7. Report of the Principal– School news-upcoming events
   - COVID cases increased drastically at the beginning of the school year. The school health officials met with heath Department and CDC to put mitigation guidelines back in place. Students were separated in classrooms and lunch.
   - Only 80 students with COIVD in school system before fall break
   - One of the only districts in the state to continue school during the pandemic.
   - MAP fall assessment showed good students' performance. We can use this data to prepare lessons, enrich students and remediate students who are missing standards. We will take this assessment in December to see growth in students' performance.
   - Matt Arthur updated our mission and vision this year. It is posted at the bottom of the agenda.
   - Ms. Dickson asked if the benchmark would be re-evaluated based on the gap from COVID. The standards would not change but remediation plans were in place to help those students who have not met grade level standards. EIP, CFA's and tutoring to close the gap.
