welcome

to Work-Based Learning

Work-Based Learning: Career Practicum is a capstone course intended to provide students with opportunities to apply the skills and knowledge learned in previous CTE and general education courses within a professional work environment. The course allows students to earn high school credit for select models of work-based learning, which allow students to interact with industry professionals in order to extend and deepen classroom work and support the development of postsecondary and career readiness knowledge and skills.

expectations

be on time to class & to your rotation sites

help with clean up daily
(even if it's not your mess!)

respect yourself, your peers and
(this includes opinions and property!)
and school staff & property

take responsibility for your own learning
ex. ask for help when it is needed,
stay focused during work time given

You must ask permission to use cellphones in class. AirPods may not be worn during any portion of class time. Please remove them from your ears. Misuse of cell phones or headphones will result in confiscation.

Rotation Sites:

Cell phones will not be used during your time at your rotation sites and should be left inside your car.

cell phone policy

grades

and how they're weighted

40%

FORMATIVE
ASSESSMENTS

What they are: Great Starts & Exit Tickets, Quizzes, Class Work, Activities, Group Work
Think about it: Do you put forth a consistent, solid effort in class? Do you keep your eyes open & your head off your desk? Do you ask questions & power through, trying your best when challenged?
Do you come to class on time? Are you here mentally as well as physically?
Did you miss a class period? If it was excused & any work done that day was made up, then no problem! If not, the hour can be made up on your own time.

60%

SUMMATIVE
ASSESSMENTS

What they are: Tests, Writing Assignments, Projects, Presentations, Rotation Site Performance

Think about it: Do you complete your work and submit it for grading? Do you invest a solid effort even if it's out of your comfort zone or is something you're not familiar with?

Every project and presentation is evaluated based on the following:

planning
originality and creativity
organization
effort and focus
specific criteria

Grading Scale	
90-100	A
80-89	B
70-79	C
60-69	D
Below 60	F

commonly asked questions

*I know I can do better...
can I resubmit work?*

We learn more from our mistakes than we do from our successes. A willingness to admit we have room to grow is the hallmark of any successful person. If you get a grade back you're not happy with, don't stress out - simply consider its critique or ask for further explanation, and then resubmit! Even an 'F' can jump to an 'A' if you're willing to give it the time and effort it demands!

*What happens if I miss
class and have makeup
work?*

Any work missed due to an absence is your responsibility to make up on your own time. I will allow you a two week grace period to get that work turned in to me. I will not accept any work after the two week grace period.

*How much homework will
be assigned in this class?*

Your time outside of school is valuable just like mine is. You are with me 50 minutes per day and about 5 hours per week. When time is used wisely during class, homework will not be given. Like stated before, it is your responsibility to utilize the time given in class to complete your assignments and projects. As with any class, you will have quizzes and tests. This will require additional time outside of the classroom to prepare for.
