings quickly approached, they heard the call for Perry Panthers 2nd Place. All the anxiety ceased and exuberance commenced. The team was extremely proud of the work they put in, between the pandemic and school, the dedication was worth every moment. The goal is to again, learn from this experience, improve, and bring home the greatest honor of FIRST in the Nation.

Houston County Career Academy

Be Pro Be Proud Brings Mobile Workshop to Houston County

The Be Pro Be Proud Mobile Workshop was in Houston County from April 19 – April 22. The Mobile Workshop was hosted at the Perry National Fairground in the McGill Building each day from 9:00 am - 2:30 pm.

The need for skilled workers has never been greater. All industry sectors were already feeling a void in the workforce from a large number of individuals approaching retirement. That has now been exacerbated by vacancies left from the global pandemic. WorkSource Macon-Bibb (WSMB) and WorkSource Middle Georgia (WSMG), in coordination with the Governor's High Demand Career Initiative (HDCI) and the Technical College System of Georgia (TCSG), have been focused on identifying creative ways to backfill the workforce pipeline to help address these vacancies through the region's youth.

The 40-foot open-air trailer features five highly interactive simulations of Georgia's most in-demand skilled professions, including commercial truck driving, health care, plumbing, welding, and robotics. Utilizing the latest digital and virtual technology, each simulation places students directly into a skilled profession where they learn important career information and complete skills challenges. Additionally, the initiative focuses on changing the mindsets of students, parents, and educators on the importance of skilled trades.

As the host site, Houston County worked with Peach and Pulaski county CTAE directors to identify students that would benefit from learning more about Georgia's most in-demand professions. The Industrial Authorities have partnered with both WorkSource areas to ensure the success of this event.

In addition to the Be Pro Be Proud Trailer, Central Georgia Technical College, Middle Georgia State University, Fort Valley State University, Georgia Military College, and Georgia College and State University were on-site to connect a student's career path with the necessary training that is needed to be successful. There were also industry partners on-site to discuss potential employment opportunities and recruiters for those that are interested in learning more about these industry sectors in the military.

Houston County Career Academy is located at 1311 Corder Road in Warner Robins, Georgia. Sabrina Phelps serves as Principal and CEO.

HCCA Dual Enrolled Students Earn Automotive Service Excellence Certification

Students enrolled in the Houston County Career Academy's dual enrolled automotive course with Central Georgia Technical College most recently completed their Automotive Service of Excellence certification. (ASE), for the National Institute for Automotive Service Excellence. This independent non-profit organization has worked to improve the quality of vehicle repair and service by testing and certifying automotive professionals. The ASE certification is a valid and reliable assessment linked directly to industry validated standards.

ASE brakes certified students pictured above, left to right, are: Lillie Chipps (VHS), Devon Fowler (WRHS), Damian Smith (PHS) Lane Smith (PHS), Brianna Wade (WRHS), and Edgar Lopez, Instructor.

ASE Brakes and Suspension certified students pictured above, left to right, are: Devon Fowler (WRHS), Edgar Lopez, Instructor, and Lane Smith (PHS).

HCCA Automotive Students Participate in Local Community Service Project

On April 9, 2022, Houston County Career Academy dual enrolled students with Central Georgia Technical College participated in the Single Mom Oil change event at First Baptist Church of Centerville. These students volunteered to assist mechanics and others as they performed oil changes and under the hood inspections. Instructor E. J. Lopez said, “the students did an amazing job, and did not waste any time getting dirty. All the volunteers enjoyed working with the kids and the energy they brought on that frigid day.” He was really impressed with the students’ social skills and how they all worked well together in their designated groups. They also helped other groups and volunteers while focused on each job and completing the task at hand safely and responsibly.

Flint Energies Targets Workforce Development

Marian McLemore, Vice President of Cooperative Communications at Flint Energies presents Houston County Career Academy's Principal/CEO Sabrina Phelps a \$5,000 donation from the electric cooperative for HCCA's workforce development efforts. Mrs. McLemore also serves on HCCA's Board of Directors.

Reynolds-bed Flint Energies made a \$5,000 donation to the Houston County Career Academy for their efforts in preparing students for work. The Career Academy's mission is to ensure a viable workforce by offering a seamless pipeline of workers to high demand careers in strategically identified industries.

These funds will be used to update equipment in labs. Principal Phelps says, "It is important that the students are trained on equipment that mirrors what is used in today's workplace. Our students will graduate with not only industry recognized credentials, but also be steps ahead of other job seekers".

HCCA Healthcare Science Students Welcomes Tangela Brice

Houston County Career Academy Healthcare Science students welcomed Tangela Brice, Project A.W.A.R.E. Coordinator, to talk about behavioral health and career opportunities. The students found her wealth of knowledge valuable as teens, but also as future healthcare providers.

Pictured below are: Tatiana Sams (HCHS), Chantel Logan (Project A.W.A.R.E. Intern), Tangela Brice (Project A.W.A.R.E.), Makayla Archibald (HCHS), Ellie Batten (VHS), Delaney King (HCHS), Gabby Harris (NHS), Jakob Schofill (HCHS), Jerica Harris (NHS), Allana Holle (HCHS), Erika Pascuillis (HCHS), Paige Duncan (HCHS), and Brook Jones (VHS).

HCCA implements hands on learning to master the anatomical names and locations of the skeletal system. Pictured are Chase Howeth (PHS) and Ariana Herrera (VHS).

Industrial Systems Technology Students Tour International Paper

Central Georgia Technical College and Houston County Career Academy Industrial Systems Technology students visited International Paper for a tour on Wednesday, April 27th. Students were able to tour the facility and hear about career opportunities at International Paper. Thomas Woolsey serves as CGTC Instructor. Industrial Systems Technology is a high-demand program in Georgia, and is a high wage, high skilled career.

Model Beauty Supply Barbering and Cosmetology Scholarship

Mr. Paulson of Model Beauty Supply offers scholarships to Houston County Career Academy's dual enrolled Central Georgia Technical College seniors in personal care pathways. This scholarship is for graduating seniors who have or are completing a pathway in cosmetology or barbering. These students have committed to continuing their studies in their desired pathway at CGTC. Special thanks to Mr. Paulson for his continued support of the students and programs at HCCA.

Local Skilled Trades Students Participate in National Signing Day to Celebrate CTE Career Commitments

Students and teachers at Houston County Career Academy teamed up with Central Georgia Technical College and its industry partners to celebrate SkillsUSA National Signing Day on May 5, 2022. An estimated 20 dual enrolled HCCA students with CGTC were recognized for their dedication to pursuing a career in any of the 130 occupational areas. This year, more than 1,500 students from 300 SkillsUSA schools were expected to participate nationwide. SkillsUSA is a partnership of students, teachers and industry working together to ensure America has a skilled workforce. This nonprofit education association empowers its members to become world-class workers, leaders and responsible American citizens, producing the career-ready graduates who can help close America's skills gap. In a style similar to "National Signing Day" events for high-school student athletes, the students were applauded as they announced their career plans and signed "letters of intent" for a job offer, apprenticeship or advanced technical training. This recognition for career and technical education students illuminated the many training programs and career paths for students. "We want to thank our community for supporting SkillsUSA National Signing Day," says Sabrina Phelps, Principal and CEO of Houston County Career Academy. "This program celebrated career and technical education students and acknowledged their commitment to a career in the skilled trades. Because of this support, SkillsUSA National Signing Day will help generate more awareness of the skilled trades as a viable career option."

HCCA Hosts the 2022 HCCA Hiring Fair

On May 11 and May 13, 2022, Houston County Career Academy (HCCA) hosted the 2022 HCCA Hiring Fair for Automotive, Audio Video Technology, Barbering, Criminal Justice, Culinary Arts, Engineering, Healthcare, HVAC, Industrial Systems, Information Technology, Teaching as a Profession, and Welding students.

During the event 146 students participated in actual and in mock interviews. Ten volunteers conducted mock interviews: Kim Gunn, Jamie Cook, and Ashlee Simmons (HCCA Board of Directors), Lattakka Salley, Andrew Hall, and Lakesha Kendrick (Central Georgia Technical College), Tucker Hall (Chick-fil-A), Tracy Jolley (Northside High School Work-Based Learning Coordinator), Jana Byrd and Jennifer Jones (Houston County Board of Education's Community Relations Department). Thirteen businesses attended the actual interviews and information sessions: Summerhill, Houston Healthcare, The Lodge, Pruet Air Conditioning, Buzzell Plumbing-Heating-Air, MetroPower, Collins Manufacturing Company, Blue Bird Body Company, Speir & Associates Electrical, Yancey Brothers – CAT, Sandler Nonwoven, Cemex, and HCBE Community Relations Department.

This event helped students discover more about potential employers and also about how to be successful with interviewing. Prior to the event, HCBE Youth Apprenticeship Coordinator, Sandi Couillard, prepared students by hosting resume writing and interview skills work sessions.

Feedback from the mock interviewers and actual interviewers was positive and all stated they would come back for future hiring fair events.

Veterans High School

VHS DECA Member Receives Army ROTC Scholarship

The U.S. Army has partnered with DECA for nearly 25 years. Army ROTC has annually participated at the International Career Development Conference as an exhibitor, provided mentors, judged competitions, shared remarks on leadership and awarded hundreds of thousands of dollars in college scholarships. This partnership is driven by a shared commitment to engage and inspire dedicated youth to reach their potential and ensure the broadest number of young people have opportunities to build skills, gain education and learn to be leaders. The Army believes collaborating with education is one of the keys to building a successful future for our nation's students and offers more than 40 education programs and key partnerships, including the free, online test prep program, March2Success.

Army ROTC awards over \$700,000 in scholarships to DECA members. On April 26, 2022, Samantha Godfrey, DECA member of Veterans High School, was the recipient of a full scholarship to the University of North Georgia (UNG). She was the only DECA member from the state of Georgia to be awarded an ARMY ROTC scholarship. Samantha will be attending UNG in the fall to major in Cyber Security.

Veterans High School is located at 340 Old Perry Road, Kathleen, Georgia. Dr. Amy Barbour serves as Principal, Dr. Sherry Johnson serves as Assistant Principal/CTAE Supervisor, and Angeles Jeffreys serves as DECA Adviser.

Mossy Creek Middle School

MCMS FFA Team Wins State Event

The Mossy Creek Middle FFA Conduct of Chapter Meetings Team recently won the State FFA Conduct of Chapter Meetings Leadership Development Event (LDE). The event was held at the 94th Georgia State FFA Convention in Macon, Georgia on April 28th.

Team members Maggie Bell, Lily Dockery, Sarah Dunford, Landon McKinley, Eli Ransom, Isabella Sailor, and John Warren became eligible to compete in the state event after winning the Area 3 Conduct of Chapter Meetings LDE on February 17th at Camp John Hope FFA-FCCLA Center in Fort Valley, Georgia. The team advances to national competition held in conjunction with the National FFA Convention in Indianapolis, Indiana, in October.

Participants in the Conduct of Chapter Meetings LDE allow team members the opportunity to demonstrate their skills in conducting a mock FFA chapter meeting. Team members begin their demonstration with the official FFA opening ceremony, conducts business using Robert's Rule of Order in their parliamentary debate, and ends their presentation with the FFA closing ceremony. Contestants also take a written exam and answer oral questions concerning their demonstration.

FFA is a national organization of over 735,000 members preparing for leadership and careers in the science, business and technology of agriculture. FFA is an integral part of the agricultural education program in middle and high schools. The FFA mission is to make a positive difference in the lives of students by developing their potential for premier leadership, personal growth and career success through agricultural education.

Students pictured above, left to right, are: Isabella Sailor, Sarah Dunford, Eli Ransom, Landon McKinley, Maggie Bell, Lily Dockery, and John Warren.

Mossy Creek Middle School is located at 200 Danny Carpenter Drive in Kathleen, Georgia. Justin Bennett serves as the FFA Adviser and Dr. Andy Gentry serves as Principal.

PMS FBLA Celebrates Teacher Appreciation Week

For Teacher Appreciation Week this year, Perry Middle FBLA made custom bookmarks for all faculty and staff commemorating their service at Perry Middle School. A custom poem, written by Dr. Phillips was included in each gift bag accompanied by a certificate for a free beverage from Sonic. Mike Waller graciously donated the free drinks to the faculty and staff. With love and appreciation, over 100 gifts were handmade for everyone.

Perry Middle School is located at 495 Perry Parkway in Perry, Georgia. Dr. Heath Burch serves as Principal.

PMS FBLA Vice President Pursues Journalism

Perry Middle School FBLA Adviser, Dr. Diana Phillips, would like to recognize Eve Scott, FBLA Vice President, as she pursues her interest in journalism as a Junior Journalism Spokesperson. Eve won 1st place in State competition this past year in the FBLA Video Recruitment competition. She continues to sharpen her skills and broaden her horizons as she delves into the world of journalism. To learn more about what she is doing, you can click on this link: <https://fb.watch/dbpIt0iFOH/>.

PMS FBLA and FCCLA Students End the Year with Fun at Rigby's

Perry Middle School FBLA Adviser, Dr. Diana Phillips, and FCCLA Adviser, Holly Anderson, ended the year with a bash. CTAE chapters united to end the year with a trip to Rigby's. Members got unlimited skating, bowling, laser tag, and arcade play, not to mention the pizza and drinks. Fun was had by all in attendance! What a great way to end the year as they eagerly await the new school year.

Huntington Middle School

Fort Valley State University M-SEA Scholar Program Awards HMS Students

Fort Valley State University M-SEA Scholar Program awarded four students from Huntington Middle School over hundreds of applicants who applied throughout the nation.

Huntington Middle School is breaking ground once again with their high achieving students. Out of 200 applicants from the nation, four of Huntington Middle School's students met rigorous requirements and outperformed many other students in the nation in which they were selected to attend the M-SEA Program at Fort Valley State University. Marrisa Davis, Aryn Myles, Khode Robertson, and Drequan White will be attending a very selective summer camp that focuses on STEM field-related careers at Fort Valley State University. The four upcoming freshmen have been accepted

into FVSU's Mathematics, Science, and Engineering Academy (M-SEA). This early intervention pre-college program targets minority, females, and underserved students who have been promoted to the ninth grade. This esteemed opportunity is an extension of Fort Valley State University's Cooperative Developmental Energy Program (CDEP) and was created and founded by Dr. Isaac Crumbly, a renowned STEM leader, developer of innovative programs, researcher, teacher, and mentor. M-SEA is an introductory STEM workforce pipeline program that is highly successful as it continues to develop students' talents and skills through 12th grade and assists them in earning full ride scholarships, as well as connecting them with internships at fortune 500 companies.

If the students maintain their grades and have continued success, they will be afforded an opportunity to attend Fort Valley State University based on funding by the department of M-SEA Scholars Academy. Huntington Middle students had to go through a rigorous process of getting transcripts, recommendation letters, and completing a full application for induction into the program. Marrisa Davis is an honor roll student-athlete. Khode Robertson and Drequan White are members of Georgia Technology Student Association (TSA). Aryn Myles is an honor student and Georgia REACH Scholar, and Drequan has successfully completed the accelerated high school courses in Physical Science and Algebra I. Rodney Johnson, TSA Adviser, Technology and Engineering Teacher, CTAE teacher, and nationally

Fort Valley State University M-SEA Scholar Program Awards HMS Students (continued)

recognized as an innovative technology specialist, and Leshan Ferguson, Science Department Chair, 8th Grade Gifted Science Teacher, and REACH Mentor, are both alumni of FVSU. Mr. Johnson has worked closely with Dr. Crumbly by having him serve on advisory committee, guest speaker to his class, and coordinator for students to be part of the greater CDEP Junior Program. Mr. Johnson, a stoked advocate of the TSA program, promotes student leadership and abilities while exploring STEM field careers.

Mrs. Ferguson, a STEM advocate, has worked with other FVSU Programs and professors to facilitate student field trips, and has helped students analyze their application packets before being submitting. "We are extremely proud of Huntington's Esteemed Scholars that were selected," Dr. Gwendolyn Taylor, Principal of Huntington Middle School, acknowledged the students for their great achievement. Huntington Middle students SOAR and make HMS shine!

Huntington Middle School is located at 206 Wellborn Road in Warner Robins, Georgia. Dr. Gwendolyn Taylor serves as Principal.

Pictured, left to right, are: Rodney Johnson, Khode Robertson, Dequan White, Dr. Gwendolyn Taylor, Marissa Davis, Aryn Miles, and Leshan Ferguson.
