Sixth Grade Course Descriptions

Art 6

Art 6 is for all students. Throughout the year, students will create interesting art projects in many kinds of art media. Emphasis is on projects that are fun, skill developing, and integrated with core subjects.

Band 6

A second-year band course focused on expanding individual skills along with the challenge of playing together in a large group. This class meets two times per week and is intended for students who have completed one year of band instruction.

Choir 6

This course offers a large-group choral experience for any interested student. Emphasis is given to developing vocal technique and the enjoyment of singing. This class meets one time per week.

CSI Medicine & Space 6

This exciting course is an introduction to the worlds of aerospace and medicine. First semester students learn to be medical detectives as they collect and analyze medical data to diagnose diseases and solve medical mysteries. Second semester students engineer and test a variety of flying machines, while being introduced to the world of CAD (Computer Aided Design). There are many hands-on activities, including learning to check vital signs, completing a dissection, designing and working with airfoils, airplanes, bottle rockets, and planning to live on Mars (!). This class meets two times per week.

English Language Development

This yearlong elective supports multilingual learners in developing beginning to advanced English communication skills aligned to ELD state standards. Students build speaking, listening, reading, and writing skills with a focus on grammar, phonics, spelling, and non-verbal communication across academic disciplines. (Must be identified as a multilingual learner and have a WIDA level between 1 and 3.5)

Math Seminar 6

This is a course taken in addition to the student's regular mathematics class to support those students needing additional support with mathematical concepts and skills as they enter the sixth grade (by teacher/parent recommendation and/or assessment).

Orchestra 6

A second-year string course focused on expanding individual skills along with the challenge of playing together in a large group. This class meets two times per week and is intended for students who have completed one year of orchestra.

Physical Education 6

This class provides a variety of recreational fitness and skill-building activities that promote teamwork, sportsmanship, and life-long physical fitness.

Spanish 6

Students will increase their knowledge and develop greater proficiency in comprehension, speaking, reading and writing Spanish in a meaningful and interdisciplinary context. Students will also continue their study of Hispanic culture. This class meets two times per week.
