Welcome, everyone. I hope this school year will be the best year ever for you and your child. Please be reminded of the following information. Changes have been made to some policies.

I understand the importance of school attendance and its impact on academic success. Greater than five (5) unexcused absences, eight (8) parent excused absences, and fifteen (15) unexcused check-in (tardies) or check-outs is considered excessive and may result in truancy violations and/or loss of privilege to return to the magnet program.

A student is considered tardy if he/she arrives at school after 8:10 a.m.

Reteach and Retest Policy

Guidelines

Reteaching is an essential part of instruction that promotes student learning. After necessary reteaching has been provided, students are allowed **one retest per subject on the first assessment where a student fails a major grade. The higher of the two grades will be recorded in the gradebook.** Reteaching and retesting should occur within a reasonable time frame.

If the class average on any major assessment is 65 or below, then reteaching and retesting must occur with the entire class promptly. The teacher will record the higher of the two grades in the gradebook.

***These guidelines are not applicable to weighted courses.

Promotion/Retention Policy
