

The Evaline School District #36 complies with all federal rules and regulations and does not discriminate on the basis of race, creed, religion, age, veteran or military status, color, national origin, sex, sexual orientation including gender expression or identity, or use of a trained guide dog or service animal by a person with a disability. This holds true for all students who are interested in participating in educational programs and/or extracurricular school activities and provides equal access to Boy Scouts and other designated youth groups. Inquiries regarding compliance and/or grievance procedures may be directed to, the school district's Title IX/RCW 28A.85 Officer and/or Section 504/ADA Coordinator, Kyle MacDonald at 111 Schoolhouse Rd Winlock, WA 98596, 360-785-3460 kmacdonald@evalinesd.k12.wa.us

Sun. Nov. 2nd:
Daylight Saving Time
ends, set clocks back
one hour

Inclement Weather Conditions

In the event of snow, ice or other inclement weather conditions it may be necessary to adjust school starting time or cancel classes. In these kinds of situations please listen to your local radio stations and News Channels. We try very hard to make decisions by

6:30a.m. Once the decision is made it is posted to the Flash Alert website and they send it out to all local TV and Radio Stations. You can also go to <https://flashalert.net> and check for delays and closures there. If the alert states that we will be on snow routes, this means that there are roads the bus will not go down (**Please see attached flier for our snow routes and info**). If you DO NOT hear any information regarding Evaline School you must assume school will be in session as usual. In the case of unplanned early dismissals due to emergencies students will either be transported home on the bus or will need to be picked up by their parent/guardian right away. This would include instances of sudden loss of power, water, or accumulation of snow. **In the event of a late start, these days will always be two hours late. Therefore school will start at 10:30am and the bus will be picking up students two hours later than the normally scheduled pick up time. There will be no breakfast served on late start days.**

Wreath Orders ASB

Wreath Fundraiser

Evaline Associated Student Body is selling Holiday wreaths and centerpieces crafted by Country Garland. All earnings are used for a variety of student activities. Each family's fundraiser packet was sent home last week. Please read the letter in the fundraiser packet for full details. ***All orders MUST be turned in with money by November 14th.**

There will be a prize of hot cocoa with marshmallows and whip cream for any student who sells at least one item. The hot cocoa prize will be served on Nov. 26th.

There will also be prizes for our top 3 sellers!

Conferences

11/3 to 11/7

We will dismiss at 11:30 every day during conference week.

Conferences will be held

November 3rd - November 7th.

Next Week Lunch Changes

Due to the early dismissals next week, our "sack" lunches will be a little different since they will need to travel home.

Field Trip to The Cowlitz Falls Dam

Monday, November 10th

3rd -6th graders will be visiting the Cowlitz Falls Dam for an informational tour inside the dam.

The bus will leave right when school starts so 3rd-6th grade students must be on time or they will miss the trip.

Veterans Day Ceremony

Monday, November 10th

Please join us as we honor our veterans on Monday, November 10 at 2:00 p.m. in the cafeteria. If you have a photo of your veteran, please email it, along with name, dates of service, and how they're related to your student, to sburlingame@evalinesd.k12.wa.us. Thank you for helping us recognize their service!

TK and Kindergarten

Mrs. Tinnin

This week, kindergarten students learned the letters n, h, f, and s. They should now also be familiar with the sounds for a, c, d, g, i, m, o, and t. We've been practicing how to sound out and blend words using the letters we've learned so far—an exciting step toward reading!

In math, kindergarten is exploring the number 10. We're finding different ways to make 10 and comparing other numbers to it through games and hands-on activities.

TK students continued their unit on Families. We're learning about different family members, the roles they play, and how everyone contributes to the family unit. In math, TK is focusing on numbers 1–5, practicing counting, recognition, and one more/one less.

A conference slip with your scheduled time for next week was sent home in your child's planner or folder. If you did not receive one, please let me know, and I'll be happy to send another copy.

I'm really looking forward to meeting with families next week and sharing all the wonderful growth and progress from the first few months of school!

First and Second Grade Explorers

Mrs. Mittge

We had a great time at the Pumpkin Patch. The weather was lovely. It was fun to see all of the families and siblings who joined us!

Thank you to the Booster Club for hosting our Friday Harvest Fest! We appreciate all of your time and effort!

Families, you should have received a conference time via ClassDojo as well as a paper copy inside of students' Boomerang Folders. I am looking forward to meeting with all of you to discuss ways we can partner together to support your children's learning and success. It is such a gift to work with you and your children this school year!

Students continue to fly through their ELA and math units. Second graders are beginning Chapter 5 in math. They will be applying addition and subtraction strategies. First graders are deep into Chapter 4's study on addition concepts.

Please continue to read aloud with your child for 30 minutes every night. Students who are reading picture books should be taking an AR test every day. Students reading chapter books should be taking tests at least once a week.

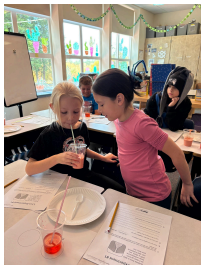

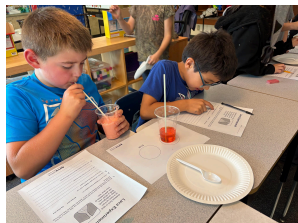

All students should be at or above Leap 1 at this point. If they have not reached Leap 1 by Friday, November 7th, they will be assigned to a reading nook during Lion Paw group time.

Third and Fourth Grade Classroom

Mrs. Mars

Both 3rd and 4th graders have finished their units on multiplication and moved onto division. We will continue to practice their multiplication skills daily as having their facts memorized is essential to continued success in math.

In science this week students explored how different thicknesses of lava create different types of volcanoes.

Fifth and Sixth Grade Classroom

Mr. Burlingame

Thank you to the booster club for another fun-filled fall festival! Students had a great time playing games, doing crafts, watching a movie, and eating yummy treats.

Our 5th and 6th graders have finished their second slide project of the year on different things found in our solar system. They put together information and then presented their findings to the class. They did a great job!

Soon we will be getting ready for our play! Roles have been announced to the students and they will start working on memorizing their lines very soon. Once practices start, it is very important that students are here at school all day because their peers will be relying on them for play practice. Stay tuned for more information as it becomes available and I'll see you all next week for conferences!
