

# A Note from Miss Day's Math Class

Check out some vital information below. It's going to be a great year!

- I allow basic calculators in my class for students to check over their work. I want to make sure students know how to accomplish skills and standards from the lower grades. These are only allowed AFTER your student has completed and shown their work. I will let you know if your child is using their tool inappropriately.
- Grading: Major-50% (tests & projects) Minor-40% (DMR Quizzes/Quizzes)  
HW-5% Math skill- 5% (Fluency Quizzes)
- Homework is typically given Monday-Thursday. Wednesday homework will be limited to 10 problems or none will be given. Homework is checked for completion with shown work.
- The homework grade starts off as a 100, and each signature in my HW Notebooks takes off 5 points off their homework grade. This is classified as a MINOR grade.
- Please try to have your child in my class daily. Math class blocks are 8:10-9:30 and 1:30-2:45 daily.
- If your child is not fluent in ALL of their multiplication/division facts on Reflex, then I expect them to work on Reflex daily until complete. Your child may come in my room before class time before 7:45 in the morning for use.
- Students are **always** welcome in my room in the mornings for questions, help, and make up work. If needed, we can schedule a day for make ups.

If you have any questions or concerns about Math class, please feel free to contact me at [taylor.day@acboe.net](mailto:taylor.day@acboe.net), through ClassDojo, AND join remind Send @day707math
