### *How to reach the un-churched*

Pastor John Piper says there are about 200 million non-churched people in the U. S., making our nation one of the four largest “un-churched” countries in the world! America has become a vast missionary field. But, how can we make a difference when there are so many un-churched people unwilling to walk inside a church building? This is where Christian radio steps forward to carry the banner of salvation. By partnering with local churches, broadcasters like Power 88 can encourage non-believers to see the church as a place of spiritual safety and Biblical truth. You can play a vital role in this effort. Here's what you can do:

1. Keep your local Christian radio station on your church prayer list. Lift the station up every week.
2. Put your Power 88 in your home mission budget.
3. Encourage your church to promote their services and special events on Christian radio. **The money you and your church spends on Christian radio keeps the gospel reachable to everyone in every walk of life 24/7.**

**Radio: The most effective mission tool known to man.**

### *Highlights from Letters to Power 88*

• "I am a minister and just wanted to drop a quick note to say a BIG THANK YOU to everyone at Power 88! It is the only station we have listened to over the past 6 years after moving to this area. We tuned it in and never turn it off. Our family loves this station and its great work. Over and over I heard such positive thoughts by the D.J.'s and it felt as though you were speaking to us. We praise God for power 88! Not just because of your music, but for your continued support of local churches and Christian businesses. Power 88 is truly a blessing to our community. Thank you for all you do!"
