The MHS Student Council is a very active organization that has approximately 40 members who represent various ages and groups in the school. PARKING:

Attention Students!

We've had ongoing issues with students sharing parking spots. Please be reminded that parking spots are assigned to individual students only-one student, one spot.

Sharing spots creates problems, especially when both students are on campus, and one ends up parking in someone else's assigned space. This leads to confusion and complaints we're working to avoid.

If you're currently sharing a spot with someone, stop immediately. Continued violations may result in parking privileges being revoked. Thank you for your cooperation.

POSITIVE THINKING

Be Different

Sometimes we fear the word "different" because it might mean not fitting in. To fit in, we often feel like we have to act or look like someone else.

If you try to squeeze yourself into a certain box just to fit the mold of what's accepted in your school, you might lose your true self in the process. It takes courage to stand out and be different, so don't be afraid. Learn from your friends, but teach them by letting your personality shine. We ALL Belong Here!"

JV Soccer: The Chemics were in a tournament in Portage this Saturday. Their first opponent, Dewitt, proved to be a very tenacious team to handle. During the first half, Chemics were constantly under pressure with the Dewitt team being more aggressive and moving the ball well around the pitch. The Chemics had very few opportunities to score but managed with a bit of grit and luck to keep the score even at halftime. The second half proved to be more evenly matched with a game intensity raising up from both sides (and a couple of yellow cards given, one for each team). The efforts from Dewitt paid off with a goal with 18 minutes left in the game. The Chemics kept fighting adversity and on an ultimate offense with only 1 minutes left in the game, Hannah Murtha was fouled in the penalty box. Zoe Steger converted the penalty kick and the chemics got away with a tie in a very exciting game.

For the second game of the Portage tournament, the Chemics battled Vicksburg. The Chemics started the game strong with three goals in the first 7 minutes of the game: Maggie Spears assisted by Aubrey Jarosiewicz and two goals from Mollie Russell. The rest of the first half will show good ball movement for the Chemics, leaving little opportunities to Vicksburg. Three more goals were scored in the last 12 minutes in the first half: Eden Velt assisted by Finley Pickering, Emmie Osteyn assisted by Eden Velt and Charlie Bluemer unassisted. Half-time: 6-0 Chemics The second half proved to be similar in intent and the chemics closed out the game within 6 minutes with goals from Reagan Fales and Khloe Eyre. Final score 8-0 The Chemics will be on the field again this Wednesday @ Flint Powers.
