ARCHBISHOP DAMIANO SCHOOL

Making a difference in the lives of our students

Video Conferencing Permission Form

School Year 2021 - 2022 Video Based Classroom Instruction

There are a number of classroom applications for videoconferencing. In the past, our students have used Skype to participate in joint projects with students from another school, interview authors, and hear about life in other countries. Classrooms are now using Microsoft Teams for Class collaboration. Zoom may also be used for communications as necessary.

Archbishop Damiano School is requesting permission for your child to participate in video-based classroom activities. Please be aware that in giving permission you acknowledge that your child can be seen by participants at the other end of the video link. Furthermore, your child may be interacting, either verbally or through an alternative communications system, with participants outside of our school community. Your child's first name may be used during a video session, but under no circumstances will your child's full name, address, or any other identifying information be disclosed.

By giving permission you assume full responsibility for your child's participation in video-based classroom instruction. In granting this yearly permission you relieve the ARCHBISHOP DAMIANO SCHOOL AND THE DIOCESE OF CAMDEN, NEW JERSEY and its Bishop of any liability with respect to these activities.
