READ THESE NOTES.

1. If the district is fractional, write the names of the children in each township separately under the name of the lownship, beginning with that township in which the schoolbouse or site is situated. A separate statement must be made to the elerks of the several townships in which the district is in part situated, giving the number of children five years of age and under twenty years residing in that part of the district lying within their respective townships.

2. If there is not space on this page sufficient to contain the names of all the children in the district, write the remainder upon ordinary feedscap paper, properly ruled, and attach the same to this sheet. Do not use odditional blanks.

3. The ages of the children must be given as they are on June 1, 1915. If a child removes from the district during the fifteen days preceding June 1, he should be enrolled in the district in which he is resident June 1.

4. Place opposite the names of pupils enrolled in the 7th or 8th grade, in the column provided, the number of the grade in which they have been enrolled during the year ending July 12, 1915. The total must agree with items 2a and 2b, from to blank.

If surname is different from that of child, asplain relationship. If surname is different from that of child, explain relationship. Earl Hebster 19 6.28-14 D.
