Academics

Promotion and Retention

Students in Grades K-8 will be promoted to the next grade based upon a demonstrated mastery of grade level curriculum, state standards, and the recommendation of the teacher. The teacher evaluation/recommendation is based in part, but not solely, upon achievement of class assignments, projects, and tests.

All special educational students will be evaluated by their Individual Education Plans following all IDEA laws and regulations.

Students in danger of not meeting promotion standards will be identified by the end of the first semester and a conference will be held between the teacher, parent and possibly the student at the beginning of the second semester. A final meeting will be held before the end of the year to review the student's performance. The teacher, as established by state law, will make a decision for retention or promotion at that time. If a parent or legal guardian chooses not to accept the teacher's decision, he/she may request in writing that the Governing Board reviews the teacher's decision.

Students and parents will be informed in writing by the end of the third quarter of a possible retention. Parents of students who fail three or more subjects will receive written retention notices in May. Students who fail three or fewer subjects may choose a suitable summer school program. Parents are responsible for finding a suitable summer school program that would satisfy passing requirements. Students failing four or more subjects will be required to repeat the current grade.

Move on When Reading

All third grade students must score Partially Proficient, Proficient, or Highly Proficient on the standardized reading test in order to be promoted to the fourth grade unless a student has an IEP that indicates an exemption to the law.

Move on When Reading legislation places great importance on this process beginning in Kindergarten to ensure all students remain on track to be reading on grade level by the end of third grade. Arizona Revised Statute § 15-701 states that if a student scores below the cut score on the reading portion of the third grade statewide exam, he/she will not be promoted to fourth grade. It is understood that each student is unique; therefore exemptions have been established for students to promote to fourth grade. Those exemptions are available at www.azed.gov/mowr.

Parents Can Review Course of Study and Materials

Courses of study and materials are available for parents to review. To review the material, please contact the school office to make an appointment with the teacher or the principal.

Good Work Habits

It is the responsibility of all students to have supplies such as pens, pencils, paper, folders, books, and charged devices with them when they go to their classes.

Characteristics of good work habits are demonstrated in the completion of successful, quality work in a timely manner. The following skills are necessary to develop these good habits:

Uses time wisely

Arrive to class on time and work on appropriate assignments at proper times.

Self-directed

Take initiative and arrive prepared with materials and homework for classes.

Cooperates

Completes his/her own part (s) for the class' or group's tasks; works with class/ group towards common goals.

Demonstrates pride in quality work

Submit work that exhibits pride in its quality (neatness, completeness).

Homework

Work done outside the classroom is necessary and valuable. It is a tool, which teachers use to help students become confident and independent learners and thinkers. Therefore, it is essential that the students complete their homework assignments carefully, on time, and with their best efforts.

Students learn best when they, their parents, and their school work together. Homework is one way that family and school can cooperate to improve student learning.

Missed Assignments and Learning

It is the student's responsibility to check with each teacher for work that was missed during an excused absence.

Parents may request homework the second day of absence. If requested in the morning, homework will be ready to be picked up at the end of the school day. Upon return, students will have the same number of days out plus one day to make up missed work. The only exception to this rule is at the end of the quarters due to grade reporting time restrictions.

After School Tutoring

Mountain Vista School offers homework support for students after school. Students are welcome to attend and use the time to complete their homework or get assistance from teachers or other students. Check with your child's teacher for availability.

School Day Tutoring

Mountain Vista School offers Response to Intervention tutoring to all grade levels. Our tutors are highly qualified and trained in the areas that they are tutoring.

Academic Progress Reports

Academic progress reports are sent home weekly to parents of K-8 students. Students in grades K-5 will receive that progress reports on Wednesdays. Students in grades 6-8 will receive their progress reports on Fridays.

These weekly notices are not report cards; they are simply a means to allow better communication with parents/guardians in regard to their child's academic progress.

PowerSchool Access

Parents/Guardians can access student grades through PowerSchool. The link is located on the school's website through the parent portal at www.osd2.org. Please watch for login information to be sent home during the first few weeks of school.

Parent Teacher Conferences

Throughout the school year, parents are encouraged and welcomed to contact the classroom teacher to inquire about the academic progress of their children.

Time is officially set aside for meetings during Parent-Teacher conferences. Conferences are held at the end of September, November, and February. Teachers will send home information specific to their conference schedules. Please watch for these communications as times draw near.

Achieving Good Citizenship

Mountain Vista School values good citizenship. Students show good citizenship by following the Cougar Pride Expectations.

Citizenship Award

A Citizenship award shall be granted to students for earning 3s and 4s in Citizenship for all classes. Students, who have earned the opportunity to fill out more than one written reflection, time in our Alternative to Suspension Program (ASP) or have been Out of School Suspended, will not be eligible to earn a citizenship award.

Citizenship grades align with our PBIS expectations and behavior chart

4 Exceeds school citizenship standards

Students who are rarely on the behavior tracking sheet and who have not earned a written reflection or an ODR.

3 Meets school citizenship standards

Students who are occasionally on the behavior tracking sheet, may have 1 written reflection and no ODRs.

2 Approaches school citizenship standards

Students who have several written reflection and 1-2 ODRs.

1 Falls below school citizenship standards

Students who have several written reflection and multiple ODRs.

REPORT CARDS

Report cards are a continuous record of the evaluation of students' academic progress for the year. Mountain Vista School will issue report cards four times a year.

Letter Grade	Percentage	GPA
A	90–100%	4.0
B	80–89%	3.0
C	70–79%	2.0
D	60–69%	1.0
F	0–59%	0.0

HONOR ROLL

An Honor Roll program has been established to recognize academic excellence by students. At the end of each grading period, Honor Roll lists are published for students enrolled in grades 3-8.

Principal's Honor Roll

Students who have earned all As, 90% or above in all subjects, on their report cards.

Cougar Honor Roll

Students who have earned all As and Bs, 80% or above in all subjects, on their report cards.

Attendance

Truancy Law

Arizona State law (A.R.S. 15-803) says that it is unlawful for any child between the ages of six and sixteen to fail to attend school during the hours school is in session, unless there is a valid excuse. The child will be considered truant when there is not a good reason for not attending school. If a parent fails to ensure that the child attends school, the law states that they are guilty of a class 3 misdemeanor. When the parent does not provide a valid excuse for the child's absence, the school attendance office may cite the student, parent or custodian (guardian) directly to the court for violation of the state truancy law.

As set forth in the state truancy ordinance, after five unexcused absences, the minor child and the minor child's parent or legal guardian is in violation of the ordinance and subject to prosecution of a class three misdemeanor. Prior to the state filing charges against the parents for truancy violation, the county prosecutor is provided with the minor's attendance records. Thereafter, the parent/legal guardian is sent an advisory letter setting forth the allegation and the consequences. Therein is a requirement that the child be in school on or before a date specified.

The county prosecutor simultaneously forwards a copy of the parent advisory letter to the school principal and school attendance officer requesting notification if the parent/legal guardian falls short of the mandate and fails to send the minor child to school.

The school attendance officer notifies the county prosecutor by telephone if the child is not in school on the date set forth in the advisory letter. The school attendance officer and administration continue monitoring the attendance of the minor child. If a subsequent truancy occurs after the advisory letter, the county prosecutor files a long form complaint against the parent and minor child for violation of ordinance.

Absences

Students are required to attend school every day of the school year. Absences from school can inhibit the student's success, however, sometimes family or medical events will require a student to be absent from school. It is important for parents to schedule family activities that do not interfere with the student's attendance. Regular school attendance is essential for success in school; therefore, absences shall be excused only for necessary and important reasons. Such reasons include illness, bereavement, other family emergencies, and observance of major religious holidays of the family's faith.

Whenever your child does not attend school you must call the school office. If calling before office hours, please leave a message giving your student's name, teacher's name, and specify the reason for the absence. Please make your calls by 7:30 am, or as soon as possible. Make arrangements with the classroom teacher or notify the front office to receive any schoolwork required for those days absent. At five unexcused absences, a meeting with the student, guardian, teacher, and principal will be arranged.

ARS 15-803 stipulates that a student must be in attendance at school for at least 90% of the 180 instructional days. Any student that reaches that point will lose credit for the school year. Per A.R.S. 15-901, a student may be withdrawn after ten (10) consecutive days of unexcused absences.

Students who are absent for more than 18 days in a school year may have to attend summer school to promote to the following grade or could be retained due to attendance.

We strongly support family activities and believe they are vital to the total positive development of your children. With that said, extended vacations taken during times when school is in session are of great concern to us. Mountain Vista has high academic standards for all our students, and we do not want your children's opportunity for success to be jeopardized. Our teachers work very hard in preparing their daily lessons for your children and need them in class every day. Children learn best when the lesson is being presented and they are able to participate in the learning process firsthand. We would never ask you to sacrifice valuable and important time with your children, however, we only ask that you consider your children's educational progress as you plan in the future.

Chronic Health Problems

Students with chronic health problems, who are unable to attend regular classes for intermittent periods of one or more consecutive days because of illness, disease, pregnancy complications or accident as certified by a health professional or registered nurse practitioner, may be excused from school. All exceptions must be certified by an appropriate health professional and will be reviewed on an individual basis. (A.R.S. § 15-346). Please ask the school office for the appropriate forms if your child's attendance is affected by a chronic health problem.

Dismissal from School

At dismissal bell students are expected to:

- Be picked up promptly by approved family member, sibling or friend
- Immediately walk or ride bikes home
- Go to tutoring
- Go to school sponsored program (music, club, athletics)
- If a student is waiting for a Mountain Vista sibling, they must wait in front of the office.

If a student is not participating in a school supervised event, he/she is to be off campus no later than 2:15 PM. Students who remain on campus after 2:15 PM are required to come to the office and call home to arrange for a ride.

Registration and Withdrawal

If your family is relocating or enrolling in another school, the parent/guardian must come to the school office to withdraw the student from Mountain Vista School. Once you withdraw from Mountain Vista, your grades/files will be sent to your new school.

If your family moves within the Mountain Vista boundaries, it is very important that you notify the office of your new address and phone number.

Leaving the School Campus

It is recommended that appointments be made during non-school hours. However if a student must leave the school grounds at any time during the day, for necessary appointments such as dental or medical, parents or guardians must check their child out through the school office.

Returning to School Grounds

If a student returns to school after an appointment, they must be checked in by a parent or guardian in the front office. An admit slip will be issued to allow the student into class

Legal Statements and Laws

Nondiscriminatory/Equal Opportunity

Oracle School District is committed to a policy of nondiscrimination in relation to race, color, religion, sex, sexual orientation, gender identity, gender expression, age, national origin, and disability. This policy will prevail in all matters concerning staff members, students, the public, educational programs and services, and individuals with whom the Board does business.

El Oracle School District está comprometido a mantener las normas no discriminatorias basadas en la raza, color de la piel, religión género, orientación sexual, edad, origen nacional y discapacidades. Esta norma prevalecerá en todo momento con relación a miembros del personal, los estudiantes, el público, los programas y servicios educativos, e individuos con quienes la Junta Escolar tiene vínculos comerciales.

The District is committed to investigating each complaint and to taking appropriate action on all confirmed violations of policy. The Superintendent shall investigate and document complaints filed pursuant to this regulation as soon as reasonable, within the established timelines. In investigating the complaint, the Superintendent will maintain confidentiality to the extent reasonably possible. The Superintendent shall also investigate incidents of policy violation that are raised by the Governing Board, even though no complaint has been made.

If after the initial investigation the Superintendent has reason to believe that a violation of policy has occurred, the Superintendent shall determine whether or not to hold an administrative hearing and/or to recommend bringing the matter before the Board.

If the person alleged to have violated policy is a teacher or an administrator, the due process provisions of the District's Policy shall apply, except that the supervising administrator may be assigned to conduct the hearing. In cases of serious misconduct, dismissal or suspension proceedings in accordance with A.R.S. 15-539 *et seq.* may be initiated.

If the person alleged to have violated policy is a support staff employee, the Superintendent may follow due process and impose discipline under Policy if the evidence so warrants. The Superintendent also may recommend a suspension without pay, recommend dismissal, or impose other appropriate discipline.

If the person alleged to have violated policy is a student, the Superintendent may impose discipline in accordance with Policies.

If the Superintendent's investigation reveals no reasonable cause to believe policy has been violated, the Superintendent shall so inform the complaining party in writing.

The complaint must be filed within thirty (30) calendar days after the complaining party knew or should have known that there were grounds for a complaint/grievance.

Once the written complaint has been filed using the forms provided by the District, the Superintendent shall require the immediate supervisor or site administrator to investigate and respond in writing to the complaining party within five (5) working days.

If the immediate supervisor or site administrator does not respond, the Superintendent will have ten (10) additional working days to respond in writing to the complaining party.

If the Superintendent does not respond within the established time, then the complaining party may request in writing that the issue be brought before the Board. The Board will then review the record of the investigation and have thirty (30) days to respond to the complaining party in writing.

FERPA Rights

The Family Educational Rights and Privacy Act (FERPA) is a complex Federal law that protects the privacy interests of parents and students with regard to educational records. Generally, FERPA gives parents the right to inspect and review their children's education records, request amendment of the records, and have some control over the disclosure of information from the records. When a student turns 18 or enters college, FERPA classifies him or her as an "eligible student" and transfers the rights under the Act from the parent to the student. FERPA requires school districts to notify parents and eligible students annually of their rights under the Act. When you turn 18 years of age, you have the right to your FERPA records. Please refer to OSD Policy for further information regarding FERPA rights.

Every Student Succeeds Act (ESSA)

The Every Student Succeeds Act (ESSA) of 2015, gives you the right to ask for the following information about each of your child's classroom teachers:

Whether the State of Arizona has licensed or qualified the teacher for the grades and subject he or she teaches.

Whether the teacher is teaching under an emergency permit or other provisional status by which state licensing criteria have been waived.

The teacher's college major; whether the teacher has any advanced degrees and, if so, the subject of the degrees.

Whether any instructional aides or similar paraprofessionals provide services to your child and, if they do, their qualifications. If you would like to receive any additional information, please contact the District Director of Human Resources.

Abuse of Teacher or School Employee in School

Arizona State Statutes (A.R.S. 15-507) state that a person who knowingly abuses a teacher or other school employee on school grounds or while the teacher or employee is engaged in the performance of his duties is guilty of a class 3 misdemeanor.

Mandatory Reporting

Arizona State Statutes (A.R.S. 13-3620) require schools and school employees to report criminal activity to local law enforcement. Schools are also required to report incidences of child abuse, neglect, and crimes against children to local law enforcement and Child Protective Services. Recent changes in the law require schools to report threats, or rumors of threats, made against schools, students and school personnel. Schools must also report all incidents of non-accidental injuries that might occur during altercations at school. According to A.R.S. 15-341 staff members are to report any suspected crimes against persons or property and any incidents that could potentially threaten the safety and security of pupils, teachers, or administrators to local law enforcement. Teacher's Authority to Remove a Student from Class

Parent Involvement

Parent, Family, and Community Participation Plan

1. Describe the strategies planned to increase meaningful parent and family involvement that is designed to enhance home-school partnerships and improve student learning:

- Parent Teacher Organization
- Wednesday folders with updated information
- Progress Reports sent home once a week
- Back to School Night
- Parent conferences three times a year
- Title I Informational Meeting
- Volunteer tutors
- Volunteer classroom helpers
- Student Handbooks

2. Describe the activities planned to carry out the strategies.

- The PTO meets once a month and teachers rotate attending so that teachers from each grade level are represented. Meeting times and dates are included in the student handbook. Reminders are posted in Cat Tracks and on social media.
- Wednesday folders are sent home each week and at every grade level from pre-school to eighth grade. They include progress reports, notices of events and meetings, and other pertinent school and/or community information.
- Back to School Night is an event scheduled on the evening before the first day of school each year. Parents and students are invited to meet the teachers, learn about procedures and programs for the upcoming school year, and participate in scheduled welcoming activities.
- The Title I Informational Meeting is held approximately three weeks into the school year. Parents are invited to learn what types of services are offered through Title I Programs. To increase participation, the informational meeting may be held in conjunction with the August or September PTO meeting.
- Volunteer tutors work with students to improve ELA and Math skills.
- Classroom volunteers help teachers with a variety of tasks and work both directly with students as well as behind the scenes.
- Student handbooks are distributed to all students at the beginning of each school year.

3. How will parents be involved in evaluating the School Wide Plan?

- The School Wide Plan will be placed on the District's website.
- There will be a link whereby parents can make comment and suggestions

4. Describe the process to communicate with parents of students who have not met academic standards.

- Parents will be contacted via phone calls, letters, email, and weekly progress reports.
- Teachers also schedule meetings with the parents of students in danger of failing in order to devise plans for student success.

- Teachers may also refer a student to the Child Study Team where a student might be referred for Special Education testing.

5. Briefly describe the process used to develop and implement the Parent/Student/Teacher Compact.

- The template provided on the Arizona Department of Education website was used to design the Compact for the Oracle School District. Parents, teachers, and administrators met to discuss the components of the Compact and how to tailor it to the needs of the Oracle School District. After the document was written, it was reviewed by the staff, administration, and the governing board. It has now been included in the staff and student handbooks.

6. A copy of the Compact follows.

School-Parent Compact

The Oracle School District, and the parents of the students participating in activities, services, and programs funded by Title I, Part A of the Elementary and Secondary Education Act (ESEA) (participating children), agree that this compact outlines how the parents, the entire school staff, and the students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership that will help children achieve the State's high standards.

This school-parent compact is in effect during 2023-2024 school year.

Mountain Vista School Responsibilities

Mountain Vista School will support our students' learning in the following ways:

1. Provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating children to meet the State's student academic achievement standards as follows:

All teachers are Highly Qualified as set forth in No Child Left behind. Curricula for all subject areas are aligned with Arizona State Standards. Technology is available in all classrooms, and teachers are qualified to help students achieve technologic literacy. Students are tested using the STAR Literacy and Math Benchmark Assessments three times a year. Instruction will be adjusted based on test results. Classroom instruction will be data driven using this data, along with teacher generated assessments and prior year state assessment data. Teachers are evaluated by a qualified evaluator at least once a year.

2. Hold parent-teacher conferences (at least annually in elementary schools) during which this compact will be discussed as it relates to the individual child's achievement.

Parent-teacher conferences will be held three times during the school year: September, November, and February. The Title I Meeting for Parents will be held by September each year.

3. Provide parents with frequent reports on their children's progress.

Parent-teacher conferences will be held three times during the school year: September, November,

and February. Wednesday folders are sent home each week with a progress report and other information a teacher deems pertinent. Teachers update grades weekly and parents are able to access their child's grade status anytime by logging into their child's information in PowerSchool.

4. Provide parents reasonable access to staff.

Parents can call the office and make an appointment to meet with a teacher. Teacher email addresses and classroom phone numbers are provided to parents via the District website as well as by request.

5. Provide parents opportunities to volunteer and participate in their child's class, and to observe classroom activities.

Parents are encouraged to contact teachers and make arrangements to volunteer and/or observe in their child's class. This is explained in the Student Handbook and at the Back to School Night held each year the evening before school starts.

Parent Responsibilities

We, as parents, will support our children's learning in the following ways:

- Monitoring attendance.
- Making sure that homework is completed.
- Monitoring amount of television their children watch.
- Volunteering in my child's classroom.
- Participating, as appropriate, in decisions relating to my children's education.
- Promoting positive use of my child's extracurricular time.
- Staying informed about my child's education and communicating with the school by promptly reading all notices from the school or the school district either received by my child or by mail and responding, as appropriate.
- Serving, to the extent possible, on policy advisory groups, such as being the Title I, Part A parent representative on the school's School Improvement Team, the Title I Policy Advisory Committee, the District wide Policy Advisory Council, the State's Committee of Practitioners, the School Support Team or other school advisory or policy groups.
- Participate in the Parent Teacher Organization (PTO).

Student Responsibilities

We, as students, will share the responsibility to improve our academic achievement and achieve the State's high standards. Specifically, we will:

- Do my homework every day and ask for help when I need to.
- Take advantage of after school tutoring, as needed.
- Read at least 30 minutes every day outside of school time.
- Give to my parents or the adult who is responsible for my welfare all notices and information received by me from my school every day.

- Get plenty of rest on school nights.
- Eat a healthy breakfast and lunch.

Positive Behavioral Interventions and Supports

PBIS is a framework for providing research-based practices for improving academic and behavioral outcomes for all students. The focus of PBIS is to create a positive learning environment that teaches and reinforces positive social development and decreases the number, intensity and severity of challenging behaviors. The effectiveness of PBIS has been demonstrated in school and home settings, and across age levels.

Teaching Expectations

Throughout the school year, students will be taught expected behaviors according to three expectations, be respectful, be responsible, and be honest. Teachers will help students learn what each expectation looks like in different settings during the school day. These lessons will be reinforced during the school year, and are a regular part of our instructional program.

MOUNTAIN VISTA PBIS EXPECTATIONS

BE RESPECTFUL	BE RESPONSIBLE	BE HONEST
<ul style="list-style-type: none"> • Use courteous and appropriate language • Keep hands, objects, and feet to self • Turn off and store electronics • Include and allow everyone to participate or play • Know and follow all school rules 	<ul style="list-style-type: none"> • Keep area clean • Arrive on time • Use materials appropriately • Be on task and complete assignments • Keep the area clean • Keep surfaces graffiti free 	<ul style="list-style-type: none"> • Report issues • Accept consequences for your actions • Tell the truth • Ask valuable questions and for help

Components of PBIS

- Common purpose and approach to behavior management
- Clear set of positive expectations and behaviors
- Administrative support, participation, and leadership
- Procedures for teaching expected behavior
- System of procedures for encouraging expected behavior
- Procedures for ongoing monitoring

Benefits of PBIS

Schools that consistently implement PBIS experience these outcomes:

- Increased instructional time
- Increased academic achievement
- Improved staff and student attendance
- Increased parent participation and partnerships
- Improved community involvement and support
- Decreased suspension and referral rates

Parents/Guardians and PBIS

To be successful, our behavior program needs to be a partnership between home and school. We invited your comments, concerns, and ideas to make PBIS work at our school.

Please support PBIS at Mountain Vista by:

- Review behavior expectations with your child
- Use the three expectations at home
- Provide positive reinforcement at home
- Share comments with or ask questions from PBIS team members
- For more information, please visit: <http://pbis.org/family/default.aspx>

Recognition System

Acknowledging and reinforcing positive behavior is one of the best ways to encourage appropriate behavior and change inappropriate behavior. Students who display school wide expectations can be acknowledged through our PBIS app that parents will get to access. Students will be allowed to use their points in exchange for items at the Cougar Pride Store. Students will also be recognized monthly with a PBIS celebration if they meet the requirements.

Safety and Security

Visitors

All visitors to Mountain Vista School are required to sign in at the front office and obtain a visitor's badge by providing them with proof of identification upon arrival to campus. Mountain Vista graduates are not allowed on campus during school hours without administrator approval. Classroom visitors must be pre-approved by the administration. Classrooms hosting special events will inform the front office before scheduling an event.

Fire Drill

Detailed instructions for fire drills are posted in each room. Teachers will read these instructions to each of their classes during the first week of each semester. Students are to follow instructions and stay with their teacher during a fire drill for their safety and the safety of others. Fire Drills are practiced on a monthly basis.

Lockdown Procedures

The purpose of a lockdown is to eliminate movement if there is a situation on campus, law enforcement activity or other emergency agency activity in the area. Security personnel will secure the perimeter of the campus and prevent people from coming on campus. If there is a lockdown, the administration will maintain communication with the District Office and law enforcement. During the school year, we will practice two lockdown drills.

Student Drop off and Pick-Up

Students may not arrive at school earlier than 7:30 without administrative approval. Students who do not participate in an after-school activity must leave campus no later than 2:15 PM and may remain on campus later only with administrative approval.

The student drop off and pick-up area is located in front of the front office. To facilitate the efficient movement of traffic through the parking lot and to clear traffic as quickly as possible, students must be dropped off and picked up only in this designated area. Students dropped off in other areas will still be required to enter the school through the front gates. To avoid impeding the movement of traffic, please do not drop off or pick up students in other areas. Drivers who are dropping off or picking up students are required to adhere to traffic signals, cones, signs, and directions of staff members posted in the parking lot. When picking up students in the drop off loop, parents are asked to remain in your vehicle at all times. If you are picking up a student in the parking lot, you must pull into a parking spot.

Approved Entry and Exit Gates

All entry and exit must be through approved doors. Use of unapproved doors may result in disciplinary action. Students will enter and exit the campus through the front office gates during student arrival and dismissal times. During these times, students arriving with a parent or guardian may enter or exit through the main office. Students are required to sign in and out when entering or exiting through the main office.

All unsupervised exterior entry/exit doors and gates must be closed and secured. At no time may any student or staff member prop open or otherwise leave open any unsupervised exterior entry/exit door or gate without the express consent of an administrator. Any student or staff member who does so may face disciplinary action up to and including suspension, expulsion or dismissal.

Gymnasium and Athletic Fields

No students are allowed in the gym or on the athletic fields without teacher or coach supervision. Athletic fields and the track are closed to the public during school hours, 7:30 AM to 5:00 PM.

Student Activities

A variety of after-school activities are offered for students beginning soon after the start of school. Parental permission must be obtained for students to participate in these activities. Some activities (sports and cheerleading) require that students have a physical taken each school year before trying out for the event. **There will be no exceptions to this requirement.**

Student Participation

Students in grades 7-8 are eligible as long as they are receiving passing grades in each and every subject including electives. Students in grade 6 may be invited to participate in some sports seasons if there is a need.

Students who are declared ineligible, a grade of 60% or below in any subject, will be given the necessary help in the classes they are failing to bring the grade up to passing. This help will be made available either before or after school.

Community Schools and Extended School Day

Extended Day Classes run from 2:10-3:00 PM and transportation is not provided. Community schools classes and activities sometimes include nominal fees and do not include transportation. Please contact Rosa Flores for further information: (520) 896-3000 or by email at rflores@osd2.org.

National Junior Honor Society

Each year students in grades 7 and 8 can become eligible for NJHS by being good students and citizens. If a student maintains a minimum 3.0 grade point average with no grade lower than an 80% in any subject, he or she can be eligible for NJHS consideration. To become NJHS members, students must fill out an application and then be selected by a teacher committee based on scholarship, citizenship, character, service, and leadership.

Student Council

Mountain Vista provides an opportunity for students in grades 6-8 to participate in the decision-making process through student council. Students are encouraged to participate in the student council and to make recommendations for the improvement of Mountain Vista School through their student representatives. To become a student council member, students must fill out an application and then be selected. Students must also maintain a 2.0 GPA and have positive behavior on campus.

During the year, the student council will sponsor or approve many of the activities in which Mountain Vista students will participate.

Sports

Mountain Vista has three sports seasons which include eight sports:

Season 1: Girls Volleyball

Season 2: Girls Basketball, Boys Basketball, and Wrestling

Season 3: Track, Baseball and Softball

We are members of the Central Athletic League. Students in the 6th through 8th grade are eligible to participate in league sports. Mountain Vista has excellent coaches and a large percentage of our students participate in our sports programs. Students must be passing all of their classes including electives with a 60% or better to be eligible for athletics. We conduct weekly grade checks to determine academic eligibility. Behavior can affect athletic eligibility.

Students who have been absent during the school day are NOT ELIGIBLE to participate in any school activity which takes place after school on the same day. Any student who has been suspended

(alternative to suspension or out of school suspension) from school may not participate in any after-school activity for the period of suspension. A student who has spent the day in a time-out setting may also lose the privilege to participate in any after-school activity that day.

Spectator Behavior

Mountain Vista School participates in the Central Junior High League with sportsman like conduct. Fan behavior is an integral part of upholding these principles. A paid entry fee does not constitute permission to taunt or cheer in a rude or disrespectful manner. Fans behaving in this manner will be directed to leave Mountain Vista Campus. Students of Mountain Vista will be subject to disciplinary action according to school's policy. These principles apply to audiences at sporting and non-sporting events both home and away.

Student Services

Mountain Vista Office

Families are asked to notify the front office if there has been a change of address, telephone number, or email address. It is important to have this information so that we are able to communicate with families.

Food Service

Families will be asked to complete an application for free/reduced lunch. We ask that all families complete the application and turn it into the cafeteria. Guidelines for eligibility for free or reduced price lunches are available at the school office and application may be made at any time.

Library

Procedures for Dealing with Challenged Materials

Those persons wishing to challenge material or resources in the Library will be asked to complete a Request for Reconsideration of Library Resources form (see Library Staff or website).

The completed form should be submitted to Mrs. Soulé, who will then acknowledge receipt of the form via letter. The request will then be considered by Mrs. Nehrmeyer, Mrs. Soulé, and members of the Library Committee in light of the library Bill of Rights and the Principles of Intellectual Freedom. The person making the challenge will be notified by Mrs. Soulé of the decision and the action taken.

Library Hours

Students may exchange library books during their scheduled library time, before school from 7:30-7:50 AM, or during the school day from 11:00-AM-1:00 PM.

School Health Office

Medication

State statute requires the District to cooperate with the health care practitioner and parents to meet requirements. There must be a written order from the prescribing health care practitioner stating the name of the medication, dosage amount and times are to be given. There must be written permission from the parent or guardian for the students or administrator to administer the medicine. The medicine must come to the school office in its original container. For further information please contact health care paraprofessional Lydia Smith at (520) 896-3000.

Student Health Insurance

The District offers personal student insurance. This program is optional, but is recommended if students are not covered by private insurance.

Student Conduct and Discipline

Student Dress Code

The Oracle Elementary School District encourages our students to take pride in their appearance as it related to the school setting. Students should dress in a manner that takes into consideration the educational environment, safety, health, and welfare of self and others. Parents and guardians are responsible to provide appropriate attire for their children to wear for learning.

Mountain Vista PreK-8 School Student Dress Code:

Students must wear a shirt to school.

- Shirts that depict violent language or images, hate speech, profanity, drugs, alcohol, weapons, nudity, or sexual innuendos, including Playboy shirts, may not be worn at school.
- A student's shirt must properly cover their undergarments, cleavage, and midriff.
- Mesh sports jerseys worn without undershirts, excessively baggy "muscle" shirts, spaghetti strap shirts, halter-tops, swimsuits, or crop-top shirts are not appropriate to wear to school.

Students must wear bottoms to school.

- Bottoms include pants, shorts, or skirts at an appropriate length that cover the student's mid-thigh and buttocks.
- A student's bottoms must also cover their undergarments.
- Pajama pants are not to be worn during the regular school day.

Students must wear shoes to school.

- Shoes must be worn at all times while at school.
- On the day of physical education class, a student's shoes should be supportive and appropriate for physical activity.
- Shoes with wheels or shoes that pose a safety hazard may not be worn at school.

Students may wear hats to school.

- If a student chooses to wear a hat to school, they will be expected to remove the hat during the daily Pledge of Allegiance.
- Hats worn at school will be worn properly and not sideways, backwards, etc.
- Hoods may not be worn while inside of any school building.

Students may wear jewelry to school.

- A student's jewelry should not pose a safety hazard or depict violent language or images, hate speech, profanity, drugs, alcohol, weapons, nudity, or sexual activity or innuendos.
- Students may be asked to remove jewelry for safety reasons during physical education class or a specific educational activity.

Students may wear dresses to school.

- Dresses must cover student's mid-thigh, buttocks, and undergarments.
- Dresses worn at school must covers the student's back and cleavage.

Students may not wear any gang-related personalization, apparel, or accessories while on school campus or while participating in any school related activities.

The clothing worn to school should be clean and worn as intended and designed.

Cell Phones and Electronic Devices

It is unlawful for any person to knowingly photograph, videotape, film, or digitally record or by any other means use a device to secretly view or record another person without that person's consent. In addition, it is unlawful to disclose, display, distribute, or publish a photograph, videotape, film, or digital recording made without the consent of the person depicted. Refer to A.R.S. Statute 13-3019. Violation of this statute is a class 5 felony. Students are not permitted to photograph or video record other students or staff without their consent and may not transmit any such photographs or recordings without the consent of the individuals depicted within. Students who do so are subject to disciplinary action up to and including suspension and/or expulsion.

Cell phones must be turned off at 8:00 AM and should be turned into the teacher's cell phone storage case in each classroom. Cell phones and electronic devices being used outside of these parameters are subject to confiscation. If family members have an urgent need to communicate with a student, they are advised to contact the front office so that the student can be informed by school staff.

Students bring these devices to school at their own risk. If a student has a cell phone or other electronic device on campus or on the bus and it is damaged or stolen, the school will not utilize administrative time to investigate the incident nor will the District take any financial responsibility for the cell phone or cell phone charges or for any other electronic device. Cell phones and electronic devices confiscated by school personnel can be retrieved by a parent from Administration. Students are required to surrender cell phones to ANY staff member who requests it. Failure to surrender a cell phone will result in administrative discipline. School Administration reserves the right to search a student's cell phone, as long as the search is "justified at its inception and reasonable in scope." Any student who refuses to submit to such a search is subject to disciplinary action for violating Student Conduct. The school is not responsible for the storage, inventory, or safekeeping of any confiscated item; this includes but is not limited to hats and electronic devices.

Cell Phone & Electronic Device Consequences Students who are found to have their cell phones out or are using a cellphone during class time, regardless of location, are subject to the following sequence of disciplinary action.

1st Offense: The phone will be turned into the teacher, the student will have lunch detention and the student may pick up the phone at the end of the school day.

2nd Offense: The phone will be turned into the office, the student will be assigned to three days of lunch detention and the student may pick up the phone at the end of the school day.

3rd Offense*: The phone will be turned into the office. A parent must pick up the phone from the office and the student will be assigned to five days of lunch detention.

4th Offense*: The phone will be turned into the office. A parent must pick up the phone from the office and the student will be assigned to 2 days ASP.

*On the 3rd and 4th offenses, the phone will not be returned to the student until contact with a parent has been made. Students who ride a bus should not wait in the office expecting to get a phone returned without parent contact. School staff are not responsible for a student missing the bus if they choose to wait in the office to get a phone back.

Alcohol, Tobacco, and Drugs

Students have the right to attend a safe school. In order to promote a safe environment at school, Mountain Vista School takes a firm stand against the possession, use, or distribution of alcohol, tobacco, drugs and related paraphernalia on school grounds or at school-sponsored events. Students should expect a swift and severe response when they are found to be involved in the presence or use of these substances or related paraphernalia at school. The following typical disciplinary responses to alcohol, tobacco and drug violations should inform parents and students of what to expect when this policy is violated. Any alcohol, tobacco, drug, or related paraphernalia will be confiscated and properly disposed of. Note that administration reserves the right to adjust consequences in accordance with the severity of the infraction and students can expect any response from suspension all the way through expulsion.

Alcohol

1st Offense: Up to ten days of Out-of-School Suspension (OSS) and possible referral to a district-level disciplinary hearing with recommendation for Long-Term suspension and/or expulsion.

2nd Offense: Ten days of OSS and referral to a district-level disciplinary hearing with recommendation for Long-Term suspension and/or expulsion.

Tobacco (including vape-related violations)

1st Offense: Behavior Contract; Assignment to diversion program (when available); Three days of OSS

2nd Offense: Behavior Contract; Assignment to diversion program (when available); Five days of OSS

3rd Offense: Ten days of OSS and referral to a district-level disciplinary hearing with recommendation for Long-Term suspension and/or expulsion.

Drugs (Illegal, Medication and Narcotics)

1st Offense: Up to ten days of OSS and/or referral to a district-level disciplinary hearing with recommendation for Long-Term suspension and/or expulsion.

2nd Offense: Ten days of OSS and referral to a district-level disciplinary hearing with recommendation for Long-Term suspension and/or expulsion.

Searches: School officials may question students regarding matters incident to school without limitation. Desks/cubbies/storage cabinets/lockers/bathrooms provided for student use are school property and remain at all times under the control of the school. Students are expected to assume full responsibility for the security and content of their lockers or personal property such as purses and backpacks. School administrators have the right to search and seize property when there is reason to believe that "such material detrimental to the health, safety, and welfare of the student(s) exists."

Due Process: Students have rights. In disciplinary cases, students are entitled to due process. This means students: 1. Must be informed of the accusations against them. 2. Must have an opportunity to accept or deny the accusations. 3. Must have the factual basis for accusations explained to them. 4. Must have a chance to present an alternative factual position if the accusations are denied. For student concerns, complaints and grievances, a student complaint form may be picked up from any administrative office.

Off-Campus Behavior

A.R.S. § 15-843 requires the Governing Board of this district to prescribe rules for the discipline, suspension and expulsion of pupils, and those rules shall include procedures for dealing with pupils who have committed or who are believed to have committed a crime. This statute does not include any limitation that a student's crime needs to be committed on-campus for the student to be subject to discipline, suspension, or expulsion. See Op. Atty. Gen. No. 189-096. AG Opinion 189-096 on A.R.S 15-843 "makes no distinction as to the location of a crime a pupil committed or is believed to have committed". Thus, our district holds authority to discipline students whose presence in school is considered to be a threat to the moral well-being of other students or such conduct that interferes with the health, well-being, and safety of other students.

Dangerous Instruments & Deadly Weapons

A student will be recommended for suspension/expulsion if using, displaying or carrying any dangerous instruments or deadly weapons or facsimiles on district property or at district functions. This also applies to students who assist another student in displaying, carrying or possessing dangerous instruments or deadly weapons. Any student aware of a dangerous instrument or weapon on campus should immediately make a report to security staff or Administration. For the purposes of this policy:

- Weapon means any of the following: A firearm, a destructive device, a dangerous instrument.
- Simulated weapon means an instrument displayed or represented as a weapon.
- Firearm means any of the following: Any loaded or unloaded gun that will, that is designed to, or that may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such firearm; any firearm muffler or silencer; any explosive, incendiary, poison gas, bomb, grenade, rocket having a propellant charge of more than four ounces, missile having an explosive charge of more than one-fourth ounce, mine, or similar device; any combination of parts that could be readily

assembled to form a firearm.

- Destructive device means: Any device other than a firearm that will, or is designed to, or may be readily converted to expel a projectile by any means of propulsion, such as a BB/pellet gun, slingshot, bow, or crossbow; any collection of parts that could be readily assembled to form a destructive device.
- Dangerous instrument means anything other than a firearm or destructive device that is carried, possessed, used, threatened to be used, or distributed by a student with the intent to intimidate or harm another person or property or with reckless disregard for the safety of others.
- School premises means the school, school grounds, school buses, or any premises, grounds, or vehicles used for school purposes and includes premises where school-sponsored events (for example, athletic games and competitions, music competitions, etc.) are held away from District property.
- Deadly weapon means any weapon designed for lethal use, including a firearm.

Student Grievance Process

Students who have a conflict with a teacher or any other staff member are encouraged to try to solve the issue at the lowest level whenever possible by first meeting with that teacher or staff member. If the issue is not resolved, students are to report the matter to a guidance counselor or assistant principal. If the matter is still not resolved, students are to meet with the school Principal. The school Principal will make a determination and attempt to resolve the dispute or will direct the student to the necessary channels at the district office. If the student's grievance is with the Principal directly, they are to report the issue to the district Superintendent. Students are encouraged to involve their parent(s) or guardian(s) in this process.

Hazing

There shall be no hazing, solicitation to engage in hazing, or aiding and abetting another who is engaged in hazing of any person enrolled, accepted for or promoted to enrollment, or intending to enroll or be promoted to District schools within twelve (12) calendar months. For purposes of this policy a person as specified above shall be considered a "student" until graduation, transfer, promotion or withdrawal from the District school. "Hazing" means any intentional, knowing or reckless act committed by a student, whether individually or in concert with other persons, against another student and in which both of the following apply:

The act was committed in connection with an initiation into, an affiliation with or the maintenance of membership in any organization that is affiliated with an educational institution.

The act contributes to a substantial risk of potential physical injury, mental harm or degradation, or causes physical injury, mental harm or personal degradation.

"Organization" means an athletic team, association, order, society, corps, cooperative, club, or similar group that is affiliated with an educational institution and whose membership consists primarily of students enrolled at that educational institution.

Student Violence, Harassment, Intimidation, Bullying

The Governing Board believes it is the right of every student to be educated in a positive, safe, caring, and respectful learning environment. The Board further believes a school environment inclusive of these traits maximizes student achievement, fosters student personal growth, and helps students build a sense of community that promotes positive participation as members of society.

The District, in partnership with parents, guardians, and students, shall establish and maintain a school environment based on these beliefs. The District shall identify and implement age-appropriate programs designed to instill in students the values of positive interpersonal relationships, mutual respect, and appropriate conflict resolution.

To assist in achieving a school environment based on the beliefs of the Governing Board, bullying, harassment or intimidation as defined by this policy will not be tolerated.

Definitions

Bullying: Bullying may occur when a student or group of students engages in any form of behavior that includes such acts as intimidation and/or harassment that

- has the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm or damage to property,
- is sufficiently severe, persistent or pervasive that the action, behavior, or threat creates an intimidating, threatening, or abusive environment in the form of physical or emotional harm,
- occurs when there is a real or perceived imbalance of power or strength, or
- may constitute a violation of law.

Bullying of a student or group of students can be manifested through written, verbal, physical, or emotional means and may occur in a variety of forms including, but not limited to

- verbal, written/printed or graphic exposure to derogatory comments, extortion, exploitation, name calling, or rumor spreading either directly through another person or group or through cyberbullying,
- exposure to social exclusion or ostracism,
- physical contact including but not limited to pushing, hitting, kicking, shoving, or spitting, and
- damage to or theft of personal property.

Cyberbullying: Cyberbullying is, but not limited to, any act of bullying committed by use of electronic technology or electronic communication devices, including telephonic devices, social networking and other Internet communications, on school computers, networks, forums and mailing lists, or other District-owned property, and by means of an individual's personal electronic media and equipment.

Harassment: Harassment is intentional behavior by a student or group of students that is disturbing or

threatening to another student or group of students. Intentional behaviors that characterize harassment include, but are not limited to, stalking, hazing, social exclusion, name calling, unwanted physical contact and unwelcome verbal or written comments, photographs and graphics. Harassment may be related, but not limited to, race, religious orientation, sexual orientation, cultural background, economic status, size or personal appearance. Harassing behaviors can be direct or indirect and by use of social media.

Intimidation: Intimidation is intentional behavior by a student or group of students that places another student or group of students in fear of harm of person or property. Intimidation can be manifested emotionally or physically, either directly or indirectly, and by use of social media.

Prohibitions and Discipline

Students are prohibited from bullying on school grounds, school property, school buses, at school bus stops, at school sponsored events and activities, and through the use of electronic technology or electronic communication equipment on school computers, networks, forums, or mailing lists.

Disciplinary action may result for bullying which occurs outside of the school and the school day when such bullying results in a substantial physical, mental, or emotional negative effect on the victim while on school grounds, school property, school buses, at school bus stops, or at school sponsored events and activities, or when such act(s) interfere with the authority of the school system to maintain order. All suspected violations of law will be reported to local law enforcement.

Reporting Incidents of Bullying

A student who is experiencing bullying, or believes another student is experiencing bullying, is to report the situation to the principal or another school employee. A school employee who becomes aware of or suspects a student is being bullied shall immediately notify the school administrator. School personnel shall maintain confidentiality of the reported information.

The initial notification of an alleged incident may be provided verbally. A detailed written description of the incident and any other relevant information must be provided on form(s) made available by the school and submitted to the principal within one (1) school day of the verbal report. Should the principal be the employee who observes, is informed of, or suspects a student is experiencing bullying the principal shall document the incident or concern in writing.

Reprisal by any student or staff member directed toward a student or employee related to the reporting of a case of bullying or a suspected case of bullying shall not be tolerated, and the individual(s) will be subject to the disciplines set out in applicable District policies and administrative regulations.

At the time a student reports alleged bullying the principal shall provide to the student who has allegedly been bullied a written copy of student rights, protections and support services available to the student and shall notify the student's parent(s) of the report.

The principal shall investigate *all* reports of bullying. If the principal determines that bullying has

occurred, discipline will be administered pursuant to policies. Regardless of the outcome of the investigation the principal will meet with the involved students to review the findings of the investigation. Subject to the restrictions of the Family Educational Rights and Privacy Act (FERPA) set out in Policy JR, the parent(s) or guardian(s) of the involved students shall also be informed of the findings of the investigation.

Documentation related to reported bullying and subsequent investigation shall be maintained by the District for not less than six (6) years. In the event the District reports incidents to persons other than school officials or law enforcement all individually identifiable information shall be redacted. Restrictions established by FERPA on disclosure of personally identifiable student information must be observed at all times.

The Superintendent shall establish procedures for the dissemination of information to students, parents and guardians. The information will include, but not be limited to, Governing Board policies, incident reporting, support services (proactive and reactive) and student's rights. The dissemination of this information shall

- occur during the first (1st) week of each school year,
- be provided to each incoming student during the school year at the time of the student's registration,
- be posted in each classroom and in common areas of the school, and
- be summarized in the student handbook and on the District website, and

the Superintendent shall establish procedures for the dissemination of information to District employees including, but not limited to

- Governing Board policy,
- preventive measures,
- incident reporting procedures,
- available support services for students (both proactive and reactive), and
- student rights.

Information will be provided to staff members at the beginning of each instructional year and on the first day of employment for new employees.

The Superintendent shall establish procedures designed to protect the health and safety of students who are physically harmed as the result of bullying. These will include, when appropriate, procedures for contacting emergency medical services, law enforcement agencies, or both.

Knowingly submitting a false report under this policy shall subject the student to discipline up to and including suspension or expulsion. Where disciplinary action is necessary pursuant to any part of this policy, relevant District policies shall be followed.

Law enforcement authorities shall be notified any time District officials have a reasonable belief that an incidence of bullying is a violation of the law.

Student Code of Conduct

OSD Student Discipline Infraction Glossary

A guide to Disciplinary Actions

Student Conduct

The Superintendent or designee will establish regulations governing the conduct of students, traveling to and from Oracle School District. In establishing these regulations, the Superintendent or designee may consult with student or staff committees. In addition to compliance with regulations established by the Superintendent or designee, students are expected to obey all rules and regulations adopted by the Board, and to obey any order given by a member of the faculty or staff members relating to school activities.

A student shall be defined as any person who is enrolled in an educational program provided by or approved by OSD and carried on in premises owned or controlled by OSD.

Students shall not engage in improper behavior, including but not limited to the following:

- Any conduct intended to obstruct, disrupt, or interfere with teaching, research, service, administrative or disciplinary functions, or any activity sponsored or approved by the OSD Board.
- Threatening an educational institution by interference with or disruption of the school per A.R.S. 13-2911 and 15-841.
- Physical abuse of or threat of harm to any person on OSD owned or controlled property or at OSD-sponsored or supervised functions.
- Damage or threat of damage to property of OSD, regardless of the location, or to property of a member of the community or a visitor to the school, when such property is located on OSD controlled premises.
- Forceful or unauthorized entry to or occupation of OSD facilities, including both buildings and grounds.
- Unlawful use, possession, distribution, or sale of tobacco, alcohol, or drugs or other illegal contraband on OSD property or at OSD- sponsored functions.
- Conduct or speech that violates commonly accepted standards of OSD and that, under the circumstances, has no redeeming social value.
- Failure to comply with the lawful directions of OSD officials or any other law enforcement officers acting in performance of their duties, and failure to identify themselves to such officials or officers when lawfully requested to do so.
- Knowingly committing a violation of OSD rules and regulations.

Proof that an alleged violator has a reasonable opportunity to become aware of such rules and regulations shall be sufficient proof that the violation was done knowingly.

- Engaging in any conduct constituting a breach of any federal, state, or city law or duly adopted policy of the OSD Board.
- Carrying or possessing a weapon on OSD grounds.

In addition to the general rules set forth above, students shall be expected to obey all policies and regulations focusing on student conduct adopted by the OSD Board. Students shall not engage in any activities prohibited herein, nor shall they refuse to obey any order given by a member of the faculty or employee who is attempting to maintain public order.

Any student who violates these policies and regulations may be subject to discipline, in addition to other civil and criminal prosecution. These punishments may be in addition to any customary discipline that OSD presently dispenses.

Local law enforcement shall be notified by the Superintendent or designee regarding any suspected crimes against a person or property that is a serious offense as defined in 15-341, involves a deadly weapon or dangerous instrument or that could pose a threat of death or serious injury to staff, students or others on OSD property.

The authority of the Superintendent or designee to establish regulations covering students may be delegated to Principals/Directors for their individual schools.

Discipline Policy

Students at Oracle School District have the right to a quality education free from unnecessary disruptions and distractions. Effective and appropriate learning occurs more readily in a school environment free from behavioral problems. The entire school community (parents, students, school personnel, and community members) share in the responsibility for maintenance of a positive campus climate. The administration, teaching staff, and other school personnel have the responsibility to determine when a student's behavior is inappropriate, disruptive, or in violation of school rules/regulations or policy. OSD's policies and procedures will apply to all students traveling to, attending, and returning from school, and while visiting another school or at a school-sanctioned activity and may be imposed if the behavior affects the school order.

Due Process

Any student who is involved in disciplinary action is entitled to due process. A student whose behavior is alleged to violate the school's rules may be referred to the administration. In every such incident, a written report/referral specifying the violation must be prepared by the person initiating the referral. The student will be informed of the charges against him/her. He/she will then have the opportunity to respond verbally to these charges. The administration will then waive or assign the appropriate penalty as established by the discipline policy.

Off-Campus Behavior

A.R.S. § 15-843 requires the Governing Board of this district to prescribe rules for the discipline, suspension and expulsion of pupils, and those rules shall include procedures for dealing with pupils who

have committed or who are believed to have committed a crime. This statute does not include any limitation that a student's crime need be committed on-campus for the student to be subject to discipline, suspension, or expulsion. See Op. Atty. Gen. No. 189-096. AG Opinion 189-096 on A.R.S 15-843 "makes no distinction as to the location of a crime a pupil committed or is believed to have committed". Thus, our district holds authority to discipline students whose presence in school is considered to be a threat to the moral well-being of other students or such conduct that interferes with the health, well-being, and safety of other students.

Violation of a Local, State, or Federal Law

In addition to school rules/regulations or policy, a student shall not violate any Federal, State, or Local law. A.R.S. 15-341 requires schools and school employees to report to local law enforcement any suspected crime against a person or property that is a serious offense or that involves a deadly weapon or dangerous instrument or serious physical injury and any conduct that poses threat of death or serious physical injury to employees, students or anyone on school property. A.R.S. 13-3620 requires school employees who reasonably believe that a minor has been the victim of child abuse, physical injury, or neglect to immediately make a report to law enforcement or Department of Child Safety.

Interviews, Searches, and Law Enforcement Notification

Pursuant to Policy, "OSD's goals are to protect and observe the legal rights of students, to deal with students in matters of discipline in a just and constructive manner, and to provide for the safety, health, and welfare of students".

School officials may question students regarding matters incident to school without limitation." Police may be notified for specific infractions that may be in violation of the criminal code. Law enforcement officials or police may interview a student without a school official present and without parent contact if law enforcement deems it necessary. "School officials have the right to search and seize property, including school property temporarily assigned to students, when there is a reason to believe that some material or matter detrimental to health, safety, and welfare of the student(s) exists. Disrobing of a student is overly intrusive for purposes of most student searches and is improper without express concurrence from School District counsel.

Items provided by the District for storage (e.g., lockers, desks) or personal items are provided as a convenience to the student but remain the property of the school and are subject to its control and supervision. Students have no reasonable expectancy of privacy, and lockers, desks, storage areas, et cetera, may be inspected at any time with or without reason, or with or without notice, by school personnel."

Abuse of a teacher or other school employee while performing official duties is a criminal violation of Arizona Law A.R.S 15-507

Suspension

"Suspension" means the temporary withdrawal of the privilege of attending school for a specific period of time. The policy of OSD Schools, which relates to student suspension, is in accordance with Arizona

Revised Statute 15-843 which reads in part "...the authority to suspend a pupil from school is vested in the superintendent, principal, or other school officials granted this power by the Governing Board of the school district. During suspensions, students are not permitted on district property or at district functions."

Expulsion

"Expulsion" means the permanent withdrawal of the privilege of attending school unless the Governing Board reinstates the privilege. Expulsion of a student from a district school is a discretionary power of the Governing Board under the provision of A.R.S. 15-341, 15-342, and 15-843. The Board alone has the authority to exercise the power of expulsion of a student from the schools. The District Hearing Officer has the authority to recommend expulsion to the Board.

Seclusion and Restraint

1. "Restraint" means any method or device that immobilizes or reduces the ability of a pupil to move the pupil's torso, arms, legs or head freely, including physical force or mechanical devices. Restraint does not include any of the following:

(a) Methods or devices implemented by trained school personnel or used by a pupil for the specific and approved therapeutic or safety purposes for which the method or device is designed and, if applicable, prescribed.

(b) The temporary touching or holding of the hand, wrist, arm, shoulder or back for the purpose of inducing a pupil to comply with a reasonable request or to go to a safe location.

(c) The brief holding of a pupil by one adult for the purpose of calming or comforting the pupil.

(d) Physical force used to take a weapon away from a pupil or to separate and remove a pupil from another person when the pupil is engaged in a physical assault on another person.

2. "School" means a school district, a charter school, a public or private special education school that provides services to pupils placed by a public school, the Arizona state schools for the deaf and the blind and a private school.

3. "Seclusion" means the involuntary confinement of a pupil alone in a room from which egress is prevented. Seclusion does not include the use of a voluntary behavior management technique, including a timeout location, as part of a pupil's education plan, individual safety plan, behavioral plan or individualized education program that involves the pupil's separation from a larger group for purposes of calming.

Surveys

Requires written informed consent from a parent prior to the administration of surveys that investigate the attitudes, behaviors, beliefs, experiences, opinions or thoughts of a pupil or group of pupils. A written notice will be provided and informed consent obtained for any specific survey that becomes a

part of the pupil's permanent education records and solicits personal information.

Student Conduct and Violations

Displayed below is a guide to the probable disciplinary measures that may be taken in the event of student misbehavior. Absence from the list of additional misbehaviors that may occur does not preclude disciplinary action from being taken on those misbehaviors, nor does it imply limitations to the disciplinary action.

The actual discipline determined for a given violation will be based upon consideration of a variety of factors, which will include but are not limited to: the age of the student; the frequency, type, and magnitude of previous misbehaviors by the student; aggravating circumstances associated with the incident; the relative severity of the event; whether the student's behavior violated civil or criminal laws; the degree to which the incident interferes with the educational process; the extent of endangerment to the student, other persons, and property created by the event; special intellectual, psychological, emotional, environmental, and physical characteristics of the student; the student's attitude concerning the event; and the expressed intent concerning the student's own future behavior.

Code of Conduct Violations and Consequences

After-School Detention

Teachers and administration may utilize After School Detention as a consequence for violations to the Code of Conduct. Failure to report to After School Detention as assigned will be considered insubordination and will result in further disciplinary action. Teachers will follow their site designated procedures before referring a student for not attending after-school school detention. Students who reach a "3" on the behavior tracking sheet will report to after school detention.

Alternative to Suspension Program

Mountain Vista students may be assigned to our Alternative to Suspension Program (ASP) in lieu of suspension. Students assigned to ASP must adhere to strict guidelines and behavioral requirements. Students who are assigned ASP may be required to complete assignments that focus on positive behavior and align with PBIS.

Attendance Contract

Following a parent conference/notification, an attendance contract is established and will be signed by both parent and student.

Behavioral Contract

Following a parent conference/notification, a behavioral contract is established and will be signed by both parent and student.

Bullying Contract

Following a parent conference/notification, a behavioral contract is established and will be signed by both parent and student.

Campus Duty

Students who violate school rules may be assigned campus duty as an alternative to suspension. Administration reserves the right to assign based on Code of Conduct infraction.

Conference w/Parent

Parents are notified of this conference by telephone, personal contact, letter or certified letter. A conference is held with the student, the parents, appropriate school personnel and/or any other individuals concerned.

Conference w/Student

A formal conference is held between the student and one or more school official(s). During this conference, the student must agree to correct the inappropriate behavior.

Expulsion

The student is informed immediately that he/she is subject to expulsion and the due process procedure is explained. The student's parent/legal guardian is also notified by telephone and suspension letter that the student is subject to expulsion. Additional notification, which includes clear instructions regarding due process procedure, is mailed to the parent/legal guardian via certified mail. An expulsion does not become effective until the due process hearing has been completed.

Long-Term Suspension (up to one year)

As directed by Governing Board policy, school administrators may recommend Long-Term suspension for serious discipline issues. This recommendation is forwarded to the Superintendent. Students who receive a Long-Term suspension will not be permitted to make up class work while on suspension.

Lunch Detention

Teachers and administration may utilize lunch detention as a consequence for violations to the Code of Conduct. Failure to report to lunch detention as assigned will be considered insubordination and will result in further disciplinary action. Students in grades 7 and 8, who reach a "2" on the behavior tracking sheet will report to lunch detention to complete their written reflection.

Removal from Class (based on site availability)

The student is removed from one or more class periods and could be suspended to home.

Short-term Suspension (10 days or less)

Students in violation of school rules may receive off-campus suspension for their breach of the Code of Conduct. If suspended, students are removed from classes and assigned to a parent/guardian for the period of time specified by school administration. During suspension, students are not permitted on campus and will not participate in any school activities. Students may be required to attend a meeting with site administration prior to returning to campus. Teachers are not required to present suspended students with classwork during the period of their suspension, but are required to provide the work when the student returns. Students are afforded an equal number of days to make-up missed work as

suspension. (i.e. two days of suspension equates to two days to make up work. Short-term suspensions cannot be appealed.

Discipline Procedures

The following chart shows the minimum and maximum range of disciplinary action that will be taken for each problem area. These statements are guidelines only and do not limit the judgment of the administrator who must assess the situation and the student’s behavior history. School rules apply and students are subject to discipline including, but not limited to, the following: (1) any school activity/event, home or away, day or night; (2) to and from school or school activity, including bus stops; (3) in classrooms, on campus or on any district property.

Notes: The use of commas in the Minimum and Maximum columns below indicate “and/or” and are dependent on the infraction and use of progressive discipline. Violations noted with * are reported to the Arizona Department of Education. Violations noted with ** are additionally reported to local law enforcement.

Transportation

Expected Bus Behavior

School buses and other district vehicles are provided as a service to district students and persons responsible for the students. Riding in the school vehicles is a privilege, **not**, a right. In order to ensure the safety of all passengers, proper conduct is required. Students failing to conduct themselves in an appropriate manner may lose riding privileges. A summary of rules and possible discipline consequences on school buses and other district vehicles is presented below. A full listing of conduct rules can be obtained from the school principal or the transportation department.

Passenger Expectations

Be Respectful	Be Responsible	Be Honest
Use courteous and appropriate language Keep hands, objects and feet to self Use inside voices Stay seated	Arrive on time Stay in designated waiting area Finish food and drinks before boarding Keep surfaces graffiti-free	Report issues Accept consequences for your actions Tell the truth

Expectations at the Bus Stop

Student behavior at bus stops falls under the same rules as at school. Many problems started at bus stops continue on the bus, at school, or in the neighborhood. Parental supervision at the bus stop can significantly decrease problems resulting in a more productive school day. Students need to be at the bus stop at least 5 minutes before the scheduled pick up time.

Possible Discipline Consequences

The driver has the authority to administer consequences individually based on the nature and severity of the offense. Special circumstances may require different consequences, at the discretion of an administrator. The school principal and person responsible for the students will be consulted when the driver judges the offense as serious (level 3) or very serious (level 4)

LEVEL 1

Examples: Minor violations first time offenses, no safety problem

Action: Redirect

LEVEL 2

Examples: Moderate severity, repeat violation, conduct distracts driver

Action: Reteach appropriate behavior; possible seat change

LEVEL 3

Examples: Serious or multiple violations, disruptive, safety problem

Consequences: Documentation; parent contact; office referral. No more than 2 bus conduct reports may occur at 3rd level before a suspension of riding privileges will occur.

Level 4

Examples: Very serious, vandalism, drugs, alcohol, weapons, chronic violations

Consequences: Bus conduct report, suspension of riding privileges

Additional offenses may result in suspension from bus for remainder of the year.

Students must have written permission to leave the school bus at a stop other than their usual stop.

Bus passes must be obtained in the office prior to the end of the day.
