Dr. Angela Jacobs, Interim Superintendent

IMMEDIATE RELEASE

AUGUST 1, 2025

WILLIAMSBURG COUNTY SCHOOL DISTRICT BEGINS 2025–2026 SCHOOL YEAR

The Williamsburg County School District (WCS D) welcomed students from across the district back to classrooms on August 1, 2025, marking the official start of the 2025–2026 school year. Under the district’s Modified Year-Round Calendar, students and staff follow a phased schedule that includes intersessions and strategic breaks, all designed to enhance learning and well-being without extending the total number of instructional days. Educators returned on July 23 for professional development and preparation before welcoming students.

The day began smoothly across campuses, many of which hosted welcome activities, meet-and-greets, and celebrations to create a positive atmosphere for the year. Teachers returned ready after a week of professional development sessions, and students arrived eager to learn, many carrying new supplies, smiles, and excitement for what lies ahead.

The excitement in the air was palpable as students, educators, and families came together to launch a new academic year focused on themes of unity, learning, and potential. Classrooms buzzed with energy as teachers greeted students in redesigned learning environments, and hallway decorations reflected WCS D’s priorities for 2025.

This year, WCS D continues its emphasis on academic achievement, student wellness, and expanding digital learning tools. Several schools unveiled new technology, upgraded facilities, and enhanced support services—all designed to create safe, innovative, and nurturing environments for teaching and learning. The Williamsburg County School District is poised for a year of growth, learning, and community partnership. We welcome students and staff back with optimism and a shared commitment to educational excellence.
