

**ATHLETIC UPDATE:**  
**WEEK 6 / 9-15-22**

Hello,

FYI: **Progress grades count towards Athletic eligibility.**

For those Teachers who have been supporting our Student Athletes both in the classroom and on the sports field. Thank you.

**Football:** Last Friday night the Football team faced a top area team and competed. The Saints lost 21-0, but the young group is getting better. This Friday (Tomorrow) the team will be wearing their Black specialty uniforms in their 1<sup>st</sup> league game versus the Atascadero Greyhounds at 7pm.

**Girls Golf:** The Girls golf team is having one of its best seasons in years. The Girls are currently in 7<sup>th</sup> place ahead of Orcutt Academy and Nipomo and on the heels of both Mission Prep and Templeton.

**Girls Volleyball:** Although our Girls JV and Varsity are competing and giving it their all, the highlight of this program thus far has been the young Freshmen team. The Freshmen Girls have won a couple of matches and are taking teams to the 3<sup>rd</sup> set.

**Girls Polo:** Over All Record stands at 1-7. Again, this year is a rebuild season. Lets see how they improve as the season progresses.

**Boys Polo:** Over All Record stands at 0-6. Much like the girls this is a rebuild season with young players and a new coaching staff. Lets see how they improve as the season progresses.

**Girls Tennis:** They haven't won a match yet this season. They are improving and the group is having a blast.

**CO-ED Cross Country:** In the Morro Bay Invitational the Boys came in 24 out of 27 teams. The Girls came in 15 out of 24 teams. Those who don't know the Morro Bay Invitational is a very competitive event and many of the top team's race. Don't sell this group short.
