Houston County WIN Academy/Houston Connect Attendance and Behavior Strategies

Attendance:

If a student misses 10% of their assigned time at WIN Academy/HC due to unexcused absences ($180 * 10\% = 18$ days) ($90 * 10\% = 9$ days) the attendance is deemed unsuccessful. This expectation aligns with current College Career Readiness Performance Index (CCRPI) requirements.

Once a student misses 5% of their placement due to unexcused absences, WIN Academy/HC staff will contact the parents and notify them. They will explain if the student reaches 10% of unexcused absences, their time may be extended by a semester. A meeting with student/parent/guardian will be scheduled as needed. Notification will be made of a meeting when attendance contract needs to be signed by the student, parent and school official.

If a student reaches the 10% threshold, the principal at WIN Academy/HC will communicate with the home school principal to discuss the possible extension. If the principals agree to the extension, the WIN Academy/HC principal will send the request to the Executive Director of School Operations for approval.

Behavior:

The number and severity of office referrals a student receives during their placement determines successful versus unsuccessful behavior.

If a student accumulates 20 points during a semester placement or 10 points during half a semester placement, the behavior is deemed unsuccessful. Points are accumulated based on the level of suspension a student receives: 1 day of ISS = 1 point, 1 day of OSS = 2 points
1 Day of Bus Suspension = 1 point.

If a student receives 15 points, WIN Academy/HC staff will contact parent, explaining if the student receives 20 total points during a semester their time may be extended, a semester. If a student placed for half a semester or less receives 5 points, WIN Academy/HC staff will contact parent, explaining if the student receives 10 total points their time may be extended, a semester. In all situations, communication shall be conducted by the student, parent and school official.

If a student reaches the maximum number of points, the principal at WIN Academy/HC will communicate with the home school principal to discuss the possible extension. If the principals agree to the extension, the WIN Academy/HC principal will send the request to the Executive Director for School Operations for approval.

Option to Decline Sex Education Instruction

Grades 6 and above

(No action necessary for participation)

DEAR PARENTS:

The GADOE Board Rule 160-4-2-.12 requires that each local board of education develop and implement a comprehensive health and physical education program that includes sex education and AIDS prevention education. This rule states that sex education shall also include annual age-appropriate sexual abuse and assault awareness and prevention education in grades K - 9 and human trafficking awareness education in grades 6 - 12. Regulations allow parents/guardians to exercise the option of excluding their child from the sex education instruction program.

The current curriculum used to deliver sex education instruction in grades 6-12 is the *Choosing The Best* curriculum. The *Choosing The Best* curriculum is an abstinence-centered, sexual risk avoidance, and relationship education program. It is research-based, medically accurate, and universally applicable and inclusive. It supports the CDC stance that the **most reliable way to avoid the risk of STD's** is to be abstinent until you enter into a long-term, mutually monogamous relationship with an uninfected partner. This type of relationship is most commonly referred to as marriage and may be referenced as such. The program reinforces that the **only 100% effective method** for avoiding STD's, HIV/AIDS, or pregnancy is abstinence. The program focuses on the reasons and methods to avoid at-risk behaviors. It includes lessons on making decisions, understanding healthy relationships, identifying risks, understanding consequences, knowing facts and statistics regarding STD's, and dealing with peer pressure. Topics regarding gender identity or sexual orientation are **not** discussed since delaying sexual at risk behavior is the healthiest choice for **everyone**, regardless of gender identity or sexual orientation. Demonstrations of birth control methods and value judgements regarding controversial topics such as abortion are not a part of the curriculum. These topics may be referenced only in terms of statistics of effectiveness or risks of physical, emotional, or social consequences that may be experienced.

The curriculum was selected by a Sex Education Review Committee to be implemented in **grades 6 and above**. The committee was composed primarily of non-teaching parents of Houston County public school children, educators, health professionals, and other community representatives. The committee also included male and female 11th-12th grade student representatives. Future adoptions and/or changes to the sex education curriculum must be come through the Committee for its recommendation to the Board of Education for final approval.

Parents may preview all materials by contacting the [school counselor](#).

For more information on *Choosing The Best* go to <http://www.choosingthebest.com/> or contact Sharon Eddy, Coordinator for Special Programs, at sharon.eddy@hcbe.net or at 478-988-6330.

No action is required at this time if you permit your child to participate. Student materials will be accessible in digital form during the instructional unit of study. Your student will have his/her own login information.

ONLY complete this form if your child will **NOT** be allowed to participate. Return to your child's teacher.
