

Defensive Driving Registration Form

Class Overview: As we age, we face unique challenges behind the wheel that we didn't face when we were younger. Our reaction times may slow, our eyesight may not be as good as it used to be, and we may not be as familiar with the technology inside and outside our vehicles.

According to Minnesota state law, people aged 55 and older who complete a state approved defensive driving course are eligible to receive a 10%, three-year discount on auto insurance. The class consists of lecture, videos, and discussions. There is no behind-the-wheel driving and there are no tests. **This class is for those that have already taken the 8-hour full course.**
