August 10, 2023

We appreciate the feedback from those in the SGSC community regarding the expenditures from the ARP Act funding. To date, we have been able to provide many different items and supports for Southwest Georgia STEM Charter School through this funding: additional support for students through hiring new staff and purchasing materials, additional support for teachers through hiring new staff and purchasing materials, additional cleaning services and materials to create a clean and safe environment, resources for the instructional needs of students and teachers, and many other resources to help create a more instructional sound, communicative, safe, and clean environment at SGSC.

Respectfully,

Ginger Almon

School Leader
