Passcode: 555555

Brought to you by

We look forward to having you at this event!

The last year has challenged us to rethink how we live, work, interact, and view the world. It has become a delicate balancing act between keeping our kids and families safe from a pandemic, coming to terms with more screen time, and managing the transformation of our homes into offices, classrooms and more.

Join us for a conversation about the opportunities and challenges our families and kids' have experienced with technology due to COVID-19. From TikTok to Zoom to Roblox, hear some best practices on how to help your kids use the internet in safe and healthy ways. These include tech tips as well as guidelines and exercises you can use with your kids. There will be ample opportunity to raise your concerns and ask questions, too!

A few reminders:

- The session will run about 75-80 minutes (which includes time for questions).
- If the event is offered in other languages, please select the language by clicking on the translation icon  at the bottom of the screen.
- Attendees will neither be seen nor heard during the event. However, participants can chat and submit questions at any time using the Q&A button.
- After you leave the session, you should see a very brief survey. Please provide feedback!
- Those who complete the feedback **and** provide an email address will be entered to win a 1-year license of Trend Micro Maximum Security, to protect up to 5 devices in your home.
