Minutes

- How is the progress of students communicated to parents during tutoring?
- Response: Progress sheets will be sent home daily with students at the end of their tutoring session. It will include what the student practiced, learned and/or completed during that tutoring session.
- Tell us more about group counseling support.
- Our counselors oversee a group called Sources of Strength. It gives attention to youth mental health and suicide prevention. The program provides activities and support for young people so that when times get hard, they have strengths to rely on. Members meet periodically to harness their power of social influence to help change unhealthy norms and culture and ultimately prevent suicide, bullying and substance abuse by creating school based positive activities.
