

2023 Almost 4th Grade Summer Math

Please practice the skills below on IXL. You will be working on the 3rd grade level because the summer practice is a review of what you have covered this year. You will need to master each skill with a smart score of 85% or above. Please fill in your smart score as you progress through the skills and bring this sheet with you on the first day of school next year.

Helpful Tips:

- *If you get a question wrong, read the explanation so that you don't make the same mistake next time.*
- *Use pencil and paper to work out the problems.*
- *Stretch out the work over the course of the summer. Leaving it all to the last minute will be stressful!*

	Category	Code	Skill Name	Smart Score
1	Numbers & Comparing	A	Compare Numbers	
2	Division Fluency	K	Division Facts up to 10	
3	Estimation and Rounding	P	Estimate Sums and Differences: Word Problems
