September Is Attendance Awareness Month

It is extremely important that your child is at school each day! We can't teach them if they are not here. September is National Attendance Awareness Month, and we encourage all students to have perfect attendance. We have several students who have already missed more than 5 days of school. The District Attorney's office is closely monitoring truancy, so it is important that your child is present every day. Build the habit of attendance early. School attendance is essential to academic success.
