

September 2021

Dear Purple Cat Families,

The Artion Elementary School playground was damaged by a falling tree during a thunderstorm this past summer. The playground equipment needs to be replaced. We need your help with a new playground project, "Purple Cats Want to Play". This fundraiser is being organized and promoted by *The Purple Planners*, an event planning and management class at Ariton High School. These talented students created our flyer and are working on other fundraisers to help meet our goal of \$30,000.00.

If you would like to make a donation of any amount, you may send cash or a check to the school with your student noting this is for the playground fundraiser. Please see the flyer for donation tiers. We hope to reach our goal by December 10, 2021.

Thank you for your support, and our Purple Cats look forward to playing soon!

Sincerely,

A handwritten signature in black ink, appearing to read "Josh Herring". The signature is stylized with large loops and a prominent "H".

Josh Herring  
Principal, Ariton School
