

Mentana High School Association

Originally founded in 1921 to regulate athletic competition, the Montana High School Association strives to serve all member schools by governing high school interscholastic activities in Montana.

The mission of the MHSA is to assure that the membership is provided with leadership and support in advancing equitable MHSA interscholastic activities for the growth and educational experience for students.

The purpose of the Montana High School Association is to ensure that interscholastic activities in Montana are administered fairly. Policies pertaining to scholastic standing, transfer, awards and other regulations that guide the Executive Board are adopted by the MHSA member schools. The MHSA is a service-based organization.

High school students throughout the state benefit greatly from interscholastic activities programs. These programs are an integral part of the high school experience, and promotion of good citizenship is essential to the growth and to the development of these valuable

HIGH

activities.

Keeping watch over our wildlife and reliability.

Every day across Montana, our team members are balancing the need to provide reliable energy and protect the environment. Luckily, we have dedicated programs to help support these efforts and incredible partnerships within our communities that allow us to accomplish so much more than we could on our own. Our Osprey Project is just one example of how local resource agencies, volunteers and our on-staff biologist can improve service reliability while delivering a bright future to some of this state's most beloved wildlife.

See the whole Osprey Project story at: NorthWesternEnergy.com/BrightFuture

We're focused on students' behavior before, during and after competition.

FACT: Steroids, meth, alcohol, tobacco, hazing and poor sportsmanship have no place in schools.

The Montana High School Association believes that students in activities are natural leaders. Aim Higher provides students with the tools to hone their leadership and their mentoring skills by creating a positive educational environment in the classroom, in activities and in life.

Aim Higher's program components focus on drugs, alcohol, tobacco and hazing to help educate students on the hazards of exhibiting negative behaviors as individuals and as members of the school community.

Learn more. Take part. Aim Higher.

HEALTHY BODIES. HEALTHY MINDS. HEALTHY LIVES.

High school activities not only help Montana youth grow into leaders and develop accountability, responsibility, and healthy habits, but they also build threads in the fabric of communities throughout Big Sky Country — from our smallest towns to our largest cities.

We proudly partner with the Montana High School Association to enrich the lives of Montana youth and strengthen our state's future.

Blue Cross and Blue Shield of Montana. With you. For You.

Through It All.®

Blue Cross and Blue Shield of Montana, a Division of Health Care Service Corporation, a Mutual Legal Reserve Company, an Independent Licensee of the Blue Cross and Blue Shield Association
