

## Business Manager Report

Title grants thru web grants have been approved

I would like to have a teacher budget where each class can only get a certain amount to spend throughout the year instead of a big fall order. I also would like it to be a little black and white, for instances decorations, bean bags, rugs etc should these be included?

Cherish has finished up her time assisting me.

The revised Financial report was resubmitted 9/4

We do have money left over on an Erate grant that we received. I did call and talk to David about it and we can possible use some of this money for a new phone system from WRT. We had WRT out a few weeks ago and our phones are obsolete and they have no way to even fix them in we need them fixed. They did also come out when I was gone and left a brochure on what they have to offer. I am waiting for a estimate on how much it will cost about. We do have about \$20,000 that needs to be used up by April.
