## SUPERINTENDENT'S MESSAGE

In order for the Gadsden County School District to perform effectively, it must operate within a system of rules. These rules are written in the Code of Student Conduct to ensure a safe learning environment for the students who attend our schools. We know that there are many factors that contribute to discipline problems in a school; consequently, schools have the responsibility to encourage, promote, and maintain effective disciplinary practices.

The contents of this document apply to all students in grades Pre-K -12, unless otherwise stated. The information contained in the Code of Student Conduct is written specifically to ensure that each student associated with school activities has positive experiences in a safe learning environment.

This document will explain the rules of the Gadsden County School District, student rights and student responsibilities, disciplinary actions, and the disposition of school records. While this document does not contain all the Florida Statutes referenced herein, a copy of those statutes can be obtained from the district office at 35 Martin Luther King, Jr. Boulevard in Quincy upon request or viewed on the State of Florida website at <http://www.leg.state.fl.us/statutes/>

The administrators and school personnel will continue to promote and maintain the kind of leadership that will foster a healthy dose of intervention, prevention, and the encouragement to discontinue those behaviors that are not acceptable to a safe learning environment. As we continue to find ways to make all of our schools safer, we realize that consequences for inappropriate behavior must be fair, consistent, and comply with policies as conflicts are resolved and undesirable behavior is modified.

Please read and thoroughly discuss this document with your child. Help us maintain the safe school status which we all desire throughout our district. We want to ensure that each student will have positive experiences in a safe, nurturing learning environment.

Respectfully yours,

*Elijah Key*

## **JURISDICTION OF THE SCHOOL BOARD**

The Code of Student Conduct and the Positive Student Management Discipline Plan were adopted by the Gadsden County School Board and are compatible with the Florida State legislative codes. Subject to law and rules and regulations of the State Board of Education of the State of Florida, each student enrolled in a school shall, during the time he/she is being transported to or from school at public expense, during the time he/she is attending school, including the time during which he/she is proceeding from one school center to another during the school day, and during the time he/she is on the premises of any publicly supported school in this district, be under the control and direction of the principal or teacher in charge of the school, and under the immediate control and direction of the teacher or other member of the instructional staff or the bus driver to whom such responsibility may be assigned by the principal; and each such student shall, during the time he/she is otherwise en route to or from school at public expense, or is presumed by law to be attending school, be under the control and direction of the principal or teacher in charge of the school where he/she is enrolled.

## **DISCRIMINATION STATEMENT**

No person shall, on the basis of race, color, religion, sex, national origin, handicap, age, or marital status, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under, any education program or activity.

This practice shall apply equally to students, employees and all persons having business with the School Board.

## **PLEDGE OF ALLEGIANCE**

The pledge of allegiance to the flag shall be recited at the beginning of the day in each public elementary, middle and high school in the Gadsden County School District. Upon written request by his or her parent, a student shall be excused from reciting the pledge, including standing and placing the right hand over his or her heart. When the pledge is given, unexcused students must show full respect to the flag by standing at attention, men removing headdress, except when such headdress is worn for religious purposes.

# STUDENTS' RIGHTS AND RESPONSIBILITIES

It is the intent of the Students' Rights and Responsibilities, as expressed in the Code of Student Conduct that students understand that their rights must be accompanied by corresponding responsibilities.

Florida's School Improvement and Accountability System states that all school communities will provide an environment that is alcohol and drug-free and protects students' health, safety, and civil rights.

## I. ATTENDANCE (brick and mortar ~~or remote learning~~)

All questions relating to the attendance policy are to be directed to the school's attendance office first, and then if needed, the school principal.

Florida law requires each parent/guardian of a child from age six (6) to sixteen (16) years to be responsible for the child's school attendance. Regular attendance is the actual attendance of a pupil during the school day as defined by law and regulations of the state board.

The school attendance law was amended by the 1997 Florida Legislature to require that any sixteen or seventeen year old student withdrawing from school must file a formal declaration of intent to terminate school enrollment with the district school board.

A student is considered "truant" when he/she is not in attendance without approval of the principal and/or consent of the parent/guardian. School-based interventions will occur for all truant students.

A student is considered a "habitual truant" when he/she has 15 unexcused absences within 90 calendar days.

### DISTRICT ATTENDANCE GOAL 2023-2024 SCHOOL TERM

The educational program offered by this District is predicated upon the presence of the student and requires continuity of instruction and classroom participation. Attendance shall be required of all students enrolled in the schools during the days and hours that the school is in session. School attendance shall be the responsibility of parents and students. Absences shall be reported to the school attendance office by the parent or adult student as soon as practicable.

In accordance with statute, the Superintendent shall require, from the parent of each student of compulsory school age or from an adult student who has been absent from school or from class for any reason, a statement of the cause for such absence. The School Board reserves the right to verify such statements and to investigate the cause of each single absence.

In addition, educators shall have the responsibility of encouraging regular attendance of students, maintaining accurate attendance records, and following reporting procedures prescribed by the Superintendent.

Provision shall be made for promoting school attendance through adjustment of personal problems, education of parents, and enforcement of the compulsory attendance laws and related child-welfare legislation. Accordingly:

- A. ~~T~~eachers shall record absentees each period of the school day and report those absences;
- B. ~~P~~arents should be notified each time their child is absent insofar as possible;
- C. ~~W~~hen a student has been absent three (3) consecutive days and the school has been unable to ascertain the reason for the absences, the absences shall be investigated or at any other time if deemed necessary by the school principal.
- D. ~~A~~bsences must be reported to the school by the parent or adult student as soon as practicable. Failure to report and explain the absence(s) shall result in unexcused absence(s). The final authority for determining

acceptability of the reason for the absence(s) shall rest with the principal.

### **School-Based Intervention Procedures for Truant Students**

The Board requires that the following school-based intervention procedures be adhered to for truant students:

- A. After three (3) days of unexcused absences, within a ninety (90) day period, a parent/guardian/student contact/conference is conducted by teacher/school designee.
- B. After five (5) days of unexcused absences, within a ninety (90) day period, a referral is made to the principal to send a certified letter to parents/guardians and possibly to convene a student study team. NOTE: Student study team is to convene when a student misses five (5) unexcused absences within thirty (30) calendar days, or when a student misses ten (10) days within ninety (90) calendar days.
- C. After ten (10) days of unexcused absences within a ninety (90) day period, the student is referred to the visiting teacher.
- D. After fifteen (15) unexcused absences within a ninety (90) day period, the student is considered "habitually truant," pursuant to [F.S. 1003.27\(b\)](#).

The Florida Legislature enacted requirements that school districts report to the Department of Highway Safety and Motor Vehicles (DHSMV) the names, birthdates, sex, and social security numbers of minors who attain the age of fourteen (14) and accumulate fifteen (15) unexcused absences in a period of ninety (90) calendar days. The legislation further provides that those minors under age eighteen (18) who thus fail to satisfy attendance requirements or drop out of (voluntarily withdraw from) school will be ineligible for driving privilege. Additional information about procedures and waivers is available from the school administration or guidance office.

Chronic truancy or deliberate nonattendance in excess of fifteen (15) school days within a semester shall be sufficient grounds for withdrawal of students sixteen (16) years of age or older, who are subject to compulsory school attendance under [F.S. 1003.21](#).

### **Excused Absence**

If the absences are excused, all educational requirements for the course shall be met before a passing grade and/or credit is assigned. The student shall have a reasonable amount of time, up to ten (10) school days, to complete make-up work for excused absences. Principals may grant extensions to the make-up time limit for extenuating circumstances. Regarding make-up of the work missed as a result of unexcused absences, each principal shall establish site-specific policies that encourage both regular attendance and high academic achievement, and shall review and modify these policies from time-to-time as required to maintain and improve their effectiveness.

The Board considers the following factors to be reasonable excuses for time missed at school:

- A. Personal illness of the student (medical evidence may be required by the principal or designee for absences exceeding five (5) consecutive days).
- B. Court appearance of the student.
- C. Medical appointment of the student.
- D. An approved school activity (absences recorded but not reported).
- E. Insurmountable problems. Prior permission by principal or designee is required except in the case of an emergency.
- F. Other absences with prior approval of the Principal.
- G. Attendance at a center under Children and Families Services supervision.
- H. Significant community events with prior permission of the principal. When more than one (1) school is involved, the Area Superintendent will determine the status of the absence.

- I. Religious holiday (See Board Policy 3.18 and 5.40).
- J. Death in the immediate family.

Absences not included in excused absences listed above shall be unexcused.

Pursuant to State law, unexcused tardiness or absences shall not be grounds for suspension from school, but may result in other disciplinary consequences, such as detention or placement in existing alternative programs.

Any student who fails to attend any regularly scheduled class and has no excuse for absence should be referred to the appropriate administrator. Disciplinary action should include notification to parents or guardians.

The Superintendent shall develop administrative procedures that:

- A. Provide the student and his/her parents with the opportunity to challenge the attendance record prior to notification and that such notification complies with applicable Board rules;
- B. Govern the keeping of attendance records in accordance with the rules of the State Board;
- C. Identify the habitual truant, investigate the cause(s) of his/her behavior, and consider modification of his/her educational program to meet particular needs and interests;
- D. Require that students whose absence has been excused have an opportunity to make up work they missed and receive credit for the work, if completed;
- E. Require that any student, who, due to a specifically identifiable physical or mental impairment, exceeds or may exceed the District's limit on excused absence, is referred for evaluation for eligibility either under the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973 or other appropriate accommodation.

Such regulations should provide that a student's grade in any course is based on his/her performance in the instructional setting and is not reduced for reasons of conduct. If a student violates the attendance or other rules of the school, s/he should be disciplined appropriately for the misconduct, but his/her grades should be based upon what the student can demonstrate s/he has learned.

Whenever any student has a total of fifteen (15) days of unexcused absence from school during any semester, s/he will be considered habitually absent. The Board authorizes the Superintendent to inform the student and his/her parents of the record of excessive absences as well as the District's intent to notify the Registrar of Motor Vehicles, if appropriate, and the Judge of the Juvenile Court of the student's excessive absences.

Students may not be given excused absences to remain out of school for the purpose of working, unless the job is an integral part of the student's instructional program.

## VIII. WIRELESS COMMUNICATION DEVICES

The School Board is aware that wireless communication devices (WCDs) are used by students and parents to communicate with each other. However, the use of wireless communication devices (WCDs) on school grounds must be appropriately regulated to protect students, staff, and the learning environment. This policy sets forth the District's policy with respect to WCDs.

Students may possess wireless communication devices (WCDs) in school, on school property, during after school activities (e.g. extra-curricular activities) and at school-related functions, provided that during school hours and on school vehicles the WCDs are used for educational purposes for grades K-8 and at the discretion of the principal in grades 9-12.

A "wireless communication device" is a device that emits an audible signal, vibrates, displays a message, or otherwise summons or delivers a communication to the possessor. The following devices are examples of WCDs: cellular and wireless telephones, pagers/beepers, personal digital assistants (PDAs), Blackberries/Smartphones, Wi-Fi-enabled or broadband access devices, two-way radios or video broadcasting devices, laptops, and other devices that allow a person to record and/or transmit, on either a real time or delayed basis, sound, video or still images, text, or other information. Students may not use WCDs on school property or at a school-sponsored activity to access and/or view Internet web sites that are otherwise blocked to students at school.

Also, during after school activities when directed by the administrator or sponsor, WCDs shall be powered completely off (not just placed into vibrate or silent mode) and stored out of sight.

The requirement that WCDs must be powered completely off will not apply in the following circumstances when the student obtains prior approval from the building principal:

- A. The student is a member of a volunteer fire company/department, ambulance or rescue squad.
- B. The student has a special health circumstance (e.g. an ill family member, or his/her own special health condition).

The student is using the WCD for an educational or instructional purpose (e.g. taking notes, recording a class lecture, writing papers) with the teacher's permission and supervision. However, the use of any communication functionality of the WCD is expressly prohibited. This includes, but is not limited to, wireless Internet access, peer-to-peer (ad-hoc) networking, or any other method of communication with other devices or networks. In no circumstances shall the device be allowed to connect to the District's network. The preceding prohibitions do not apply to Board-owned and issued laptops, PDAs or authorized assistive technology devices.

Students are prohibited from using WCDs to capture, record or transmit the words (i.e. audio) and/or images (i.e., pictures/video) of any student, staff member or other person in the school or while attending a school-related activity, without express prior notice and explicit, written consent for the capture, recording or transmission of such words or images. Using a WCD to take or transmit audio and/or pictures/video of an individual without his/her consent is considered an invasion of privacy and is not permitted, unless authorized by the building principal. Students who violate this provision and/or use a WCD to violate the privacy rights of another person may have their WCD confiscated and held until the parent is contacted and picks up the device from the school.

"Sexting" is prohibited at any time on school property or at school functions. As set forth in State law, sexting is the knowing transmission or distribution to another minor by a computer or similar device any photograph or video of any person that depicts nudity and is harmful to minors. Sexting also includes possessing a photo of any person that was transmitted or distributed by another minor that depicts nudity. Such conduct not only is potentially dangerous for the involved students, but can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the WCD.

The use of WCDs that contain built-in cameras (i.e. devices that take still or motion pictures, whether in a digital or other format) is prohibited in locker rooms and/or bathrooms and other areas where there is an expectation of privacy.

No expectation of confidentiality will exist in the use of WCDs on school premises/property.

Students are prohibited from using a WCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated. See Policy 5.321 – Bullying and Harassment. In particular, students are prohibited from using their WCDs to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, national origin, sex, sexual orientation, age, disability, religion, or political beliefs; and (2) send, share, view or possess pictures, text messages, e-mails or other materials of a sexual nature (i.e., sexting) in electronic or any other form. As set forth in State law, sexting is the knowing transmission or distribution to another minor by a computer or similar device any photograph or video of any person that depicts nudity and is harmful to minors. Sexting also includes possessing a photo of any person that was transmitted or distributed by another minor that depicts nudity and is harmful to minors. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a WCD to capture and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using their WCDs to receive such information.

Possession of a WCD by a student is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise engages in misuse of this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the WCD. The building principal may also refer the matter to law enforcement if the violation involves an illegal activity (e.g. child pornography). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the WCD is confiscated, it will be released/returned to the student's parent/guardian after the student complies with any other disciplinary consequences that are imposed. In particular, egregious offenses involving the invasion of another person's privacy, the Board reserves the right to confiscate the WCD and hold it. A confiscated device will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent/guardian. WCDs in District custody will not be searched or otherwise tampered with unless school officials reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Policy 5.321 Search and Seizure. If multiple offenses occur, a student may lose his/her privilege to bring a WCD to school for a designated length of time or on a permanent basis.

A person who discovers a student in possession of or using a WCD in violation of this policy is required to report the violation to the building principal.

Students are personally and solely responsible for the care and security of their WCDs. The Board assumes no responsibility for theft, loss, damage, or vandalism to WCDs brought onto its property, or the unauthorized use of such devices.

Parents/Guardians are advised that the best way to get in touch with their child during the school day is by calling the school office.

Students may use school phones to contact parents/guardians. Students may use their WCDs after the school day has ended.

(F.S. 1006.147)

The Gadsden County School Board prohibits acts of bullying and harassment. The School Board has determined that a safe and civil environment in school is necessary for students to learn and achieve high academic standards. Bullying or harassment, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe environment. Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate bullying or harassment is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

Bullying includes cyberbullying and means systematically and chronically inflicting physical hurt or psychological distress on one or more students or school employees.

Bullying or harassment is any gesture or written, verbal, graphic, or physical act (including electronically transmitted acts – i.e. internet, cell phone, or wireless handheld device) that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression; or a mental, physical, or sensory disability or impairment; or by any other distinguishing characteristic. Such behavior is considered harassment or bullying whether it takes place on or off school property, at any school-sponsored function, or in a school vehicle.

1. Statement Prohibiting Bullying and Harassment

- A. It is the policy of the Gadsden County School District that all of its students and school employees have an educational setting that is safe, secure and free from harassment and bullying. The District will not tolerate bullying and harassment of any kind. Conduct that constitutes bullying and harassment, as defined herein, is prohibited.
- B. The District upholds that bullying or harassment of any student or school employee is prohibited:

It is further defined as unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by a student or adult, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school performance or participation; and may involve but is not limited to:

- D. **Cyberbullying** means bullying through the use of technology or any electronic communication, which includes, but is not limited to, any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photoelectronic system, or photo optical system, including, but not limited to, electronic mail, Internet communications, instant messages, or facsimile communications. For Federal requirements when these acts are against Federally identified protected categories, refer to Board Policy 2.70 [\(F.S. 1000.05\(2\)\(a\)\)](#)
- F. **Accused** is defined as any District employee, consultant, contractor, agent, visitor, volunteer, student, or other person in the school or outside the school at school-sponsored events, on school buses, and at training facilities or training programs sponsored by the District who is reported to have committed an act of bullying, whether formally or informally, verbally or in writing, of bullying.

- B. The District believes that standards for student behavior must be set cooperatively through interaction among the students, parents/legal guardians, staff, and community members producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for District and community property on the part of students, staff, and community members. The principal/designee shall use all District Reporting Systems to log all reports and interventions.

# School Violence: Suggested Prevention By District Safety Committee

School violence can be prevented. Research shows that prevention efforts – by teachers, administrators, parents, community members, and even students – can reduce violence and improve the overall school environment. No one factor in isolation causes school violence, so stopping school violence involves using multiple prevention strategies that address the many individual, relationship, community, and societal factors that influence the likelihood of violence. Prevention efforts should ultimately reduce risk factors and promote protective factors at these multiple levels of influence.

## **A. What Is a School Crime Watch?**

Based on the Neighborhood Watch concept, a school crime watch helps youth watch out for each other to make the entire school area safer and more enjoyable. The school crime watch is a student-led effort that helps youth take a share of responsibility for their school community. Youth who participate in a school crime watch learn how to keep from becoming victims. They also learn the best ways to report suspicious activities or arguments between students before they turn into fights or other disturbances.

## **B. Planning a Successful Project**

For more information on how to plan a successful project, see the National Youth Network’s Planning a Successful Crime Prevention Project. This 28-page workbook explains the five steps of the Success Cycle:

- Assessing Your Community’s Needs.
- Planning a Successful Project.
- Lining Up Resources.
- Acting on Your Plans.
- Nurturing, Monitoring, and Evaluating.

The workbook includes six worksheets for you to take notes on. You can get a copy of this planning workbook from the Juvenile Justice Clearinghouse, listed in the Resources section.

## **C. What Are Some Possible School Crime Watch Activities?**

### **Student Patrol Program**

A student patrol can be a powerful component of a school crime watch. These groups go beyond traffic safety patrol programs. They look for and report signs of crime and help keep crime off campuses. This moves the program from an informational and teaching posture to one of action. Patrol activities include monitoring halls and parking lots between classes and during lunch. This alone can reduce the number of crime related incidents. In schools with active patrols, crime has dropped 20 to 75 percent. Recognize, however, that if the patrol is not accepted by a majority of students, it can easily be seen as a group of “snitches.”

### **Anonymous Reporting System**

Another school crime watch activity is setting up an anonymous reporting system. A reporting system is critical to the success of a school crime watch program. Students should report crime or incidents because they are serious issues, not because they want to get someone they don’t like into trouble. If an incident is not reported, it might escalate into a dangerous situation for the students involved. Reporting should be done on an anonymous basis, and all crime watch reports should be kept confidential. Such a reporting system can produce tips on areas to watch on the school grounds and reveal other issues of concern to students.

Crimestoppers International and Youth Crime Watch of America have worked with schools to implement these kinds of programs and can provide you with more specific information.

## **D. Other Activities for School Crime Watch**

Student crime watch programs can perform a number of other activities to promote the overall health of the school. These include: Hosting drug- and alcohol-free parties.

- Sponsoring crime prevention fairs.
- Working with local elementary schools on child safety issues.
- Writing a column about crime prevention for your local or school newspaper.
- Presenting daily or weekly crime prevention tips over the PA system during morning announcements.
- Teaching drug prevention, personal safety, and conflict resolution to peers and younger students.
- Organizing school cleanups.

**PUBLIC NOTICES WITH PARENTAL OPT-OUT PROVISIONS  
DIRECTORY INFORMATION / PHOTOGRAPHS / PUBLICATIONS**

From time to time, The Gadsden County School District photographs or videos students, and occasionally posts student-produced work online for public recognition. Local media often utilize these photographs and videos, and/or work, or come on campus with school permission to photograph or video students. Additionally, students may be videoed by school personnel for diagnostic/educational purposes. The Gadsden County School District may use these photographs, videos and work for an indefinite period of time unless the parent chooses to OPT-OUT, in writing. However, if the parent chooses to OPT-OUT, the Gadsden County School District shall not be required to recall affected work, publications, photographs, videos, and any other recorded images taken prior to the parent's OPT-OUT authorization.

If the parent does not wish photographs and/or videos of his/her child released, or does not want their child's work posted online, he/she must notify the student's school (Attn: Registrar Office), by completing this OPT-OUT form. The District will then take every reasonable effort to ensure such photographs, videos, and work will not be released. **THIS PARENTAL OPT-OUT OPTION DOES INCLUDE THE PUBLICATION OF PHOTOGRAPHS OR VIDEO TAKEN FOR THE SCHOOL YEARBOOK OR SIMILAR PUBLICATIONS.**

=====

**PARENT'S OPT-OUT AUTHORIZATION**

**I understand that when I sign this Opt-Out form, I am instructing the Gadsden County School District not to take photographs or videos of my child and not post any of their work or post photographs/videos of their participation in school events, and the school yearbook.**
