For each response, shows # of schools, % of total schools.

District Dashboard

This report provides enrollment, action plan and assessment data for schools in the selected district, for the selected program and assessment.

The data can be used to understand trends in work completed, identify current areas of focus, and suggests areas of opportunity for future policy and practice change efforts.

Number of Schools With 1+ Item(s) on Their Action Plan

The Action Plan information reflects items from the assessment selected above.

The Action Plan is a tool to help enrolled schools manage tasks related to school health initiatives. Each school has one Action Plan, which can include items from any assessment.

District Dashboard

This report provides enrollment, action plan and assessment data for schools in the selected district, for the selected program and assessment.

The data can be used to understand trends in work completed, identify current areas of focus, and suggests areas of opportunity for future policy and practice change efforts.

KY | Action Plan Summary By Organization

● This Year's Goals total ● To Work On Total

0 School(s) in the selected district with an Action Plan.

District Dashboard

This report provides enrollment, action plan and assessment data for schools in the selected district, for the selected program and assessment.

The data can be used to understand trends in work completed, identify current areas of focus, and suggests areas of opportunity for future policy and practice change efforts.

0 School(s) in the selected district with at least one item on their action plan from the selected assessment identified as "This Year's Goals".

Average Percent of Assessment Items Fully Implemented per School in Your District | Baseline Responses Compared to Current Responses

Among schools that started the assessment, the number of items marked as "fully implemented" out of the number of items that could be marked "fully implemented", comparing baseline responses with current responses.

District Dashboard

This report provides enrollment, action plan and assessment data for schools in the selected district, for the selected program and assessment.

The data can be used to understand trends in work completed, identify current areas of focus, and suggests areas of opportunity for future policy and practice change efforts.

KY | Progress Over Time | Baseline to Current | By Topic

| Topic | % Not Responded | % Declined | % Maintained | % Improved |
|-----------------------------|-----------------|------------|--------------|------------|
| Employee Wellness | 0.0% | 0.0% | 58.3% | 41.7% |
| Health & Physical Education | 0.0% | 0.0% | 85.0% | 15.0% |
| Nutrition Services | 0.0% | 0.0% | 62.5% | 37.5% |
| Physical Activity | 0.0% | 0.0% | 42.9% | 57.1% |
| Policy & Environment | 0.0% | 0.0% | 84.2% | 15.8% |
| Smart Snacks | 0.0% | 0.0% | 42.9% | 57.1% |

Change Status Definitions

Maintained - response is the same from baseline until latest response

Declined - the baseline response was a higher ranking answer (for example: Fully In Place) on the answer scale of the selected assessment than the latest response (for example: Under Development)

Improved - the baseline response was a lower ranking answer (for example: Partially In place) on the answer scale of the selected assessment than the latest response (for example: Fully In Place)

Denominator-The denominator for each topic is the number of schools that have responded to at least one question included in the selected assessment multiplied by the number of questions available in that topic.
