About ASBAIT

The Arizona School Boards Association Insurance Trust or ASBAIT was established in 1981 by the Arizona School Boards Association. Its formation was in response to Arizona school administrators desire to obtain comprehensive health benefits at reasonable costs. Meeting the needs of employees and their dependents is at the core of ASBAIT's philosophy. These factors differentiate ASBAIT plans from commercial employee benefit programs making it the number one choice with Arizona schools.

Mission statement

The mission of the Arizona School Boards Association Insurance Trust (ASBAIT) is to set the standard for service, benefits and affordability for the health care of Arizona's school employees and their dependents.

Governance

ASBAIT was set up and operates by an "Agreement and Declaration of Trust" in accordance with the laws of the State of Arizona, including, without limitation, Arizona Revised Statutes Section 15-382 as it may be amended from time to time.

Operational authority of the Trust is by the Board of Trustees. The ASBAIT Board of Trustees is comprised of governing board members, superintendents, and business managers from member districts from across the state. As Trustees end their term of service and seats become available, the ASBA executive director will select, interview and make Trustee recommendations to the Arizona School Boards Association's (ASBA) board for appointment.

The Trustees meet four to six times per year to conduct the business of the Trust. Their major responsibilities include approving renewal procedures, overall budget, contractors, and independent audit and actuarial reports. The Trustees may also hear and make decisions on Appeals or Exceptions for claim payments to member employees or dependents.

"We believe the school employees who work each and every day educating, nurturing, guiding and protecting students must be supported to perform to their highest ability, and we believe that begins with their health."

Barbara Underwood, ASBAIT Chairperson

Bring healthy balance back to your life

Finding your perfect balance

ASBAIT knows how important it is that you understand how your benefits work.

That's why this packet contains:

- Useful information about your benefits plan.
- Everything you need to choose the best options for you and your family.
- Instructions on how to enroll, and to begin using your new benefits.

Why do we feel this is important? Because, let's face it, living today can be larger than life. Getting through the day at top speed is a sign of our hurry-up, drive-through times. Many people put themselves at the bottom of their to-do lists, giving everything else the best of their energy.

In this way, life gets out of balance. Most of us can keep juggling it all until one day health and well-being begin to pay the price.

Take a deep breath, step back and see the big picture. Help yourself. Put that life on pause for a few minutes, and take the time to read this packet. You'll see that ASBAIT and your employer provides tools, resources and benefits to help you regain your best life and make smart health care decisions.

We want to help you get the most from your benefits—so you can live a life that's balanced and informed.

A balanced life means a healthier you.

These materials were created to help you understand the benefits available to you. This is not a Summary Plan Description (SPD) and is not intended to replace the benefit summary or Schedule of Benefits (SOB) contained within the plan. If any provision of these materials is inconsistent with the language of the plan, the language of the plan will govern. Meritain Health is not an insurer or guarantor of benefits under the plan.

How health care reform affects your plan

In March 2010, President Obama signed the Affordable Care Act, or ACA, into law. The ACA, also known as health care reform, includes certain consumer protections that apply to your health plan, for example, the requirement for the provision of preventive health services without any cost sharing. Be sure to review the important information about the ACA that is included throughout this kit.

Important things to know about eligibility

Health plans are put together carefully to provide the best benefits possible for participants. ASBAIT and Meritain Health know how important it is for health care consumers like you to really understand how your plan works. In this way, you can make the changes you want in your health and in your life. The next section of this packet describes some of the most important provisions of your benefits. It's another way we're working with you to help you get the most from your benefits—so you can live a life that's balanced and informed, with no surprises.

Special enrollment situations

In some situations during the year or after open enrollment, you may be able to add, delete or change your benefit choices.

- Involuntary loss of other benefits.
- Change in marital status.
- Death of covered spouse or dependent.
- Birth.
- Adoption.
- Placement of a child in your home for adoption.

Refer to the Summary Plan Description (SPD) for a full description of special enrollment.

Healthy balance for your family, too

Your family members can also reap the rewards of the plan. Health care benefits are available for every eligible dependent. It's a great way to help your family members find the right balance between life's "roller-coaster ride" and their best health. Be sure your family knows about the opportunities open to them—share this packet and other materials you receive from the plan!

Your eligible dependents

This benefit plan is open to you and your eligible dependents. An eligible dependent is:

- Your spouse (as defined in your plan documents).
- Your children, natural or adopted.
- Stepchildren.
- A domestic partner that is living in your home (could vary by district).
- Children who have been placed with you for adoption.
- Children for whom you are the legal guardian.

ACA note: Dependent coverage is available for any child (regardless of marital status, residency, student status, etc.) of an employee who is deemed to be the employee's biological, step, foster or adopted child (including a child placed for adoption) until the end of the month in which such child reaches age 26.

Family members covered by a different plan

If a family member is covered by a different plan:

- You can enroll yourself and your eligible dependents in this plan.
- You can enroll yourself in this plan, but decline benefits for some or all dependent(s).
- You can decline benefits for your whole family.

Are your dependents still eligible for benefits under your plan?

Tell your employer if:

- You become divorced or are legally separated from a spouse who was covered under this plan.
- A dependent child ceases to meet the eligibility terms of the plan.

To enroll the dependent for COBRA—a special limited-time plan for continuing benefits at your own expense—you must notify your employer within 60 days of that person's change in dependent status.

When you have benefits from two group plans

If you or one of your dependents have benefits under both this plan and another plan, the two plans will coordinate your benefits. One plan will be considered the primary plan (or first payer) and the other will be the secondary plan (pays only after the first plan has paid).

Generally, Meritain Health uses a birthday rule to decide which plan would be the primary plan.

Please refer to your SPD for specific requirements.

If you say “no” to this plan now

You can refuse the benefits of this plan, but be sure you've looked at the pluses and minuses of that decision.

Important: If you don't enroll now, you'll have to wait for your employer to offer an open enrollment period or until you're eligible for a special enrollment due to a qualifying event.

Open enrollment period

You and your eligible dependents may enroll for coverage during this time called Open Enrollment. Your school will communicate your dates of open enrollment.

Read about your benefits in the next sections, and learn all you can about using your plan to make healthy changes. Think of the benefits and programs as an important resource in the protection of your body, mind and spirit!

Preventive care for you and your family—protecting your healthy balance

Question: Which is better: Taking an hour or two out of your busy day to have your annual checkup—or missing hidden symptoms and paying the price in sick days, copays and missed events?

Answer: Nothing makes more sense in these busy times than preventing illness before it happens. That's why your ASBAIT medical plan offers excellent benefits for preventive services.

Take an easy step towards good health

The number one way to help yourself and your family stay healthy is with preventive care. When combined with healthy eating and exercise, vaccines and early detection are your key to a long and healthy life. That's why ASBAIT and your employer offer many preventive treatments at no cost to you when you visit a doctor in your network.

Using your medical benefits

Save when you see network providers

The ASBAIT plan offers a provider network of doctors and other health care professionals who have agreed to accept lower amounts than their standard charges, just for members of the ASBAIT plan. These lower amounts are negotiated and predetermined. That means when you see a network provider, your share of costs is based on a lower charge—so your costs are lower, too.

Network providers are conveniently located in both urban and rural areas. Lower costs and convenient doctors and clinics are important ways that ASBAIT can support your efforts to stay well and have a healthy lifestyle—or to have simple access to care.

No referrals required

You don't have to choose a primary care doctor to direct all of your care or to provide referrals to specialists, but we recommend you build a relationship with an in-network primary care doctor who will help to coordinate your care with all members of your care team. For the best benefits, see providers that are in the network (called in-network or participating providers). Remember, if you see providers outside the network, you'll share more of the cost. To be sure the plan pays for charges from any out-of-network provider you choose, call customer service before you receive care.

Your Banner|Aetna Network

Maricopa, Pima, Coconino and Pinal County schools are eligible for this exclusive, patient-focused health care program. Banner|Aetna is working to reinvent the health care system in Arizona to deliver:

- More convenient visits for you that result in shorter wait times.
- A care model that empowers providers in your community.
- Greater efficiency and affordability with each visit.

The Banner|Aetna program allows you to build a deeper relationship with providers in the Banner Health Network system by putting the focus on you, the patient. You will experience medical care that is proactive, not reactive. This puts the focus on wellness and managed chronic conditions before more serious issues can develop.

ASBAIT Network: Banner|Aetna and Aetna Choice® Point of Service (POS) II networks

When you need medical services, you have access to providers in the Banner|Aetna network within Arizona, and the Aetna Choice POS II network nationally including Arizona. This is a broad national network that's provided with all ASBAIT health plans including over 277,079 primary care doctors, 497,710 specialists, 847,470 non-physician specialists and 6,248 hospitals. It's easy to find doctors and hospitals in your network. You can find network providers online or by phone.

About the Banner|Aetna network

You have access to an exclusive, patient-focused health care program right in your community!

- Banner|Aetna providers are available near you, and include a medical director, doctors, specialists and a full support staff.
- Providers use a shared database to ensure they're all accessing the same patient health history. This system ensures coordinated care and improved provider engagement throughout each member's health care journey.
- You'll get the support of an on-call nurse for help scheduling appointments, finding network providers, and answers to your health questions.
- We strongly encourage you to select a primary care physician to help coordinate your care with all members of your care team.

Why visit a provider in the Banner|Aetna network?

You pay lower out of pocket costs plus gain the advantage of connected providers offering more efficient care for the best possible health outcomes.

Your Banner|Aetna medical plan has three network benefit tiers for you to choose from:

Tier 1	Banner in-network (lowest cost share option) Banner Aetna is focused on driving the quality of care through greater efficiency and affordability.
Tier 2	Aetna Choice Point of Service II (POS II) A broad national network that's provided with all ASBAIT health plans.
Tier 3	Out-of-network coverage (highest cost share option)

When it's an emergency

If you can't see a network provider in an emergency, don't worry! Your plan will cover out-of-network emergency charges at the in-network level. For more information, refer to your SPD.

When out-of-network charges may be covered at the in-network rate

If an out-of-network provider is under agreement with an in-network provider for some part of your care (for example, an out-of-network anesthesiologist or pathologist who regularly works with your doctor) the out-of-network provider's charges will be paid at the in-network rate subject to usual and customary charges. All plan limitations, requirements and provisions apply.

Important: if you (or your in-network provider) could choose an in-network provider for services or consultation, but decide instead to use an out-of-network provider, benefits are reduced to the out-of-network level.

Helpful tip

If you go outside your provider network, you may still have benefits, but your share of costs will be much higher, and the amount you pay will not be based on a lower negotiated rate.

ASBAIT's Nurse Health Coaching

If you have an ongoing medical condition, you are far from alone. According to a recent study, nearly 50 percent of Americans have medical conditions of one kind or another. These conditions cause major limitations in daily living for almost 1 out of 10. However, by adopting healthy behaviors, such as eating nutritious foods, being physically active and avoiding tobacco use, you can reduce or eliminate complications associated with your condition.

Controlling your condition

The goal of the Nurse Health Coaching Program is to help you control your chronic condition, rather than allowing the condition to control you. At the same time, the program will help you set achievable steps and goals to assist you with living a healthy lifestyle.

ASBAIT's Nurse Health Coaching Program helps members manage the following conditions:

- Asthma
- Chronic Obstructive Pulmonary Disease (COPD)
- Chronic pain (caused by arthritis or lower backpain)
- Congestive Heart Failure (CHF)
- Coronary Artery Disease (CAD)
- Diabetes
- Hyperlipidemia
- Hypertension

Maternity Management: a balanced beginning for you and your baby

Through this program, you will be assigned your own maternity nurse specialist. Your nurse will get you answers to questions and concerns and will help you follow your doctor's plan for your care.

Specifically, your Maternity Management nurse coach will:

- Help you set targets and goals, such as lowering your blood sugar, controlling your blood pressure and reducing your cholesterol.
- Provide information on warning signs and symptoms and what to do if they occur.
- Help you comply with your physician's plan of care.
- Provide educational resources specific to your needs.
- Direct you to local community resources.

Think you may benefit from the program? If you think you would benefit from the program and want to enroll, but you have not been contacted, please call **1.855.527.2248**.

Medical Management

ASBAIT and your employer want you to get the best, most appropriate care, when and where you need it. That's why your plan includes the extra expertise of ASBAIT's Medical Management program. The Medical Management nurses are like personal health consultants who can help you make decisions about certain types of care you and your doctor may be considering. Registered nurses review treatment plans, then help to assure that you get the right treatment in the right setting, when you need it.

Incentive Program

You can receive \$100 per member for your participation in the Nurse Health Coaching or Maternity Management programs. This incentive is paid directly to qualifying members (\$25 per quarter).

Want to join? Call **1.855.5ASBAIT** or **1.855.527.2248**

How to obtain precertification

For non-emergency procedures and hospital admissions: The covered person or the physician must contact Medical Management prior to the admission or in advance of the procedure. Often times this is done by your physician, but it is the member's responsibility to make sure that all required precertifications are completed. Medical Management will review the request for services and contact the physician for any records or additional information necessary to thoroughly evaluate the need for services.

For emergency procedures or hospital admissions:

The covered person, the physician, the hospital admissions clerk or anyone associated with the covered person's treatment, must notify Medical Management by telephone within 48 hours of the procedure or admission.

Precertification of a procedure does not guarantee benefits

All benefit payments are determined by Meritain Health, in accordance with the provisions of this plan. The program is designed as a cost-containment program to maximize the plan benefits and reduce unnecessary hospitalizations, surgical procedures and other diagnostic services. Once a precertification has been received, it is valid for a period of 90 days.

Before you get care, check precertification (Medical Management) requirements

The following items and/or services must be precertified before any medical services are provided:

- All inpatient facility admissions
- Outpatient and physician surgery
- Outpatient and physician diagnostic services
- Non-orthopedic CT and MRI
- PET scan, sleep study
- Chemotherapy (including oral)
- Radiation therapy
- Oncology and transplant-related injections, infusions and treatments
- Dialysis
- Hyperbaric oxygen
- Home health care
- Durable medical equipment, limited to electric/motorized scooters or wheelchairs and pneumatic compression devices
- High-cost drugs: injectables that cost \$2,000 or more per drug, per month
- Infusion therapies that cost \$2,000 or more per drug, per month

For an all-inclusive list, please refer to your plan document.

Failure to comply with the precertification requirements may result in penalties which you will be responsible for. A 20 percent reduction in benefits may be taken, or you may be disqualified from benefits altogether. Your doctor may request precertification for you, however you are ultimately responsible for making sure precertification is obtained when required.

SkinIO early detection

SkinIO is the easiest way to get your annual skin screening, and it is completely **FREE** with ASBAIT.

Your skin will tell you it has a problem long before it becomes a serious problem. With the SkinIO virtual program, all you need to take control of your skin health is your smart phone and 15 minutes. Your skin screening will be securely sent to a board-certified dermatologist, who will review your skin for any concerning spots.

Skin cancer impacts one in five Americans. Caught early, it's a manageable fix. With SkinIO, your skin health is now in your hands and you will be able to track changes year over year!

How SkinIO Works

You will be guided to take clinical-grade photos of your skin. The technology helps you through documenting and tracking changes to your skin over time.

For additional information on this program, please contact SkinIO via email at help@skinio.com or toll-free at **1.855.754.6400**.

On-site biometric screenings

Biometry is a measure of your body's performance and health. If your employer agrees to participate (and meets required minimums), we come to you—at your work place—to help you get a picture of your current health. The program is voluntary and confidential. If on-site screenings are not available to you, there is also an option to test at a lab.

Here's how it works

Professionals will conduct a health risk assessment—a confidential survey about your personal health and history—right at your work place. In a private setting, they'll take your blood pressure and draw a blood sample for a blood chemistry profile. This will be used to determine your health today.

Once you've completed the blood draw, you'll be able to view a personalized, confidential report showing your results. The report will include any "heads-up" messages about areas you might need to discuss with your doctor.

Controlling your prescription copay

To get the most from your benefits plan, it pays to be a wise consumer. In many cases, you can control how much your share of costs will be when you fill a prescription. How? Generic drugs cost less to manufacture and they're just as effective as the name brands. You'll save money when you request them because generics have a lower copay than preferred or non-preferred drugs.

***Please note:** If you purchase a brand-name drug while a generic is available, you will be charged the brand-name copay PLUS the cost difference between the generic and the brand-name drug.

Whether you are most comfortable using your desktop, the mobile app on your smart phone, your laptop or your iPad, CVS Caremark can help you digitally manage your prescription benefits when you visit caremark.com:

- Check Drug Cost and Coverage
- Get Started with Delivery by Mail
- Easy Refills
- Manage Your Profile
- View ID Card
- Pharmacy Locator
- Find Opportunities to Save

The Performance Drug List (CVS)

Also called a formulary, the Performance Drug List is created by pharmacy experts and lists FDA-approved, safe, effective and economical drugs.

How the Performance Drug List works:

- Drugs are added to the list on a quarterly basis.
- Brand-name drugs can be removed at the end of the calendar year.
- Every January, the list is updated and available.
- If a generic becomes available, the brand-name drug will become a non-preferred drug, and may only be available for a higher copay.
- When a generic drug becomes available, you'll pay the lowest copay if you choose the generic.

Why generics make sense

Consider all of the compelling reasons to protect your pocketbook with the lower-price generic drugs:

- Generics can cost up to 75 percent less than their brand-name equivalents.
- FDA testing is exactly the same for generic and brand-name drugs.
- Generics contain the same active ingredients as the original, brand-name drug, in the same amounts and dosages.
- Generic drugs sometimes look different from the original brand-name drug in color or shape, but only because they may have different inactive ingredients that won't change how the drug works.
- Nearly half of all brand-name drugs have generic equivalents—but you may have to ask for them.
- Generics have the lowest copay under this plan, so you save on every prescription.

Maintenance drugs

In order to receive a three-month supply of maintenance prescriptions for just two copays you must choose to utilize the CVS Caremark mail order program or visit a CVS pharmacy retail location. If you choose to use any other retail pharmacy, you will only be permitted to fill your prescription for a 30 day supply and will not receive the additional copay savings. To enroll in the mail order program, call CVS Caremark at **1.866.475.7589** or go online at www.caremark.com.

ASBAIT Specialty Pharmacy

CVS Specialty Pharmacy is the specialty pharmacy for all members of ASBAIT, whether you use the Banner Network or Aetna Choice POS II. It's a different kind of pharmacy. It does much more than just provide your medication; it also helps you manage your condition, as well as your health.

With CVS Specialty Pharmacy, you'll get the support of a dedicated care team led by pharmacists and nurses specially trained in your condition. You'll also have the choice to have your medications delivered anywhere nationwide or pick them up at any CVS Pharmacy® location. And they'll help you with insurance, handle your claims and find ways to keep your out-of-pocket costs low, too. Visit www.CVSSpecialty.com to learn more.

If you take a specialty medication, don't hesitate to reach out to CVS Specialty Pharmacy at **1.800.237.2767** if you have any questions.

Use PrudentRx for savings on your Specialty Medications

The PrudentRx Program helps make it possible to get specialty medications at no out-of-pocket cost. The program works when you fill prescriptions at CVS Specialty Pharmacies on any covered specialty medication(s) on the plan's designated drug list, which can be located by calling **1.800.578.4403** (Mon-Fri 8:00 AM-8:00 PM, ET) or using prudentrx.com.

Effective, July 1, 2023 this program is available for all ASBAIT medical plans.

- You'll need to call the PrudentRx member advocates line to ensure proper registration and receive available copay cards.
- If you choose to opt out of this program, you'll be responsible for a 30 percent coinsurance payment on any medication currently eligible under the PrudentRx program.
- If you need help applying for a copay card, please contact the PrudentRx member advocate team at the number listed above.
- If you're enrolled in an HDHP plan and opt into PrudentRx, you will have to meet your plan's deductible prior to experiencing \$0 out of pocket costs.

Glossary of terms

Ambulatory surgery

Surgery performed at an ambulatory surgical facility (a licensed public or private facility), which does not provide services or accommodations for a patient to stay overnight.

Copay

An amount of money that a participant is required to pay each time he or she visits a health care provider or fills a prescription.

Deductible

The annual out-of-pocket amount that a plan participant is responsible for paying before the health plan covers his or her medical costs according to the terms of the plan. Until a person meets the annual deductible, he or she pays the full cost of health care services received, unless the service is not subject to the annual deductible as stated in the benefit schedule.

Your ASBAIT member website at Meritain Health

Your online health information website and your personal connection to your plan. Here you can order prescriptions, find health care providers, research health topics and get answers to your questions about health care. The personal information used to access www.meritain.com is confidential. You may need the information on your ID card to log in for the first time.

**See pages 17-18 for more information about our online tools.*

Provider network

Organization that negotiates special, lower rates for health care services provided by physicians and other care providers who are within the network. Providers who belong to a network are called participating or in-network providers.

Usual and customary charge

Your plan reimburses charges from non-participating or out-of-network providers that are equal to, or less than, usual and customary charges. Usual and customary charges are the amounts most frequently charged for the same service:

- In the same geographic area; and
- By other providers in the same or similar medical area.

The fees charged by non-participating providers may exceed the usual and customary charges recognized by your plan. In such cases, Meritain Health will process an amount equal to the usual and customary charge for the health care service you received, and you will be reimbursed for a portion of that amount according to your plan's out-of-network benefits.

Claims and customer service information

Balancing health care costs: What you pay and what the plan pays.

Your Summary of Benefits (SOB) shows how much you pay for care, and how much the plan pays. It's a listing of what is and isn't included in your benefits plan. For more detailed information, see your Summary Plan Document (SPD).

For example: After you pay your annual deductible and any up-front copays, the plan begins to pay a percentage of your provider's charges, for example 80 percent. The remaining percentage, for example 20 percent, is your responsibility—your "out-of-pocket" costs. You're protected from financial hardship by a maximum out-of-pocket amount each year—the most you'll have to pay before the plan covers costs at 100 percent.

Claims and customer service

Your ASBAIT claims are administered by Meritain Health. All claims adjudication and customer service inquiries are handled by Meritain Health staff members. Correspondence regarding your claims will be sent from our office. The goal of our Customer Service department is to ensure that school employees understand their plan features and receive immediate assistance regarding claims issues, from a highly-qualified and trained staff member. You will be treated with respect, as we are responsible to you for first call resolution with results. It is our goal to not only meet, but exceed your expectations. If you have any questions regarding your benefit plan(s) please contact Meritain Health Customer Service at **1.602.789.1170**, or toll free at **1.866.300.8449**.

Cost Estimator Tool—Did you know?

The Transparency in Coverage Final Rule requires group health plans and health insurance carriers to disclose the enrolled member's cost-sharing liability for covered items or services on an internet website and in paper form (if requested).

The member self-service internet tool will include:

- Cost-sharing liability (deductible, co-insurance, etc.)
- Accumulated amounts
- Out-of-network allowed amount for the covered item or service
- Negotiated rate for in-network services
- Any prerequisite for the covered item or service

The tool is accessible through the Meritain Health member website (see how to access website on page 7). Members may also call the customer service number on their ID cards to request assistance. The tool provides 500 items and services that are prescribed in the regulations. The tool will eventually be expanded to include all covered items and services.
