

STATE AND FEDERAL AID ELIGIBILITY DETERMINATION AND PROJECT PROPOSALS

Centennial BOCES shall use state and federal funds to the fullest extent. Therefore the Board authorizes the executive director to apply for such funds from the appropriate state and federal agencies, provided that none of the conditions of acceptance are inconsistent with Board policy, the objectives of Centennial BOCES or applicable state and federal law.

Centennial BOCES is authorized by state law to use the contributions from the participating school districts to match state, federal and other special agency funds when required for the acceptance of such matching funds

The executive director shall keep the Board informed of available sources of state, federal, and other special funds outside regular Centennial BOCES sources for the support of Centennial BOCES and/or for the enhancement of programs in Centennial BOCES.

To ensure coordination and avoid confusion in developing proposals and making application for specially funded projects, the executive director or designee shall ultimately be responsible for the preparation of proposals and their review. No grant will be approved without the review of the executive director or designee. Grant requests exceeding \$100,000 must be approved by the Board prior to submittal.
