# Alabama.edu Account Activation for Canvas

As a student at one of our 24 Alabama Community Colleges, an account has been created for you that can be used with any community college within the Alabama Community College System (ACCS) to access many of the shared applications and systems.

This new account does not replace the student account already provided by your institution, but it does provide you unique access to upcoming applications like the new unified Alabama.edu Canvas online learning platform. You will find the information needed to claim your Alabama.edu account below:

- Student Name: [REDACTED]
- Account Claim Code: [REDACTED]

You may claim/activate your account and set your password with the information above and your current student ID (A#) at <https://password.alabama.edu> by clicking the "Claim My Account" button.

The username and default email address for your Alabama Community Colleges (Alabama.edu) account is your A#@alabama.edu. If you are unsure of the username (or your A#) then you can use the "Forgot Username?" link at <https://password.alabama.edu> to retrieve it.

Please note that setting the password for your new Alabama.edu account, **does not change the password or login for your existing school account** and the Alabama.edu account may not yet provide access to ALL of the same applications/systems that your school account does.

Each student registered for the Summer 2024 term is **required** to claim their Alabama.edu account prior to using. An Account Claim Code was sent to the personal email address you listed on your admission application and will be required to complete the activation process. Claiming your Alabama.edu account begins the process to allow access to your Summer 2024 courses.

**In your personal email, search for noreply@rapididentity.com or Alabama.edu to find your Claim Code email. Be sure to check Junk and Spam folders.**
