Dear Parent,

Students enrolled in Georgia schools are required to receive immunizations to attend school or to provide documentation of religious exemption from this requirement. The O.C.G.A. § 20-2-771 allows for schools to extend a 90-day grace period for parents/students to comply with this law. October 31, 2024 marks 90 days since the first day of school for Fannin. After October 31, your student's enrollment could be an issue without proof of vaccination or religious waiver on file.

If you have any questions regarding the required immunization, please contact your primary care physician or the Fannin County Health Department at 706-632-3023. If you would like to complete a religious waiver, please reach out to your student's school or go to the District website and then obtain the proper documentation/notary.

Your immediate attention is appreciated.
