SECTION I: INTRODUCTION

A. Welcome to the University of Chicago Charter School

The mission of the University of Chicago Charter School is to prepare 100% of our students for college acceptance and graduation through a Pre-K to 12th grade superhighway that cultivates culturally aware critical thinkers and leaders.

The University of Chicago Charter School Values **SCHOLARSHIP • LEADERSHIP • EXCELLENCE • GRIT**

We believe that by continuing to develop the traits of Scholarship, Leadership, Excellence, and Grit in each of our students and all of our stakeholders, we will create a school and community better suited to ensure that those we serve become lifelong learners, builders of strong communities, and change agents—committed to making the world a better place for all.

SCHOLARSHIP

We recognize the supreme intelligence of the children we serve. We increase their knowledge and ability through rigorous, high-involvement learning.

LEADERSHIP

We honor the agency and self-empowerment of our students. We hold our students accountable for taking ownership of their individual success while also inspiring others to rise to their fullest potential.

EXCELLENCE

We expect our students to champion every moment of every goal. We guide our students in solving problems and actualizing their full potential.

GRIT

We value our students' perseverance in overcoming obstacles. We prepare our students to practice relentless determination in pursuing success in school, college, and life.

These values represent our dedication to creating one school in three campuses that establishes a college-bound culture inside and outside the classroom. All of our students deserve a first-class education. It's our duty to give it to them.

Onward,

Tanika Island Childress

Chief Executive Officer

University of Chicago Charter School

B. What is a Charter School?

UChicago Charter School is a free, neighborhood public school open to all children and with no testing requirements for admission. In Chicago, charter schools are authorized by Chicago Public School (CPS) through a rigorous application process, which results in a contract for five years. The UChicago Charter School first applied for charter status in 1997. CPS has renewed the charter five times. This year marks the school's 21st year of operation.

Charter public schools are unique and offer different options to families and students looking for a public school. Each charter school has the freedom to innovate, while still being held accountable for student success. The schools have autonomy in selecting curriculum, school calendar, staff, and the terms and conditions of hiring. In exchange, charter schools must deliver accountability. They are accountable for delivering academic results that are as good as or better than comparable public schools.

C. Our Mission

MISSION	The University of Chicago Charter School prepares 100 percent of its students for college acceptance and graduation through a Pre-K to 12 superhighway which cultivates culturally aware critical thinkers and leaders
VALUES	SCHOLARSHIP LEADERSHIP EXCELLENCE GRIT
GOALS	Strategies

TALENT	Attract, develop, and retain the best and most collaborative teachers, leaders and staff
COLLEGE GOING CULTURE	Establish high expectations through a college graduation culture

D. History

The UChicago Charter School began in 1998 with the formation of the North Kenwood/Oakland Campus, a pre-kindergarten to eighth grade school. UCCS opened its second elementary campus, Donoghue, in 2005. UCCS' first middle school/high school campus was established in 2006 for students from grades six to 12 at the Woodlawn Campus. In 2008, UCCS opened a second middle school at the Carter G. Woodson Campus, which was closed in 2019. In 2018, UCCS opened a brand new building to house the Woodlawn Campus. Today, the three UChicago Charter campuses, and their 200 staff members, offer over 1,600 neighborhood children on Chicago's South Side a Pre-K through grade 12 superhighway to college. All three of UCCS' school buildings are within 10 minutes of the University of Chicago campus, and operate no selective testing or enrollment systems, instead, accepting students by lottery when demand exceeds supply.

E. Governance

A seven-member Board of Directors oversees the University of Chicago Charter School. University of Chicago leaders are appointed to the Board of Directors. See Appendix for a list of all Board and Council members.

B. Admission and Lottery

The UChicago Charter School is a public charter school in the Chicago Public Schools district open to all Chicago students. We serve special education students, English Language Learners, gifted and talented students, and everyone else who applies. The only information needed to apply to the UChicago Charter School is a student's name, proof of residency in Chicago, and contact information.

We Are Fair & Inclusive

The UChicago Charter School does not discriminate on the basis of race, color, gender, disability, age, sexual orientation, religion, ancestry, marital status, national or ethnic origin, or need for special education services.

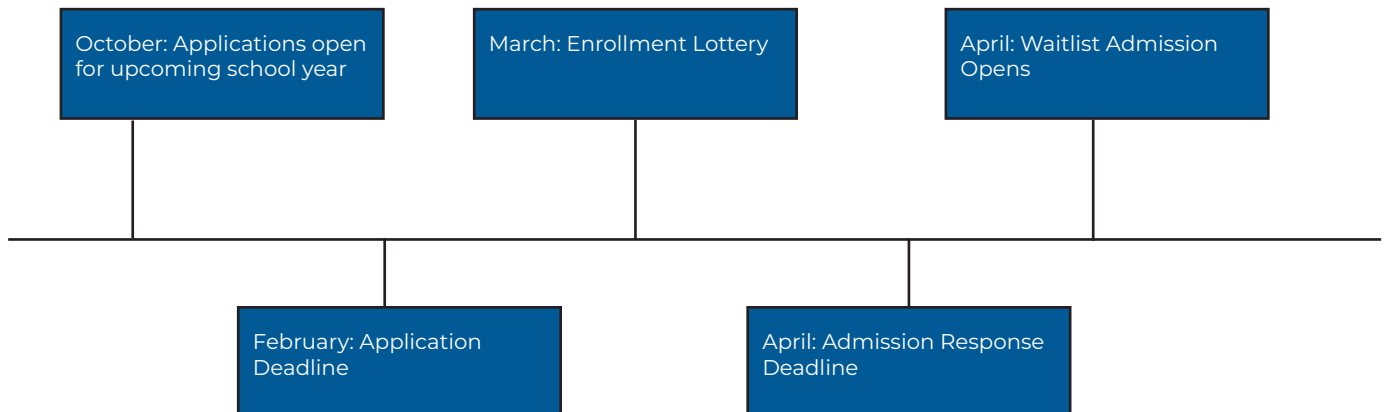

We Are A Non-Selective School

The UChicago Charter School is a non-selective enrollment school open to all Chicago students. Admission to the UChicago Charter School is determined through a random lottery. Test scores, grades, recommendations or behavioral history will not be taken into consideration.

1. OVERVIEW

Application	The UChicago Charter School generally makes applications available in early October with a final due date in late February. Families may apply to more than one campus. Applications are good for one year only. Any applicants who are not admitted in one year must re-apply the next year. All applicants must be residents of the City of Chicago.
Lottery	A public lottery is generally held in late March. Any openings available after priority applicants have been admitted will be filled through a random lottery. Wait lists for each grade level will also be established through a random lottery.
Registration	If your child is selected for admission, you will be notified via email and asked to accept admission through our online application portal, SchoolMint, complete the remaining online registration forms, submit required documentation online, and pay a non-refundable school fee. Please watch for this email notification. You will lose your seat and be replaced by someone on our wait list if you fail to respond by the deadline.

2. ADMISSION TIMELINE

3. ENROLLMENT LOTTERY DETAILS

In any given year, the number of applicants for a given grade level may exceed the total number of seats that are available. When this occurs, we hold a “lottery” to fairly allocate those seats. The lottery process is separated into “tiers” with preference given to select groups of students who are either siblings of currently enrolled students, or who live near the UChicago Charter School campus in which they are hoping to enroll. The lottery does NOT take into consideration any other factors. The academic, behavioral, and/or enrollment record of any applicant cannot be used to improve or diminish the chances for enrollment at the UChicago Charter School through the lottery.

4. ENROLLMENT LOTTERY ADMISSION PRIORITY

NKO Campus (Grades preK-5)	Donoghue (Grades preK-5)	Woodlawn Campus (Grades 6-12)
Siblings of currently enrolled students Applicants who reside in the NKO attendance zone All other applicants	Siblings of currently enrolled students Applicants who reside in the Donoghue attendance zone All other applicants	<i>Grade 6 Applicants</i> Students currently enrolled at UChicago Charter’s North Kenwood/Oakland or Donoghue Campus <i>Grade 9 Applicants</i> UCCS follows GoCPS procedures: https://go.cps.edu/high-school

5. LOTTERY PRIORITY DEFINITIONS

Sibling Preference

If one of your students is currently enrolled at the UChicago Charter School, their sibling(s) will be included in the sibling preference pool for our enrollment lottery. Please be sure to indicate the currently enrolled sibling when you complete your application materials and please note that sibling status is not a guarantee of acceptance.

Attendance Boundary

The UChicago Charter School’s campuses are a part of the fabric of the South Side communities in which they are located. As such, students who live within our attendance boundaries are given admission preference in our enrollment lottery.

Our preK-12 Superhighway

The UChicago Charter School is one of the only public, preK to 12 charter schools in Chicago. A student who enrolls with us in pre-kindergarten can matriculate to the next grade without re-applying. This includes moving up to middle and high school except for the GoCPS process for 9th grade admissions.

C. Registration and School Fees

The UChicago Charter School manages its registration and fees payment through two systems called SchoolMint and FACTS.

1. REGISTRATION FOR SCHOOL YEAR

Login to the SchoolMint account at uchicagocharter.schoolmint.net. All registration forms are online and must be completed and signed to complete registration.

2. SCHOOL FEES

Registration will not be complete until the registration fee is paid. All school fees for 2019-2020 are currently posted on FACTS. Parents should log into their FACTS account to pay their student’s fees. School fees include, but are not limited to: costs of required textbooks and instructional materials, all charges and deposits collected by school for use of school property, charges or deposits for uniforms, charges for supplies for a particular class, school records fees, and school health services fee.

The school fee for all UCCS campuses is \$200. However, there are certain **add-on fees for 8th and 12th** grades due to programming and activities. The \$200 is a non-refundable fee held for registration.

3. SCHOOL FEE WAIVERS

The University of Chicago Charter School, ("UCCS"), charges modest school fees to its students.

For the purposes of this policy, "school fees" or "fees" means any monetary charge collected by UCCS from a student or the parents or guardian of a student as a prerequisite for the student's participation in any curricular or extracurricular program of the UCCS. UCCS is, however, committed to the goal of expanding learning opportunities for all students. UCCS will work with families so that fees do not ever become a barrier to participation in any curricular or extracurricular programs. UCCS will also waive fees for Students in Temporary Living Situations, and in other special circumstances.

Parents or guardians can obtain information regarding school fees from their student's Campus Director.

D. Student Records

1. POLICY REGARDING STUDENT RECORDS

At the University of Chicago Charter School (UCCS), student records are confidential and will not be released except as provided by law. UCCS will handle all student records in compliance with the Illinois School Student Records Act, 105 ILCS 10/1 et seq. and the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. § 1232g and 34 C.F.R. Part 99, and the Chicago Public Schools Policy Manual, Section 706. Student records are any writing or other recorded information, regardless of format, that is maintained by UCCS, at the UCCS's direction, or by an employee of the UCCS, by which a student may be individually identified, except as provided by state and federal law. Each UCCS campus has a designated Official Records Custodian.

State and federal law grants students and their parent(s)/guardian(s) certain rights, including the right to inspect, copy, and challenge student records. Students and parents will be provided notice of this policy annually upon enrollment and thereafter via the UCCS Student Handbook and the UCCS Student and Parent Website Portal.

UCCS may release directory information as permitted by law, unless the parent or student provides written notice to the School Records Custodian that the student's directory information should not be released. The process for submitting such notice is described within this policy's accompanying procedures. UCCS may also release information from student records with parental consent; without parental consent to school officials with a legitimate educational interest in the information; to officials of another school that the student has enrolled or intends to enroll; in emergency situations; and as otherwise permitted under state and federal law.

UCCS implements this Policy using the Procedures contained in the Appendix.

3. STUDENT TRANSPORTATION SERVICES

UChicago Charter Schools may provide information on student transportation services to families. However, UCCS takes no responsibility for the services provided by these companies.

4. POLICY REGARDING TRANSPORTATION ASSISTANCE TO STUDENTS

Purpose: The University of Chicago Charter School, (“UChicago Charter School”), in compliance with Illinois Charter Schools Law’s requirement that charter schools provide “[a] description of how the charter school plans to meet the transportation needs of its pupils, and a plan for addressing the transportation needs of low-income and at-risk pupils,” hereby establishes the following policy.

The UChicago Charter School provides transportation through the Chicago Public Schools for “eligible students” who participate in designated programs for which school bus transportation is available.

POLICY REGARDING TRANSPORTATION ASSISTANCE TO STUDENTS, CONT'D

Definitions:

- a. Eligible Students. "Eligible students" means UChicago Charter School students who require transportation due to a disability or a chronic health condition documented in their IEP or 504 plan, which prevents them from transporting to and from school in the same manner as their non-disabled peers.

Policy Guidelines:

1. Students with Special Needs. UChicago Charter School provides the following services to students with special needs:

- a. Documentation from Parents. All parents or legal guardians of eligible students must submit documentation annually to support the need for transportation services, to be addressed in the student's IEP or 504 plan. UChicago Charter School's campus-based Case Managers will work with parents through the IEP and 504 process annually to review and submit the annual documentation to CPS.
- b. Change of Location. Upon request, UCCS, through its Case Managers, will provide parents with forms for requesting a school bus stop location change. Parents and legal guardians may request a change in the bus stop location when they believe their children will be forced to cross busy streets that reasonably constitute a safety hazard. Requests shall be forwarded to the Chicago Public Schools Bureau of Student Transportation which will determine if a safety hazard exists that warrants changing the student's assigned school bus stop location.
- c. Siblings. Upon request, UCCS will provide parents with forms for requesting sibling transportation. Bus service for siblings of eligible students is provided on a space available basis only and approved through Chicago Public Schools Bureau of Transportation. Parents and legal guardians must apply annually at the UCCS campus attended by the eligible student(s) for sibling bus service. Siblings and eligible students shall use the same bus service pick-up site. Sibling access to bus service shall end at the time the eligible student no longer receives such service to his or her school.
- d. School's Duty to Inform. The UCCS case manager will inform parents or guardians of any approval or denial of transportation requests, or work with parents and guardians to obtain access to this information from CPS.
- e. Right of Appeal. Should a bus stop change request be denied by the Chicago Public Schools Bureau of Transportation because it determines that the assigned location does not pose a safety hazard, then parents or legal guardians may appeal the decision within seven (7) school days. UCCS will assist with these appeals as appropriate. Parents are advised that CPS has stated that no appeal shall be allowed when the Bureau denies a request due to non-safety factors such as overcrowding at the requested bus stop site.

2. Students in Temporary Living Situations. The UChicago Charter School also provides transportation support to meet the needs of Students in Temporary Living Situations, and other students in need. UChicago Charter School assistance to STLS is implemented by its campus-based under the supervision of Campus Directors. Typical assistance shall include bus passes for high school level students provided by UCCS, as well as other accommodations, as appropriate for STLS students.

3. Monitoring. The UChicago Charter School monitors annually the provision of transportation services to Eligible Students and STLS students throughout all of its campuses. The annual reports are reviewed by UChicago Charter School network leadership to insure that the transportation needs of UChicago Charter School students are being and will be met.

F. Attendance, Tardiness, and Dismissals

The University of Chicago Charter School is committed to providing a quality education for every student. Good school attendance plays a critical role in academic success. Students are expected to be on time and present for school and each class.

At the beginning of the school year, if a student is absent three consecutive days without notifying the school, the student will be dropped from the program and the spot will be opened up for students on our wait list.

1. EXCUSED AND UNEXCUSED ABSENCES

Valid reasons that a student is to be absent:

1. personal illness;
2. death in the immediate family;
3. religious holiday;
4. circumstances which cause reasonable concern to the parent or legal guardian for the safety or health of the student (the reasonableness of the parent's or legal guardian's concern is subject to evaluation by the administration, on a case-by-case basis);
5. other situations beyond the control of the student as determined by the administration, on a case-by-case basis, including, but not limited to, homelessness and its attendant difficulties. (Students who may be homeless should be referred to the Homeless Education Department of the AS3 office for additional assistance.)

For an absence to be excused, it must be verified according to the Illinois School Code. To verify an absence, the following steps are required by the child's legal guardian:

1. Call the school office by 9 a.m.
2. Send a note explaining the absence (required by state law). This note must be submitted to the main office on the day the student returns to school.
3. If the absence is more than 3 days, provide a doctor's statement on official letterhead.

Undocumented absences are unexcused. Students are not permitted to participate in after school activities or functions if they have an unexcused absence on the same day.

If at all possible, students are encouraged to make medical or other appointments after school hours or on the weekends.

2. MAKING UP SCHOOLWORK FOR EXCUSED ABSENCES

For excused absences, make-up work must be allowed, and generally students are given as many days to turn in work as they were absent. For example, if a student was absent for two days, the student would have to turn in make-up work within two days of returning to school unless additional arrangements are made with the instructor.

3. TRUANCY

A child is truant if they are absent without valid cause for a school day or portion of a school day. Children who do not return a note with a valid reason for absences will be marked unexcused or truant. The school will take the following steps in regards to truancy:

1st Truancy

Teacher will work with students to remediate the problem and notify parent/guardian.

2nd Truancy

Teacher will contact parent/guardian to discuss the situation.

TRUANCY, CONT'D

3rd Truancy

Children will be referred to administration and parents will be contacted.

4th Truancy

Mandatory conference with administration

A child becomes a chronic truant when they are absent without a valid cause for more than 10 percent of the school year (18 days). Chronic truants may be referred to CPS for mediation and due process.

4. STUDENT ARRIVAL

Woodlawn

Middle School: Students that enter the building between 7:30 and 7:50 must go to the lunchroom and remain until dismissal to their Advisory at 7:50. Students should report to their advisory at 8:00am.

High School: Scholars must report to advisory by 7:55am. School begins promptly at 7:55am. On Wednesday, students participate in Community Circle in the gymnasium in place of advisory.

5. TARDINESS

Students are considered tardy when not in their scheduled classroom at the start of class. If for any reason a student is tardy to school, the student must obtain a tardy slip. Excessive tardiness will be counted as absences within a class.

Woodlawn Middle School:

School begins promptly at 8:00 am. It is important that students arrive to school and to class on time each day. Arriving after 7:59 am requires that students check-in at the tardy desk near the main entrance. There is a 5 minute passing period between classes. After the 5 minute passing period is over, students will not be allowed into the class. The following steps will be followed if students fail to arrive on time to class:

1. Late students will report to the security desk to get a pass
2. Students will sign their name on the sheet or else they will be marked absent.
3. Students will receive a pass from the security officer and must report to class within 5 minutes.

Woodlawn High School:

School begins promptly at 7:55am. It is important that students arrive to school and to class on time each day. Arriving after 7:54 am requires that students report to the Dean of Students to obtain a tardy pass. There is a 5 minute passing period between classes. After the 5 minute passing period is over, students will not be allowed into the class. The following steps will be followed if students fail to arrive on time to class:

1. Late students will report to the Dean of Students to get a tardy pass
2. Students will report to class within 5 minutes and provide the pass to their teacher for that period.

6. EXCESSIVE ABSENTEEISM AND ITS EFFECT ON GRADES

To succeed in the academic program, attendance and participation are required. **Students who have more than nine unexcused absences in a semester may earn a failing grade in the course for that semester.**

7. EARLY DISMISSALS

Please do not take your child out of school earlier than the dismissal time. Students are not permitted to get early dismissal for night school. In the rare event that a student needs an early dismissal, the following procedures must be followed:

1. The legal guardian, on record in the main office, must come and sign the student out of school.
2. The student must get work from all missed classes prior to departure and make up all missed work.

8. DROP-OFF AND PICK-UP

UCCS expects timeliness for both drop-off and pick-up. UCCS is not responsible for students that remain in school after building hours. Failure to comply with this expectation will lead to action from the campus.

9. LATE PICK-UP FINE: ELEMENTARY SCHOOL

School is dismissed at 3:30 p.m. (but 1 p.m. on Wednesdays) and all parents are expected to pick up their children on time. Parents/guardians who pick up their children after 3:45 p.m. will be charged \$10 for every 15 minutes late (i.e., 3:46-4 p.m. is \$10; 4:01-4:15 p.m. is \$20 etc.) These late fees will be added into the student's FACTS account.

10. LEAVING CAMPUS/CLOSED CAMPUS POLICY

The University of Chicago Charter School has a closed campus policy; students are not permitted to leave campus during the school day, from the time of their arrival through dismissal. Students are not to be on campus before the campus opening time or after 4 p.m. unless they are attending an authorized school activity, such as dual enrollment. If students are waiting for an activity, they must stay in a pre-designated area. This policy also applies when students are participating in physical education activities off campus or when on field trips beyond the school property. Students are to remain under the supervision of adults at all times. Students are not allowed to order lunch to be delivered to the campus nor are they allowed to operate school appliances. Any student not abiding by these rules will be subject to disciplinary action as outlined in the Student Code of Conduct.

11. PASSES: MIDDLE SCHOOL & HIGH SCHOOL POLICY

UCW middle school students have a 5-minute passing period, and UCW high school students have a 4-minute passing period. During this time students are encouraged to get necessary materials needed for class and make any necessary restroom stops. Passes are not allowed. Students who are tardy to class will be escorted to the Dean's Office. In an emergency, students will be escorted by security.

L. Grades and Reports

1. ELEMENTARY SCHOOL LEVEL

Progress Reports

Progress reports are issued every five weeks. Progress reports are sent home with students at the halfway point of each of our four academic quarters. These reports must be signed and returned to the homeroom teachers. Progress reports are an excellent tool for evaluating student progress and assisting students in making improvements before the end of each term.

Report Cards

Report cards will be issued two times per year. Parent/Guardian-teacher conferences will be held at the end of the first, second and third reporting periods. Final report cards will be distributed in June. Parent/Guardian attendance at the conferences is mandatory.

2. MIDDLE AND HIGH SCHOOL LEVEL

While grades are updated weekly through the school website, progress reports are distributed throughout the year. UCW Middle School will distribute three progress reports a semester.

GRADE	GRADE POINTS	CUT-OFF PERCENT	GRADE VALUE
A	4.00	90	95
B	3.00	80	85
C	2.00	70	75
F	0.00	69	0

M. Promotion, Retention, and Graduation Policies

1. ELEMENTARY SCHOOL

A review of all achievement scores must be considered for student retention. Whenever a student is not meeting the benchmark on standardized assessments, initiatives other than retention need to be considered. Retention of a student will be considered when a significant number of the following factors are present:

- The student scores below the 16th percentile for Reading and/or Math.
- The student is one year below grade level in mathematics, as measured by curricular assessments.
- The student has received a report card grade of D, F, or DNM (does not meet) in reading and/or mathematics for two quarters.
- Past history indicates no previous retentions.
- Excessive absences (10 or more)
- Interventions for academics and/or attendance have been provided and documented by the school.

Students will not be double promoted. Instead, we will work to differentiate instruction and meet the needs of each child.

Final decisions on promotion/retention are based on a balance of grade level standards, core subject performance, and attendance. Students that meet those criteria are promoted to the next grade.

2. MIDDLE SCHOOL AND HIGH SCHOOL EXPECTATIONS

Students at UCW are expected to attend all classes and complete the required coursework for each class. Unless a student has an approved modified grading scale, successful completion of a UCW class means 70% or higher. In the event a student does not successfully complete a semester, he/she can recover that credit by successfully completing a credit recovery program (e.g., summer or Saturday school, or after-school tutoring). However, ONLY three credits may be recovered through these means during the student's tenure at UCW. Once the three-credit limit has been met, the student will be required to retake the course. Additionally, all recovery grades will earn a 70% (the equivalent of a C) and will stand on the transcript in addition to, not in lieu of, the original earned grade.

3. MIDDLE SCHOOL PROMOTION POLICY & RITES OF PASSAGE REQUIREMENTS

Promotion Requirements:

UCW Middle School's mission is for 100% of our students to be admitted to, enroll in, and graduate from college. We have high expectations for the futures of our students and therefore have high expectations for their academic performance while they are at UCW.

6th, 7th, and 8th graders are required to pass five core content classes within the two semesters within the current school year. (There are two semesters for each core content class: Math, Literacy, Social Studies, and Science; a total of eight semesters.) Five passed semesters of core content classes is the minimum in order for students to be promoted to the next grade level.

In Illinois, there are no strict requirements for students to determine if a student may be promoted. However at UCW Middle School we adhere to these guidelines:

- Must have 90% attendance
- Grade of A, B or C in five of the eight core classes within the school year.

Final decisions on promotion/retention are based upon a balance of the three items and are made by administration and teachers, in the best interest of student learning.

8th Grade Rites Of Passage And EOY Activity Participation:

Participation in graduation related events and Rites of Passage is a privilege not a right. Students must earn the right to participate in these events by:

- Meeting the above stated academic guidelines.
- Be in good standing with the behavior and discipline policies
- Have all fees paid in full (past & current year fees) for a balance of \$0.00
- Be in medical compliance

4. HIGH SCHOOL

In order to successfully move from one grade level to the next the following credit requirements must be met accordingly:

If students are eligible to be promoted after recovering credit the form must be submitted by the following timeframes:

- Within the second week of school (August 30)
- The end of UCCS first semester (January 24)
- The end of the school year (June 10)

Students will not be promoted outside of this timeframe.

Academic college counselors and advisors meet with students each semester to discuss their current progress toward graduation. Parents and students are provided with progress reports, report cards, and access to PowerSchool to monitor student achievement.

HIGH SCHOOL, CONT'D

Students who are not on-track are encouraged to enroll in credit recovery courses available through Chicago Public Schools, private schools, or the Illinois Virtual High School to complete course credits. Registration, attendance, associated fees, and documentation requirements of these programs are the responsibility of the student. Students and families may work collaboratively with the academic college counselors to identify programs and needs.

REQUIREMENTS
4 years (8 semesters) of ELA (must include Black Thought Senior Thesis class and paper)
4 years of Mathematics
3 years of Social Science
3 years of Science (must include Biology)
2 years of Spanish
2 years of Physical Education and Wellness
3 years of Electives
1 year of Computer Science
1/2 semester of Civics
40 Service Learning Hours
Consumer Education Credit
Drivers Education Credit
Health Education Credit

5. SUMMER SCHOOL

Summer school at UCW can only be utilized to make up for one failed class. Students are not able to take and receive credit for multiple classes in the summer. If a student fails a core content class (Math, Literacy, Social Studies or Science) for two semesters, they will be required to attend summer school. If they pass that class during summer school they will be eligible for promotion to the next grade level. For fees, please contact the campus.

6. RETENTION

Students are not retained at UCW in order to punish them. Students are retained because we do not believe in sending students on to the next grade level if they do not have the right skills, knowledge, and habits to be successful yet. We believe that students are better served when they repeat a grade level in order to catch up on these skills, knowledge, and/or habits, rather than being promoted and falling further behind.

However, students are retained according to the following guidelines:

- If a student is required to complete summer school and they fail their summer school class, they will be retained.
- Students who have failed to meet the promotion requirements and are eligible to be retained will have a retention hearing with their parents and the School Director at the end of the 2nd semester

N. Academic Honesty Policy

A student may be instructed to work on an assignment as an individual. At UCCS, we expect students to follow the instructions of their assignment and do the work on their own.

1. ELEMENTARY SCHOOL

A student working as an individual must always turn in his own work. Work copied from a classmate, a peer, or otherwise plagiarized (i.e. taken from the Internet) will not be accepted. A parent will be notified and the student will be required to complete the work on their own for reduced credit. Repeated violations (two or more) will result in a parent/teacher/ administrator conference and possible failure of the course.

2. MIDDLE SCHOOL AND HIGH SCHOOL

At UCW, students are expected to do their own work and are judged by that work. The copying of the words, ideas, or opinions of someone else without giving credit to that person in the form of footnotes or references is considered plagiarism. Whether deliberate or accidental, plagiarism is a serious and punishable offense. Plagiarism and cheating will not be tolerated. These are defined as follows:

Deliberate plagiarism:

1. Copying of a phrase, sentence, or longer passage from a source and passing it off as your own.
2. Summarizing or paraphrasing someone else's ideas without acknowledging that the work is not your own.
3. Buying a term paper and handing it in as your own.

Accidental plagiarism:

1. Forgetting to place quotation marks around another writer's words.
2. Omitting a source citation for another's idea because one is unaware of the need to acknowledge the idea.

Cheating:

1. Copying another student's project or work for submission as your own work.
2. Copying another student's answers during a test.
3. Providing another student questions or answers to, or copies of, test questions.
4. Having or using notes or other non-permitted materials during tests.
5. Having someone other than the student prepare the student's homework, paper, project, laboratory report or take-home test.
6. Obtaining a copy of tests or scoring devices.
7. Permitting another student to copy the student's homework, paper, project, laboratory report or take-home test.

Engaging in academic dishonesty will result in the following consequences:

1. First offense
 - a. Automatic zero ("0") on the assignment/assessment
 - b. Detention
 - c. Teacher / student / parent conference
2. Second offense
 - a. Automatic zero ("0") on the assignment
 - b. Possible failing grade for the course
 - c. Suspension (1—5 days)

O. Student Support Services/Response to Intervention

Response to Intervention (RTI) is a multi-tier approach to the early identification and support of students with learning and behavior needs. The RTI process begins with high-quality instruction and universal screening of all students in the general education classroom. Struggling learners are provided with interventions at increasing levels of intensity to accelerate their rate of learning. These services may be provided by a variety of personnel, including general education teachers, special educators, and specialists and may include:

- Targeted group/individual instruction in the general education classroom
- Targeted group/individual instruction outside the classroom
- Tutoring
- Small group social skills instruction in or outside the classroom
- Individual/Group counseling
- Individual behavior management plans

Progress is closely monitored to assess both the learning rate and level of performance of individual students. Educational decisions about the intensity and duration of interventions are based on individual student response to intervention. RTI is designed for use when making decisions in both general education and special education domains.

It is also used for gathering data, which may determine whether a student needs special education services. Parents are advised when their student receives interventions in addition to general classroom instruction and are encouraged and welcomed to be a participant with the student support team in making intervention decisions for their child.

If you have a concern regarding your child's academic or social functioning or about the services your child is receiving, you should follow these steps:

1. Discuss the concern directly with the teacher and/or staff members. If no satisfactory action is taken, proceed to Step 2.
2. If the concern continues to exist, discuss the question or concern with the Coordinator of Academic/Social Support.
3. If the question or concern continues to exist, and has not yet been discussed with the School Director, the parent should discuss the issue directly with the School Director.

P. Academic and Social Support System (AS3)

AS3 is a collaborative effort to intervene early in ways that help children learn and progress. The team is composed of School Directors, Director of Family and Community Engagement, Teacher, Parents, Social Worker, Instructional Coaches, Resource Teacher, School Counselor, School Psychologist, any other stakeholder important to the student's success

Students having difficulty progressing are identified. The team develops a plan to help the student progress. Progress is monitored and the team revises the plan if needed. AS3 meets weekly throughout the school year. AS3 is not Special Education. AS3 puts plans in place to help students move forward. If plans fail to help, further evaluation may be recommended.

For questions about AS3, contact LaTonya Hill, Director of Family and Community Engagement at latonyahill@uchicagocharter.org or the Campus Social Worker with questions.

Q. Access to UChicago Library

UCCS students have access to the University of Chicago's Regenstein Library. In order to access the library, students will present an ID at the front desk. Regenstein is located at 1100 E 57th St., and the library hours can be located online at lib.uchicago.edu/libraries/libraries-hours/.

R. Safety and Security

UChicago Charter Schools are committed to the safety and security of its students. There are numerous policies in place to ensure these goals are met.

1. EMERGENCY SCHOOL CLOSING

If school must be canceled for the day or the opening delayed due to severe weather, the information will be broadcast by major radio stations beginning at 6 a.m. Listen for possible closings or delayed openings on the radio rather than calling the school office. Parents will be notified in the event children must be dismissed before the end of a school day due to an emergency.

2. FIRE AND DISASTER DRILLS

Fire and emergency drills are conducted regularly for the safety of children. These drills familiarize children with the locations of the nearest exits, the procedure for evacuating the building, and where to take cover in the building in case of an impending disaster, such as a tornado.

3. SCHOOL SECURITY

There are full-time security staff provided at the main entrance to the campus. All visitors are required to sign in and out and check in at the main office for a pass during the school year.

4. VISITOR'S POLICY

All visitors to the premises, buildings, and grounds of a University of Chicago Charter School campus are expected to conduct themselves in a manner consistent with this policy. For purposes of this policy, a "visitor" is defined as any person other than an enrolled student or employee.

A. All visitors to a campus are required to report on the main administrative office of the campus or designated area and receive permission to remain on school property. All visitors must sign a visitors' log and wear a visitor's badge. When leaving the school, visitors must return their badges and sign out. On those occasions when large groups of individuals are invited onto school property, visitors are not required to sign in but must follow instructions given by the campus administration. Persons on school property without permission will be directed to leave and may be subject to criminal prosecution.

B. Any person wishing to formally confer with a staff member, including a parent, should contact that staff member by using the main office telephone or emailing the employee's uchicagocharter.org to make an appointment. Conferences with teachers are held during the teacher's conference/preparation period. Parents should avoid contacting calling or texting the employee's personal cell phone or employee's personal email.

C. Any staff member may request identification from any person on the grounds or property of a University of Chicago Charter School. The Campus Director or designee shall seek the immediate removal of any person who refuses to provide requested identification.

D. The University of Chicago Charter School expects mutual respect, civility, and orderly conduct among all people on its campuses, at a school event, or in any communication in connection with school business, whether in person, by phone, email, or other format. No person on a school campus, at a school event, or when communicating on school matter (including visitors, parents, students, and employees) shall:

1. Strike, injure, threaten, harass, or intimidate a staff member or any other person;
2. Use vulgar or obscene language;
3. Possess a weapon, any object that can reasonably be considered a weapon or looks like a weapon, or any dangerous device;
4. Damage or threaten to damage another's property;
5. Damage or deface the property of the University of Chicago Charter School;
6. Violate any Illinois' law, Cook County, or City of Chicago ordinance

VISITOR'S POLICY, CONT'D

7. Smoke or otherwise use tobacco products;
8. Consume, possess, distribute, or be under the influence of alcoholic beverages or illegal drugs;
9. Impede, delay, disrupt, or otherwise interfere with any campus activity or function of the University of Chicago Charter School;
10. Enter upon any portion of the premises of the University of Chicago Charter School at any time for purposes other than those that are lawful and authorized; or
11. Engage in any conduct that interferes with, disrupts, or adversely affects the University of Chicago Charter School or a function of the University of Chicago Charter School.

Any person who engages in any prohibited conduct may be asked to leave the premises of the University of Chicago Charter School and the police may be contacted as appropriate.

In the case of aggravated or repeated conduct in violation of this policy, UCCS reserves the right to ban visitors from campus, school events, telephonic, or other electronic communication.

5. RAPTOR VISITOR MANAGEMENT

The safety of our students is our highest priority and the Raptor visitor management system allows UCCS to quickly identify those that may present a danger to our students. Part of keeping students and faculty safe is knowing who is in our buildings at all times, and the Raptor system will allow us to do that. The Raptor system will better allow us to screen visitors, contractors, and volunteers in our schools and provide us with a safer environment for our students and staff.

Upon entering the building, visitors will be asked to present an ID such as a Driver's License, which can either be scanned or manually entered into the system. If a parent or guardian for any reason does not have a US government-issued ID, the school staff member can use any form of identification and manually enter the person's name into the Raptor system. The Raptor system will check to ensure that registered sexual offenders are not entering our school campuses without our knowledge. The Raptor system checks the visitor's name and date of birth for comparison with a national database of registered sex offenders. The registered sex offender database is the only official database checked by the Raptor system. No other data from the ID is gathered or recorded and the information is not shared with any outside agency. Once entry is approved, Raptor will issue a badge that identifies the visitor, the date, and the purpose of his/her visit. A visitor's badge will not be necessary for those who visit our schools simply to drop off an item in the office or pick up paperwork.

FAQS

What is the Raptor system?

Raptor is a visitor management system that enhances school security by reading visitor drivers' licenses (or other approved ID), comparing information to a sex offender database alerting school administrators and local police if a match is found. Once cleared through the system, a visitor badge is produced that includes a photo.

Why is University of Chicago Charter considering this system at UCCS Campuses?

The safety of our students is our highest priority. Raptor will provide a consistent system to track visitors and volunteers while keeping away people who present a danger to students. The system quickly prints visitor badges that include a photo, the name of the visitor, time and date. Donoghue was chosen to use this system because the school's size, entrance configuration, and number of visitors to the elementary school would provide enough evidence to assess the effectiveness of the system for the district.

Does the Campus have the right to require visitors, even parents, to produce identification before entering the school?

Yes. School officials need to know who is in the building and why they are there. Particularly when a student is involved (e.g. early pickup), school officials need to be able to confirm that an individual has the authority to have access to the student.

What types of IDs will work in Raptor?

The scanner is able to scan all state licenses, state identification cards, concealed carry licenses, consular ID cards, active military cards, and passport card (not the full passport). The system cannot scan identification cards from other countries.

What other information is the school taking from driver's licenses?

Raptor is only scanning the visitor's name, date of birth and photo for comparison with a national database of registered sex offenders and any private alerts at the school. Additional visitor data will not be gathered, and no data will be shared with any outside company or organization.

What does a visitor do if they do not have a government-issued ID?

Visitors without a government-issued ID will be required to check in with the main office for authorization.

Is a vendor required to follow the same steps as a visitor?

Yes, anyone entering the building will be required to show an ID.

Will the Raptor System be used for after school activities?

No, the system will only be used during normal school hours, Monday through Friday when school is in session.

S. Volunteer Policy

1. PURPOSE:

The purpose of this policy is to promote and encourage volunteerism at the University of Chicago Charter School, ("UCCS"), and to expand and enhance parental, community, civic and business involvement with UCCS while also ensuring appropriate levels of safety and security at UCCS' campuses and among our students.

2. POLICY:

1. Definition. UCCS volunteers are uncompensated individuals who perform services directly related to the business of UCCS, support the activities of UCCS, or gain experience in specific endeavors. By definition, volunteers perform services without promise, expectation or receipt of any compensation, future employment or any other tangible benefit. A UCCS employee may not become a UCCS volunteer in any capacity in which they are employed by UCCS, or which is essentially similar to the individual's regular work at UCCS, or under circumstances that suggest the decision to volunteer is not made freely; provided, however, that an employee who is also the parent (or who stands in loco parentis) of a UCCS student may volunteer in activities directly involving their child's education and participation.

POLICY, CONT'D

2. No Employment Relationship. UCCS volunteers do not have an employment relationship with UCCS on any grounds or for any reason and are not covered by the Fair Labor Standards Act or Illinois wage laws, and are not eligible for any UCCS benefit, including Workers' Compensation. At all times, UCCS has the discretion to select volunteers. UCCS does not intend for volunteers to perform or displace work that is presently being performed by UCCS employees. Volunteer arrangements may not be used to circumvent the established processes that govern standard UCCS-authorized hires. UCCS may end the volunteer relationship at any time without advance notice.
3. Volunteer Application. Prospective volunteers must complete the required UCCS volunteer application form and satisfy the requirements of the applicant review process before providing any volunteer services. The applicant review process may include, as specified below, full completion of the form, and, in the circumstances described below, an interview and background check will also be required. Misrepresentation on any of the application forms or during the review process may result in immediate disqualification of a volunteer applicant. Volunteers are required to agree that their services are to be provided freely and without expectation of remuneration of any kind by UCCS, and to sign waivers and releases of liability before providing any services.
4. Enumerated Offenses. An individual who has been convicted of any criminal offense enumerated in 105 ILCS 5/34-18.5(c) of the Illinois School Code, ("Enumerated Offense"), shall be ineligible to be a UCCS volunteer. An individual who has been convicted of an offense that requires him/her to appear on a sex offender registry in any jurisdiction shall be ineligible to serve as a UCCS volunteer.
5. Agency. A UCCS volunteer is considered an agent of UCCS while performing assigned duties and is expected to abide by UCCS policies and internal/external regulations which govern his/her actions, including employee conduct (sexual assault, unlawful discrimination and harassment, compliance, and workplace violence), substance abuse, treatment of confidential information, use of UCCS technologies and financial responsibility.
6. Mandated Reporters. All UCCS volunteers are mandated reporters and must immediately report any instance where there is reasonable cause to believe that a child known to them in their official capacity may be abused or neglected. All volunteers must execute an Acknowledgment of Mandated Reporter Status form. If any volunteer has a reasonable basis to believe a child known in their official capacity has been abused or neglected must immediately call the IDCFS Hotline at 1-800-25-ABUSE. This hotline is staffed 24 hours a day, 365 days a year.
7. Criminal Background Check. As part of the review process, a prospective UCCS volunteer shall comply with the following criminal background check requirements set forth below consistent with the Chicago Public Schools', ("CPS"), Volunteer Policy. No UCCS volunteer may begin providing the volunteer services listed in category (a) below until a background check has been satisfactorily completed.
 - a. Fingerprint criminal background checks are required for all UCCS Volunteers, designated as Level I volunteers consistent with CPS' Volunteer Policy, in the following cases:
 - i. A parent providing volunteer service in their child's school or classroom for 1 or more hours per month;
 - ii. An individual providing volunteer service for 1 or more hours per month at a school where he/she does not have a child enrolled;

 - iv. Any individual serving in a coaching capacity, regardless of the hours per week that the volunteer serves;
 - v. Any individual serving as a student teacher or pre-service teacher, regardless of the hours per week that the volunteer serves;

POLICY, CONT'D

- vi. Any individual serving as a one-on-one tutor or mentor, regardless of the hours per week that the volunteer serves;
 - vii. Any individual providing volunteer services with students when such service may occur in an unsupervised setting, regardless of the hours per week that the volunteer serves; and
 - viii. Any individual providing volunteer service for a program where the program's funding agency requires criminal record clearance, regardless of the hours per week that the volunteer serves.
- b. Fingerprint criminal background checks are not required for volunteers, designated as Level II volunteers consistent with CPS' Volunteer Policy, in the following cases:
- i. A parent providing supervised volunteer service in their child's school or classroom for less than 1 hour per month;
 - ii. Any individual providing volunteer service for less than 1 hours per month at a school where s/he does not have a child enrolled;
 - iii. An individual providing incidental volunteer service with no ongoing individualized interaction with a student(s) including those who speak at a class/assembly, judge academic competitions, give musical performances, participate in career day or job shadowing events or other one-time event, provided that there is direct supervision of the activity/event by regular school employees;
 - iv. A parent accompanying his/her child's class on a one-day field trip or another type of extra-curricular activity that does not involve an overnight stay;
 - iv. An individual providing volunteer service on projects/activities involving no or nominal contact with children (i.e., home-based volunteers, volunteers serving at the central campus).

3. DIRECTOR AND HR RESPONSIBILITIES

- a. The Director of each campus is responsible for reviewing volunteer applications forms from volunteer candidates, completing an interview with the candidate, as necessary, and determining whether to approve an individual for UCCS volunteer service.
- b. Directors shall notify volunteer applicants of this policy and the background check requirements, and advise applicants to contact the UCCS HR department to initiate the background check process.
- c. HR shall provide information to the Directors regarding the results of background checks as appropriate.

- f. A volunteer applicant who is not approved to serve may appeal to the Chief Operations Officer of the Urban Education Institute, or the COO's designee, whose decision shall be final.
- g. The Director is responsible for ensuring the appropriate supervision of all approved UCCS volunteers at the Director's campus. The supervisor of the volunteer shall be recorded on the application form, when known. At the end of each school year, the supervisor of the volunteer shall complete a short assessment of the volunteer's performance, and share that with the volunteer and the Director. Where no other supervisor is recorded or identified, the Campus Director shall be the supervisor of record for the volunteer.
- h. The volunteer's tasks shall be established by the supervisor of record. Volunteers at UCCS do not displace employees, and are not responsible for the completion of any essential tasks at UCCS.
- i. Nothing in this policy prevents the Director, in consultation with the volunteer's supervisor, to remove the volunteer from the UCCS volunteer pool at any time.

T. Health Basics

1. HEALTH SERVICES

UChicago Charter School employees nurses, psychologists, and other specialized professionals, such as a speech pathologist. Additional professional services are obtained on a case-by-case basis when required.

At the beginning of each school year a Medical Information Form is sent home for parents/guardians to update the medical status of their child(ren). **It is the responsibility of parents/guardians to keep the school informed of any changes in the medical condition or medication of the children.** This form must be completed and returned to the school at the latest one week from the student's first day of school. Failure to supply the completed form is a serious matter.

2. PHYSICAL EXAMS

According to the School Code of Illinois, physical examinations are required of all children prior to entering 6th grade and children new to the public school system. By law, children cannot be allowed to enroll and are excluded from school until this requirement is met. Physical exams must be signed and dated a physician. The form must be up to date with a doctor's signature less than a year old. Forms are available in the office and online at the UCCS website Parent Portal.

3. IMMUNIZATIONS

Immunizations are a part of the physical examination. State of Illinois law requires that upon entrance into school, each student must show evidence of immunization to Diphtheria-Pertussis-Tetanus (DPT), Polio, Measles-Mumps-Rubella (MMR), and Hepatitis (Hib). It is essential that the month, day, and year of each immunization be recorded by the physician.

According to state requirements, the fourth polio booster and the fifth DPT booster must be given after the fourth birthday. Children entering the 5th grade in the fall of 2005 must show evidence of having received their doses of hepatitis B vaccine.

Illinois has expanded its requirements regarding measles immunizations. Children enrolled in all grade levels are required to have two doses of measles vaccine. The school nurses monitor the health files for all children and will notify parents regarding immunizations that are needed.

If the physical condition of the child is such that any one or more of the immunizing agents should not be administered, the examining physician responsible for the health examination must note that fact on the examination form. Parents objecting to the physical exams and/or immunizations on religious grounds must submit a signed statement to the Campus Director detailing the grounds for the objection.

4. DENTAL EXAMS

Dental exams are required for all new enrollees and 6th graders. It is recommended that all children have a dental exam.

5. MEDICAL EXCLUSIONS

All children must have an up-to-date medical file with the appropriate immunizations for their age. Children who do not will be given notices of non-compliance. They may be excluded from school until they have proof of immunizations and/or medical examinations after October 15.

6. LICE AND RINGWORM

Pediculosis (lice) and Dermatomycosis (ringworm) are highly contagious conditions and can be easily treated with special shampoos and/or ointments. Children with these conditions will be excluded from school until proof of treatment has been provided.

7. VISION AND HEARING SCREENING

A vision and hearing screening will be provided by the school for all children on an annual basis.

8. STUDENT EMERGENCY INFORMATION

Student emergencies and illnesses sometimes occur during the school day. When this happens, parents will be called. If a parent cannot be contacted, the emergency form will be used to locate and call a designated adult. Therefore, it is crucial that the school be notified if address or phone number changes occur for either parents or emergency contacts.

If we are unable to reach any of the numbers listed, we will contact the Chicago Police Department or the nearest hospital. The school procedures for emergency care are as follows.

If your child has a minor accident, the following steps will be taken:

- First aid will be administered according to school-approved procedures.
- If your child is all right, he/she will be returned to class.
- In absence of the nurse in the building, we will contact the parent with a note or phone call.

If your child cannot return to class because of illness or major injury, the following steps will be taken:

- First aid will be administered according to school-approved procedures.
- You will be contacted and once arrangements have been made with you, your child will be allowed to leave the school with you or your designee.
- In the event that you cannot be reached, the emergency contact number will be called.

If we are unable to make contact with you or the emergency contact person, your child will be kept in school. Continued attempts to reach you or the emergency contact person will be made by school personnel.

If your child is in need of immediate medical attention, the following steps will be taken:

- First aid will be given according to school-approved procedure.
- Transportation to a medical facility will be arranged for your child.
- You will be notified. If you cannot be reached, the emergency contact will be called.

U. Administering Medicine to Students

This policy establishes guidelines and procedures regarding the administration of medicine to University of Chicago Charter School, ("UCCS"), students at school.

In general, UCCS students should not take medication during school hours or during school-related activities unless it is necessary for a student's critical health and well-being. When a UCCS student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must give written consent for UCCS to dispense the medication to the child and otherwise follow the School's procedures on dispensing medication.

No UCCS employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian to the Campus Director and/or school nurse. School Medication Authorization Forms must be signed by the student's parent or guardian.

No UCCS student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

Nothing in this policy shall prohibit any UCCS employee from providing emergency assistance to students, including administering medication. In the case of a medical emergency, UCCS employees shall also call 911.

1. SELF-ADMINISTRATION OF MEDICATION

A UCCS student may, for self-administration, possess an epinephrine auto-injector, (commonly called an “epi-pen”), and/or asthma medication prescribed for use at the student’s discretion, provided the student’s parent/guardian has completed and signed a School Medication Authorization Form which is on file at the UCCS campus that the student attends. An Action Care Plan should also be developed by the health care provider for the student and provided to UCCS. The prescription for the student’s medicine shall also be provided to the campus by the health care provider, and included in the student’s file to insure that the correct medicine is provided to the appropriate student. UCCS shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student’s self-administration of medication or epinephrine auto-injector or the storage of any medication by UCCS personnel. A student’s parent/guardian must indemnify and hold harmless UCCS and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student’s self-administration of an epinephrine auto-injector and/or medication, or the storage of any medication by UCCS personnel.

2. ADMINISTRATION OF OTHER MEDICATION

All non-self-administered medications other than epinephrine auto-injectors and medication prescribed for asthma must be dispensed and/or administered to the student by the UCCS nurse or the Campus Director or the Director’s designee.

3. EMPLOYEE RIGHTS

Teachers and other non-administrative UCCS employees, except certified school nurses and non-certified registered professional nurses, are not required to administer medication to UCCS students, although they may do so voluntarily.

2. ADMINISTRATION OF OTHER MEDICATION

All non-self-administered medications other than epinephrine auto-injectors and medication prescribed for asthma must be dispensed and/or administered to the student by the UCCS nurse or the Campus Director or the Director’s designee.

3. EMPLOYEE RIGHTS

Teachers and other non-administrative UCCS employees, except certified school nurses and non-certified registered professional nurses, are not required to administer medication to UCCS students, although they may do so voluntarily.

4. IMPLEMENTING PROCEDURES AND NOTIFICATION OF POLICY AND PROCEDURES

The UCCS administration shall promulgate procedures to implement this policy. Any possession, administration, dispensing of or other use of medication on school grounds or at school-related functions must be in compliance with this policy and any implementing procedures.

This policy shall be included in UCCS’ Student Handbook and a copy of this policy, its implementing procedures and the “School Medication Authorization Form” shall be provided to the parents/guardians of all students within 15 days of the beginning of each school year or, in the case of a transfer student, within 15 days of starting classes at UCCS. A copy of this policy and its implementing procedures will also be kept in each campus’ office, and posted on the UCCS Health and Wellness website.

5. ADMINISTERING MEDICINE: PROCEDURES

The parent/guardian of a student who needs to be dispensed medication during school hours or during school-related activities must provide to the Campus Director and/or the school nurse a School Medication Authorization Form signed by the parent/guardian and the student’s health care provider. All medication should be brought to and stored in a safe, secure location in the main office of the campus the student attends. Prescription medication must be brought to the school in the original package or appropriately labeled container with the prescription label containing the student’s name, prescription number, medication name and dosage, the time the medication should be taken, administration directions, licensed prescriber’s name, and pharmacy name, address, and phone number.

ADMINISTERING MEDICINE: PROCEDURES, CONT'D

Non-prescription medications shall be provided in the manufacturer's original container with the label indicating the ingredients and the student's name affixed.

Medication that is not self-carried shall be stored in a secure drawer or cabinet not accessible to the general public. Medications requiring refrigeration shall be refrigerated in a secure area at the campus.

The nurse or administrator providing the medication shall document each dose of the medication in the student's individual health record. Documentation, including digital documentation, shall include date, time, dosage, route, expiration date, and the signature of the person administering the medication or supervising the student in self-administration.

Parents will be given an opportunity to pick up any unused medication at the end of the school year. The school nurse will properly discard any medication not picked up at the end of the school year.

6. SELF-ADMINISTRATION:

In order to allow a UCCS student to self-administer and self-carry asthma medication or an epinephrine auto-injector, a parent/guardian must provide the following:

1. A School Medication Authorization Form signed by the parent/guardian and the student's health care provider;
2. For asthma medication, the prescription label which must contain the name of the medication, the prescribed dosage, and the time at which or circumstances under which the medication is to be administered. For the self-administration or self-carry of an epinephrine auto-injector, a written statement from the student's health care provider containing the name and purpose of the epinephrine auto-injector, the prescribed dosage and the time or times at which or the special circumstances under which the epinephrine auto-injector may or must be used.

This information will be kept on file in the main office. The permission for self-administration and self-carry is only effective for the school year for which it was granted and the parent/guardian must submit new authorization and medication information each school year in order for permission to be extended each year.

If the provisions of this procedure are met, the student may self-administer and self-carry: (1) while in school; (2) while at a school-sponsored activity; (3) while under the supervision of school personnel; or (4) before or after normal school activities, such as while in before-school or after-school care on school-operated property or while being transported by a school bus.

7. PROCEDURES RELATED TO THE CARE OF STUDENTS DIAGNOSED WITH ASTHMA AND/OR ALLERGIES:

Annually, parent/guardian will provide an asthma and/or allergy action plan for a student who has been diagnosed with asthma and/or allergies. The asthma and/or allergy action plan will be kept in a file in the main office. Copies of the asthma and/or allergy action plan or portions thereof will be distributed digitally or otherwise to appropriate school staff who interact with the student on a regular basis, and, if applicable, may be attached to the student's federal Section 504 plan or individualized education program plan.

Each UCCS Campus will also adopt an asthma and/or allergy episode emergency response protocol that includes the components of the Illinois State Board of Education's model protocol.

Every two (2) years, UCCS personnel who work with students shall complete an in-person or online training program on the management of asthma and/or allergies, the prevention of asthma symptoms, and emergency response in the school setting.

8. PROCEDURES RELATED TO THE CARE OF STUDENTS DIAGNOSED WITH DIABETES:

A UCCS student who has been diagnosed with diabetes will have his or her care managed in accordance with the student's diabetes care plan. UCCS shall annually train at least one employee at each campus in the care of students diagnosed with diabetes pursuant to the Illinois State Board of Education Policy for Diabetes Care, see 105 ILCS 145, and CPS Policy 704.11, the Diabetes Management Policy. A student will be allowed to self-carry and self-administer medication as authorized by the student's Diabetes Care Plan.

9. DISPOSAL PROCEDURES.

UCCS' nurses will annually develop and/or review, and then follow a "sharps" disposal procedure in accordance with state regulations.

V. Athletic Policy

UChicago Charter provides students with the opportunity to participate in extracurricular athletic teams. These sports require students to be in good physical shape and condition. Students are expected to participate in strenuous activities that demand physical strength and endurance.

While participating in an extracurricular sport, the risk of injury can be significant and student injuries could result in broken bones, partial or total paralysis, or even death. Because of the possibility of serious injury or death, students must have a parent or guardian's consent to participate on an extracurricular athletic team.

By signing the consent form, students and parents/guardians release the University of Chicago Charter School employees, the Urban Education Institute, and the Charter School Corporation from any claim of negligence and liability arising from claims for damages for injury to student athletes and any claim for loss of, or damage to, student athletes' property which may arise out of his/her participation on an extracurricular athletic team.

SECTION III: CODE OF CONDUCT

In September 2017, UCCS adopted a new Student Code of Conduct Policy in compliance with changes made to the Illinois School Law. In essence these changes are meant to encourage restorative justice practices and reduce out-of-school suspension and expulsion, which were found to be too prevalent. UChicago Charter last updated the Student Conduct Policy in May 2019.

A. School Commitments Regarding the Student Conduct Policy

The School is committed to an instructive, corrective, and restorative approach to respond to student misconduct. If misconduct incidents arise that threaten student and staff safety or severely disrupt the educational process, the response should minimize the impact of the incident, repair harm, and address the underlying needs behind the student misconduct. In accordance with this Student Conduct Policy, all responses to student misconduct should be applied by School administrators, teachers and staff respectfully, fairly, consistently, and in a manner which considers students' instructional time whenever possible.

Among the many possible disciplinary interventions and consequences available to the School, school exclusions, such as out-of-school suspensions and expulsions, are the most serious. The School will limit the number and duration of expulsions and suspensions to the greatest extent practicable and they shall be used only for legitimate educational purposes. Unless otherwise required by federal or State law, the School will not institute zero-tolerance policies requiring the suspension or expulsion of students for particular behaviors. Furthermore, the School will not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties.

A student is subject to disciplinary action for engaging in prohibited student conduct, as described in this Policy and identified in Groups One through Six,¹ whenever the student's conduct is reasonably related to school or school activities, including, but not limited to actions of students during school hours, before and after school, while on school property, at all school-sponsored events, field trips, internships, and community activities, and while using the University of Chicago Charter School Network or any Information Technology Device when the actions affect the mission or operation of the School. Students may also be subject to this Conduct Policy for engaging in prohibited conduct that occurs off-campus or during non-school hours when the misconduct disrupts or may disrupt the safe, orderly, and peaceful learning environment of the School.

This Conduct Policy applies to students in the first through twelfth grades enrolled at any of the University of Chicago Charter School's campuses— North Kenwood/Oakland, Donoghue, and Woodlawn. Campus Directors may refer to this Policy as a guide and use discretion in applying it to students in prekindergarten² or kindergarten who engage in prohibited conduct. Disciplinary consequences for students in grades 1-5 exhibiting prohibited conduct will not be the same, or necessarily as severe, as those students in grades 6-12.

This Student Conduct Policy does not impose monetary fines or fees as a disciplinary consequence and the School will not implement such a disciplinary response, except that, as appropriate, the School may consider requiring a student to provide restitution for lost, stolen or damaged property. This Student Conduct Policy does not impose academic punishments for behavioral violations and the School will not impose such punishments.

¹ The University of Chicago Charter School Conduct Policy draws from the Chicago Public Schools (CPS) Student Code of Conduct (effective September 8, 2015), particularly with respect to identifying prohibited conduct contained in Groups One through Six of the identified prohibited conduct. However, this Student Conduct Policy is not consistent in all respects with the CPS Student Code of Conduct and careful attention should be given to review this Policy generally, the prohibited conduct identified in each of the six groups, and the interventions and consequences identified for each group of prohibited conduct.

² Consistent with state law, in no event will a prekindergarten student be expelled as a disciplinary consequence for prohibited behavior.

Special attention will be paid to students with individualized education plans (IEPs) and Section 504 Plans who engage in prohibited conduct, ensuring that responses and interventions are consistent with any applicable IEP or Section 504 Plan and comply with the student's rights under the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973.

The University of Chicago Charter School will maintain a Parent-Teacher Advisory Committee to develop with the Board of Directors policy guidelines on student discipline, including school searches and bullying prevention.

The School will make reasonable efforts to provide ongoing professional development to teachers, administrators, board members, school resource officers, and staff on the adverse consequences of school exclusion and justice-system involvement, effective classroom management strategies, culturally responsive discipline, and developmentally appropriate disciplinary methods that promote positive and healthy school climates.

This Student Conduct Policy shall be provided to the parents or guardians of each student within 15 days after the beginning of each school year, or within 15 days after the starting classes for a student who transfers into the School during the school year. The School will also inform the students of the contents of this Policy.

B. Prohibited Conduct, Interventions, and Consequences

This Conduct Policy describes six groups of prohibited conduct for which students will receive interventions and/or consequences. The acts of prohibited conduct are listed in six different groups, according to the degree of disruption to the learning environment as follows:

- Group 1 lists conduct that is inappropriate.
- Group 2 lists conduct that disrupts the learning environment.
- Group 3 lists conduct that seriously disrupts the learning environment.
- Group 4 lists conduct that very seriously disrupts the learning environment.
- Group 5 lists conduct that most seriously disrupts the learning environment.
- Group 6 lists conduct that most seriously disrupts the learning environment and will result in a contact to the Chicago Police Department.

This Discipline Policy is not intended to be inclusive of all possible student misconduct. Campus Directors and/or their designees are responsible for addressing inappropriate student conduct not specified in this Policy with appropriate consequences based upon a fair process.

Campus Directors and/or their designees have the authority to assign interventions and consequences based on his/her assessment of the best interest of the school community, including available school resources, the needs of any student or staff harmed, and the rights of the student engaged in the inappropriate conduct, in alignment with this Student Conduct Policy. The interventions and consequences listed for each Group may be imposed. The appropriate discipline to impose will be assessed on a case-by-case basis and all out-of-school discipline will be determined based on the procedures listed below.

Such requirement must be construed in a manner consistent with the Individuals with Disabilities Education Act (IDEA) and the expulsion determination or recommendation may be modified by the School's CEO on a case-by-case basis consistent with applicable law.

C. Student Code of Conduct Application for Students with IEPs

Special care must be taken when considering disciplinary action regarding students with individualized education plans (IEPs). Students with IEPs may be suspended for a total of 10 consecutive or 10 cumulative school days in one school year without providing special education procedural safeguards. Before and after school detentions do not count towards the 10-day limit. As long as students with IEPs are being provided with special education services, in-school suspensions do not count towards the 10-day limit. Campus Directors do not have to suspend students with IEPs for the mandatory periods set forth in this Conduct Policy for a single offense. The Campus Director has discretion to be flexible in the amount of days of suspension given to each student with an IEP.

Students with IEPs may be suspended in excess of 10 days in certain circumstances. In order to suspend a student with an IEP in excess of 10 days, the Campus Director must first consult with the CPS Office of Due Process and Mediation at 773-553-1905.

When Campus Directors anticipate a referral for expulsion, the following apply:

1. The Campus Director must provide a written notice to the parent/guardian or surrogate parent of the intervention or consequences being considered and the date of an IEP meeting, which must be held within 10 days of the date of the decision to discipline the student.
2. The IEP team must:
 - A. Determine whether the misconduct is related to the student's disability by reviewing evaluation and diagnostic results, information from the parent/guardian, observations of the student, and the student's IEP and placement. The behavior is not a manifestation of the student's disability if:
 1. The student was given appropriate special education supplementary aids and intervention strategies; and
 2. The disability does not impair the ability to control behavior.
 - B. Review and revise, if necessary, the behavior intervention plan or, as necessary, develop a functional behavior assessment and intervention plan to address the misconduct.
 - C. Determine the appropriateness of an interim alternative education setting and, as indicated, include in the IEP those services and modifications that will enable the student to continue to participate in the general curriculum and address the behavior so that it will not recur.

If the student's behavior is not a manifestation of the disability, Campus Directors may apply this Conduct Policy, taking into consideration the student's special education and disciplinary records. In no event, however, may the student be suspended without providing appropriate educational services for more than 10 consecutive or cumulative school days in a school year.

If the student's behavior is a manifestation of the disability, the student's placement may be changed to an appropriate interim educational setting if the student carried a weapon to school or a school function or knowingly possessed or used illegal drugs or sold or solicited the sale of a controlled substance while at school or at a school function.

For special education students with disabilities whose misconduct presents a danger to themselves or others in a manner other than those specified above, please consult with Campus Director.

D. Student Code of Conduct Suspension Guidelines

1. IN-SCHOOL SUSPENSION

In-school suspension is the removal of a student from his or her regular educational schedule to an alternative supervised setting inside the school building to engage in structured educational activities. Before assigning a student to in-school suspension, the student will be informed of his/her reported misconduct and provided an opportunity to respond. A copy of the misconduct report that formed the basis for the in-school suspension will be provided to the student's parents/guardians. Students will be given the opportunity to complete classroom work during the in-school suspension for equivalent academic credit.

2. OUT-OF-SCHOOL SUSPENSION

An out-of-school suspension is the removal of the student from class attendance or school attendance. Campus Directors or designees have the authority to suspend a student from school for gross disobedience or misconduct for up to ten (10) school days. Such suspension shall only be assigned if identified as an available intervention or consequence for the applicable student misconduct at issue. School administrators shall make reasonable efforts to resolve threats, address disruptions, and minimize the length of suspensions to the greatest extent practicable.

A student may be assigned an out-of-school suspension for one to three days if:

- Out-of-school suspension is listed as an available consequence in the Student Conduct Policy; and
- The Campus Director or designee determines that the student's continuing presence in school would pose a threat to school safety or a disruption to other students' learning opportunities; and
- The student was informed of his/her reported misconduct and provided an opportunity to respond.

Students must immediately notify a teacher or other campus staff if they have identified a security problem or are aware of any unauthorized access, use, abuse, misuse, injury, degradation, theft or destruction of the UCCS Network or Computer Resources.
- VIII. Discipline.** Failure to abide by this policy may subject a student to discipline in accordance with Student Code of Conduct.
- IX. Student Protections.** Students should promptly report to a teacher or other campus staff member any communication they receive that is inappropriate or makes them feel uncomfortable. If a student is harassed, intimidated, bullied or threatened through the UCCS Network, Computer Resources or otherwise, he/she should contact their Director or the Title IX coordinator at 773.702.5693.

B. Use of Cellphones and Electronic Devices

We know that cell phones and other electronic devices are very appealing to children and can be very beneficial in helping us keep track of our children. But we also know that they can be distracting for students and make it easy for students to access content that is not meant for them. The following rules are in place to ensure a productive educational environment.

1. ELEMENTARY SCHOOL

- Students' cellphones must be turned off while in the school building. They may not use cellphones while in the building, unless they have permission from an adult (i.e., while waiting in the office at dismissal for a parent to pick up with permission).
- Students may not use personal tablets, iPads, cellphones, game systems, etc. during any free time. Please do not allow students to bring these devices to school, if possible.
- Students may not take pictures or video of other students using their personal devices. Students may not share pictures or video taken at school on social media.
- Students may not access social media while at school.
- Adhering to these policies will help to ensure the safety of our students and eliminate the possibility of cyber-bullying and inappropriate use of technology while at school.

Phones must be turned in to their classroom teachers for safe keeping. At the end of the day, all cell phones will be returned to students. Any violation of these rules will result in the confiscation of the phone. Confiscated phones will be returned only to a parent/guardian. The school accepts no responsibility for lost or damaged cell phones.

We also require that cellphones used by parents/guardians be turned off while in the main office. We may not provide service to anyone who is speaking/texting on a cellphone.

2. MIDDLE SCHOOL AND HIGH SCHOOL

Electronic devices (cell phones, ipods, mp3 players, portable gaming devices, etc.) may be brought to school; however, they must be turned off and put away before entering class unless the teacher allows them. In emergency situations involving a student, the main office should be contacted, NOT the student.

Violation of this policy will result in the electronic device being confiscated and turned in to the Dean of Students. On the first offense the device will be returned to the student at the end of the day. On the second offense, the device will be confiscated and the parent will be contacted. All subsequent offenses will result in automatic detentions. UCW faculty and staff are not responsible for the loss or theft of any confiscated items. See the Student Acceptable Use Policy for full guidelines.

SECTION V: TITLE IX/ SEXUAL MISCONDUCT

A. General Statement of Policy

The University of Chicago Charter School is a community of leaders who are dedicated to cultivating students to become culturally aware critical thinkers and leaders who succeed in four-year colleges and beyond. UCCS is committed to compliance with Title IX.

The UChicago Charter provides equal educational opportunities to all students and maintains a learning environment that is free from discrimination and harassment. No person shall harass, intimidate, or bully another student on the basis of race, color, religion, gender, sexual orientation, gender identity, national or ethnic origin, age, status as an individual with a disability, protected veteran status, genetic information, or other protected classes under the law (including Title IX of the Education Amendments of 1972). The UChicago Charter School is committed to taking necessary action to prevent, correct, and, where indicated, discipline unlawful discrimination.

The University of Chicago Charter School has adopted this policy with expectations students, staff, faculty, volunteers and visitors will abide by it. This policy applies to misconduct that occurs: (1) on University of Chicago Charter School property; or (2) off University of Chicago Charter School property, if: (a) the conduct occurred in connection with a Charter School or Charter School-sponsored or -recognized program or activity; or (b) the conduct has or reasonably may have the effect of creating a hostile educational or work environment for a member of the Charter School community.

The UChicago Charter School will not tolerate harassing, intimidating conduct, or bullying whether verbal, physical, electronic, or visual, that creates an intimidating, hostile, or offensive educational environment, interfering with students' academic performance. Consistent with Title IX, sex discrimination is prohibited in all UCCS programs and activities. This includes: disparities in athletic opportunities; gender discrimination in admissions and educational programming; sexual harassment and sexual misconduct in schools and discrimination and bullying based on sex, gender identity or sexual orientation, including LGBTQ. Sexual misconduct encompasses a range of conduct, from sexual assault, (a form of sexual harassment), to dating violence, domestic violence, and stalking. Title IX and UCCS policy also prohibit retaliation against anyone who exercises any rights or responsibilities under this policy, including anyone who raises concern about harassment or discrimination as well as respondents and witnesses who participate in the resolution process.

Title IX applies, and UCCS prohibits, sex discrimination and unlawful harassment in the classroom, elsewhere on school premises, on a school bus or school-related vehicle and at school-sponsored activities or events, whether or not they are held on school premises, when the conduct is so severe or pervasive that it has the purpose or effect of creating an intimidating, hostile or offensive work environment, or unreasonably interfering with an individual's work or educational performance.

The UChicago Charter School will act to investigate all complaints, either formal or informal, verbal or written, filed based on religion, race, color, national origin, disability, gender, sexual orientation, age or other protected class as defined by this policy.

B. Conduct Prohibited

1. DISCRIMINATION:

- A. Definition** - As used in this policy, discrimination means intentional discriminatory or harassing treatment on the basis of any classifications protected by the Constitution of the United States, the Constitution of the State of Illinois and applicable federal, state or local laws or ordinances, including but not limited to discrimination on the basis of race, color, gender, gender identity/ expression, age, religion, disability, national origin or sexual orientation. Pregnancy discrimination is a form of sex discrimination prohibited by law, including the Pregnancy Discrimination Act.

B. Conduct Prohibited – Discrimination is prohibited when administering education-related programs. These programs will be administered without regard to the student's or applicant's race, color, national origin, gender, gender identity/expression, sexual orientation, age, religion or disability. Acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on gender, but not involving conduct of a sexual nature, may constitute a form of sex discrimination. Such acts, if based on other legally protected categories such as race, religion, and national origin, may constitute a form of harassment. The discrimination described above in paragraph 1 may in some circumstances be prohibited in the maintenance of facially neutral policies, practices, or requirements that have a disproportionate and negative effect on employment or academic opportunities of the protected classifications identified above.

2. HARASSMENT:

A. Definition- As used in this policy, harassment means verbal conduct, physical conduct, or conduct using technology that is based on a protected class and that is so severe or pervasive that it has the purpose or effect of unreasonably interfering with an individual's work performance or educational program participation, or that creates an intimidating, hostile, or offensive work or educational environment.

B. Conduct Prohibited- Harassment may include, but is not limited to, epithets or slurs, threats, derogatory comments, unwelcome jokes, gestures or pranks; placing written or graphic material of derogatory nature on walls, bulletin boards or elsewhere on UCCS' premises, or circulating such material in the workplace, unwanted blocking of movement, or otherwise engaging in any verbal, physical or electronic conduct that is so severe or pervasive that it has the purpose or effect of creating an intimidating, hostile or offensive work environment, or unreasonably interfering with an individual's work or educational performance. Conduct rules apply to any student, teacher, administrator or other school personnel, or by any other person who is participating in, observing or otherwise engaged in activities, including sporting events and other extra-curricular activities whether on or off school grounds before, during and after school hours, under the auspices of the UChicago Charter School.

3. SEXUAL HARASSMENT:

A. Definition - As used in this policy, sexual harassment means an unwanted and unwelcome sexual advance, request for sexual favors or other verbal or physical conduct of a sexual nature. Sexual harassment typically includes, but is not limited to, sexual flirtations, advances or propositions; verbal abuse of a sexual nature; graphic or degrading verbal comments about an individual or his or her gender, appearance, or sexual orientation; sex-oriented verbal kidding, teasing, or joking; displays of sexually suggestive objects or pictures; demands for sexual favors; subtle pressure for sexual activity; and physical contact such as patting, pinching, touching, or brushing against another's body. With sexual harassment, behavior often persists and is repetitive despite objection by the person toward whom the conduct is directed.

B. Conduct Prohibited - Covered individuals shall not sexually harass another while employed, working for, attending or participating in Charter School endeavors. There is a broad range of conduct which can, in certain circumstances, be considered a violation of this policy. This may include, but is not limited to sexually suggestive or offensive remarks; sexually suggestive pictures; sexually suggestive gesturing; verbal harassment or abuse of a sexual nature; harassing, abusive or sexually suggestive or offensive messages sent by e-mail or other electronic medium; subtle or direct propositions for sexual favors, and touching, patting, or pinching. Sexual harassment may be directed against a particular person or persons, or a group, whether of the opposite sex or the same sex. The Complainant need not be the person directly harassed.

4. CONDUCT WITH STUDENTS:

Romantic or sexual conduct between school employees, contractors, consultants, vendors or volunteers and UChicago Charter School students is strictly prohibited. For purposes of this policy, such conduct includes but is not limited to, physical contact of a sexual nature or use of sexually suggestive, offensive or inappropriate remarks. Any person with knowledge of an improper relationship between a student and a school employee, contractor, consultant, vendor or volunteer must immediately report the conduct to the Campus Director. In such instances, employees shall also complete the mandatory reporting requirements identified for suspected child abuse/neglect by school personnel set out in the Employee Handbook's Policy on Reporting Child Abuse and Neglect.

5. RETALIATION:

Retaliation against any person for having made a complaint or report of discrimination or sexual harassment, whether made internally, or externally with a federal, state, or local agency; or participating or aiding in an investigation of discrimination or sexual harassment, whether internal, or external with a federal, state, or local agency, is strictly prohibited. Any person who believes that he or she has been subjected to retaliation should report the retaliatory conduct to the Campus Director or Title IX Coordinator. Acts of retaliation shall subject the offending employee to discipline up to and including dismissal.

C. Reporting

Students may make an oral or written complaint of discrimination, sexual harassment, or retaliation if they :

- Believe they are victims of bullying, hazing, unlawful discrimination or harassment, or sexual harassment
- Have knowledge of discriminatory or sexual harassment conduct, or retaliation; or
- Believe they have been retaliated against for making a good faith complaint or report of sexual harassment, discrimination, or for participating or aiding in an investigation of such complaints

Students are expected to immediately report the alleged acts to Title IX Coordinator or Campus Director. Students may choose to report to a person of the student's same sex, and the student may be accompanied by a parent/guardian, school counselor, or advisor in making such a report.

The school representative taking the report will ensure that the reported incident(s) are documented and investigated in a prompt, thorough, and impartial manner. Upon receipt of a report or complaint alleging harassment consistent with policy, Campus Director shall immediately notify the Title IX Coordinator, without screening or investigating the report. Using reasoned judgement, the designated investigator, usually the Title IX Coordinator, will conduct an investigation and may choose to talk to the student and/or adult about their knowledge of the situation or complaint.

If you experience, witness or learn of sexual or other harassment or discrimination that you believe may violate UCCS' policies, you are obligated to immediately report it to Campus Director and/or the Title IX Coordinator. This applies to harassment or discrimination by employees, students or third parties. If, for any reason, you are uncomfortable discussing the matter with your Campus Director and/or if the concern involves your Campus Director, you should contact the Title IX Coordinator.

All staff, students, parents and visitors of UCCS are encouraged to report or make inquiries to the Title IX Coordinator. For further information on notice of non-discrimination, visit: <http://wdcrobcolp01.ed.gov/CFAPPS/OCR/contactus.cfm> for the address and phone number of the office that serves our area, or call 1-800-421-3481.

D. Investigation Procedure

All alleged violations of the UCCS' unlawful harassment and non-discrimination policy will be promptly and thoroughly investigated. The investigation will be completed within 60 days of the filing of a complaint or the date on which UCCS becomes aware of a suspected violation of this policy unless UCCS determines in its discretion that more time is required to complete the investigation, in which case, UCCS will notify all parties in writing of the extension of time.

In connection with the investigation, both the complainant and the respondent will have the opportunity to present information regarding the matter under investigation. Both parties are expected to cooperate with the investigation. UCCS will endeavor to afford the same or substantially similar opportunities to both parties to present or participate in the investigation.

1. PROCEDURE

Any investigation generally takes the following procedure:

1. Title IX Coordinator will interview any/all witnessing community members, the individual against whom the complaint is filed, and others who have knowledge of the alleged incident.
2. During the investigation, the students directly involved in the incident will be required to attend a meeting, separately, with the Title IX Coordinator to discuss the allegations and allow each student the opportunity to share their knowledge regarding the incident. Depending on the circumstances, the Title IX Coordinator may be joined by another school adult at this meeting. Depending on the severity of the situation, in his or her discretion, the Title IX Coordinator also may request that the students' parent(s)/guardian(s) attend this meeting.
3. Upon completion of the investigation, the Investigator, usually the Title IX Coordinator, shall report all matters discovered by the investigation to CEO, along with recommendations for findings, sanctions, protective measures, and procedural changes at UCCS if any.
4. The CEO will review the facts and determine whether to accept, amend, or reject the recommendations of the Investigator.
5. Once the Committee has made its decision regarding the recommendations of the Investigator, the Investigator shall timely notify both the complainant and respondent in writing of the outcome of the investigation, including where there has been a determination that this policy has been violated. If parties are minors, the parents will also be notified.
6. If there is a finding that UCCS policy has been violated, UCCS will take such action as it deems justified by the facts and circumstances.
7. All alleged violations of the UCCS' unlawful harassment and non-discrimination policy will be promptly and thoroughly investigated. The investigation will be completed within 60 days of the filing of a complaint or the date on which UCCS becomes aware of a suspected violation of this policy unless UCCS determines in its discretion that more time is required to complete the investigation, in which case, UCCS will notify all parties in writing of the extension of time.

2. REVIEW

The complainant or the respondent may request, no later than 15 days after the outcome of the proceedings is communicated to the parties, a review of the decision by the Director of UEI, or the Director's designee. The person seeking the review must put the request in writing and at the same time supply all supporting materials. The only legitimate grounds for review are: (i) that a procedural error occurred which may change the outcome of the decision; (ii) that new and material information unavailable at the time of the investigation would more likely than not substantially change the outcome of the proceeding; (iii) the sanction is disproportionate to the violation. Review requests submitted on any other grounds will be summarily denied. The Director of UEI (or the Director's designee), conducts an independent and unbiased review of the report, determination, and outcomes. The review will be completed within 30 days of receipt of the request for a review unless the Director (or designee) determines that more time is necessary, in which case UCCS will notify all parties in writing of the extension of time. The review is not a new investigation and does not include gathering additional information. The Director (or designee), acting on the basis of the entire record, may sustain or strike the determination, outcome and/or may sustain or modify the sanctions.

REVIEW, CONT'D

If the Director (or designee), concludes that new and material information not available to the Investigator more likely than not would have resulted in a different decision, they may require the Investigator to re-open the investigation and consider the new and relevant information in making findings and rendering a decision. Any re-opened investigation will conclude within 30 days of re-opening by the Investigator, unless it is determined that more time is reasonably required, in which case, UCCS will notify all parties in writing of the extension of time.

It is a violation of UCCS policy to retaliate against any complainant for making a good-faith complaint of harassment or discrimination. Retaliation against anyone for participating in good faith in an investigation of a complaint, including as a witness, is also a violation of UCCS policy.

In addition, submitting a complaint that is not in good faith, or providing false or misleading information in any investigation of complaints is also prohibited.

Student and Family Handbook APPENDIX 2019-2020

A. About the Urban Education Institute

The University of Chicago Charter School is one of four components of the University of Chicago Urban Education Institute. Urban Education Institute is an affiliated entity of UChicago and is housed for academic purposes in the School of Social Service Administration (SSA). The central office, CEOs, Human Resources, Finance, and related services are housed at Chapin Hall, 1313 E. 60th Street. Dean of SSA, Deborah Gorman-Smith is located at SSA, 969 E. 60th St.

The mission of the UEI is to create knowledge to produce reliably excellent urban schooling. The majority of our nation's public schools fail to prepare students from low-income families to succeed in college and life.

UEI has amassed decades of empirical evidence that demonstrates the extraordinary influence schooling can have on the lives of children. Taken as a whole, UEI represents a model for how higher education institutions can engage systematically in the improvement of pre-K–12th grade schooling. The meaningful intersection of applied and scholarly research, teacher education, the operation of exemplary schools, and creation and dissemination of tools and solutions that are research-based and practice-proven provides the opportunity to improve American schooling nationwide. No other institution in the country joins these domains of work and depth of expertise under a single roof, enabling UEI to make lasting and significant changes to the quality of American education.

The four primary components of the UEI are:

University of Chicago Charter School is a Pre-K–12 superhighway to college. There are three campuses of the UChicago Charter School, located in neighborhoods across the South Side, proximate to the University. The Donoghue and North Kenwood/Oakland campuses serve pre-K–5th grade students, and the Woodlawn Campus serves 6th–12th grade students. The UChicago Charter School is non-selective (admitting students by lottery) and enrolls approximately 1,900 African American students.

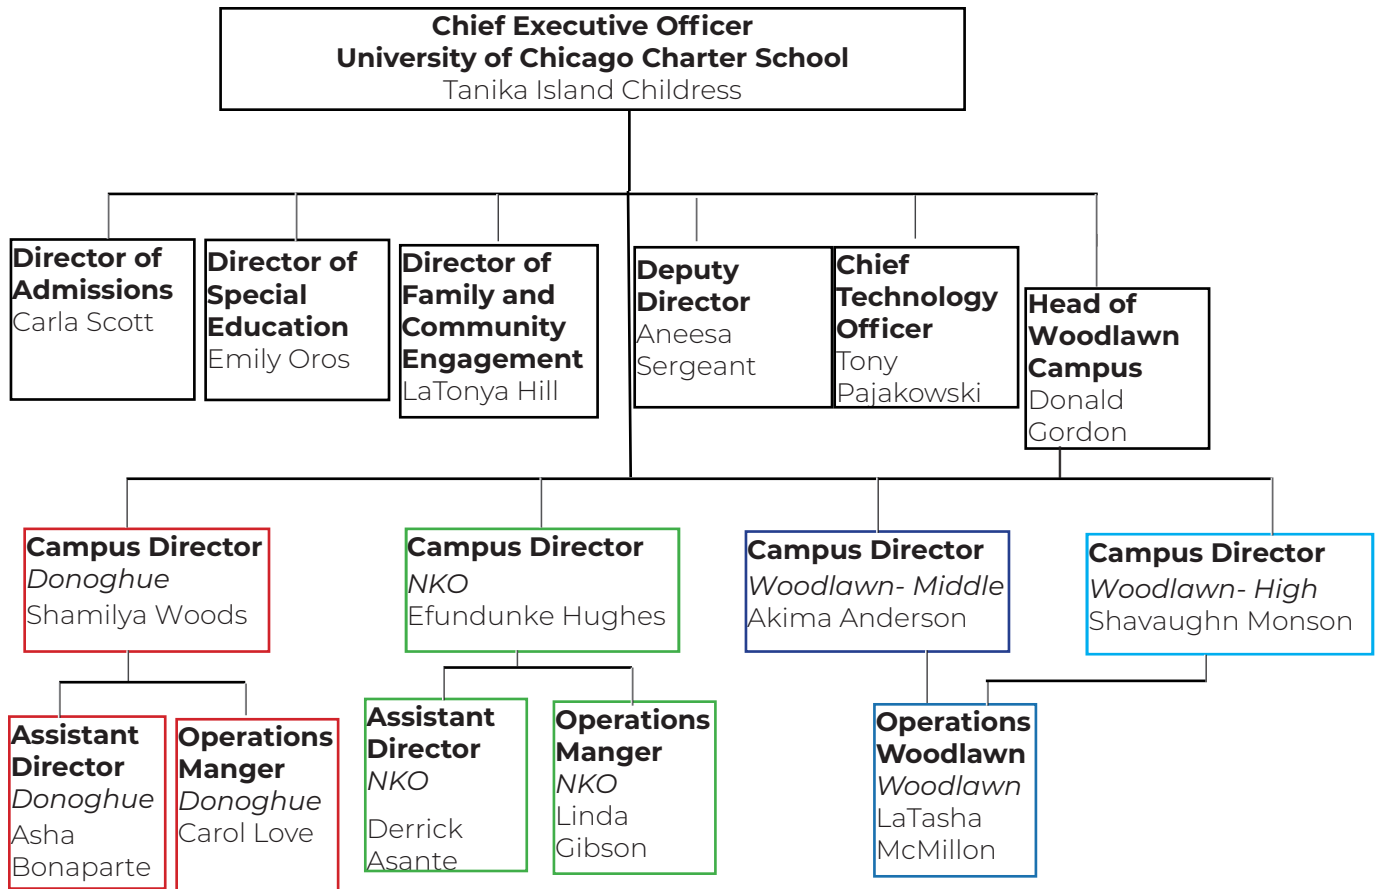

University of Chicago Consortium on Chicago School Research (UChicago CCSR) leads UEI's applied research effort, informing practice, policy, and the public about school in Chicago. Since its founding in 1990, UChicago CCSR has undertaken research to document, analyze, and assess Chicago's school reform efforts. It's a national model for undertaking research to track the progress of urban school systems, partnering closely with district leaders, creating and administering longitudinal surveys of schools, and creating indicators and methods to deepen understanding of school reform and improve educational practice. As a result, UChicago CCSR is being replicated in cities and states nationwide.

University of Chicago Urban Teacher Education Program (UChicago UTEP) prepares exemplary teachers for Chicago Public Schools while empirically testing a model for urban teacher preparation and support. UChicago UTEP is a two-year graduate program accredited by the Illinois State Board of Education. Students enroll in rigorous coursework and receive intensive clinical preparation over a 15-month period. Graduates receive three years of in-classroom coaching upon entry into Chicago schools. The retention rates for graduates dramatically exceed national norms. Nationwide, 50 percent of teachers leave the profession within five years. UChicago UTEP's five-year retention rate is approximately 90 percent.

UChicago Impact provides schools, school systems, and states with the highest quality research-based diagnostic tools and training designed to produce reliably excellent schooling. UChicago Impact tools and training are derived from knowledge culled across UEI—from our applied research, teacher training, and the day-to-day operation of effective schools. All UChicago Impact products are research and practice based—designed to improve instruction, leadership, and college readiness and to accelerate academic achievement. UChicago Impact worked in 55 cities and 23 states—including in some of the highest performing school systems and charter management organizations nationwide.

The Official Records Custodian shall take all reasonable measures to prevent unauthorized disclosures of school student records.

The Official Records Custodian is responsible for all notifications provided for in these procedures. The Official Records Custodian manages all requests for access to school student records and handles any required transfers of school student records.

3. ACCESS TO AND RELEASE OF STUDENT RECORDS:

Release of student records is limited to the designated portion of the record to which consent or statutory authority applies. Absent a court order, school officials do not provide educational records to Immigration Customs Enforcement.

1. Inspection and Access of Parent/Guardian or Eligible Student¹ to Student Records.
 - a. A parent or someone specifically designated by the parent shall have the right to inspect and copy all his/her child's school student records with limited exception. ¹ Unless otherwise specified, the term "parents" is used in this notice to include guardians and includes students who have assumed the rights over school student records as provided for in FERPA/ISSRA.

- b. Access to any record protected by the Mental Health and Developmental Disabilities Confidentiality Act will be provided according to the consent requirements contained within that law.
