Volunteer Service Form

Each activity needs a name to verify your participation in the activity. Activities you get paid for, receive a grade, chores at home, church activities such as choir, playing in the band, or teaching a class during a church service are not counted. Mission trips, VBS, and community outreach projects from your church will count. Remember this is volunteer service to the community, which is helping meet the needs of others. Please add the total of all your hours at the bottom of this page. If you have a personal log with the volunteer service information, please attach it to this form. Sixty (60) hours are required. You may count activities that have been completed during grades 9-12.
