Propose in detail a community service project to complete during the current academic year that combines Spanish with community service. This project may also count toward satisfying the annual community service hours required of all upper school students. Alternatively, this project may combine with a similar requirement of another academic society - if this proves to be in accordance with the regulations of said society. The project may not satisfy three service requirements, only two. There is no particular hourly requirement.

Design and submit one of the following: a lesson plan, culture project, paper or story that has not been used to meet any previous requirement for a Spanish class and that has been corrected to exclude error. The project must be language appropriate for the ability level of the target audience-- the higher the ability level of the target audience, the more Spanish should be used to present the topic. Length should be appropriate to the project.
