School News

We are excited to welcome new staff to the building! Our math department welcomes Mrs. Jessie Walter; she holds a masters in math and has an early K kiddo who will join us in a few weeks. Hysham alum Lauryn (Pfaffinger) Dannon has returned to her alma mater to teach special education, and the ag department has a first-year teacher as well with Emily Bavaro, fresh off her student teaching in Corvallis. Our new cook, Olive Vetch, joined the team and hit the ground running, serving her first Beef To School meal on Tuesday with tacos.

Welcome to Hysham Public Schools!

Thank You!

We appreciate the donations from Lions Club and Treasured Friends for helping us toward our goal of bringing "Shakespeare in the Schools" to Hysham. We look forward to having a session in the fall for junior high and high school and one in the spring for elementary. This year's fall performance is *As You Like It*, and students will not just see a performance, but they will get to participate in dynamic workshops dealing with theatre and visit with the actors post performance. What an opportunity for our kids to see "The Bard" come to life! We are so grateful to the members of these organizations for helping to make this possible! If you would like to make a donation, please contact Ms. Skillen.
