Dear Parents and Guardians,

Welcome to the 2024-2025 school year at Steinhatchee School! We are thankful that you and your child(ren) will be a part of our Stingray Family. We appreciate the confidence and trust you placed in us by choosing to send your child to our school. Your child's safety, well-being, and learning success are our top priorities. At Steinhatchee School we believe in working hard and treating each other with respect. Please help us reinforce these values with your child at home by emphasizing the importance of school attendance and sharing a positive attitude towards learning. This year we are focused on learning the Florida Benchmarks for Excellent Student Thinking (B.E.S.T.) state standards. The Florida Assessment of Student Thinking (F.A.S.T.) system will be used to measure progress towards learning the standards once again. I'm pleased to report that last year's FAST results showed Steinhatchee students outscoring the state average in every subject category. This was only made possible by the daily efforts of our students, teachers, and staff, along with supportive community. While this year will present fresh challenges, at Steinhatchee School we believe that we can continue to achieve excellence together!

In this handbook, you will find information that will be useful during the school year. Communication is crucial to our success. A student binder will be used to help students with organization and communication. Also, teachers are available through email using the format of first.last@taylor.k12.fl.us (for example jane.doe@taylor.k12.fl.us). If you need to talk to a teacher, please call and schedule a conference time so we can determine the best method to communicate safely. Teacher planning times are listed in this handbook. We ask that you give us 24 hours' notice and share the area of concern. This helps prepare us to address your concerns in a timely manner. If after a conference with the teacher you feel that you still have unresolved issues, please let me know. When we all work together, we can achieve great things.

We look forward to another outstanding school year!

Sincerely,  
Jimmy Bray

## TITLE I SCHOOL-WIDE PROJECT

Title I of the Elementary and Secondary Education Act (ESEA) is the largest federal assistance program to our nation's schools. ESEA was first established in 1965 and until December, 2015, the most recent reauthorization in 2001 coined the phrase "No Child Left Behind" (NCLB). Title I has evolved to the "Every Student Succeeds Act (ESSA)".

Title I, Part A, is intended to help ensure that all children have the opportunity to obtain a high-quality education and reach proficiency on challenging state academic standards and assessments. Title I focuses on promoting school-wide reform in high-poverty schools and ensuring students' access to scientifically based instructional strategies and challenging academic content. It is our desire to have all teachers as highly qualified. This means that they have certification in the areas in which they teach.

Steinhatchee School is supplemented with Federal funds as a Title I School-wide Project. These funds provide a teacher assistant and parent liaison, computers/courseware and other educational materials for remediation in reading, math, and writing skills. Our Title I Plan includes a **Parent Engagement** component with a Parent Compact for parents, students, teachers, and school principal to agree to uphold for the overall success of the student. Parents are requested to complete an **Interest Inventory** each year for parent involvement planning.

**SES (Supplemental Education Services)** are provided by Title I funds. This **after-school tutoring program** is available to eligible students. Parents will be given the opportunity to select a provider for this service free of charge to them.

Another After School Program that is available to all students ages 5 and older is the **Boys and Girls Club**. The hours for the Stingray Club are Monday through Friday from 2:45pm to 5:30pm.

Steinhatchee School also houses a **Family Center** that makes available special services to the school and community in collaboration with Doctors Memorial Hospital.

## Steinhatchee School Song

*(sung to tune of “Danny Boy”)*

Steinhatchee School, your open doors they welcome me  
You took my hand and helped me on my way  
No matter where in life that I may have to roam  
Steinhatchee School, you’ll be my home

The friends I made here stay within my memory  
The pride I learned I’ll keep my whole life long  
No matter where in life that I may have to roam  
Steinhatchee School, you’ll be my home

*(This song was written by a Steinhatchee young’un who is now our 3<sup>rd</sup> Grade Teacher... Ms. Melissa Harden!)*

Adult lunch price          \$5.00

We are pleased to inform you Taylor County School District will continue to implement the new option available to schools participating in the National School Lunch and Breakfast Program called the Community Eligibility Provision (CEP) for School Year 2024-2025.

Schools participating in the CEP are able to provide healthy breakfasts and lunches each day at no charge for ALL students enrolled in a CEP school during the 2024-2025 School Year.

Teachers will escort students to and from the cafeteria. Students are expected to enter the cafeteria **quietly and orderly**. Students have 30 minutes for lunch.

**Good table manners are expected!** Parents, please teach your children that they represent you and your family while at school, and should use proper manners. A student who chooses **not to follow cafeteria expectations** may be moved to another table during the lunch period, assigned a work detail, or other appropriate discipline. All students have the right to a relaxing and enjoyable cafeteria experience at Steinhatchee School.

Breakfast and lunch are served by nutritional standards. Students may bring a lunch from home which may include fruit drinks in plastic containers. No glass containers, please.

## STUDENT GENERAL INFORMATION

**ARRIVAL TO SCHOOL:** All students arriving at school between 7:30 – 7:55, should report to the cafeteria. Breakfast will be served from 7:30 until 7:55. Students are not to be on campus earlier than 7:30. Students report to areas their designated supervision areas immediately following breakfast. The first bell will ring at 7:55 and the tardy bell will ring at 8:00.

**ANOTHER DESTINATION:** Students that wish to get off the bus anywhere other than their usual destination MUST BRING A NOTE signed by parent/guardian. **Please make every effort to send a note with your child to let the school know of different plans prior to coming to school.** If there is an emergency, a PARENT may call the front office by 2:00. This rule applies to students that walk or ride bikes as well.

**Boys & Girls Stingray Club students go directly to Club after school.**

**CELL PHONES:** In the best interest of all, students should **leave cell phones at home.** If a parent feels it is necessary for their child to have a cell phone at school, the following rule applies: **Cell phones must remain off and out of sight at all times during school hours. If a student violates the district cell phone policy the cell phone will be confiscated, and a parent will need to come to the school to pick up the phone. The discipline matrix will be followed for non-compliance.** The school will not take responsibility for cell phones that are lost or damaged.

**PERSONAL ITEMS:** Steinhatchee School is NOT responsible for personal items lost at school or on field trips. PERSONAL ITEMS should stay at home! Students **are not allowed** to bring toys, cameras, radios, ipods, tape recorders, games, video games, pagers, video or cassette tapes, CD's, knives, toys, trading cards, wallet-chains, hats (unless outdoors), sunglasses (unless outdoors), Heely shoes (when using wheels), fidget spinners, **Pokémon cards**, or any other personal items unless requested by the teacher and approved by the principal.

### **COMMUNICATION:**

- **Communication Binders**  
Students will be given a binder containing folders for homework/communication, and a student planner. The binder will also contain their **Wednesday** folder with notes, papers/grades for parents to see (and perhaps sign) before returning the folder. Some teachers may send home information on a more frequent schedule.
- **Student Planners**  
Students will receive a Student Planner at no cost. This goal-setting tool will be used to document students' classroom assignments, homework, tests, and activities. Teachers may ask parents to read, sign, and return the planner to school with the child the next day. There will be a \$5.00 charge to replace student planners if they go missing.

### **Parent Engagement:**

The following is a list of important dates for conferences and other activities:

September 12 – Title I Annual Meeting

**State Rules – House Bill 7029** states that students have the right not to participate in the reciting of the pledge only upon written request of the parent or guardian.

**House Bill 529** requires schools to have a moment of silence each day for at least 1 minute but no longer than 2 minutes. The bill empowers families to discuss with their child on what to focus on during the moment of silence and help them use this time as an opportunity to prepare for the upcoming day. Please take time to discuss with your child how they can use this time as it pertains to your values.

**Book Review Rights: House Bill 14677** Upon written request, a school district shall provide access to any material or book specified in the request that is maintained in a district school system library and is available for review.

Please know that safety for our students is a priority and we need your help to keep our information current.

**FOOD and DRINKS:** Food and drinks should only be brought for lunch and should be packed away in a lunch box that's not accessed by students unless they are in the lunchroom at lunch time. Liquid containers like tumblers, that students drink from throughout the day, should only contain water.

**GUM:** Chewing gum is only allowed by the permission of the teacher. If a student misuses gum, that student will not be allowed to use gum at school. Neither gum nor candy is to be used at P. E.

**GRADING SCALE:** The following grading scale will be used in Conduct and in P. E.:

- S - Satisfactory
- N - Needs Improvement
- U – Unsatisfactory
- I - Incomplete

The following grading scale will be used in core subjects in grades K – 6:

Steinhatchee School students will be using a variety of textbooks, reading books, and technology devices (ex. laptops). Students are responsible for proper care and usage of all books and technology devices. Students/parents are responsible for lost, damaged textbooks, library books, and technology devices and must be paid for in a timely manner. Textbooks usually cost \$50 - \$100 to be replaced. Laptops usually cost \$200-\$400.

**HOMEWORK:** Homework is used to reinforce content learned during the school day. Homework will be given only on Monday through Thursday. Listening to your child read or reading to them is an appropriate activity for each night. Two things that you can practice every week are spelling and math facts. BGCA provides homework support every afternoon at club.

**INSURANCE:** Student insurance is available throughout the school year for purchase. You receive the insurance information when your child enrolls in Steinhatchee School. Forms are sent home with your child the first day back at school.

**ILLNESS or INJURY AT SCHOOL:** Parents/guardian will be notified by phone if a child becomes ill or is injured at school. Our Clinic Aide is trained in administering first aid. It is IMPERATIVE that we have **your correct phone number** so you can be reached in the event of an emergency. Please be sure the office/clinic knows this number and your intent for your child in the event of an illness or emergency.

**MEDICATIONS:** Any medication to be administered at school, must be **brought to school by the parent in the original container.** Please complete the appropriate form with our nurse, Jodi Shipman, in the Clinic. If your child brings medicine to school without the proper forms on file, the clinic will make every effort to contact you. If you cannot be reached, the medication will not be administered to your child and will be kept in the office until you come to pick it up. In compliance with Florida statute, school personnel are only allowed to administer soap, water, ice, Band-Aids for scrapes and cuts, and TLC as needed.

**SCHOOL ADVISORY COUNCIL (SAC):** This is the group who advise the principal regarding issues that will improve the school's efforts. At least 51% of this council must, according to Florida Statute, be non-school employees. Therefore, we urge parents, business partners, and community leaders to become active in this advisory committee.

**PARENT/TEACHER COLLABORATION:** All parents are invited to support students and staff through assisting the school leadership team with positive behavioral supports/activities for students. The leadership team consists of a teacher from each grade level, the parent liaison, and school principal. The leadership team will conduct monthly parent collaboration meetings to receive parent input and plan ways to enhance our students' school experience together.

**EARLY SIGN-OUT:** If an emergency arises and it becomes necessary for you to check your child out before the end of the day, you MUST check in at the Administrative Office. The secretary will reach your child's classroom by way of the school telephone, and your child will meet you in the Family Center office. **NO ONE WILL BE ALLOWED TO PICK UP A CHILD FROM THE CLASSROOM.** **School attendance is so important;** please attempt to schedule appointments (doctor/dentist appt., etc.) after school whenever possible. **Absences for early sign-outs will be monitored closely** and parents will be contacted to discuss this issue in a conference if necessary.

**TARDINESS:** The first bell rings at 7:55 and classes begin promptly at 8:00 AM. Students not arriving to school on time, MUST report to the office and get a TARDY PASS from office staff. Please refer to the attendance policy regarding tardies and absences from class.

**ATTENDANCE POLICY:** Please see the district section of this handbook.

**TELEPHONE USE:** The telephone is off limits to students. If calls need to be made, someone in the office will assist your child with a call. Students **will not** be permitted to use the phone to ask your permission to go home with another child that day.

**VISITORS:** Visitors are welcome at Steinhatchee School, and we want to have a record of your visit. A VISITOR is an adult who is not employed at the school. For the safety of our children and staff, there is only **one entrance to the school campus**. ALL visitors must report to the **main school office** to sign in and inform the secretary who they would like to visit. Florida Statute requires that a teacher is given 24 hour notice before a parent is allowed to visit a class. We will call the teacher to inquire if they are open to a visit. Once permission is given, you will be given you a visitors' pass to wear in a noticeable place while on school grounds. Upon leaving campus, please remember to sign out. **School age children**, who are not enrolled in Steinhatchee School, are not permitted to visit classrooms.

**VOLUNTEER PROGRAM:** Steinhatchee School is a wonderful place to spend time. If you would like to volunteer, please complete the school volunteer application available on the TCSD website or pick one up in our office. For student safety purposes, a background check must be completed prior to volunteering.

**PLAYGROUND:** Students will have P. E. or recess each day. Students are required to follow safe PLAYGROUND rules at all times. NO roughhousing, i.e. tackling, horseplay, pulling on others' clothing, etc. Stay OFF and AWAY from fences. **Do not go to the fence to talk to anyone while outside at PE.** Parents and other visitors are requested to report to the front office if they wish to communicate to students, teachers, or staff. **Students do not leave the playground to retrieve a ball or other equipment.** The adult on duty will take responsibility for retrieval of the item.

As long as employees are able to meet acceptable performance standards, and medical evidence indicates that their condition is not a threat to themselves or others, employees shall be assured of continued employment. ### **AUTHORITY TO REMOVE DISRUPTIVE STUDENTS**

**STATUTORY AUTHORITY:** Section **1003.32** Florida Statutes gives school personnel the authority to deal with students who are seriously disrupting the learning process and who may need alternative placement. This legislation seeks to minimize classroom

disruption while a disruptive student's educational placement is reviewed when the current placement is creating an unsafe or disruptive learning environment, or is to meeting the student's learning needs.

A teacher may expel a student from his/her classroom provided the following steps have been taken:

- The teacher's classroom management plan has been followed and a parent contact made and
- The district matrix for that particular disruptive behavior has been followed.

However, in situations where a disruptive student poses a threat to the safety and well-being of a teacher or student(s) in a classroom setting that student may be expelled from that particular classroom setting.

If a student is expelled from a classroom, a Placement Review Committee shall convene to render a decision as to the future placement of the student. Removals to the alternative school, to another classroom or back to the original classroom are some of the options that will be considered. The Committee will consist of two teachers, chosen by their peers, a school administrator, a guidance counselor and a non-instructional staff member. The legislation gives the committee five days from removal of the student in which to render a decision.

### **DISCRIMINATION GRIEVANCE AND COMPLAINT PROCEDURES FOR STUDENTS**

Students may feel at times they have been treated unfairly under the code and other rules and regulations. The following steps provide a fair resolution of student grievances, including complaints alleging any action, which would be prohibited by Title IX:

1. Student/teacher conference,
2. Student/principal conference,
3. Student/behavior team conference.

The first step taken by the student is with the member of the staff involved in the alleged unfair action. If the grievance is not resolved after initial contact, the student may involve the parent(s), a counselor, or any other school personnel of the student's choice.

### **HEAD LICE**

According to TCSB policy based on Section 230.22(2) F.S., any student infested with live head lice shall be excluded from school and school transportation until the student has received treatment for head lice. To be readmitted to school, the student must be checked at school by the clinic aide or by designated school personnel, or the student must present school personnel a form signed by a physician or Health Department official which verifies that the student is free of head lice.

### **STUDENT RANDOM EXTRACURRICULAR DRUG TESTING**

The Taylor County School Board recognizes the use of alcohol, tobacco and illegal drugs by students is not only increasing but also beginning at a younger age. Students using illegal drugs pose a threat to their own health and safety, as well as to that of other students. This policy is a proactive approach designed to create a safe, orderly, healthy and drug free environment for students and to assist them in getting help when needed.

#### **(1) General Procedures**

Parents/guardians/custodians, students and school officials will be informed of the policies and procedures involved in the random drug testing program at the beginning of each school year. A copy of this policy will be provided to each student. In order to participate in extracurricular activities, each student shall sign and return a consent form permitting the school to conduct drug testing. The consent form must be signed by the student and by a parent/guardian/custodian and notarized at the start of each school year. The form must be returned to the school prior to the student's participation in any extracurricular activity. Extracurricular activities are those activities in which any student voluntarily participates. Extracurricular activities include, but are not limited to, athletics, cheerleading, band and its auxiliaries, chorus, school clubs, class officers/student government and any other school organizations. At the discretion of the principal or designee, students participating in extracurricular activities may be randomly tested at any time during the school year. Selection for random testing will not be by lottery drawing from a list of participating students. The principal and vendor shall take all reasonable steps to assure the integrity, confidentiality, and random nature of the selection process. Students who have been chosen randomly to be tested have the right within twenty-four (24) hours of the random drug test to furnish the principal a list of prescription and/or over-the-counter medications the student may have taken prior to being tested.

## **(2) Procedures for Sample Collection and Test Results**

Samples will be collected at a mutually convenient time established by the vendor and the principal/designee. Students providing samples will be given as much privacy as possible while providing the samples. A portion of the sample shall be used for the initial test. If the initial test renders a negative test results then no further analysis will be conducted. If the initial test renders a positive result, then a report without the student's name and bearing only a number with which to identify the student will be sent to the Medical Review Officer (MRO). The MRO will receive each report of a positive result and will be supplied with information to determine the correct name of the student whose identifying number appears on each positive test result report. Prior to verifying a positive result, the MRO shall attempt to contact the student whose name coincides with the identifying number on the positive drug test report and his/her parent/guardian/custodian to afford them the opportunity to confidentially discuss the test results with the MRO and to provide the MRO with the student's medial history and any other relevant biomedical information including the use of any prescription or non-prescription medication that would assist the MRO in determining whether the MRO should verify the test results as positive. If the MRO determines that the test results should be deemed negative, then no further action shall be taken and the student's test result along with all other previous test results will be reported to the principal or his/her designee as a negative result. If the MRO confirms a positive test result as reported by the vendor, the MRO shall submit that positive drug test result to the principal or his/her designee.

**Test results** are kept by the principal, secured in a locked file and maintained separately from students' cumulative records and discipline files. Test results shall be transferable

among campuses with the TaylorCountySchool District. Files of students in grades nine through twelve will be destroyed upon students' graduation, or if students are no longer in the Taylor County School System, files will be destroyed upon the students' projected graduation date. Files for students in grades six through eight will be destroyed upon completion of the eighth grade.

**(3) Positive Test Conference**

The principal shall schedule a positive test conference with the student and his/her parent/guardian/custodian and other appropriate school personnel as deemed necessary to discuss any positive test results and the consequences.

The parent/guardian/custodian has five (5) school days from the positive test conference to request in writing to the principal that the remainder of the sample is tested. The five-day window to request that the remainder of the sample be tested begins the day after the **Positive Test Conference**.

This test will be at parent/guardian/custodian expense. If the second analysis renders a negative result, then no further action will be taken and all records pertaining to a positive result will be expunged. If the parent/guardian/custodian does not request the second test or if the second test is positive, then the Procedures in the Event of Positive Result shall be implemented.

**(4) Procedures in the Event of Positive Result**

Whenever the MRO confirms and reports a positive test result and there is no negative second test result, the following shall occur:

**First Positive Result**

The student shall be ineligible to participate in all extracurricular activities for one year from the date of the positive test conference, **OR**:

- (a) The student shall receive a 10 day minimum or two (2) game suspension (whichever is more) from all extracurricular activities.
- (b) Suspensions shall not be limited to one sport or activity and can roll forward to the next sport or activity.

Within five (5) working days after the positive test conference the student must enroll in a substance abuse counseling program that is licensed by the State of Florida.

Counseling may be provided by a substance professional, a licensed clinical social worker, a licensed marriage and family therapist, a licensed psychologist or a licensed mental health counselor. Failure to enroll in or complete the aforementioned counseling program shall result in a suspension from all extracurricular activities for one year.

(c) The student must attend a minimum of six (6) sessions that must be completed within six weeks from the date of the positive test conference. Failure to attend the six sessions shall result in a suspension from all extracurricular activities for one year.

(d) Upon proof of enrollment in an approved substance abuse counseling program and completion of the ten (10) day suspension or two game suspension, the student may submit to another drug test. If the student has a negative test result, the student may resume participation in the extracurricular activities.

(e) In the event the test result is positive, the student moves to the second positive result level.

(f) The substance abuse program and subsequent drug tests shall be at the expense of the student and/or his/her parent/guardian/custodian.

(g) Once a student has an initial positive test result, he/she must be tested in all future student random drug testing for the remainder of his/her enrollment in the particular school in which that student is enrolled.

Should the student transfer to another school in the district with the same grade configuration (middle school to middle school, etc.), drug testing for all future student random drug testing at the new site must continue.

#### **Second Positive Test Result**

The student shall be ineligible to participate in all extracurricular activities for one year from the date of the second positive test conference.

#### **(5) Refusal to Submit to Random Testing**

If a student participating in extracurricular activities who has signed the consent form and whose name was randomly selected for testing refuses to be tested for alcohol or drugs the following shall occur:

(a) The principal or his/her designee must immediately attempt to contact the student's parent/guardian/custodian and advise them of the refusal of the student to take the test. If the parent/guardian/custodian also refuses for the student to be tested or the student continues to refuse to be tested, then the student shall be immediately suspended from all extracurricular activities for one year from the date of refusal.

(d) At the end of one-year suspension, the student shall be required to submit to a drug test and render a negative result in order to participate in any extracurricular activities. The test will be done at the expense of the student or his/her parent/guardian/custodian.

#### **(6) Non-Punitive**

No student shall be penalized academically for testing positive for alcohol or drugs. The results of the drug tests pursuant to this policy will not be documented in any student's academic records.

Information regarding the results will not be disclosed to criminal or juvenile authorities absent legal compulsion by a valid and binding subpoena other legal process, which the school shall not solicit. In the event of service of such subpoena or legal process, the student and his/her parent/guardian/custodian will be notified at least 72 hours before response is made by the school.

#### **DEFINITIONS:**

**Alcohol:** Any substance containing any form of alcohol including, but not limited to, ethanol, methanol, propanol and isopropanol.

**Drugs:** Cannabis, the seeds thereof, and the resin extracted from any part of the plant, narcotics, barbiturates and related tranquilizers and any other drug that is listed as a substance in Chapter 983, Florida Statutes. ## **Dangers and Consequences of Vaping**

The Taylor County School District is concerned about the well-being of their students and the impact that vaping has had on our students over the past few years. According to the American Lung Association has tried vaping and the use of e-cigarettes in the United States has increased so dramatically that the U.S. Surgeon General has called it a "youth epidemic". In order to help students and their parents deal with this situation we have provided some resources to help students overcome this addiction. In addition, the Taylor County Middle School and Taylor County High School have set up programs to give further assistance.

## **TAYLOR DISTRICT SCHOOLS NETWORK/INTERNET ACCEPTABLE USE POLICY**

### **Network Overview**

Taylor District Schools provides a telecommunications network accessible to all of its staff and eligible students as part of its overall goal of improving education. Responsible use of the network will enhance both educational and administrative activities.

The Internet is a global telecommunications network connecting millions of individual users. By means of infrastructure provided by Taylor County Schools, students, teachers and administrators will have access to the following:

- Worldwide electronic mail services
- Global information and news as well as the opportunity to correspond with other institutions
- Public domain and shareware computer software of all types
- Discussion groups on a broad range of topics

### **Network Warning**

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. There may be some material, individual contacts or communications which are not suitable for school-aged children. The Taylor District School Board views information retrieval from the network in the same capacity as information retrieval from reference materials identified by schools. Specifically, the district supports those activities which will enhance the research and inquiry of the learner with directed guidance from faculty and staff. However, on a global network it is impossible to control all materials and an industrious user may discover inappropriate information. **At school, each student's access to and use of the network will be under the teacher's direction and monitored as a regular instructional activity.** The district, however, cannot prevent the possibility that some may access material that is not consistent with the educational mission, goals and policies of the Taylor District School.

### **General Policy and Guidelines**

It is general policy that Taylor District Schools network facilities (referred to hereafter as "The network") are to be used in a responsible, efficient, ethical, and legal manner in accordance with the mission of Taylor District Schools. Users must acknowledge their understanding of the general policy and guidelines as a condition of receiving a logon id. Failure to adhere to the policy and guidelines may result in suspending or revoking the offender's privilege of access.

GUIDELINE I: Acceptable uses of the network are activities, which support learning and teaching. Network users are encouraged to develop uses which meet their individual needs and which take advantage of the network's functions: access to database, electronic mail, conferences, bulletin boards, and access to the internet

GUIDELINE II: Unacceptable uses of the network include:

Violating the conditions of the Education Code dealing with student's rights to privacy (FERPA).

Using profanity, obscenity, or other language, which may be offensive to another user.

Reposting personal communications without the author's prior consent.

Copying commercial software in violation of copyright law or other copyright protected material.

Using the network for financial gain or for any commercial or illegal activity.

GUIDELINE III:

Users must be aware of the finite capacity of the network and must cooperate with the network management to conserve resources and assure equitable access for all. The network has limited amount of bandwidth to serve a growing number of users. Users are expected to observe the following:

Limit on-line time to valid educational/administrative activities;

Minimize internet "surfing" by carefully preparing classroom activities;

Do not download from the Internet during peak hours (i.e., between 8 a.m. and 3 p.m.);

Prepare text files for uploading before logging on;

Log off before editing and printing downloaded files; and

Delete e-mail files in a timely manner.

GUIDELINE IV: Users should remember that e-mail is regulated by the same rules as any written communication. Misuse of e-mail is subject to disciplinary action by the site administrator.

GUIDELINE V: Classroom teachers and aides are responsible for teaching proper techniques and standards for participation, for guiding student access to appropriate sections of the network, and for assuring that students understand that if they misuse the network they will lose their privilege to use the network. Particular concerns include issues of privacy, copyright infringement, e-mail etiquette, and approved and intended use of network resources.

GUIDELINE VI: the person in whose name a logon id is issued is responsible at all times for its proper use. Users should be extremely careful with their passwords.

GUIDELINE VII: Users must avoid knowingly or inadvertently spreading computer viruses. Do not upload files from unknown sources. Deliberate attempts to degrade or disrupt system performance will be referred to the site administrator for disciplinary action and may be reviewed as criminal activity under applicable state and federal law.

GUIDELINE VIII: the network management accepts no responsibility for harm caused directly or indirectly by its use. Never consider electronic communications to be completely private. The network managers take every possible precaution to safeguard the privacy of e-mail, but instances of misdirected mail, mail inadvertently forwarded to others, and public posting of private correspondence by users may occur. In addition, credit card numbers or any other confidential data cannot be considered secure on the network.

· **Maintain confidentiality:** Do not post any confidential or proprietary information regarding yourself and/or others. Students can reveal some information about themselves (ethnicity, political beliefs, stance on issues, interests) but should not offer any confidential information (place of residence, phone number, discretely identifiable information, common 'hang-out' locations).

· **Know You Are Always “On”:** You must assume that your social media usage is visible to the world. Be sure to manage what and with whom you are sharing. Keep in mind that while we all have occasional frustrations; social media are not the best venues in which to air frustration as those comments are available to everyone.

· **Be Respectful:** Avoid remarks that are off topic or offensive. Always demonstrate respect for others' points of view, even when they're not offering the same in return. Never bully, pick fights, and do not respond to abusive comments. If you are sharing a negative experience, please try to do so in a constructive way.

· **Think Ahead:** Be smart about protecting yourself, your privacy and the privacy of others, and confidential or personal information. What you publish is widely accessible and will be around for a long time so consider the content and consequences carefully. Show good judgment as future employment and/or academic opportunities may be adversely affected by your comments.

· **The Internet is not anonymous, nor does it forget:** Everything written on the Web can be easily traced back to its author. Information is backed up often and repeatedly, and posts in one forum are usually replicated in others through trackbacks and reposts or references.

· **Avoid “hazardous” materials:** Do not post or link to any materials that are inflammatory, defamatory, harassing or indecent.

Inappropriate use of social media shall be reported to an employee's supervisor or to the District Director of Human Resources.
