

		Grade 8					
	Week	ELA	History/Geography	Science	Math	Algebra 1-2	Math-Intervention
Quarter 1	1	Perspectives and Narratives	Industrialization / Urbanization	Harnessing Human Energy	Equations	Solving Linear Equations	Rates and Ratios
	2		Mini DBQ: Andrew Carnegie				
	3						
	4						
	5		Progressive Era	Transformations	Inequalities		
	6						
	7	Force and Motion		Angles and Triangles	Graphing Linear Equations		
	8						
	9		Liberty and Equality	America's World Power: The 20's			
Fall Break							
Quarter 2	10	Liberty and Equality	The Great Depression	Force and Motion EI	Graphing and Writing Linear Equations	Writing Linear Equations	Rates and Ratios
	11						
	12		World War II	Magnetic Fields	Systems of Linear Equations	Systems of Equations	
	13						
	14	Emancipation Quest					
	15	Science and Science Fiction	Light Waves	Data Analysis and Displays	Exponential Growth	Proportional and Linear Relationships	
	16						
	17			Review			
	18				Finals		
19							
Winter Break							
Quarter 3	20	Science and Science Fiction	Civil Rights	Earth, Moon, Sun	Functions	Polynomials	Proportional and Linear Relationships
	21	Romeo and Juliet					
	22			Exponents and Scientific Notation	Graphing Quadratic Functions		
	23						
	24		Cold War	Natural Selection	Real Numbers and the Pythagorean Theorem	Solving Quadratics	
	25						
	26	Flex Days	Vietnam				
	27						
	28						
29							
Spring Break							
Quarter 4	30	Holocaust: Memory and Meaning	Civics	Natural Selection EI	Volume and Similar Solids	Radical Functions	Linear and Nonlinear Functions
	31						
	32		Evolutionary History	Data Analysis			
	33						
	34	The Space Race Collection	Economics	Review	Review		
	35						
	36			Review and Wrap Up	Finals		
	37						
38
