

WIDE AREA NETWORK SERVICES AGREEMENT

This Wide Area Network Leasing and Services Agreement is entered into this ___ day of February 2022 (the “Effective Date”), between the Lake Wales Charter Schools, Inc., a Florida not-for-profit corporation (the “District”), and WANRack, LLC, a Delaware limited liability company (“WANRack”). The District and WANRack are sometimes referred to individually in this Agreement as a “Party” and collectively as the “Parties.”

WHEREAS, WANRack is a certificated telecommunications provider that, among other things, is engaged in the business of providing and maintaining wide area network (“WAN”) connectivity, facilities and services (collectively, the “WAN Services”) to enterprise businesses and other multi-location customers; and

WHEREAS, the District has received all approvals required by it to enter into this Agreement, pursuant to which the District will provide the WAN Services to the District.

NOW, THEREFORE, in consideration of the mutual covenants set forth herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. **WAN Services.** WANRack agrees to provide the WAN Services to the District, each as more specifically described on Schedule A attached hereto, and the District agrees to pay for such WAN Services, all in accordance with the provisions of this Agreement. The WAN Services include the provision, maintenance and support of the equipment, fiber optic cable strands and other facilities (collectively, the “WAN Facilities”) specifically identified on Schedule A or otherwise provided by WANRack in connection with the WAN Services, which facilities shall at all times remain the property of WANRack. Any changes in the WAN Facilities or the WAN Services, or any additional services to be provided by WANRack to the District, will be set forth in a change order or other document signed by both WANRack and the District. Notwithstanding the foregoing, WANRack will add any new future District sites at the same per site monthly recurring charge listed on Schedule A. Any special construction or other upfront fees will be at the same cost per foot as sites in Schedule A. If WANRack cannot connect a new site within the special construction rules under the E-Rate Program (as defined in Section 4.b below) due to distance or otherwise, the District may file a new Form 470 to solicit quotes for those outlying sites.

2. **WAN Services Commencement.** The WAN Services shall commence on the date (the “Commencement Date”) that WANRack completes procurement, construction and testing of the WAN Facilities, to be confirmed by a commencement letter provided by WANRack to the District. This letter shall serve as (i) a final confirmation that the WAN Facilities have been installed and are operational, and (ii) notice of commencement of billing of the Monthly Fees.

3. **Term and Termination.**

a. **Term.** The initial term of this Agreement (“Initial Term”) will commence on the Effective Date and will continue for a period of five (5) years, unless earlier terminated in accordance with this Agreement. Following expiration of the Initial Term, the term of this Agreement will automatically be extended for up to three additional five (5) year periods (each, a

“Renewal Term”) unless either Party gives the other Party written notice of its desire to not renew this Agreement at least one hundred twenty (120) days prior to the end of the Initial Term or the then current Renewal Term. The Initial Term and all Renewal Terms are sometimes referred to in this Agreement, collectively, as the “Term.”

b. Termination for Cause. Either Party may terminate this Agreement prior to expiration of the Term only for Cause (as defined below) by giving written notice to the other Party, and this Agreement will be terminated immediately upon delivery of such notice, as follows:

(i) *By WANRack*. As it relates to termination by WANRack, “Cause” means (a) the District’s failure or refusal to make any payment due to WANRack under this Agreement within ten (10) days after the District receives written notice from WANRack of such failure or refusal, or (b) the District’s continuing failure or refusal to perform any other material obligation under this Agreement within thirty (30) days after the District receives written notice from WANRack of such failure or refusal.

(ii) *By the District*. As applied to a termination notice delivered by the District, “Cause” means WANRack’s continuing failure or refusal to perform any material obligation under this Agreement within thirty (30) days after WANRack receives written notice from the District of such failure or refusal.

c. Effect of Termination. Upon any termination or expiration of this Agreement, WANRack will cease providing the WAN Services and will have the right, but not the obligation, to remove any WAN Facilities located at facilities under the District’s control, and the Parties agree to cooperate in effecting any such removal, as WANRack may reasonably request. If this Agreement is terminated by WANRack for Cause, without limiting any other rights available under the circumstances, WANRack will be entitled to recover as damages all fees that would have been payable to WANRack under this Agreement for the full Term (including any Renewal Term(s)). Termination or non-renewal of this Agreement will not affect the District’s obligation to pay all fees and charges due and owing to WANRack as of the date of termination or non-renewal.

d. Ownership of WAN Facilities. The Parties acknowledge and agree that the WAN Facilities are owned by WANRack and will continue to be owned by WANRack following any expiration or termination of this Agreement. The District has no option or other right to purchase or otherwise acquire the WAN Facilities from WANRack. Following any termination or expiration of this Agreement, WANRack may leave in place any WAN Facilities located at facilities and properties under the District’s control and use such WAN Facilities for other customers. In the event WANRack leaves in place any WAN Facilities following any termination or expiration of this Agreement, the District agrees to provide WANRack with continued access to District facilities for purposes of operation and maintenance of the WAN Facilities.

e. Permitted Usage of WAN Facilities. The District acknowledges and agrees that (i) the District may not make any alterations or attachments to the WAN Facilities without

WANRack's prior written consent, (ii) WANRack has no maintenance or other obligations whatsoever with respect to any alterations or attachments made to the WAN Facilities by the District, (iii) if WANRack provides any maintenance or other services in respect of any such alterations or attachments, WANRack will provide such services subject to its standard charges, terms, and conditions, (iv) WANRack is not responsible for any malfunction, non-performance, or performances degradation of the WAN Facilities, or any inability of WANRack to satisfy its obligations under this Agreement, caused by, or resulting directly or indirectly from, any alteration or attachment made to the WAN Facilities by the District, or any other action by the District, and (v) the District is solely responsible for, and agrees to indemnify WANRack against, all claims and damages caused by, or resulting directly or indirectly from, any alteration or attachment made to the WAN Facilities by the District.

4. **Obligations of WANRack.**

a. **Services and Facilities.** WANRack agrees to lease the WAN Facilities to the District, and to provide the WAN Services to the District, in accordance with the terms of this Agreement, as more fully described on Schedule A attached hereto. Any changes in the WAN Facilities or the WAN Services, or any additional services to be provided by WANRack to the District, will be set forth in a change order or other document signed by both the District and WANRack.

b. **E-Rate Program.** If requested by the District, WANRack will work together with the District to participate in the Schools and Libraries Program of the Universal Service Fund (the "E-Rate Program"), and in particular the parties will cooperate in maximizing the discounts available to the District under the E-Rate Program in respect of the WAN Facilities and the WAN Services. However, notwithstanding the foregoing, the participation of the District in the E-Rate Program is not a condition to either party's obligations under this Agreement.

c. **Delivery and Installation.** WANRack will deliver, install, configure, and maintain the WAN Facilities, and the parties agree to coordinate and cooperate to schedule, facilitate, and carry out all delivery, installation, configuration, and maintenance activities. Without limiting the generality of the foregoing, the parties agree as follows:

a. **Staging, Storage, and Access.** During the installation of the WAN Facilities, the District agrees to provide WANRack with (i) suitable staging and storage areas at District facilities for relevant equipment, materials, and components and (ii) such access to District facilities as may be necessary to efficiently carry-out the installation, as reasonably determined by WANRack, provided that such access must be scheduled with the District in advance and, unless otherwise agreed by the District, must occur between 7:00 a.m. and 10:00 p.m. Monday through Saturday, excluding national holidays. District personnel may accompany WANRack personnel during any installation work at any District facility.

b. **Site Preparation.** Prior to installation of the WAN Facilities, the District will clean and otherwise prepare all installation sites and will continue to maintain those sites (but not, for clarity, the WAN Facilities) following such installation.

c. **Debris Removal; Restoration.** WANRack will remove from installation sites all debris resulting from the installation of the WAN Facilities, including as appropriate by moving such debris to trash receptacles maintained by the District. The District will be responsible for trash removal from such receptacles. WANRACK will restore all landscaping disturbed by WANRack's installation, maintenance, or removal activities. The District will be responsible for landscape watering, including at restored landscaping sites.

d. **Planning.** Appropriate representatives of WANRack and the District will meet approximately one month prior to the installation of the WAN Facilities, and otherwise as necessary, to formulate and finalize the installation methodology and configuration design for the WAN Facilities. The parties agree to work cooperatively and reasonably in this process.

e. **Timeline.** WANRACK and the District agree to the installation and configuration timeline set forth in Schedule A attached hereto. The District agrees to all reasonable extensions of the installation timeline necessitated by the actions or inactions of the District or otherwise resulting from circumstances beyond WANRack's control.

f. **Special Needs.** If additional labor or materials are needed to install or maintain the WAN Facilities due to unusual site requirements or other special needs or characteristics of the District or its facilities, as reasonably determined by WANRack, the District will reimburse WANRack for any corresponding extra costs incurred by WANRack to address those requirements, needs, or characteristics.

g. **Non-WAN Facilities.** The District is responsible for the installation, configuration, and maintenance of all facilities and components that are not WAN Facilities. At the District's request, WANRack may install, configure, and maintain such facilities and components, subject to WANRack's standard charges, terms, and conditions.

h. **Deviations.** If, prior to or during the installation process, WANRack, in its reasonable judgment, deems it necessary or prudent to deviate from the final installation methodology and design in a material way, it will present such deviation to the District for its approval, which the District may not unreasonably withhold or delay; provided, however, that WANRack reserves the right to make, without such approval, changes in fiber routing, conversion from underground to overhead configuration to avoid obstructions, and other immaterial modifications to the final installation methodology and design.

i. **Substitute Materials.** In the event any materials or components of or relating to the WAN Facilities are not available for timely delivery and installation, WANRack may substitute materials or components of equivalent or superior functionality and performance.

d. **Manuals.** Where relevant, WANRack will furnish the District with applicable manuals and instruction documentation provided by manufacturers and vendors.

e. **Maintenance.** WANRack is responsible for maintaining the WAN Facilities. The District agrees to provide WANRack with such access to its facilities as may be necessary to efficiently carry out its maintenance activities, as reasonably determined by WANRack, provided that, when practicable, (i) such access must be scheduled with the District in advance and (ii) unless otherwise agreed by the District, must occur between 7:00 a.m. and 10:00 p.m. Monday through Saturday, excluding national holidays. District personnel may accompany WANRack personnel during any maintenance work at any District facility.

f. **Representations.** WANRack represents and warrants to the District that: (i) it will comply with all applicable laws in installing the WAN Facilities and providing the WAN Services; (ii) this Agreement has been duly authorized, executed, and delivered by WANRack, and (iii) the execution, delivery, and performance of this Agreement do not and will not conflict with, breach, or otherwise violate any of the organizational or governing documents of WANRack or any agreement or instrument to which WANRack is a party or by which WANRack is bound

g. **Condition of WAN Facilities and WAN Services.** WANRack makes no representation or warranty whatsoever regarding facilities and components that are not WAN Facilities, or regarding services that are not WAN Services. At the District's request, WANRack agrees to work on behalf of the District to resolve warranty claims and other problems regarding such facilities and services, for a reasonable fee. EXCEPT AS EXPRESSLY PROVIDED HEREIN, WANRACK DISCLAIMS ALL WARRANTIES WITH RESPECT TO THE WAN SERVICES AND THE WAN FACILITIES, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND THE DISTRICT ACKNOWLEDGES THAT THE WAN FACILITIES AND WAN SERVICES ARE PROVIDED AS-IS, EXCEPT AS EXPRESSLY PROVIDED HEREIN.

5. **Compensation to WANRack.** The District will pay for the leased WAN Facilities and the WAN Services in the amounts set forth on Schedule A attached hereto, and otherwise in accordance with Schedule A and this section.

a. **Due Dates.** All fees will be paid no later than 30 days following the payment date specified on Schedule A, or if Schedule A does not specify a payment date, then no later than 30 days following the receipt by the District of an invoice from WANRack. In the event that any fees are payable on a monthly basis (or otherwise on a regular schedule), the fee for any partial month (or other relevant period) will be pro-rated accordingly.

b. **Late Payments.** Late payments will incur a late payment charge of (i) 1.5% for every month or partial month that the payment is late or (ii) if less, the maximum late payment charge permissible under applicable law.

c. **Changes in WAN Facilities and WAN Services.** If the WAN Facilities or WAN Services are changed, or WANRack provides any additional services to the District, the parties, acting reasonably, will agree on an appropriate adjustment or supplement to the fees.

d. **Taxes and Additional Charges.** All applicable federal, state, local use, excise, sales or privilege taxes, occupation taxes, duties, regulatory fees or similar liabilities charged to or against WANRack or the District because of the services furnished by WANRack shall be assessed to and paid by the District. The District shall be required to provide documentation evidencing its' exemption from any such taxes or fees.

6. **Obligations and Representations of the District.**

a. **Security.** The District is solely responsible for providing security services in respect of the WAN Facilities located at or on District facilities or properties. The District will provide such security services in a commercially reasonable manner, in light of all security considerations applicable to the relevant facility or property.

b. **District Personnel.** The District will ensure that its personnel and contractors, at all times, (i) are educated and trained in the proper use and operation of the WAN Facilities for the WAN Services (ii) follow applicable operations and instruction manuals.

c. **Electrical Circuits and Energy.** The District will provide all electrical circuits and all electrical energy required for the installation and operation of the WAN Facilities at the sole cost of the District.

d. **Insurance.** The District will procure and maintain insurance policies covering all loss and damage in respect of the WAN Facilities located at facilities under the District's control, including without limitation all materials and components located at District facilities prior to, during, or after the installation process, with appropriate coverage limits and other terms and conditions. The District will cause such insurance policies (i) to name WANRack as an additional insured, (ii) to be endorsed to require at least 30 days' notice to WANRack prior to the effective date of any termination or cancellation of coverage, and (iii) to provide that in the event of any payment of any loss or damage thereunder, the insurers will have no rights of recovery against WANRack. Upon request by WANRack, the District agrees to provide proof of insurance meeting the requirements of this section.

e. **Representations.** The District represents and warrants to WANRack that: (i) the WAN Facilities and the WAN Services meet the District's requirements; (ii) the District will operate and use the WAN Facilities and the WAN Services in compliance with all applicable law; (iii) this Agreement has been duly authorized, executed, and delivered by the District; and (iv) the execution, delivery, and performance of this Agreement does not and will not conflict with, breach, or otherwise violate any of the organizational or governing documents of the District or any agreement or instrument to which the District is a party or by which the District is bound.

7. **Ownership of WAN Facilities; Confidentiality.**

a. **Ownership.** The Parties acknowledge and agree that the WAN Facilities are owned by WANRack and will continue to be owned by WANRack following the expiration or termination of this Agreement. The District has no option or other right to purchase or otherwise acquire the WAN Facilities from WANRack. The District acknowledges and agrees that (i) WANRack may use the WAN Facilities for other customers, (ii) the District may not make any alterations or attachments to the WAN Facilities without WANRack's prior written consent, (iii) WANRack has no maintenance or other obligations whatsoever with respect to any alterations or attachments made to the WAN Facilities by the District, (iv) if WANRack provides any maintenance or other services in respect of any such alterations or attachments, WANRack will provide such services subject to its standard charges, terms, and conditions, (v) WANRack is not responsible for any malfunction, non-performance, or performances degradation of the WAN Facilities, or any inability of WANRack to satisfy its obligations under this Agreement, caused by, or resulting directly or indirectly from, any alteration or attachment made to the WAN Facilities by the District, or any other action by the District, and (vi) the District is solely responsible for, and agrees to indemnify WANRack against, all claims and damages caused by, or resulting directly or indirectly from, any alteration or attachment made to the WAN Facilities by the District.

b. **Confidentiality.** Each Party acknowledges (i) that it will have access to confidential information of the other Party, (ii) that such information constitutes valuable, special, and unique property of the other Party, and (ii) that no right or license is granted to such Party with respect to such information, except as specifically set forth in this Agreement. Each Party agrees that it will not at any time, in any manner whatsoever, whether directly or indirectly, disclose to any person or entity, or use, any confidential information of the other Party, except as required by law or as necessary for the performance or enforcement of this Agreement. For purposes of this Agreement, the term "confidential information" means all non-public and proprietary information of or concerning one party that is disclosed or made available to the other party (including its employees or other representatives), including, without limitation, the terms of and prices under this Agreement and any non-public information concerning a party's business, operations, plans, processes, products (including related manuals and support materials), systems, marketing information, diagnostics, specifications, know-how, personnel, patrons, students, or data of any kind. The Parties agree that the terms of this Agreement shall constitute "confidential information". Each Party will ensure that its employees and other representatives comply with the confidentiality obligations under this Agreement. Each Party agrees that it will not copy the confidential information of the other party other than on an "as necessary" basis in connection with the performance or enforcement of this Agreement. Upon the request of other Party, or upon the termination or expiration of this Agreement, each Party agrees to return or destroy any confidential information of the other party in its possession. Furthermore, the District agrees to promptly notify WANRack for any open records/public information request that it may receive concerning this Agreement, pricing or any confidential information and allow WANRack the opportunity to analyze and oppose release of requested information as may be provided by law. The Parties acknowledge that remedies at law may be inadequate to protect against any actual or threatened breach of the confidentiality obligations under this Agreement, and, without prejudice to any other rights and remedies otherwise available, agree to the granting of injunctive relief without proof of actual damages. The Parties

agree that the foregoing obligations regarding confidentiality will survive the termination or expiration of this Agreement.

8. **Miscellaneous.**

a. **Independent Contractor.** The Parties agree that WANRack is an independent contractor with respect to the District. Nothing contained herein may be construed as making the Parties hereto partners or joint venturers or creating a principal and agent relationship. WANRack has no authority to create any obligation or responsibility on behalf of, or in the name of, the District, or otherwise to bind the District in any way. Likewise, the District has no authority to create any obligation or responsibility on behalf of, or in the name of, WANRack, or otherwise to bind WANRack in any way.

c. **Force Majeure.** Neither Party will be liable for the failure to fulfill its non-monetary obligations under this Agreement if and to the extent such failure is caused by an occurrence beyond its reasonable control, including, without limitation: expropriation or confiscation of facilities, compliance with any order or decree of any governmental authority; acts of war or terrorism, floods or abnormal severe weather; riots, rebellion, or sabotage; fires or explosions; labor disputes, strikes, or other concerted acts of workmen; accidents or other casualty; fiber cut caused by a third party without any negligence by WANRack and such third party is not a subcontractor, agent or representative of WANRack and failures of utilities, local exchange carriers, cities, municipalities, and other political subdivision to follow laws, agreements, or contracts. Further, neither party will be liable for delays caused by the inaction of utilities, local exchange carriers, cities, municipalities, or other political subdivisions in granting access to rights of way, poles, or any other required items needed for the installation or operation of the WAN Facilities.

d. **Waiver of Jury Trial; Limitation on Damages.** Each Party waives trial by jury with respect to any dispute regarding or arising under this Agreement. Any purported assignment prohibited by this provision will be null and void.

h. **Waiver.** Any failure or delay by either Party in exercising any right or remedy under this Agreement will not constitute a waiver of that right or remedy. Logical Network Design

SOW

WANRack will construct a dedicated fiber network WAN for the customer, with emphasis on security and low latency using the most direct route available. Strands assigned to each site will be terminated into a Fiber Distribution Panel (FDP) and spliced into the WANRack owned backbone for transport to the customer HUB or aggregation point. Service will propagate over the network without restraint on bandwidth for dark fiber, and without throttling or modulation for LIT services.

WANRack will supply the FDP, jumpers, and Optical Interfaces based on the type of service and bandwidth the customer chooses.

WANRack will install the building entry as required and will extend a lateral from the backbone to the customer MPOE, with as-built engineering and diagrams after the installation.

Circuit information and escalation procedures for any concerns will be provided to the customer upon acceptance.

Customer to supply easement to ROW for entry if not already created and will provide access and if required escort to site for installation and maintenance of the network equipment and materials.
