

Sebewaing, Mich.  
July 30, 1915

To the Superintendent of Public Instruction,  
Lansing, Mich.

Dear Sir:

On the attached census of District No. 1 Sebewaing, Huron County the names of the beet workers' children are marked thus (\*). The census of these children was taken in the winter before they moved into the country in the spring. They will return to our town in the fall and attend our school. At our annual meeting the district voted to purchase an additional site and building to accomodate these children. You may find some of these names in the census of the remaining districts of this township, also in the census of Fairhaven, Winsor and Brockfield townships.

Yours respectfully,

*David Kaercher*
