SIC meeting minutes

Mr. Johnson welcomed everyone and introduced himself. He then reflected on some of the positives that were shared in the PTO meeting in his introduction.

Mr. Johnson presented a PowerPoint presentation on the latest SCDE report card data earned by Johnsonville elementary school. He presented each area as listed on the report card taken from the state website. In the weakest areas, he spoke about how the school was working to improve those areas. He mentioned that the HMH reading program has shown improvements in its first year and was on track to improve in year two. He also explained how JES began a new math curriculum this year and there would be an expected learning curve for teachers and students, but the data behind iReady math was positive in schools it is being used. Mr. Johnson explained to the people in attendance that the leadership goal is for our school to score Good to Excellent each year. Mr. Johnson opened the floor up for questions. No one presented any questions about the data that was shared.

Mr. Johnson opened the floor for open discussion and public input. No input was given or questions asked.

Mr. Johnson thanked everyone for attending and informed them that the 3rd quarter meeting would be scheduled and planned after the holiday break. The meeting was adjourned.
