FOREWORD

The Andalusia High School Handbook is prepared and presented by the representatives of the faculty, staff, students, and administration of Andalusia High School.

The handbook is an informational booklet to help students and parents in all aspects of student life. Anytime a large group of people come together to live and work, it

is necessary that rules of conduct be formulated to protect the best interest of all concerned. It is in this spirit that this book has been formulated.

WELCOME

The policies and information contained in this student handbook are an effort on behalf of the administration and the faculty to provide students with the guidelines relating to school life. This information has been carefully prepared and presented to clarify rules as they apply to our students. The handbook will be of great value in helping students adjust to our school and become an intricate part of it.

The ultimate purpose of education is to help the student to become an effective citizen in a democracy. The development and acceptance of the responsibilities and obligations of good citizenship will enable students to participate successfully in the world of tomorrow. We hope that all students will participate in our varied activities and thus find within our school the experiences that will prepare them to live a better life and finally take their place in this complex society. Remember that success in school is directly proportional to effort.

Sincerely,

Mr. Ray Wilson
Principal

THE ANDALUSIA HIGH SCHOOL ALMA MATER

Elaine (Snead)Prestwood

H.S. Thompson

Andalusia, our dear mother,
‘Tis to Thee we sing.
Our true love and fond allegiance
Ever we shall bring.
Through the years dear Alma Mater,
This shall be our aim
Always, ever, to endeavor
To honor Thy fair name.

Memories of happy school days
Linger in each heart.
Friendship’s bond we ne’er shall sever
Though we soon must part.
Though we’ll tread life’s separate pathways
In the years to be,
This our pledge, dear Alma Mater,
We’ll be true to Thee.

A Little History of The Alma Mater
By Joseph Cecil Wingard

According to James Morgan Prestwood, Jr., his mother came to write the alma mater in this way. In the spring of 1928 someone in the senior class, or perhaps the principal of the high school, Mr. P.G. Myers, asked Mrs. Prestwood to write an alma mater for the high school. She consented to try and collected several tunes to put lyrics to. She decided upon “Far above Cayuga’s Waters,” the Cornell University Alma Mater, written by H.S. Thompson. (Cornell is located at Ithaca, New York, near Cayuga Lake.)

Having written her lyrics in ink on a piece of white typing paper, she sent them by James to the high-school office, then located on Church Street in what is now the Church Street Elementary School. Whatever happened to that handwritten draft, no one knows, but a copy of the lyrics appeared on page three in the *Andalusia Star*, May 29, 1928. Seemingly, according to a newspaper article, the lyrics were first sung publicly at Senior Class Night, May 25, 1928, in the East Three-Notch auditorium. They were sung at the graduation exercises, May 28. Mrs. Prestwood dedicated her “Alma Mater” to the Class of 1928 and its sponsor, Miss Mildred Striplin, an English teacher. It is interesting that Mrs. Prestwood’s eldest son, Roger, was a member of the graduating class. It is also interesting that the high-school alma mater was written by one who was not a graduate of the high school.

Arrival at School

The school building will be opened at 7:30 a.m. unless there is inclement weather. Students are asked to arrive on campus from 7:30 until 7:40a.m.

The official school day begins at 7:45. All students should be in their assigned class in time for roll call. The Pledge of Allegiance, moment of silence and morning

announcements will be made at the beginning of class. Students are to remain quiet and attentive during announcements.

Attendance Policy

All students are expected to attend school regularly and to be on time for classes. Students who have good attendance generally achieve higher grades and enjoy school more. When it is necessary for a student to be absent from school, **the parent or guardian is requested to provide a written documentation of the reason for the absence.** If a doctor's visit was made, a doctor's form excuse should be provided to the school upon the student's return. Following an absence, a student must come to the office to obtain an absentee slip before going to any class. It is the responsibility of the student to obtain an absentee slip before first block. Failure to do so will result in the student being counted tardy from the class in which time was missed.

If your child reaches seven (7) absences in any class during a semester, he/she will be classified as having excessive absences and become at risk for receiving a "no credit" for that class. School policy states that parents/students must provide an "honest explanation and appropriate documentation" for absences. If your child is absent at any time, you need to send a note of explanation or a doctor's office excuse. This documentation will excuse your child so that he/she may make up work; however, this excused absence is still counted as a day missed from class. Students who are frequently absent may be referred to Saturday School or the Early Warning Program. These students may also be subject to having driving license suspended. See Andalusia City Board of Education "Policy on Student/Parent Responsibilities."

Truancy

Truancy is defined as an unexcused absence without the knowledge or consent of the parents/guardians and the school. "Skipping" class is truancy.

In addition to some form of discipline, the student will receive a ZERO grade for any graded work missed on the day or days of the truancy.

Students who are truant from school may be referred to the early warning program. See Andalusia City Board of Education "Policy on Student/Parent Responsibilities".

Absences

Punctual and regular attendance is very important. Upon returning to school after being absent for any reason, a pupil must present a written excuse including the reason for absence, date absent, and the signature of a parent or guardian. **Students who have been absent must receive an admit slip within three days of the absence. After three days without an admit slip the absence is coded “Unexcused” and no make-up work will be permitted.** An admit slip will be given to the student in the office. All teachers whose class the student missed must sign the admit slip. Admit slips must be obtained between the hours of 7:30 a.m. and 7:45 a.m. **Failure to obtain an admit slip from the office before the 7:45 a.m. bell will result in an unexcused tardy.**

Excused absences include time missed due to illness, death in the immediate family, and dangerous weather (determined by the principal). Extenuating circumstances may cause a student to miss school, but **prior permission of the principal** must be granted for the absence to be excused. The principal should be notified at least one week before the planned absence.

Unexcused absences include working, truancy, and school time missed with parental permission that is not included in the excused categories. Students who miss classes due to attendance at meetings or going on trips that are not school related will receive an unexcused absence.

The following, although non-inclusive, are examples of excused and unexcused absences.

Excused

Attending the wedding of a relative
Degree/honor for a family member
Driver’s license test
Family crisis
Illness/treatment for family member
Legal appointments
Medical appointments
Military orientation
Preparing/assisting family relocation
*Visiting prep school or college

Unexcused

Concerts/performances
Business trip with family
Competitions and/or presentations
Hunting/fishing trips
Out of Town
Personal grooming
Shopping
Ski trips
Vacations
Undisclosed personal reasons

*Seniors will be given **one day during their senior school year** which will be exempt from absence. Proper documentation from the college must be presented to the attendance clerk in order to receive the exemption. Any other “college” days necessary for scholarship interviews, counseling, etc. may be excused with proper documentation, **but will be counted as an absence.**

******THERE IS NO SENIOR SKIP DAY AT ANDALUSIA HIGH SCHOOL******

Student/Parent Rights and Responsibilities Handbook

The Andalusia City Schools System, in accordance with the laws of the State of Alabama has developed and published a “Statement of Policy” related to student/parent responsibilities. Upon reading this guide, the student and parent/guardian’s signatures will be required acknowledging that the student and parent/guardian have read school policies.

Early Warning Truancy Prevention Program

The Andalusia High School works in cooperation with the district attorney, district court judge, and the juvenile authorities in the Early Warning Truancy Prevention Program. Repeated absences from school often contribute to a student’s failure. Because of this the following policy has been adopted in accordance with the district court:

1. On the third absence, the attendance officer may contact the student and/or parent to determine a cause for the absences and seek a way to prevent further absences.
2. On the seventh absence, parents will be notified of the excessive absences by letter.
3. Students with five (5) or more **unexcused** absences may be referred to the Early Warning Program.
4. Students with **ten questionable, excused** absences may be referred to the Early Warning Program.

In order to earn credit in classes with excessive absences (seven or more), a student must:

1. Make up all missed work within one to three days (recommended).
2. Make 60% on the final exam in each class in which he/she has seven absences. Two percentage points above 60% must be made for each absence above seven.
3. Must have a 60% (passing) average for the semester.
4. Students with more than seven absences will be required to present doctor’s excuses for each additional absence beyond seven.
5. A parent may appeal extenuating circumstances to the principal at (334)222-7569. The policy will be followed; **only the length of time to make up work may be extended.**

***If extenuating circumstances arise, a parent is requested to call the school on the day of any further absences.

In order for any student to be eligible to attend and/or participate in any after school activity he/she must have been in school the entire day of that event.

Exceptions may be made only by the sponsor or coach of that activity **AND** the assistant principal or principal.

Make Up Work

Make-up work is defined as any assignment or test that was assigned when a student was not present in class due to an excused absence or dismissal.

Students and parents should remember that much of the instruction a student misses when absent (lecture notes, class discussion, teacher explanation, and the opportunity to learn from class participation) cannot be made up.

The following guidelines will be used for make-up work:

1. It is the **student's responsibility** to request make-up work on the day he/she returns to school (provided the absence is excused).
2. Advanced notice absences (field trips, off campus activities, athletic trips, etc.) require the student to request make-up work before the absence occurs and return to class with all work completed.
3. Previously scheduled assignments/tests are due to be completed/taken upon the student's return or on the due date.
4. Amount of time given to finish make-up assignments and/or tests is at the teacher's discretion. Teachers have the option of scheduling make-up work at certain times on certain dates. Students are responsible for attending.
5. Failure to follow correct guidelines for make-up work will result in a grade of "zero".
6. **Any student who has an unexcused absence will not be allowed to make up missed work and will receive a "zero" unless they attend Saturday School for missed grades/assignments in each class.**

Students absent for less than three days should contact a fellow classmate for homework assignments. When a student is absent for three days or longer, he/she may contact the school office for assignments.

Suspensions

Any student suspended for one or more classes will receive an unexcused absence, which means that any work or test missed cannot be made up. A grade of ZERO will be assigned to all work missed in classes. Also, a student may not attend any school function either on or off campus while under suspension.

All suspended absences will be coded unexcused and will count in the Early Warning Program referral policy.

Class Dismissal

The dismissal bell in the classroom is not a sign for students to move to the next class. It is a signal for the teacher to conclude that particular class. The teacher, not a bell, will dismiss students from class.

Checking Out Procedures

Being in all of your classes has never been more important! The administration discourages students from leaving school during the school day. Students should try to schedule appointments that do not conflict with the school day. If students check out for a doctor's appointment, a note signed by the doctor must be brought into the office for verification.

If it becomes necessary for a student to check out of school the following guidelines must be followed:

1. **For the safety of the child, the parent/guardian/authorized person listed on check-out form must appear in person and have a valid driver's license before a student is allowed to check out. If a pending check-out is planned, arrangements may be made with the office before or after school prior to the scheduled appointment.**
2. When the student returns to school, he/she must bring a note to the office from the doctor or a guardian confirming the reason for an absence, to obtain an admit slip to class.

Students must never leave school without first checking out through the office. Violation of these rules will result in the student being charged with truancy.

Tardy Policy

The following is a school wide tardy policy that shall be uniformly adhered to by all students and teachers. A student will be considered tardy to class if he /she is not inside the appropriate classroom when the tardy bell begins to ring. Penalties for unexcused tardies are as follows:

1. First tardy-----warning
2. Second tardy---15 minutes stay in time for the teacher
3. Third tardy-----30 minutes stay in time for the teacher with parent contact
4. Fourth tardy----office referral/1 hour detention hall
5. Fifth tardy-----2 hours detention hall

6. Sixth tardy-----Saturday School
7. Seventh tardy—Office referral/suspended until parent contact

Tardies caused by car trouble, rides being late, oversleeping, faulty alarm clock, and bad weather are unexcused tardies.

Tardiness due to illness or medical or dental appointments that could not be arranged before or after school will be excused. However, a doctor’s excuse will need to be provided to the office when checking in.

Any check in during first block, unless accompanied by a doctor’s excuse, will be counted as a tardy or an unexcused absence.

office at the end of the school year. Leaving locks on the lockers does not fulfill this obligation. This must be done or the student will be charged a \$10.00 replacement fee for misplaced, lost, or damaged locks.

Students entering another student's locker without consent may be suspended until damages have been paid. Andalusia High School assumes no responsibility for lost or stolen articles. The school reserves the right to search a locker without the consent or presence of the student using the locker. A locker search of this nature would be conducted only if there appears to be a just reason or probable cause to do so has been established. **Students should not share lockers.** Do not place stickers, gum, etc. inside or outside lockers. Do not deface lockers in any way.

Textbooks

Textbooks will be furnished to all students. There are some workbooks and other related materials which students will be required to buy. When textbooks are issued to students, they become the student's responsibility for the year. If a student's textbook is lost, abused beyond repair, or attempts are made to alter the textbook number, the student will be required to pay for the textbook. Any student who still owes for a textbook from the previous year must pay for the book(s) before being issued textbooks for the current year. Replacement cost will be charged for lost or damaged textbooks.

Lunchroom Policies

It is the intent of Andalusia City Schools Child Nutrition Program to provide nutritionally balanced meals in accordance with standards set forth under the National School Lunch Act. Students are encouraged to eat in the lunchroom to ensure proper nutrition or they may bring a lunch from home. Students will not be allowed to leave campus for lunch. Menus are subject to change but can be viewed on our digital menu boards in the cafeteria or on your smartphone by downloading the mobile app called MealViewer. Enter your school and see what's for breakfast and lunch each day for the entire month. You can also view online at schools.mealviewer.com.

Each student has a lunchroom account that is accessed with a PIN number. This year, we will be implementing a barcode system. Each student will have his/her own barcode that they will scan as they come through the lunch line to ensure contactless service. A student may pay with cash, however, we will not be able to give cash back due to COVID-19. Therefore, it would be easiest if each student brought their lunch money first thing in the morning and submitted it to the cafeteria. Any money turned in, will be credited directly into their account with NO cash back payments. To reduce contact between students, staff will plate all meals and mealtimes will be staggered per usual to allow for cleaning, sanitizing and social distancing

3. Students are expected to conduct themselves in a quiet and orderly manner while in the lunchroom. Do not break in line.

Meal prices are as follows:

Student lunch	\$2.50	Adult/child visitor lunch	\$3.75
Student reduced lunch	.40	Extra milk	.50
Teacher/Employee lunch	3.25	Extra Meat	2.00
Teacher/Employee Breakfast	1.75		

Gum Chewing/Eating in the Classroom

Careless disposal of gum in drinking fountains, floors, and furniture presents sanitation and cleaning problems, as well as costly repair. Therefore, gum chewing and/or eating in class is not permitted. A student caught chewing gum will be referred to the office.

Theft from Lockers

Each year thefts from lockers occur. These thefts are preventable if the user of the locker will follow these suggestions:

1. Insure that other students are unable to see the combination of your lock as you open your locker.
2. Do not under any circumstance give your combination to a fellow student.
3. Lock your locker and insure that the door is closed.

If a theft does take place from your locker, we ask that you do the following:

1. Report the theft in writing to the principal
2. Secure another lock from the office immediately.
- 3.

Theft from Gym Lockers

Students who take physical education classes should never under any circumstances leave valuables in the gym dressing rooms. Give valuables (i.e. wallets, watches, jewelry) to the teacher to be locked up or secure them in a locked dressing room locker. **DO NOT BRING LARGE SUMS OF MONEY OR WEAR EXPENSIVE JEWELRY TO SCHOOL.** Following the above suggestions may prevent you from experiencing the cost and inconvenience of having a wallet or other personal items stolen.

Advice Regarding Thefts

Andalusia High School is a busy, populated community of more than 500 students and staff members. It is inevitable that, from time to time, personal belongings brought to school will be lost, misplaced or even stolen. When small valuable items such as jewelry, cash or electronic devices go missing they are often gone for good. The school has very limited resources to devote to locating missing belongings. **It is wise not to bring items of great value to school.**

Library

Students are encouraged to use the library for reference work and to check out Accelerated Reader books. There are special rules that apply for the use of reference books, magazines, and reserved books. Learning to use the library and observing its rules helps develop good citizenship. Filmstrips, tapes, and records are available. The librarian is available to assist those who need help. The library is open from 7:45 a.m. until 3:40 p.m. A book may be checked out for two weeks and renewed for the same period. Students are charged ten cents a school day for overdue books. If a student loses a book, he must pay the replacement cost and shipping. All library debts must be cleared before a student may take exams.

Report Cards

The report card for each grading period will be generated by the computer on 8 ½" x 11" paper with the words "Andalusia High School" and a drawing of the Main Building preprinted in red ink. Grades for all courses will be written on one sheet.

The parent's copy of the report card will be given to the student. The report card is not to be signed or returned to the school. No less than eight progress reports will be issued to the students prior to the end of the term. These progress reports will be issued

by the teacher every two weeks during the term. No less than two report cards will be issued by the Office of Records prior to the end of the term. These reports will be issued to the students at the end of the nine weeks grading period and at the end of the term. **PARENTS WHO HAVE NOT RECEIVED ANY OF THE REPORTS MENTIONED ABOVE SHOULD CONTACT THE SCHOOL FOR GRADE CLARIFICATION.**

Advanced and Dual Enrollment Programs

Advanced classes are offered for grades 9 through 12. These courses are designed for the students with interest in working beyond the scope of regular classes. Eligibility is determined by student grades and teacher recommendation. The advanced curriculum was designed to challenge academically advanced diploma students.

Lurleen B. Wallace Community College and Andalusia High School offer the dual enrollment program. Presently, English 101, 102, Calculus (MTH 125), Pre-Calculus (MTH 112) and History (201) are offered on our campus. The classes may be taken for both secondary and post-secondary credit. **To earn college credit, the student is responsible for the tuition and any extra textbooks.** For the student who desires only high school credit, tuition will be exempted.

Honor Code

Andalusia High School's tradition of excellence is long-standing, and we believe one of our main goals is the development of character in our students. While personal integrity can be encouraged, each individual has the responsibility for his or her own actions. Therefore, honor can be defined as conformity, without compromise to ethical principles.

Our Honor Code is intended to motivate students to develop integrity in the area of academics. Academic dishonesty is defined as the use of any deceptive method of improving a

grade and any student found guilty of violating the honor code will receive a “zero” on the work and will be assigned to Saturday School.

A student is guilty of academic dishonesty when he or she engages in any illegal or improper activity for the purposes of improving a grade on an assignment or assessment. This includes, but is not limited to:

1. Any form of cheating (i.e. giving or receiving answers for any type of assignment, quiz, or test without the teacher’s authorization); or
2. Plagiarizing (i.e. submission of research papers, reports, etc. that are not original works by the student unless otherwise authorized by the teacher.)

Academic dishonesty will be dealt with at two different disciplinary levels and is based on the severity of the act.

The teacher will handle Level One violations. Students caught cheating will receive a zero (0) on the assignment, quiz, or test. Students found guilty of Level One violations will be ineligible for National Honor Society for the next eligible year.

Examples of Level One Violations:

- Looking on another student’s quiz or test
- Willingly giving another student answers for an assignment/quiz/test
- Using another student’s assignment to complete an assignment without a teacher’s authorization
- Using electronic devices or other secretive method to give answers on quiz or test
- Taking substantial information from another source, but not crediting the source
- Using a cheat sheet
- Changing a grade or answer on a returned test or paper
- Changing a grade in a teacher’s grade book or computer

The principal or assistant principals of Andalusia High School will handle all Level Two violations. Students found guilty of Level Two violations will receive a zero (0) on assignment, quiz, or test and may be subject to suspension or a recommendation for expulsion. Students found guilty of a Level Two violation will be ineligible for National Honor Society for the remainder of their time at Andalusia High School.

Examples of Level Two violations:

- A second Level One violation
- Taking research papers from the Internet, other publications or students and/or people
- Taking any test or part of any test to use or give to others.

National Honor Society

Students inducted into the National Honor Society must be a junior or senior pursuing an advanced diploma. An overall average of 90 must be maintained. A student will be removed and/or excluded from the National Honor Society for failing any class or for academic dishonesty, as described in the above paragraph.

Honor Graduates

A student who qualifies as an honor graduate must be pursuing the Advanced Diploma Curriculum. The cumulative grade point average must be a numerical average of 90.00. There will be no rounding of the cumulative grade point average. For the purpose of determining valedictorian, salutatorian, and honor graduates from the senior class, all grades will be used starting with first term of the freshman year through the **last** term of the senior year with the exception of student aide, library aide and peer helper grades. The student earning the highest numerical average while pursuing the advanced diploma curriculum will be recognized as the valedictorian of the senior class. The student earning the second highest numerical average while pursuing the advanced diploma curriculum will be recognized as the salutatorian of the senior class. A student earning a cumulative numerical average of 98.0 – 100.0 will be recognized as a summa cum laude honor graduate. A student earning a cumulative numerical average of 93.0 – 97.99 will be recognized as a magna cum laude honor graduate. A student earning a cumulative numerical average of 90.0 – 92.99 will be recognized as a cum laude honor graduate. A student must be enrolled in Andalusia High School at least three terms prior to the naming of the valedictorian and salutatorian.

Student Activities

Co-curricular activities are considered an important part of the total school experience. The main emphasis of school however, is academics. If a student falls behind in his/her academic endeavors, removal from the co-curricular activity may occur.

Publications

The yearbook is entitled the *Memolusia* and may be purchased during sales dates set by the yearbook staff.

These are the only official publications of Andalusia High School. Any other publications that may be distributed on or off campus will be considered a violation of school policy. Only the principal may give permission pertaining to the representation of Andalusia High School.

Athletics

The athletic program at Andalusia High School advocates good sportsmanship and fair play at all times. The conduct of the team and student body must always be above reproach.

Regulations of the Alabama High School Athletic Association govern the rules by which the athletic program will be administered at Andalusia High School. The following are rules that all students should be aware of.

1. A student who is 19 years of age before September 1 is ineligible
2. Students must have earned six credits during the preceding year with a composite numerical average of 70 or higher (including not more than one unit of physical education). Also, this must include the four core classes such as math, science, social studies, and language.
3. A student becomes ineligible when he/she has attended any junior or senior high eight semesters after entering the ninth grade.
4. A student who drops out during the semester is ineligible until he/she has been in school one year and passed three major subjects.
5. Any student who is under suspension or whose character or conduct is such as to reflect discredit upon the school is ineligible.
6. The players represent our school on the field and the students represent our school in the stands and going to and from the school.
7. A student changing schools during the year is ineligible to participate in athletics unless a bona fide move is made as described by the AHSAA.

If you have concerns about your eligibility, see your coach. No one will represent Andalusia High School unless he/she meets all eligibility requirements.

Extra-Curricular Activities Academic Rule

1. Extracurricular activities associated with athletics are defined as those recognized and sanctioned by the Alabama High School Athletic Association, and other extracurricular activities are defined as those that are sanctioned by a public school which are not related to a student's academic requirements or success in a course(s).
2. Regular curricular activities are defined as those that are required for satisfactory course completion.
3. Students entering Grades 10-12 must, for the last two semesters of attendance and summer school, if applicable, have a passing grade and earn the appropriate number of

- credits in each of six (6) subjects that total six (6) Carnegie units of credit, including four (4) credits from the four (4) core subjects composed of language, science, social studies, and mathematics with a composite numerical average of 70. Students entering Grades 8 and 9 must, for the last two semesters of attendance and summer school, if applicable, have a passing grade in five (5) subjects with a composite numerical average of 70 with all other rules applying the same as to students in Grades 9-12. Students promoted to the seventh grade for the first time are eligible. (A semester is defined as one-half of a school year as defined by the local board of education adopted school year calendar).
4. Physical education may count as only one (1) unit per year.
 5. No more than two (2) Carnegie units may be earned during summer school. If a unit(s) or subject(s) is repeated in summer school, the higher numerical grade for the unit(s) or subject(s) may be used to compute the composite grade average.
 6. A student who is eligible at the start of the academic year remains eligible for the entire academic year. Students deemed ineligible at the beginning of the school year by virtue of having failed to meet the requirements outlined in 3 above may regain their eligibility at the end of the first semester by meeting the requirements for eligibility in the two most recently completed semesters, including summer school. Eligibility restoration must be determined no later than five (5) school days after the beginning of the succeeding semester.
 7. An ineligible student may not become eligible after the fifth school day of each semester. Bona fide transfers may be dealt with according to rules of the Alabama High School Athletic Association for sports and rules to be developed by each local school board of education as they pertain to other extracurricular activities.
 8. Each eligible student entering Grades 10-12 must have a minimum composite numerical average of 70 and minimum of six (6) Carnegie units from the preceding year, including summer school. Summer school work passed may substitute for regular school work repeated in computing the 70 average.
 9. Each eligible student involved in athletics must meet the definition of a regular student as defined by the Alabama High School Athletic Association.
 10. Any student who earns more than four (4) credits in the core curriculum in any given year or who accumulated a total in excess of the required four (4) per year may be exempt from earning the four (4) core courses in the succeeding year as long as that student remains on schedule for graduation with his/her class by earning eight (8) core credits over any two-year span, including summer school.
 11. Students needing remediation for the graduation exam may not be able to schedule athletics during the school day.

Extra-Curriculum/Athletic Academic Eligibility

Each student who participates on an athletic team must accept the responsibilities that go with academic accomplishments. Student athletes must remember that they are students first and athletes second. The expectation of school is that students strive to their highest potential. The key to this process is communication between teachers, students, parents, coaches and administrations. At no time will a student be punished for being late or missing a practice due to receiving extra academic help from a teacher or attending a tutoring/homework session. It is the student's responsibility to inform their coach before practice.

The evaluation process is determined on satisfactory (S) and unsatisfactory (U) effort of the student athlete. Satisfactory effort is defined as follows: Satisfactory effort means that the student athlete has turned in all homework assignments on time and on a regular basis, is

respectful and cooperative during class and is passing the class. Unsatisfactory effort means that the student has not met one or more of the following expectations: turned in all homework assignments on time and is in class on a regular basis, respectful and cooperative and is passing the class. Students will be evaluated on their efforts and grades they receive on their progress and report card.

Student athletes will be evaluated every two weeks during the two seasons of the school year. In August, teachers will be given a list of student athletes participating on athletic teams at that time. On Friday, of the evaluation week, teachers will report to the principal any student that is given an unsatisfactory effort. On Monday of the following week the principal or assistant principal will meet with student athletes who receive unsatisfactory efforts. Each of these student athletes will be placed either on probation or ineligibility until the unsatisfactory has been changed to satisfactory. The principal or assistant principal will inform all coaches if one of their student athletes receives an unsatisfactory effort. All ineligibilities will begin Monday following the evaluation period.

Pep Rallies

Pep rallies are normally held on Fridays during football season. Other pep rallies are scheduled throughout the year. Pep rallies are organized and planned by the cheerleaders. Students should participate and follow the direction of the cheerleaders. Anyone who has to be disciplined at a pep rally may be banned from future rallies.

Exam Policy

All classes will be given final exams during the testing periods. All students are to attend class and take exams in every class.

Changing Classes and Moving in the Halls

It is necessary that certain traffic rules be observed when a large number of people are moving in one building. Students are not to run to classes or to the lunchroom. Students should walk on the right side of the corridors to facilitate movement. **STUDENTS SHOULD NOT CONGREGATE IN A MANNER THAT WOULD BLOCK PASSAGEWAYS AT ANY TIME.** Students who “horseplay” in the halls during the changing of classes or during break times will be subject to disciplinary action.

Care of Classrooms, Buildings, and Grounds

All students are expected to do their part to keep Andalusia High School a clean and an attractive school. **NO FOOD OR DRINKS ARE ALLOWED IN ANY BUILDING ON CAMPUS EXCEPT THE LUNCHROOM. USE TRASHCANS FOR YOUR TRASH!** Be proud of your school. **Help keep the campus clean and beautiful!**

Destruction of School Property

ANY STUDENT DAMAGING, DEFACING, OR BREAKING SCHOOL PROPERTY MAY BE SUSPENDED FROM ALL CLASSES UNTIL PAYMENT HAS BEEN RECEIVED FOR THE DAMAGED ARTICLE. Further disciplinary action may be administered.

Hall Passes

Any student who is out of an assigned room must have a pass issued by the teacher. Passes will be issued only under special circumstances. No student should be in the halls without a pass unless accompanied by a teacher.

Withdrawals

In order to withdraw from school, a student’s parent or legal guardian must accompany the student to the guidance office so that the student may pick up an official withdrawal form and turn in all textbooks to the appropriate teachers. A transcript will not be issued for any student until all textbooks have been returned and **all** debts have been cleared.

Out-of-Town Trips

Parental contact is required in order to obtain an excused absence when a student is going out of town for any reason. Prior approval should be requested. Student will be required to attend Saturday School to make up any missed work.

Drug Policy

The Andalusia City Board of Education recognizes the importance of providing a safe environment for all students. It is imperative that a drug-free campus be maintained. School administrators are empowered to use necessary means to identify those who may be using, selling, possessing, transmitting, intending to transmit, or being under the influence of a “prohibited substance”. **Andalusia High School will enforce a zero tolerance drug policy.** Students found to be in possession, under the influence or selling an illegal controlled substance may be expelled from school.

Prohibitions: No student shall unlawfully possess, use, sell, buy, transmit, dispense, manufacture, or be under the influence of alcohol or drugs, or attempt to engage in any such activity, while:

- a. On the property or premises owned, leased or used by the school system
- b. At school-sponsored or supervised activities;
- c. In any school owned, leased or used vehicles;
- d. While engaged in or going to or from school activities.

Definition of Drugs: For the purposes of this policy, the term “drug” shall included any “illicit drug”, “controlled substance”, “intoxicating substance”, “Marijuana”, “cannabis”, “opiate”, “hallucinogens”, “narcotic”, or any lawful drug or substance which is misused, abused, or used in an inappropriate manner.

In certain situations students may be subject to searches or required to undergo drug testing. Law enforcement agencies may be called at any time to assist in searches or to help with investigations. These searches will be at the discretion of the school officials when there is reasonable cause. Cause may be, but is not limited to, (1) drug dog searches (2) odor on the individual (3) suspicious behavior, (4) students exhibiting erratic behavior, (5) possession of a controlled substance, or (6) information provided by others.

When a school official determines that a violation has occurred, he/she will notify law enforcement officials. An attempt will also be made to contact the parent to inform them of the violation. A drug test may then be required if deemed necessary by school officials. If a test is needed, it can be done with or without parental consent. The student will pay for cost incurred as a result of a positive test.

If a student is found guilty of violating the drug and alcohol policies of the Andalusia City Schools, he/she will be disciplined in accordance with the policies and procedures approved by the Board of Education. All Federal and State laws dealing with prohibitive substances will be adhered to. Appropriate law enforcement and court officials will be notified in cases where students refuse to be drug/alcohol tested.

The possession or use of alcohol or any other illegal drug shall not be tolerated and shall result in immediate suspension from school and may result in expulsion.

AHS Dress Code

Students are expected to dress in a manner that is appropriate for a learning environment and a school setting. Health, safety, decency, and the prevention of distractions were the primary concerns in the development of the dress code for Andalusia City Schools.

Modesty and neatness are expected in all attire. Any individual who wears attire which causes a disturbance or who violates the school dress code may be suspended from class until clothing has been changed. Repeated violation of the dress code may result in after school detention or suspension. The dress code has been developed by Andalusia City Schools officials and approved by the Andalusia City Board of Education. The rules for dress are in effect regardless to what is “popular” or in “style”.

Stay-In Policy

A teacher may require a student to stay in after school for inappropriate behavior including class tardiness. Students should be required to stay in the same day the inappropriate behavior occurs or the next day, which ever is more mutually convenient for the teacher and student. In situations where the teacher has a prior commitment on one of these days, the teacher's schedule takes precedence. Regardless of normal after school activities (Co-op, athletics, cheerleading, band, or car pool), students will be expected to follow the instructions of the teacher in this respect. 4. Items that are used to disrupt or interfere with the educational process may be temporarily removed from the student's possession.

Conduct

A well-behaved student body is required if meaningful, effective instruction is to take place in the classroom. Students are expected to conduct themselves in an acceptable manner at all times, and are required to conform to classroom, school, and school system policies and regulations. As students progress in our schools, it is reasonable to expect that an increase in age and maturity will result in the students' assumption of greater responsibility and accountability for their actions. Recognizing these differences in age and maturity, the Board of Education realizes that different types of disciplinary procedures may be dictated by the various school settings. However, the expectations of

student behavior as identified below shall apply to all students in the Andalusia City School System.

Jurisdiction of the School Board

Students enrolled in the Andalusia City Schools are subject to the policies of the Andalusia City Board of Education and to the rules and regulations of the school. This authority applies to all school-sponsored activities, including, but not necessarily limited to: regular school activities; transportation on school vehicles; field trips; athletic functions and extracurricular activities. School regulations and prohibitions pertain to automobiles driven or parked on school property. In addition, the school may exercise jurisdiction over student conduct in the immediate vicinity of the school.

- the student shall have an opportunity to tell his/her side of the story.
- there need be no delay between the time notice is given and time of the hearing. In a majority of the cases, the principal may informally discuss the alleged misconduct with the student minutes after it has occurred.
- since the hearing may occur almost immediately following the misconduct, generally the notice and hearing should precede the suspension if suspension is deemed necessary.
- in cases where the presence of the student poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process, the student may be immediately removed from school. In such cases, the notice and hearing should follow as soon as feasible.
- in cases of criminal liabilities, the proper authorities will be notified and legal actions instigated.

Student Code of Conduct

The Andalusia City Schools Student Code of Conduct policies are adopted in order to facilitate a safe and orderly environment for learning for all students.

Each teacher is expected to manage student behavior under his/her supervision; therefore, individual classroom teachers will develop his or her classroom management plan. This plan of rules and consequences for the classroom or other areas of the school building and campus will be consistent with all Andalusia City Schools discipline policies and procedures. Each student and parent will be made aware of the teacher's plan at the beginning of the school year.

Each classroom teacher will seek to correct classroom disruption by taking in-class disciplinary action, by making a personal call to a student's parent(s) or guardian when possible, and by scheduling conferences with other school staff, parent(s) or guardian. Only when the action taken by the teacher is ineffective or the disruption is sufficiently severe, will the student be referred to the principal (or designee). Failure to bring notebook, pencil, books, or required materials and equipment to class is not cause for disciplinary referrals. When a student consistently exhibits such work habits, the school should notify the student's parent(s) or guardian.

Parents are expected to assist teachers in their efforts to control student behavior. Alabama Law, Act 94-782, requires:

- (c) Any parent, guardian, or other person having control or custody of any child enrolled in public school who fails to require the child to regularly attend the school or tutor, or fails to compel the child to properly conduct himself or herself as a pupil in accordance with the written policy on school behavior adopted by the local board of education and documented by the appropriate school official which conduct may result in the suspension of the pupil, shall be reported by the principal to the superintendent of education of the school system in which the suspected violation occurred. The superintendent of education or his or her designee shall report suspected violations to the district attorney within 10 days. Any principal or

superintendent of education or his or her designee intentionally failing to report a suspected violation shall be guilty of a Class C misdemeanor. The district attorney shall vigorously enforce this section to ensure proper conduct and required attendance by any child enrolled in public school.

Parents/Guardians will receive notification from the principal's office of conduct offenses according to the Andalusia City Schools Code of Conduct. Parents/Guardians are expected to respond appropriately to notifications from the principal's office regarding their child's conduct in order to be in compliance with act 94-782.

Special Education Discipline

The principal (or designee) will consult with the special education case manager regarding disciplinary actions resulting from a violation of the student code of conduct by any special education student.

Consideration must also be given to the protections and rights afforded to students who have been referred for a special education evaluation, as well as students who are currently receiving services under section 504 Federal Regulations.

Limitations on the amount of time that a child can be removed from his/her current placement only come into play when schools are not able to work out an appropriate placement with the parents of a child who has violated a school code of conduct.

There is no requirement to provide services to a child with a disability who has been removed from his/her current placement for a violation of school rules for 10 school days or less in a school year if services are not provided to a non-disabled child who has been similarly removed.

A disciplinary change of placement occurs when a child is removed for more than 10 school days. School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct. After a child with a disability has been removed for 10 school days in a school year with no requirement to provide services, any subsequent removal pursuant to the school personnel's authority to remove for behavior that is not a manifestation of the child's disability, would require that services be provided to the extent necessary to enable the child to continue to appropriately progress in the general curriculum, although in another setting, appropriately advance toward the goals in his/her IEP, and receive as appropriate, a functional behavioral assessment, behavioral intervention services, and modifications that are designed to address the behavior violation so that it does not recur.

If the child is being placed in an interim alternative educational setting (IAES) for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability, because of certain weapon or drug offenses, because the child has inflicted serious bodily injury upon another person while at school or at a school function, or because a hearing officer has determined that there is a substantial likelihood of injury to the child or others if the child remains in his/her current placement, the services to be provided to the child and the IAES are determined by the IEP Team. The IAES must be selected so as to enable the child to continue to progress in the general curriculum, although in another setting, and to continue to receive those services and modifications, including those listed in the IEP, that will enable the child to meet the goals set out in that IEP and include services and modifications to address the behavior.

School officials may also seek to obtain a court order to remove a child with a disability from school, or to change his/her current educational placement if they believe that maintaining the child in the current educational placement is substantially likely to result in injury to the child or others. School officials may report crimes committed by children with disabilities to appropriate law enforcement authorities to the same extent as they do for crimes committed by non-disabled students. An agency reporting a crime committed by a child with a disability shall ensure that copies of the special education and disciplinary records of the child are transmitted for consideration by the appropriate authorities to which the agency reports the crime.

Classification of Code of Student Conduct Violations

The principal (or designee) is granted authority to exercise good judgment and may modify the consequences for violation of a rule indicated in the Code of Student Conduct. However, any modification is to be based on facts or circumstances that clearly support such modification.

- 2. Class II – Intermediate Offenses**
- 3. Class III – Major Offenses**

Violations of the Code of Conduct are grouped into three classes: Minor, Intermediate, and Major. Each classification is followed by a list of offenses and appropriate disciplinary actions that are to be conducted by principals and the designees. In each class of violations, it is understood that, when possible the principal (or designee) shall hear the student's explanation regarding the alleged violation prior to deciding the classification of a violation. The principal (or designee) may consult further with school personnel and others, if necessary, before deciding the classification of the violation.

The type and degree of action taken shall be based on the nature and severity of the offense; frequency of the offense; the student's discipline record as a whole; and the attitude displayed by the student regarding the offense and disciplinary action.

No student shall be punished for any suspected violation until the person responsible for imposing discipline has heard the student's explanation or made

reasonable efforts to provide the student with an opportunity to present his/her explanation.

Under no circumstances shall academic grades be used for maintaining order in the classroom, nor shall student behavior be included in calculating academic grades. An academic grade will reflect the teacher's most objective assessment of the student's academic achievement.

All students enrolled in the school will be expected to abide by the rules and regulations set forth by the administration, teachers, and the board of education while in attendance at school or school-sponsored activities, or while being transported to or from school or school-sponsored activities in district-owned transportation. Any student who is found to be disobeying the rules or showing disrespect for any teacher and/or school property may be subject to disciplinary action. The disciplinary action to be taken will depend on the severity of the violation and the number of times the student has broken regulation.

A student who engages in such acts will receive severe discipline that could result in in-school suspension or expulsion from school. Pornography in any form is unacceptable. Students found to be in possession of pornography or pornographic material may be subjected to in-school suspension, suspension, or expulsion. Parents will be contacted on each offense. The school principal will notify the appropriate law enforcement authority.

In-School Suspension/Alternative School

In-school suspension/alternative school removes students from the regular school program for a designated period of time. The programs are highly structured class situations with emphasis placed on student accountability. Students who refuse to adhere to the policies set forth may be suspended from school for as many as ten days. When the student returns to school, he or she will be required to complete the in-school suspension or alternative school penalty before returning to regular classes.

Smoking /Tobacco Policy

Smoking can possess the possibility of a fire starting. Therefore, smoking paraphernalia (i.e. matches and lighters) will be treated as tobacco in possession.

Illness or Injury at School

Basic first aid supplies are available at each school. If a student becomes ill at school, he/she should report to the school office. Every effort will be made to notify the parent or other person noted on the student information record. School officials can only accept responsibility for providing first aid in the case of an accident until the parent, a parent representative, or the rescue squad arrives. The school will act in the best interest of the student.

Students who are ill, especially if they have had a fever of 100 degrees or more, vomiting or diarrhea during the last 24 hours, should remain at home.

Students should remain at home until they have been free of fever, vomiting, and diarrhea for 24 hours. When students return to school after an illness, the parent should send a note or doctor's excuse explaining the absence. If a student visits a doctor during an absence, a doctor's excuse should be provided.

A student that has been diagnosed with a contagious disease, such as impetigo, pink eye, or others, must bring a written clearance from the doctor to return to school. In the case of head lice, a school official must clear the student to return to school.

It is the responsibility of the parent to notify the school by written notice of any medical condition or potential medication conditions that could affect the health or behavior of the child at school that may or may not require emergency attention. If a parent requests an accommodation for the health and safety of the student, a written doctor's order delineating the accommodation and reason for the accommodation is required. Every measure will be taken to meet the individualized health needs of a student.

It is important that the parent maintain up-to-date phone numbers and addresses at school so that they may be contacted if needed. If the address or phone number change during the school year, it is the responsibility of the parent to notify the school office.

Sometimes students' health needs change during the school year. If this occurs, it is the responsibility of the parent to contact the school nurse and complete a new school health information form.

Meningococcal Disease and Vaccine

What is meningococcal disease?

Meningococcal disease is a serious illness, caused by bacteria. It is the leading cause of bacterial meningitis in children 2-18 years old in the United States.

How do you catch the disease?

The bacteria that cause meningococcal disease are very common. The disease is most common in children and people with certain medical conditions that affect their immune system. College freshman living in dormitories also have increased risk of getting the disease. The disease is spread through exchange of respiratory droplets or saliva with an infected person including kissing, coughing, sneezing, and sharing drinking glasses and eating utensils. In a few people, the bacteria overcome the body's immune system and pass through the lining of the nose and throat into the blood stream where they cause meningitis. Meningitis is a term that describes inflammation of the tissues surrounding the brain and spinal cord.

What are the symptoms of the disease?

- Fever
- Headache
- Stiff neck
- Red rash
- Drowsiness
- Nausea and vomiting

Meningococcal vaccine: Who should get the vaccine and when?

MCV4, or the meningococcal vaccine, is recommended for all children 11-12 years of age and for unvaccinated adolescents at high school entry (15 years of age). High school seniors should also consider obtaining the vaccine prior to entering college, especially if they are planning on living in a dormitory. Please consult your physician or local health department for more information.

Response to Instruction (RtI)

Response to Instruction (RtI) refers to an instructional framework that promotes a well-integrated system connecting general, gifted, supplemental, and special education services in providing high quality, standards-based instruction and intervention that is matched to students’ academic, social-emotional, and behavioral needs. RtI combines core instruction, assessment, and intervention within a multi-tiered system to increase student achievement and reduce behavior problems.

The RtI process requires the involvement of classroom teachers, parents, student (when appropriate), building specialists, (e.g., principals, academic coaches, special education teachers, ELL teachers, counselors, gifted teachers, speech therapists) and community service providers. The ultimate purpose of the RtI process is to enhance the success of students with a variety of academic and/or behavior needs, rather than solely determine whether a student qualifies for child’s school and speak with the RtI Chairperson.

Concussion Information (Information taken from AHSAA)

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly.** In other words, even a “ding” or a bump on the head can be serious. You cannot see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away.

Symptoms may include one or more of the following:

- | | |
|-----------------------------|-----------------------------|
| • Headaches | * Amnesia |

What can happen if my child keeps on playing with a concussion or returns too soon?

Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often fail to report symptoms of injuries. Concussions are not different. As a result, education for administrators, coaches, parents and students is the key to a student/athlete's safety.
