School Counts by Mode of Instruction or Learning Model

In the scheduling period that includes May 7th, how many schools in your district offered each mode of instruction or learning model described below? Each row should account for all schools in your district, so that, for each row, the sum of the numbers in the "offered to all students," "offered to some students," and "not offered" columns is equal to the number in the "Number of schools Reported Here" column. The number of schools in the "Number of schools reported from SR" column was derived from the schools reporting students in SR. An example of "offered to some students" would be when all 4th and 5th graders are online only but K-3rd is offered as online or in-person.

Multiple Grade Bands Schools should be used whenever the grades in a school cross into another school type grade band. Examples of Multiple Grade Bands Schools would be: grades KK-06, grades 05-08, or grades 08-12.

#	Number of Schools	Number of Schools from SR	Elementary Schools(PK-05)			Middle Schools(06-08)			High Schools(09-12)			Multiple Grade Bands Schools			Number of Schools Reported Here
