Notice

All Dale County Schools have been inspected by an EPA-approved asbestos inspector and maintain a management plan file at the Dale County Board of Education as required under the AHERA regulations. The file is available to any parent to view.

Most of our asbestos material is non-friable and is in the form of floor tiles. Although we do have some friable (able to crumble with hand pressure) asbestos in our facilities, these materials are well maintained and are not accessible to the students. The law requires that we make this notice to all employees, students, and staff annually.

We are glad to provide a healthy atmosphere for students and staff.

Dale County Board of Education
